Rewriting the Old Testament in Anglo-Saxon Verse Samantha Zacher 2013-12-05 The Bible played a crucial role in shaping Anglo-Saxon national and cultural identity. However, access to Biblical texts was necessarily limited to very few individuals in Medieval England. In this book, Samantha Zacher explores how the very earliest English Biblical poetry creatively adapted, commented on and spread Biblical narratives and traditions to the wider population. Systematically surveying the manuscripts of surviving poems, the book shows how these vernacular poets commemorated the Hebrews as God's 'chosen people' and claimed the inheritance of that status for Anglo-Saxon England. Drawing on contemporary translation theory, the book undertakes close readings of the poems Exodus, Daniel and Judith in order to examine their methods of adaptation for their particular theologico-political circumstances and the way they portray and problematize Judaeo-Christian religious identities.

The Curse of Cain Regina M. Schwartz 1997-05-15 For Regina Schwartz, we ignore the dark side of the Bible to our peril. The perplexing story of Cain and Abel is emblematic of the tenacious influence of the Bible on secular notions of identity - notions that are all too often violently exclusionary, negatively defining "us" against "them" in ethnic, religious, racial, gender, and nationalistic terms. In this compelling work of cultural and biblical criticism, Schwartz contends that it is the very concept of monotheism and its jealous demand for exclusive allegiance - to one God, one Land, one Nation or one People - that informs the model of collective identity forged in violence, against the other.

Re-membering the New Covenant at Corinth Emmanuel Nathan 2020-03-27 "Did Paul instigate Christianity's separation from Judaism, if one considers the stark polemical contrasts of 'new' and 'old' covenant in 2 Cor 3? Godly Fear or Ungodly Failure? Michael Kibbe 2016-05-10 A cursory glance at Hebrews' critique of Israel's fear at Sinai in Heb 12:18-29 suggests that the author has misunderstood or manipulated his sources. In the Pentateuch, the appointment of Moses as Israel's mediator receives explicit approval (Exod 19:9; Deut 5:28), while Heb 12:25 labels their request for mediation a "refusal" to heed the word of God. This book argues that Hebrews' use of the Sinai narratives resides on a complex trajectory established by four points: the Sinai covenant according to Exodus, the reenactment of that covenant according to Deuteronomy, the call for a NEW covenant according to Jeremiah, and the present reality of that covenant established by God and mediated by Jesus Christ. The basis for Hebrews' critique arises from its insight that while Israel's request established covenant-from-a-distance, Jesus demonstrates that true covenant mediation brings two parties into a single space. The purpose for Hebrews critique lies in its summons to Zion, the mountain on which Jesus sits at the right hand of God as the high priestly mediator of the new covenant.

Rewriting Moses Brian Britt 2004-08-01 Exalted for centuries as a hero and author of the Bible, Moses is inseparable from biblical tradition itself. Moses is also an inherently ambiguous figure and a perennial focus of controversy, from ancient disputes of priestly rivalry to modern issues of class, gender and race. In *Rewriting Moses*, Brian Britt analyses elements of polemic and ideology in the Moses of the Bible, of film,

novel, visual art and scholarship. He argues that the biblical Moses lives within writing, while the post-biblical Moses lives more often in biography. Yet later rewritings of Moses refract biblical traditions of writing in surprising ways. *Rewriting Moses* provides an original account of the Freudian insight that traditions preserve what they repress. This is volume 14 in the Gender, Culture, Theory series and is volume 402 in the Journal for the Study of the Old Testament Supplements series.

Allegorical Readers and Cultural Revision in Ancient Alexandria David Dawson 2023-04-28 Allegorical readings of literary or religious texts always begin as counterreadings, starting with denial or negation, challenging the literal sense: "You have read the text this way, but I will read it differently." David Dawson insists that ancient allegory is best understood not simply as a way of reading texts, but as a way of using non-literal readings to reinterpret culture and society. Here he describes how some ancient pagan, Jewish, and Christian interpreters used allegory to endorse, revise, and subvert competing Christian and pagan world views. This reassessment of allegorical reading emphasizes socio-cultural contexts rather than purely formal literary features, opening with an analysis of the pagan use of etymology and allegory in the Hellenistic world and pagan opposition to both techniques. The remainder of the book presents three Hellenistic religious writers who each typify distinctive models of allegorical interpretation: the Jewish exegete Philo, the Christian Gnostic Valentinus, and the Christian Platonist Clement. The study engages issues in the fields of classics, history of Christianity and Hellenistic Judaism, literary criticism and theory, and more broadly, critical theory and cultural criticism.

