Women in Prison Barbara H. Zaitzow 2003 It is old news that the conditions and policies of women's prisons are different from those for incarcerated men. Less evident, however, is how gender differences shape those policies, and how gender identity and roles shape women's adaptation and resistance to prison culture and control. The papers in this collection explore how the gender-based attitudes that women bring to prison frame how they respond to the prison environment -- and how gender stereotypes continue to affect the treatment and opportunities of incarcerated women today. It looks particularly at how the personal and social problems imported into the prison setting become part of the intricate web of prison culture and how extensively women's prison experience reflects the control and domination they experienced in the outside world.

At Work in the Iron Cage Dana M. Britton 2003-08 When most people think of prisons, they imagine chaos, violence, and fundamentally, an atmosphere of overwhelming brute masculinity. But real prisons rarely fit the "Big House" stereotype of popular film and literature. One fifth of all correctional officers are women, and the rate at which women are imprisoned is growing faster than that of men. Yet, despite increasing numbers of women prisoners and officers, ideas about prison life and prison work are sill dominated by an exaggerated image of men's prisons where inmates supposedly struggle for physical dominance. In a rare comparative analysis of men's and women's prisons, Dana Britton identifies the factors that influence the gendering of the American workplace, a process that often leaves women in lower-paying jobs with less prestige and responsibility. In interviews with dozens of male and female officers in five prisons, Britton explains how gender shapes their day-to-day work experiences. Combining criminology, penology, and feminist theory, she offers a radical new argument for the persistence of gender inequality in prisons and other organizations. *At Work in the Iron Cage* demonstrates the importance of the prison as a site of gender relations as well as social control.

Women Doing Life Lora Bex Lempert 2016-02-19 "In *Women Doing Life*, Lora Bex Lempert examines the carceral experiences of women serving life sentences, presenting a typology of the ways that life-sentenced women grow and self-actualize, resist prison definitions, reflect on and own their criminal acts, and ultimately create meaningful lives behind prison walls. Looking beyond the explosive headlines that often characterize these women as monsters, Lempert offers rare insight into this vulnerable, little studied population. Her gendered analysis considers the ways that women do crime differently than men and how they have qualitatively different experiences of imprisonment than their male counterparts."--Provided by publisher.

Inside and Out Elaine J. Leeder 2014-05 A critical perspective on the treatment of incarcerated women—and their children *Inside and Out: Women, Prison, and Therapy* challenges conventional thinking about the therapeutic issues facing female prisoners and their children. Therapists, counselors, scholars, and activists examine the injustices of the criminal justice system and the roles feminist therapists can play in deconstructing and demystifying the lives of women prisoners by becoming more involved in clinical work. *Inside and Out: Women, Prison, and Therapy* examines this growing problem from a feminist perspective, debunking stereotypes about women perpetrators with a thorough examination of gender-responsive treatment of women in a variety of settings. This unique book includes a macro analysis of gender and criminality; an assessment of violence and the abuse of women; parenting and the impact of

incarceration on children; treatment approaches developed specifically for women prisoners; and an outline of what women need when leaving prison life. The book also examines crucial issues facing women prisoners, including sexual abuse and assault, substance abuse, mental and physical health concerns, human rights, violence, discrimination, and the unique problems of women prisoners of color. Topics addressed in *Inside and Out: Women, Prison, and Therapy* include: designing and delivering gender-responsive programs for women developing therapeutic measures to correct and normalize marginalized women mistreatment of women prisoners in the United States domestic violence and its connection to criminalization counseling sexually abused women motherhood, crime, and prison the effects of incarceration on children and families women, addiction, and incarceration using drama therapy with incarcerated women feminist support groups transitioning after release from prison and much more *Inside and Out: Women, Prison, and Therapy* is a vital professional resource for therapists and counselors who work with female prisoners and their families.

Gendered Justice in the American West Anne M. Butler 1999-08-15 In this shocking study, Anne M. Butler shows that the distinct gender disadvantages already faced by women within western society erupted into intense physical and mental violence when they became prisoners in male penitentiaries. Drawing on prison records and the words of the women themselves, *Gendered Justice in the American West* places the injustices women prisoners endured in the context of the structures of male authority and female powerlessness that pervaded all of American society. Butler's poignant cross-cultural account explores how nineteenth-century criminologists constructed the "criminal woman"; how the women's age, race, class, and gender influenced their court proceedings; and what kinds of violence women inmates encountered. She also examines the prisoners' diet, illnesses, and experiences with pregnancy and child-bearing, as well as their survival strategies.

