[The Life and Songs of Stephen Foster](#) JoAnne O'Connell 2016-09-29 The Life and Songs of Stephen Foster offers an engaging reassessment of the life, politics, and legacy of the misunderstood father of American music. Once revered the world over, Foster's plantation songs, like "Old Folks at Home" and "My Old Kentucky Home," fell from grace in the wake of the Civil Rights Movement due to their controversial lyrics. Foster embraced the minstrel tradition for a brief time, refining it and infusing his songs with sympathy for slaves, before abandoning the genre for respectable parlor music. The youngest child in a large family, he grew up in the shadows of a successful older brother and his president brother-in-law, James Buchanan, and walked a fine line between the family's conservative politics and his own pro-Lincoln sentiments.

Foster lived most of his life just outside of industrial, smoke-filled Pittsburgh and wrote songs set in a pastoral South—unsullied by the grime of industry but tarnished by the injustice of slavery. Rather than defining Foster by his now-controversial minstrel songs, JoAnne O'Connell reveals a prolific composer who concealed his true feelings in his lyrics and wrote in diverse styles to satisfy the changing tastes of his generation. In a trenchant reevaluation of his New York Bowery years, O'Connell illustrates how Foster purposely abandoned the style for which he was famous to write lighthearted songs for newly popular variety stages and music halls. In the last years of his life, Foster's new direction in songwriting stood in the vanguard of vaudeville and musical comedy to pave the way for the future of American popular music. His stylistic flexibility in the face of evolving audience preferences not only proves his versatility as a composer but also reveals important changes in the American

music and publishing industries. An intimate biography of a complex, controversial, and now neglected composer, *The Life and Songs of Stephen Foster* is an important story about the father of American music. This invaluable portrait of the political, economic, social, racial, and gender issues of antebellum and Civil War America will appeal to history and music lovers of all generations.

New Money Lorraine Zago Rosenthal 2013-09-10 A young Southern woman of modest means suddenly finds herself thrust into New York's high society when she discovers that she is the illegitimate daughter of a recently-deceased billionaire Savannah Morgan always had high hopes. She dreamed of becoming a

writer and escaping her South Carolina town, where snooty debutantes looked down on her for not having a closet-full of Lilly Pulitzer and aspiring further than chairing a society ball one day. But at twenty-four, she's become a frustrated ex-cheerleader who lives with her mother and wonders if rejecting a marriage proposal was a terrible mistake. But Savannah's world is turned upside-down when she learns that the father she never knew is Edward Stone, a billionaire media mogul who has left Savannah his fortune on the condition that she move to Manhattan and work at his global news corporation. Putting aside her mother's disapproval, Savannah dives head-first into a high-class life of wealth and luxury that's threatened by Edward's other children, the infuriatingly arrogant Ned and his sharp-tongued sister, Caroline, whose joint mission is to get rid of Savannah, with the help of their icy socialite mother. Savannah's love life is also complicated by the move, and she eventually

must decide between Jack, a smooth and charming real estate executive, and Alex, a handsome aspiring writer/actor. Now Savannah's must navigate a thrilling but treacherous city while she tries to figure out what kind of man her father truly was. Lorraine Zago Rosenthal's *New Money* is a keenly observed, fun yet wise peek into a world of privilege and glamour with a spirited and charming heroine at its center.

Plots and Proposals Karen Tracey 2000 "Boy meets girl. Boy proposes to girl. Girl refuses proposal. Then what? This provocative scenario provides the frame for a significant countertradition in popular nineteenth-century women's novels: the double-proposal plot, in which the heroine rejects and later accepts proposals from the same suitor. Exploring the American wing of this movement through the novels of Carolyn Hentz, Augusta Evans, Laura J. Curtis Bullard, E. D. E. N. Southworth, and Elizabeth Stuart Phelps, Karen Tracey

investigates how each of these writers is constrained by her historical circumstances and how she uses her fiction to critique those circumstances. Pioneered in Britain by Jane Austen, Charlotte Brontë, and Elizabeth Barrett Browning, the double-proposal plot dislodges the myth of Mr. Right and questions the all-powerful notions of true love and happily-ever-after. When the heroine rejects her suitor's initial proposal, she opens up the possibility of renegotiating the terms of the relationship and exploring alternative roles. By considering two possible marriages between the same set of partners, the double-proposal plot interrogates the role of middle-class women in courtship and in public life as well as the quality of married life and the influence a woman potentially brings to it. Tracey charts the genre's evolution from novels that seek answers within renegotiated marriages to those that challenge the efficacy of marriage itself. Reconstructing some of the cultural circumstances that would have influenced the

writing, publishing, and reading of the novels, *Plots and Proposals* examines how changing notions of love and romance both inform and are critiqued by this renegade fiction."

The Sorrows of Frederick Romulus Linney 1976-10 THE STORY: Frederick the Great, King of Prussia, aged 73, rises in his tent on the morning of a battle. Uncle Snake Israel Horovitz 1976 THE STORY: Although filled with modern references and a sense of present day attitudes, the pageant deals essentially with the accomplishments of the Second Continental Congress, and the singular, dynamic men who led it. One by one they are identified and commented on by the Narrator, as an oversized serpent is put together and paraded about. In the end the scope of their endeavor is made clear: a Declaration of Independence which will live on in history, and set a pattern to be emulated by all who struggle in the cause of freedom and human dignity.

Particularly suitable for the nation's Bi-Centennial the pageant, with its brilliant theatricality, offers an exciting event for any number of other occasions as well.

The Ride of Her Life Elizabeth Letts 2022-06-07 NATIONAL BESTSELLER • The triumphant true story of a woman who rode her horse across America in the 1950s, fulfilling her dying wish to see the Pacific Ocean, from the #1 New York Times bestselling author of *The Perfect Horse* and *The Eighty-Dollar Champion* “The gift Elizabeth Letts has is that she makes you feel you are the one taking this trip. This is a book we can enjoy always but especially need now.”—Elizabeth Berg, author of *The Story of Arthur Truluv* In 1954, sixty-three-year-old Maine farmer Annie Wilkins embarked on an impossible journey. She had no money and no family, she had just lost her farm, and her doctor had given her only two years to live. But Annie

wanted to see the Pacific Ocean before she died. She ignored her doctor's advice to move into the county charity home. Instead, she bought a cast-off brown gelding named Tarzan, donned men's dungarees, and headed south in mid-November, hoping to beat the snow. Annie had little idea what to expect beyond her rural crossroads; she didn't even have a map. But she did have her ex-racehorse, her faithful mutt, and her own unfailing belief that Americans would treat a stranger with kindness. Annie, Tarzan, and her dog, Depeche Toi, rode straight into a world transformed by the rapid construction of modern highways. Between 1954 and 1956, the three travelers pushed through blizzards, forded rivers, climbed mountains, and clung to the narrow shoulder as cars whipped by them at terrifying speeds. Annie rode more than four thousand miles, through America's big cities and small towns. Along the way, she met ordinary people and celebrities—from Andrew Wyeth (who sketched Tarzan) to Art Linkletter and

Groucho Marx. She received many offers—a permanent home at a riding stable in New Jersey, a job at a gas station in rural Kentucky, even a marriage proposal from a Wyoming rancher. In a decade when car ownership nearly tripled, when television's influence was expanding fast, when homeowners began locking their doors, Annie and her four-footed companions inspired an outpouring of neighborliness in a rapidly changing world.