A Prophet Like Moses Jeffrey Stackert 2014 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies: the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion. These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century, culminating in Julius Wellhausen's influential Prolegomena to the History of Ancient Israel. Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory, Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources. His book shows that these texts contain a rich and longstanding debate over prophecy, its relation to law, and its place in Israelite religion. With this argument, *A Prophet Like Moses* demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion. It also provides an opportunity for critical reflection on the history of the field of biblical studies. Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even

primarily as theological disciplines.

Past Renewals Hindy Najman 2010 Through close readings of texts such as Ezra-Nehemiah, Philo of Alexandria, and 4Ezra, Hindy Najman develops the idea of a discourse tied to a founder, illuminating the nexus between revelation, interpretive authority, and the quest for perfection in ancient Judaism.

Land of Our Fathers Francesca Stavrakopoulou 2011-04-17 The biblical motif of a land divinely-promised and given to Abraham and his descendants is argued to be an ideological reflex of post-monarchic, territorial disputes between competing socio-religious groups. The important biblical motif of a Promised Land is founded upon the ancient Near Eastern concept of ancestral land: hereditary space upon which families lived, worked, died and were buried. An essential element of concept of ancestral land was the belief in the post-mortem existence of the ancestors, who were venerated with grave offerings, mortuary feasts, bone rituals and standing stones. The Hebrew Bible is littered with stories concerning these practices and beliefs, yet the specific correlation of ancestor veneration and certain biblical land claims has gone unrecognized. The book remedies this in presenting evidence for the vital and persistent impact of ancestor veneration upon land claims. It proposes that ancestor veneration, which formed a common ground in the experiences of various socio-religious groups in ancient Israel, became in the Hebrew Bible an ideological battlefield upon which claims to the land were won and lost.

An Ark on the Nile Keith Bodner 2016-07-22 The opening sector of the book of Exodus is a powerful narrative and a striking example of the artistic qualities of the Pentateuch, a facet of the text that occasionally is neglected in high-level scholarship. Exodus 1-2 is finely choreographed work that compresses a vast amount of material onto a limited textual canvas, creating a story that appeals to readers of every age. Resuming where the book of Genesis leaves off-the last image of Genesis 50 is a coffin in Egypt, primed for a sequel-the first two chapters of Exodus combine a fast-moving plot with some unique shades of characterization: Israel's growth in Egypt, the rise of a malevolent new king, the birth of a hero and early experiences of adversity for the main character in the story to come. The burden of slavery and miracle of salvation are introduced in this sector of text, and become paradigmatic examples of divine redemption that reverberate throughout the Hebrew Bible and beyond. An Ark on the Nile: The Beginning of the Book of Exodus is a close-reading of Exodus 1-2 that analyzes the story as a reasonably self-contained unit, but suggesting that major plot movements in the book of Exodus are foreshadowed and anticipated here. Applying a number of insights from literary theory, Keith Bodner offers an illustration of further integration of biblical studies with cross-disciplinary narrative interpretation.

Writing and Rewriting the Story of Solomon in Ancient Israel Isaac Kalimi 2018-11-29 Solomon's image as a wise king and the founder of Jerusalem Temple has become a fixture of Jewish, Christian, and Islamic literature. Yet, there are essential differences between the portraits of Solomon that are presented in the Hebrew Bible. In this volume, Isaac Kalimi explores these differences, which reflect divergent historical contexts, theological and didactic concepts, stylistic and literary techniques, and compositional methods among the biblical historians. He highlights the uniqueness of each portrayal of Solomon - his character, birth, early life, ascension, and temple-building - through a close comparison of the early and late biblical historiographies. Whereas the authors of Samuel-Kings stay closely to their sources and offer an apology for Solomon's kingship, including its more questionable aspects, the Chronicler freely rewrites his sources in order to present the life of Solomon as he wished it to be. The volume will serve scholars and students seeking to understand biblical texts within their ancient Near Eastern contexts.