What Are the Challenges of Women in Incarceration? The Case of Dessie Correctional Center, Amhara Region, Ethiopia Tomas Tsegaye 2020-01-10 Bachelor Thesis from the year 2018 in the subject Sociology - Gender Studies, grade: 4, Wollo University, language: English, abstract: Women constitute a vulnerable group in prisons due to their gender. They face unique challenges compared to their male counterparts. These challenges include: a high level of mental healthcare needs, domestic violence and sexual abuse against women in prison. Therefore, the main objective of this study is to assess the challenges female inmates face in Dessie correctional center in South Wollo zone, Amhara region, Ethiopia. To conduct this study, mixed research approach employed. The sources of data were primary; questionnaire, key informant interview and focus group discussion and secondary sources; published and unpublished materials. To accomplish the study, all women inmates were selected as sample of the study by using comprehensive sampling and key informants were selected by using purposive judgmental sampling. The obtained data was analyzed and interpreted both quantitatively and qualitatively. The study finding disclosed that, the number of women prisoners is increasing from time to time within the institution, The study further shows that, lack of sufficient special diet, sleeping materials, health care, food and other

services of children in the correctional center. The study shows that children's are socialized deviant behavior and it has negative effect on their future life. Furthermore, the study reveals that women inmates faced problems related to the working rules of the institution. In conclusion, the study recommends that the government should aware the society about crime, health service in the institution should be improved by qualified health professionals, the correction administration has to be made more sensitive and responsive to the problems of the children of imprisoned mothers and the working rules of the institution should be improved based on the special needs of female inmates.

Criminal Intimacy Regina Kunzel 2022-03-22 Sex is usually assumed to be a closely guarded secret of prison life. But it has long been the subject of intense scrutiny by both prison administrators and reformers—as well as a source of fascination and anxiety for the American public. Historically, sex behind bars has evoked radically different responses from professionals and the public alike. In *Criminal Intimacy*, Regina Kunzel tracks these varying interpretations and reveals their foundational influence on modern thinking about sexuality and identity. Historians have held the fusion of sexual desire and identity to be the defining marker of sexual modernity, but sex behind bars, often involving otherwise heterosexual prisoners, calls those assumptions into question. By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries—along with the impact of a range of issues, including race, class, and gender; sexual violence; prisoners' rights activism; and the HIV epidemic—Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself. Drawing on a wide range of sources, including physicians, psychiatrists, sociologists, correctional administrators, journalists, and prisoners themselves—as well as depictions of prison life in popular culture—Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison. In the process, she deepens and complicates our understanding of sexuality in America.

Captive Genders Eric A. Stanley 2015-10-01 "Captive Genders is an exciting assemblage of writings—analyses, manifestos, stories, interviews—that traverse the complicated entanglements of surveillance, policing, imprisonment, and the production of gender normativity. Focusing discerningly on the encounter of transpersons with the apparatuses that constitute the prison industrial complex, the contributors to this volume create new frameworks and new vocabularies that surely will have a transformative impact on the theories and practices of twenty-first century abolition." —Angela Y. Davis, professor emerita, University of California, Santa Cruz "The contributors to *Captive Genders* brilliantly shatter the assumption that the antidote to danger is human sacrifice. In other words, for these thinkers: where life is precious life is precious." —Ruth Wilson Gilmore, author of *Golden Gulag: Prisons, Surplus, Crisis, and Opposition in Globalizing California* "Captive Genders is at once a scathing and necessary analysis of the prison industrial complex and a history of queer resistance to state tyranny. By analyzing the root causes of anti-queer and anti-trans violence, this book exposes the brutality of state control over queer/trans bodies inside and outside prison walls, and proposes an analytical framework for undoing not just the prison system, but its mechanisms of surveillance, dehumanization and containment. —Mattilda Bernstein Sycamore, author of *Why Are Faggots So Afraid of Faggots?* *Captive Genders* was the first book of its kind. It remains the touchstone for studies of trans and gender-queer people in prison. It has been revamped to appeal to recent broadened interest. With a new Foreword by CeCe McDonald and essay by Chelsea Manning.

Themes in Cultural Psychiatry, an Annotated Bibliography, 1975-1980 Armando R. Favazza 1982 While expanding on the previous compilation, *Anthropological and Cross-Cultural Themes in Mental Health: An Annotated Bibliography, 1925-1974*, Favazza anthologizes the next five years of literature on cultural psychiatry. The magnitude of material during this time period allowed Favazza to broaden the scope from cultural psychiatric themes in psychiatric and psychological journals to also include anthropological

journals, non-English-language journals, and books as well.

