Doors of Sleep Tim Pratt 2021-01-12 What would you do if you woke up and found yourself in a parallel universe under an alien sky? This is the question Zax Delatree must answer every time he closes his eyes. Every time Zax Delatree falls asleep, he travels to a new reality. He has no control over his destination and never knows what he will see when he opens his eyes. Sometimes he wakes up in technological utopias, and other times in the bombed-out ruins of collapsed civilizations. All he has to live by are his wits and the small aides he has picked up along the way - technological advantages from techno-utopias, sedatives to escape dangerous worlds, and stimulants to extend his stay in pleasant ones. Thankfully, Zax isn't always alone. He can take people with him, if they're unconscious in his arms when he falls asleep. But someone unwelcome is on his tail, and they are after something that Zax cannot spare - the blood running through his veins, the power to travel through worlds... Arvid Berkerson and his wife Silje were Nebraska born and raised. Their marriage of 41 years ended abruptly due to Silje's illness and death about 30 days before their planned road trip. The demons are expelled and we return to the natural state. Sleeping Beauty is the fairytale of the beautiful princess Arabella who pricks her finger on a spindle and sleeps for a hundred years. Here adapted for the stage, you can join a host of characters for a night of magic, romance and laughter. In this quirky and flamboyant new stage version of the traditional story by Jez Bond and Mark Cameron, the battle of good versus evil is given a facelift, bringing this fairytale vividly to life through comedy, drama and original songs. The songs are included at the back of the edition (melody with chord symbols).

And the sun said, “I’ve gone for the day. When you wake up, I’ll be back to play.” Even though the stars are out and the moon is bright, the baby says, “No, go, sleep!” But as the world around the baby gradually goes to sleep—first the sun, then the moon, then the sheep, tree, and owl—the baby finally, finally, finally falls asleep too.