The Bible on Silent Film David J. Shepherd 2013-11-14 Between the advent of motion pictures in the 1890s and the close of the 'silent' era at the end of the 1920s, many of the longest, most expensive and most watched films on both sides of the Atlantic drew upon biblical traditions. David J. Shepherd traces the evolution of the biblical film through the silent era, asking why the Bible attracted early film makers, how biblical films were indebted to other interpretive traditions, and how these films were received. Drawing upon rarely seen archival footage and early landmark films of directors such as Louis Feuillade, D. W. Griffith, Michael Curtis and Cecil B. DeMille, this history treats well-known biblical subjects including

Joseph, Moses, David and Jesus, along with lesser-known biblical stars such as Jael, Judith and Jephthah's daughter. This book will be of great interest to students of Biblical studies, Jewish studies and film studies. *Changes in Scripture* Hanne von Weissenberg 2011 The articles in this volume investigate changes in texts that became to be regarded as holy and unchangeable in Judaism and Christianity. The volume seeks to draw attention to the "empirical" evidence from Qumran, the Septuagint as well as from passages in the Hebrew Scriptures that have been shaped by the use of other texts. The contributions are divided into three main sections: The first section deals with methodological questions concerning textual changes. The second section consists of concrete examples from the Hebrew Bible, Qumran and Septuagint on how the texts were changed, corrected, edited and interpreted. The contributions of the third section will investigate the general influence and impact of Deuteronomistic ideology and phraseology on later texts.

The Oxford Handbook of Catholic Theology Lewis Ayres 2019-03-28 The Oxford Handbook of Catholic Theology provides a one-volume introduction to all the major aspects of Catholic theology. Part One considers the nature of theological thinking, and the major topics of Catholic teaching, including the Triune God, the Creation, and the mission of the Incarnate Word. It also covers the character of the Christian sacramental life and the major themes of Catholic moral teaching. The treatments in the first part of the Handbook offer personal syntheses of Catholic teaching, but each offers an account in accord with Catholic theology as it is expressed in the Second Vatican Council and authoritative documentation. Part Two focuses on the historical development of Catholic Theology. An initial section offers essays on some of Catholic theology's most important sources between 200 and 1870, and the final section of the collection considers all the main movements and developments in Catholic theology across the world since 1870. This comprehensive volume features fifty-six original contributions by some of the best-known names in current Catholic theology from the Americas, Europe, Asia, and Africa. The chapters are written in an engaging and easily comprehensible style functioning both as a scholarly reference and as a survey of the field. There are no comparable studies available in one volume and the book will be an indispensable reference for students of Catholic theology at all levels and in all contexts.

Movies and Midrash Wendy I. Zierler 2017-08-15 Brings popular cinema and Jewish religious texts into a meaningful dialogue. Finalist for the 2017 National Jewish Book Award in Modern Jewish Thought and Experience presented by the Jewish Book Council Movies and Midrash uses cinema as a springboard to discuss central Jewish texts and matters of belief. A number of books have drawn on films to explicate Christian theology and belief, but Wendy I. Zierler is the first to do so from a Jewish perspective, exploring what Jewish tradition, text, and theology have to say about the lessons and themes arising from influential and compelling films. The book uses the method of "inverted midrash": while classical rabbinical midrash begins with exegesis of a verse and then introduces a mashal (parable) as a means of further explication, Zierler turns that process around, beginning with the culturally familiar cinematic parable and then analyzing related Jewish texts. Each chapter connects a secular film to a different central theme in classical Jewish sources or modern Jewish thought. Films covered include *The Truman Show* (truth), *Memento* (memory), *Crimes and Misdemeanors* (sin), *Magnolia* (confession and redemption), *The Descendants* (birthright), *Forrest Gump* (cleverness and simplicity), and *The Hunger Games* (creation of humanity in God's image), among others. Wendy I. Zierler is Sigmund Falk Professor of Modern Jewish Literature and Feminist Studies at Hebrew Union College-Jewish Institute of Religion and the author of *And Rachel Stole the Idols: The Emergence of Modern Hebrew Women's Writing*.