The Myth of Prison Rape Mark S. Fleisher 2009-01-16 *The Myth of Prison Rape* provides a nuanced glimpse into the complex sexual dynamics of American prison. Drawing on results from the most comprehensive study of inmate sexuality to date, Mark S. Fleisher and Jessie L. Krienert analyze the intricacies of sexuality and sexual violence in daily inmate life. Pulled from over 500 interviews from male and female high-security inmates, their research assesses inmate perception, belief, opinion, and explanation of their own behavior as it relates directly and indirectly to sexual life and sexual violence. Dynamic case studies and interview excerpts enliven this cultural study of sexuality, safety, and violence in American prisons, and an appendix introduces readers to prison sexual vocabulary.

Engendering Resistance: Agency and Power in Women's Prisons Mary Bosworth 2017-03-02 This book explores how power is negotiated in women's prisons. Drawing on fieldwork conducted in three penal establishments in England, it analyses how women manage the restrictions of imprisonment and the manner in which they attempt to resist institutional control. It is proposed that power is negotiated on a private, individual level, as women often resist the institution simply by trying to maintain an image of control over their own lives. However, their image of themselves as active, reasoning agents is undermined by institutional regimes which encourage traditional, passive, feminine behaviour at the same time as they deny the women their identities and responsibilities as mothers, wives, girlfriends and sisters. Femininity is, therefore, both the form and the goal of women's imprisonment. Yet paradoxically, femininity also offers the possibility of resistance, because women manage to rebel by appropriating and changing aspects of it. *Resources in Women's Educational Equity* 1977 Literature cited in AGRICOLA, Dissertations abstracts international, ERIC, ABI/INFORM, MEDLARS, NTIS, Psychological abstracts, and Sociological abstracts. Women's Prison Gene Kassebaum 2017-07-28 A thoroughly researched pioneering work based on personal interviews with inmates and prison personnel and on data compiled from questionnaires and inmate record files, *Women's Prison* reveals that homosexual liaisons are the primary foundation of the social structure of female inmates; shows that homosexual behavior can be a superficial kind of adjustment to particular situational privations; amplifies and broadens the application of earlier findings on men's prisons; opens the way for future studies involving the delineation of homosexual roles in the free community. This study began with both of the authors' interest in gathering data on women in prison to see whether there were female prisoner types consistent with the reported characteristics of male prisoners. Early in the course of this study it became apparent that the most salient distinction to be made among the female inmates was between those who were and those who were not engaged in homosexual behavior in prison, and further, of those who were so involved, between the incumbents of masculine and feminine roles. It has become increasingly apparent that prison behavior is rooted in more than just the conditions of confinement. Unlike their male counterparts who establish the so-called inmate code, women prisoners suffer intensely from the loss of affectional relationships and form homosexual liaisons as the primary foundation of their social organization. The great majority of homosexually involved inmates have their first affair in prison, returning to heterosexual roles outside prison. *Women's Prison* is a revealing study of social structure and homosexuality for sociologists; of vital interest to social workers, parole officers and chaplains dealing with female inmates as well as penologists and criminologists; and provocative reading for the non-specialist.

Men Behind Bars Wayne S. Wooden 2012-12-06 "Barry" is a seventeen-year-old single white male. He has

blond hair and blue eyes, weighs 150 pounds, and is five feet eleven inches tall. He was arrested in California at age sixteen for assault and robbery. Because he was underage he was initially segregated in a one-man cell while in county jail. Then, upon admission to a state prison reception and classification facility, he was housed in a special dormitory for young, inexperienced inmates who would be at risk within the general population. Upon completion of his screening Barry's counselor recommended that he be sent to a penal institution reserved for the younger, more violence-prone, and hard core inmates. Barry said that he felt he would have "problems" at the recommended facility, but his counselor replied, "You won't have any problems." Once he arrived, Barry was double-celled with a nineteen-year-old inmate who beat and anally raped him during his first night in the admission unit. Barry's cellmate continued to assault him sexually during the two weeks they were housed together.

Sex and Supervision Joycelyn M. Pollock 1986-10-21 For decades, Zig Ziglar has steered millions of people toward richer, more satisfying lives. Now, in "God's Way Is Still the Best Way," this dynamic author and speaker teaches you biblical principles that will infuse your faith with action and skyrocket your impact on the world. Ziglar shares how developing the fruits of the Holy Spirit are key to an energized, God-centered life. Each chapter is filled with stories of men and women like Tony Evans, Mary Kay Ash, and Dr. Kenneth Cooper whose love for Jesus propels them to share their faith and provide relief to a hurting world. A lively, Christ-centered book that teaches by example, "God's Way Is Still the Best Way" will inspire you to experience success God's way, which, as Ziglar says, is the only permanent way.

