in a line of proud queens

elected to rule the fertile lands

of the West, true owner of the

legendary Round Table,
guardian of the Great Goddess
herself . . . a woman whose
story has never been told--until
now. As High King and Queen,
Arthur and Guenevere reign
supreme across the many
kingdoms of Great Britain.
Still, Guenevere secretly
mourns the loss of her beloved
Lancelot, who has returned to
the Sacred Lake of his

boyhood, hoping to restore his faith in chivalry in the place where he learned to be a knight. In a glittering Pentecost ceremony, new knights are sworn to the Round Table, including Arthur's nephews, Agravain and Gawain. After many years of strife, peace is restored to Guenevere's realm. But betrayal, jealousy, and ancient blood feuds fester unseen. Morgan Le Fay, now the mother of Arthur's only son, Mordred, has become the focus of Merlin's age-old quest to ensure the survival of the house of Pendragon. From the east comes the shattering news that Guenevere may have a rival for Lancelot's love. A bleak shadow falls again across Camelot--and across the sacred isle of Avalon, where Roman priests threaten the life of the Lady herself. At the center of the storm is Guenevere, torn between her love for her husband, her people, and Sir Lancelot of the Lake. With rare and intuitive magic, Rosalind Miles brings to life a legendary woman's bravery and passion,

and all the pageantry, heartbreak, violence, and beauty of an age gone by. [Time, Twilight, and Eternity](#)
Thom Rock 2017-05-25 The ancient rhythm of night becoming day becoming night again has always set the tempo of our everyday lives. The daily spin and tilt of the Earth rules our clocks and calendars as well as our human bodies. Yet our minutes and hours and days all too often slip away completely unnoticed. For generations and cultures around the globe and across the ages, though, the moments surrounding sunrise and sunset have been noticeable exceptions: believers and seekers have long gathered in the gloaming to pause and reflect on the notion that the sacred unfolds, if it unfolds anywhere, in ordinary time. In [Time, Twilight, and Eternity](#), Thom Rock explores the rich tradition of that unfolding, not only through the physics and optics of any twilight hour or rising or setting sun, but also through the whispered prayers of so many faith traditions. unforgettable journey through the mysteries and wonders of dusk and dawn--as well as the extraordinary gifts of common prayer, ordinary time, and everyday grace--this poetic and evocative work is ultimately about our own rising and setting . . . and rising again; the daily practice of resurrection and fully inhabiting our lives here and now.

Sophia's Return Purple Goddess 2021-09-28 Sophia's Return is an exploration of Goddess spirituality and an instructional book. It encourages women to lead their own sacred circle using the Celtic Wheel of the Year and shows them how to run a sacred or spirituality circle. This book includes the script for eight ceremonies typically used for the Celtic Wheel of the Year, for example, Summer Solstice, Autumn Equinox, Winter Solstice and Spring Equinox. Each ceremony

includes a guided meditation and information about the Goddess honoured during that ceremony. Sample Maiden, Mother and Crone ceremonies as well as a personal memoir recounting the author's own story and Goddess experience are included. This book is a beneficial tool for women of all ages who might be feeling a call for spirituality with the Feminine at its centre. One of the goals with this book is to give the reader the basic tools and foundation of knowledge to get started to run their own sacred circle in a simple and easy-to-use format.

Sacred Groves and Ravaged Gardens Louise Westling 2008 In Sacred Groves and Ravaged Gardens, Louise Westling explores how the complex, difficult roles of women in southern culture shaped the literary worlds of Eudora Welty, Carson McCullers, and Flannery O'Connor. Tracing the cultural heritage of the South, Westling shows how southern women reacted to the violent, false world created by their men--a world in which women

came to be shrouded as icons of purity in atonement for the sins of men. Exposing the actual conditions of women's lives, creating assertive protagonists who resist or revise conventional roles, and exploring rich matriarchal traditions and connections to symbolic landscapes Welty, McCullers, and O'Connor created a body of fiction that enriches and complements the patriarchal version of southern life presented in the works of William Faulkner, John Crowe Ransom, Allen Tate, and William Styron.

and copiously illustrated study of bees points out that no creature has provided man with so much wholesome food; nor has any inspired so many beliefs and superstitions. Illustrations depict bees, hives, and beekeepers as they appear in paintings and sculpture, on coins, jewelry, and Mayan glyphs; and carved into African tree trunks. Chapters cover the folklore of bees and bee culture — from Egyptian, Babylonian, and other ancient sources to practices in modern Europe. The use of honey in religious rites, as well as customs and superstitions in France and Central Europe, folk stories from Finland, and the bee in America are also described. Menhirs, Dolmen, and Circles of Stone Gary R. Varner 2004 Why are some rocks simply tossed out of the way, while others, regardless of their size, are held as sacred, mysterious and imbued with power? Humans since the dawn of civilization have used stone to represent the holy, both by fashioning sacred symbols for themselves and by granting

recognition to certain sites occurring naturally. Varner shares his love of nature lore, oral traditions, folklore and ancient religious structures that are still so abundant in the world, and offers insights on the history and the technology of these artifacts, while touching on the importance of preserving a sense of reverence in today's world. This study examines the universal appeal of sites from the Dome of the Rock and Stonehenge to sites sacred to the Inuit and the Cherokees, from the Middle East to the American Midwest and the English Midlands. Philosopher-historian Mircea Eliade wrote, "a rock reveals itself to be sacred because its very existence is a hierophany: incompressible, invulnerable, it is that which man is not. It resists time; its reality is coupled with perennality." The properties of stone were recognized as unique early in humankind's rise to civilization. Even when cultures were transitioning their technologies from stone to metal, it was

stone that was used for ritual and other important acts. Early 20th-century Egyptologist Wallis Budge wrote, "in a tomb of the VIth Dynasty at Sakkrah, when the Egyptians had a good knowledge of working in metals, we see in a painting on the wall the act of circumcision being performed on a youth by an operator who uses a flint knife." Little do the keepers of worry stones today realize that they are practicing one of the ancient traditions of transferring their problems to an inanimate object. This volume looks at customs and traditions from around the world, from the curious to the profound, related to stones large and small, from prehistory to today.

Searching for Sacred Space

John Ander Runkle 2002 Every Sunday we walk through those doors and enter a sacred space. It is familiar, maybe comforting--or maybe not. It might be downright uncomfortable and unwelcoming. What can we do about it? In twelve thoughtful and provocative essays, the writers ask important

questions about the relationship between sacred spaces and the worship that takes place in them: -How do our buildings convey a vision of God's kingdom on earth? -How are our places of worship reflecting our beliefs? -In what visible, tangible forms are we proclaiming a faith in the living God? -How are our church buildings helping this church bring the Gospel into a new century?