T&T Clark Companion to the Bible and Film Richard Walsh 2018-06-28 The first decades of the twenty-first century saw a resurgence of the biblical epic film, such as *Noah* and *Exodus: Gods and Kings*, which was in turn accompanied by a growth of biblical film criticism. This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics. Non-Hollywood and seemingly "non-biblical" films also come under investigation. The contributors concentrate on three points: "context", focusing on the 'Bible in' specific film genres and cultural situations; "theory", applying theory from both religion and film studies, with an eye to their possible intersections; and "recent and significant texts", reflecting on which texts and themes have been most important in 'biblical film' and which are currently at the fore. Exploring cinema across the globe, and accompanied by extended introductory essays for each of the three sections, this companion is an important resource for

scholars in both film and biblical reception.

Rethinking Rewritten Scripture Molly M. Zahn 2011-02-14 This study advances our understanding of the nature and purpose of the rewriting of Scripture in Second Temple Judaism through a comparative analysis of the compositional methods and interpretive goals of the five 4QReworked Pentateuch manuscripts (4Q158, 364-367).

Writing Home David Ellis 2007-05-21 When the SS Empire Windrush berthed at Tilbury docks in 1948 with 492 ex-servicemen from the Caribbean, it marked the beginning of the post-war migrations to Britain that would form part of modern, multi-cultural Britain. A significant role in this social transformation would be played by the literary and non-literary output of writers from the Caribbean. These writers in exile were responsible not just for the establishment of the West Indian novel, but, by virtue of their location in the Mother Country, were also the pioneers of black writing in Britain. Over the next fifty years, this writing would come to represent an important body of work intimately aligned to the evolving and contentious notions of 'home' as economic migration became a permanent presence. In this book, David Ellis provides in-depth analyses of six key figures whose writing charts the establishment of black Britain. For Sam Selvon, George Lamming, and E. R. Braithwaite, writing home represents a literature of reappraisal as the myths of empire—the gold-paved streets of London—conflict with the harsh realities of being designated an immigrant. The unresolved consequences of this reappraisal are made evident in the works of Andrew Salkey, Wilson Harris, and Linton Kwesi Johnson where radicalism in both political and literary terms can be read as a response to the rejection of the black communities by an increasingly divided Britain in the 1970s. Finally, the novels of Caryl Phillips, Joan Riley, and David Dabydeen mark an increasingly reflective literature as the notion of home shifts more explicitly from the Caribbean to Britain itself. Containing both contextual and biographical information throughout, "Writing Home" represents a literary and social history of the emergence of black Britain in the second half of the twentieth century.

Rewriting the Bible Betsy Halpern Amaru 1994 Land is so central to the Hebrew scriptures that it might be described as the major theme of this literature. This intriguing study "rewrites" the Bible on the issue of the Land, and provides a revelation of how a religious tradition was actualized to make it meaningful within new situations.

Rewriting and Revision as Amendment in the Laws of Deuteronomy Kevin Mattison 2019-01-14 La 4e de couverture indique : "Kevin Mattison argues that Deuteronomy was designed to amend the Covenant Code (Exod 20:22-23:19). He proposes a model of amendment, which draws on existing models of replacement and supplementation to provide a more complete explanation of Deuteronomy's rewriting of the Covenant Code."

A Guide to Early Jewish Texts and Traditions in Christian Transmission Gabriele Boccaccini 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions, but its main sources have been preserved to a great degree through Christian transmission. This Guide is devoted to problems of preservation, reception, and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era. It approaches this corpus not as an artificial collection of reconstructed texts—a body of hypothetical originals—but rather from the perspective of the preserved materials, examined in their religious, social, and political contexts. It also considers the other, non-Christian, channels of the survival of early Jewish materials, including Rabbinic, Gnostic, Manichaean, and Islamic. This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures. It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity.

Interpretation Des Heiligen Giuseppe Zaccaria 1999 The hermeneutic path involved in the interpretation of law as well as in the interpretation of sacred texts, though peculiar, seems - as Emilio Betti pointed out - to share several things, most importantly the "normative" nature of interpretation. The 1999 issue of the Yearbook "Ars Interpretandi" accounts for the several and disparate relationships between these two important "regional hermeneutics".