Developing Gender-specific Classification Systems for Women Offenders Patricia L. Hardyman 2004 This report addresses the need for classification systems that provide necessary information about women offenders, are adapted to women, and are effective in matching women to appropriate custody levels and programming. It highlights study findings on current practices for classifying women offenders and reviews the key elements of NIC-assisted classification initiatives in seven states. Following an executive summary are six chapters : introduction; classification issues for women offenders--the literature; NIC Prisons Division--womens classification initiatives (e.g., National Assessment of Current Practices for Classifying Women Offenders and Working With Correctional Agencies to Improve Classification for Women Offenders); building blocks to effective classification of women offenders; addressing classification issues that require systemic change; and future steps. There are also two appendixes : descriptions of seven states women's classification initiatives (Colorado, Florida, Hawaii, Idaho, Nebraska, West Virginia, and Wisconsin); and sample initial and reclassification instruments developed by Colorado and Idaho.

Women, Prison, & Crime Joycelyn M. Pollock 2002 This book takes a comprehensive look at women in America's prisons, covering the history of women's prisons, crime rates, and sentencing practices. It provides detailed descriptions of prisoner subcultures, programs, management and staff issues, and legal issues of female prisoners, while also expanding beyond U.S. soil to compare women's prisons in other countries.

In Search of Safety Barbara Owen 2017-01-24 In Search of Safety takes a close look at the sources of gendered violence and conflict in women's prisons. The authors examine how intersectional inequalities and cumulative disadvantages are at the root of prison conflict and violence and mirror the women's pathways to prison. Women must negotiate these inequities by developing forms of prison capital—social, human, cultural, emotional, and economic—to ensure their safety while inside. The authors also analyze how conflict and subsequent violence result from human-rights violations inside the prison that occur within the gendered context of substandard prison conditions, inequalities of capital among those imprisoned, and relationships with correctional staff. In Search of Safety proposes a way forward—the implementation of international human-rights standards for U.S. prisons.

Marking Time in the Golden State Candace Kruttschnitt 2005 In recent decades, the nature of criminal punishment has undergone change in the United States. This case study of women serving time in

California in the 1960s and 1990s examines key points in this recent history. The authors begin with a look at imprisonment at the California Institution for Women in the early 1960s, when the rehabilitative model dominated official discourse. They compare women's experiences in the 1990s, at the California Institution for Women and the Valley State Prison, when the recent 'get tough' era was near its peak. Drawing on archival data, interviews, and surveys, their analysis considers the relationships among official philosophies and practices of imprisonment, women's responses to the prison regime, and relations between women prisoners. The experiences of women prisoners reflected the transformations Americans have witnessed in punishment over recent decades, but they also mirrored the deprivations and restrictions of imprisonment. The Prison Experience Merry Morash 2002-12-02 Confined to an institution and further burdened by patriarchal assumptions and stereotypes, incarcerated women struggle to retain a sense of self-worth for themselves and often for their children. Scholarship on the subject typically has either ignored or trivialized the role of gender as an organizing feature of society. The result is a lack of emphasis on the role played by gender in the lives of women in a correctional setting. In this theoretically informed and empirically grounded textbook, Morash and Schram explain the realities of prison life for women from a feminist perspective. The hope for reform begins with an informed public so that a system premised on deterrence and punishment can also offer opportunities for rehabilitation.

Women, Incarceration, and Human Rights Violations Alana Van Gundy 2016-02-17 A rich examination of the neglect and abuses occurring to women in correctional facilities, *Women, Incarceration, and Human Rights Violations* draws upon a wealth of case studies from around the world and class action lawsuits to shed light on 'covert' abuse such as sexual or physical abuse, as well as 'overt' abuse such as the denial of medical treatment. Adopting a feminist framework, this book offers a comparative evaluation of abuse in domestic and international correctional facilities, demonstrating the extent to which women are at high risk of being sexually abused and re-victimized in the correctional system, where pregnancy and other specific medical and health issues are consistently ignored. Calling attention to the necessity of addressing the gender-specific needs of women who are incarcerated, *Women, Incarceration, and Human Rights Violations* offers a review of current policy, laws, and regulation bearing on the issue, while providing concrete recommendations and policy changes to address abuses. As such it will appeal to sociologists, criminologists, and policymakers concerned with questions of gender, penology, and institutional abuse.
