New Ways of Looking at Old Texts Renaissance English Text Society 1998

A Companion to Richard Hooker William J. Torrance Kirby 2008 Richard Hooker explained and defended the Elizabethan religious and political settlement, and shaped the self-understanding of the Church of England for generations. This Companion offers a comprehensive and systematic introduction to Hooker's (TM)s life, works, thought, reputation, and influence.

The Cambridge History of Early Modern English Literature David

Loewenstein 2003-01-16 This 2003 book is a full-scale history of early modern English literature, offering perspectives on English literature produced in Britain between the Reformation and the Restoration. While providing the general coverage and specific information expected of a major history, its twenty-six chapters address recent methodological and interpretive developments in English literary studies. The book has five sections: 'Modes and Means of Literary Production, Circulation, and Reception', 'The Tudor Era from the Reformation to Elizabeth I', 'The Era of Elizabeth and James VI', 'The Earlier Stuart Era', and 'The Civil War and Commonwealth Era'. While England is the principal focus, literary production in Scotland, Ireland and Wales is treated, as are other subjects less frequently examined in previous histories, including women's writings and the literature of the English Reformation and Revolution. This history is an essential resource for specialists and students.

Index of English Literary Manuscripts Peter John Croft 1980

Pilgrimage for Love Josephine A. Roberts 1999 This is a reproduction of a book published before 1923. This book may have occasional

imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Richard Hooker, a Descriptive Bibliography of the Early Editions: 1593-1724 William Speed Hill 1970

Richard Hooker's Doctrine of the Royal Supremacy W. J. Torrance Kirby 1990 In the eighth book of his treatise "Of the Lawes of Ecclesiastical Politie," Richard Hooker defends the royal headship of the Church of England in a remarkable series of theological arguments. His apologetic intention was 'to resolve the consciences' of the Disciplinary-Puritan critics of the Elizabethan Settlement by a demonstration that the Royal Supremacy was wholly consistent with the principles of doctrinal orthodoxy as understood and upheld by the Magisterial Reformation. This study commences with a look at some current problems of interpretation and then examines Hooker's apologetic aim and methodology. Subsequent chapters demonstrate Hooker's reliance on the

teaching of the Magisterial Reformers in the formulation of both the soteriological foundations of his political thought and his ecclesiology. Hooker's appeal to the authority of Patristic Christological and Trinitarian Orthodoxy in support of the Royal Supremacy is also discussed. The purpose of this book is to uncover the theological roots of a central aspect of Hooker's political thought, and thereby to attempt to shed new light on an important Elizabethan controversy.

The Papers of the Bibliographical Society of America Bibliographical Society of America 1971

Sole Fountain of Truth John H. Augustine 1989

Richard Hooker and the English Reformation W.J. Kirby 2013-03-14

This collection addresses the substance of Richard Hooker's achievement as a theologian and philosopher in the context of principal themes of English Reformation thought. Five principal loci of Reformation discourse are addressed: the relation between the "orders" of Grace and Nature; the doctrines of Providence and Predestination; the Church and the liturgy; sacramental theology; and the polemical cut-and-thrust of the late-Elizabethan context. It is of interest to scholars, seminarians, and students.

Of the Laws of Ecclesiastical Polity Richard Hooker 1981 The writings of Richard Hooker are of central interest to those studying English Renaissance thought and literature. In this, the third and latest volume of a much needed critical edition of the Works of Richard Hooker, are the posthumous books of the Laws of Ecclesiastical Polity. Hooker planned the Laws in eight books, but he died shortly after publication of Book Five. Books Six, Seven, and Eight which contain his analysis of jurisdiction, episcopacy, and the royal supremacy are here transcribed from versions that have the most authority. The volume also includes Hooker's autograph notes toward those texts (brought to light by P. G. Stanwood in the course of his research) and the contemporary notes by George Cranmer and Edwin Sandys on a lost draft of Book Six. Mr. Stanwood's introduction lays to rest all doubts about the authenticity of the last three books as we have them, doubts current since publication of Walton's Life of Hooker in 1662. This edition, sponsored by the Folger

Library, is providing authoritative texts to serve as a basis for the scholarly reappraisal of Richard Hooker's writings that is presently under way.

Tractates and Sermons Richard Hooker 1990 Although Richard Hooker (1554-1600) is now known principally as the author of the Laws of Ecclesiastical Polity in his lifetime the Tractates and Sermons brought him greater notoriety. Hooker's views on justification, the perseverance of faith, and the relationship of the Church of Rome to the reformed Church of England were widely reported, and texts of the tracts were extensively circulated in manuscript. Thanks to the meticulous editing of Laetitia Yeandle, Curator of Manuscripts at the Folger Shakespeare Library, the contemporary impact of these debates can now be appreciated for the first time. These tracts provide a unique perspective on the turbulent world of late Elizabethan theology. In addition, they lay the doctrinal foundations of the Laws of Ecclesiastical Polity itself and--with the excellent commentary of Egil Grislis, Professor of Theology at the University of Manitoba in Winnipeg enable us to trace the intellectual formation of sixteenth-century England's most innovative and provocative theologian. The volume includes a newly discovered letter; three newly attributed sermon fragments; and analysis by P. F. Forte of Hooker's distinctive preaching style.

Authority Matters 2015-06-29 In this wide ranging collection of essays, eleven literary scholars and creative writers examine authorship and authority in relation to the production and reception of cultural texts. Ranging in time from the Renaissance to the era of digital publishing, the essays invite us to reconsider the influential theories of Roland Barthes, Michel Foucault, and Pierre Bourdieu for our understanding of writers such as Philip Sidney, Thomas Hardy, Laura Riding, W.B. Yeats, Gertrude Stein, and J.M. Coetzee. Shedding new light on authority's complex role in the generation of cultural meaning, the essays will be of interest to students and teachers of literary history and critical theory alike.

Problems of Editing Christa Jansohn 1999 This collection of essays attempts to address some problems of editorial theory and practice which its contributors have either encountered in their own work as

practicing editors or as critical users of English editions. It also discusses more general questions, i.e. linguistic problems of editing, the problems of editing bilingual editions or school editions and the difficult economics of scholarly editions today. There are also essays on editing performance poetry, the waning impact of analytical bibliography, the role of teaching and learning editing as well as on the situation of editorial theory and practice among Anglicists in Germany. Several of the essays in this volume began their lives as papers for a workshop on »Editorial Problems« held at the annual meeting of the German 'Anglistentag' in Gießen in September 1997.

English Renaissance Rhetoric and Poetics Heinrich F. Plett 1995 This comprehensive bibliography lists some 500 source texts published in the British Isles or abroad from 1479 to 1660 and more than 2,000 works of secondary literature from 1900 to the present.

The Continuum Encyclopedia of British Philosophy A. C. Grayling 2006

Richard Hooker, Reformer and Platonist W.J. Torrance Kirby 2016-04-08 This book explores key aspects of Richard Hooker's philosophical and theological discourse in the context of currents of thought prevalent in the 'Magisterial Reformation' of the sixteenth century. Hooker's treatment of natural law, his dependence upon the philosophical discourse and traditional cosmology of Christian Neoplatonism, and his appeal to the authority of patristic sources, are all closely examined. Challenging the received 'exceptionalist' model of much of the twentieth-century interpretation of Hooker, in particular the concept of his supposed defence of the English Reformation as striking a 'via media' between Rome and mainstream Protestant reform, W.J. Torrance Kirby argues that Hooker adheres to principles of 'magisterial' reform while building upon the assumptions of a distinctively Protestant version of Platonism.