Royal Motifs in the Pentateuchal Portrayal of Moses Danny Mathews 2012-12-06 Moses is portrayed through the use of royal motifs, such as his abandonment at birth, flight from Pharaoh, portrayal as a shepherd, as a semi-divine figure, temple builder, military general, and lawgiver. These well-known motifs that have been typically used to depict four famous rulers in the ancient Near East, Hammurabi, Esarhaddon, Nabonidus, and Cyrus, have been adapted by the authors of the Pentateuch to affirm Moses as a more ancient leader, whose work has resulted in the constitution of the community of Israel. As a result, Israel's identity and enduring existence rest upon the authority and legacy of Moses.

Rewriting Maimonides Igor H. De Souza 2018-09-10 Maimonideanism, the intellectual culture inspired by Maimonides' writings, has received much recent attention. Yet a central aspect of Maimonideanism has been overlooked: the formal reception of the *Guide of the Perplexed* through commentary. In *Rewriting Maimonides*, Igor H. De Souza offers a comprehensive analysis of six early philosophical commentaries, written in Italy, Spain, and France, by some of Maimonides' most loyal followers. The early commentaries represent the most creative period of exegesis of the *Guide*. De Souza's analysis dispels the notion that the tradition of commentary on the *Guide* is monolithic. Rather, De Souza's study illuminates how each commentator offers distinctive readings. Challenging the hierarchy of text and commentary, *Rewriting Maimonides* studies commentaries on the *Guide* as texts in their own right. De Souza approaches the form of commentary as a multifaceted cultural practice. Employing historical, philosophical, and literary methods, this publication fills a lacuna in the history of the *Guide* through a global perspective on commentary.

Gospel Writing Francis Watson 2013-05-26 That there are four canonical versions of the one gospel story is often seen as a problem for Christian faith: where gospels multiply, so too do apparent contradictions that may seem to undermine their truth claims. In *Gospel Writing* Francis Watson argues that differences and tensions between canonical gospels represent opportunities for theological reflection, not problems for apologetics. Watson presents the formation of the fourfold gospel as the defining moment in the reception of early gospel literature -- and also of Jesus himself as the subject matter of that literature. As the

canonical division sets four gospel texts alongside one another, the canon also creates a new, complex, textual entity more than the sum of its parts. A canonical gospel can no longer be regarded as a definitive, self-sufficient account of its subject matter. It must play its part within an intricate fourfold polyphony, and its meaning and significance are thereby transformed. In elaborating these claims, Watson proposes nothing less than a new paradigm for gospel studies — one that engages fully with the available noncanonical material so as to illuminate the historical and theological significance of the canonical.

Medieval Jewish Philosophy and Its Literary Forms Aaron W. Hughes 2019-08-01 Too often the study of philosophical texts is carried out in ways that do not pay significant attention to how the ideas contained within them are presented, articulated, and developed. This was not always the case. The contributors to this collected work consider Jewish philosophy in the medieval period, when new genres and forms of written expression were flourishing in the wake of renewed interest in ancient philosophy. Many medieval Jewish philosophers were highly accomplished poets, for example, and made conscious efforts to write in a poetic style. This volume turns attention to the connections that medieval Jewish thinkers made between the literary, the exegetical, the philosophical, and the mystical to shed light on the creativity and diversity of medieval thought. As they broaden the scope of what counts as medieval Jewish philosophy, the essays collected here consider questions about how an argument is formed, how text is put into the service of philosophy, and the social and intellectual environment in which philosophical texts were produced.

Deuteronomy Daniel I. Block 2012-08-21 Arranged as a series of sermons, the book of Deuteronomy represents the final major segment of the biography of Moses. The sermons review events described in earlier books and challenges Israel to faithful living in the future. The theological significance of Deuteronomy cannot be overestimated. Few books in the Bible proclaim such a relevant word of grace and gospel to the church today. At its heart, Deuteronomy records the covenantal relationship between God and his people. God graciously has chosen Israel as his covenant partner and has demonstrated his covenantal commitment to them. Moses challenges the Israelites to respond by declaring that Yahweh alone is their God and by demonstrating unwavering loyalty and total love for him through obedience. Daniel Block highlights the unity between the God depicted in Deuteronomy and Jesus Christ. Christians who understand the covenantal character of God and who live under the grace of Christ will resist the temptation to retreat into interior and subjective understandings of the life of faith so common in Western Christianity.
