Women Preaching Revolution Elaine J.

Lawless 2015-08-10 Do women preach differently than men? In Women Preaching Revolution Elaine J. Lawless contends that they do. Drawing on her study of more than 150 sermons and extensive interviews with the clergywomen who preached them, Lawless argues that women have changed traditional preaching in ways that reflect their socialization as women and their experiences of being female in America. Many of the women in her study were expected to take courses on the art of preaching as part of their seminary training. Most of them rejected the sermon structure and strategies they were taught in seminary, viewing them as part of a "male" homiletic tradition, and developed styles that celebrate their commitment to connection, relationship, and

dialogue.

No Strings Attached Rachel Nafziger Hartzler 2013-04-30 No Strings Attached is the story of a Mennonite congregation in Indiana that existed for eighty-six years. The congregation began during the social and religious turmoil of the 1920s when some Mennonites in North America held to rigid doctrines and ethics implemented by central authority, and others operated with a congregational polity and became more assimilated into secular culture. The struggle between these two different understandings of faithfulness was most passionately played out in northern Indiana. Placing the narrative of this congregation within the context of 500 years of Mennonite history illustrates the grace and the

tension that has both beset and empowered a unique group of people who began as radical reformers. Although no strings attached refers to the women's headwear during the 1920s, which had no strings, it could also be the story of the pastor eating lunch on the peak of the steep roof of the church building! Reflecting on stories of these Mennonite people is an invitation to move into the future with courageous hope. Believing and behaving differently has not prevented Middlebury Mennonites from treating each other respectfully, living in a community of love, joy, and peace, and offering God's healing and hope to each other and to the world.

Preaching Justice Christine Marie Smith 2008-11-01 Preaching Justice brings together eight very diverse voices from eight distinct cultural/ethnic communities, challenging them to articulate the specific justice concerns, issues, and passions that give rise to a preaching

ministry within the their own community and beyond. Theological analyses are offered by these persons representing their particular communities: Kathy Black - persons with disabilities Martin Brokenieg - Native Americans Teresa Fry Brown - African Americans Eleazar Fernandez - Filipino Americans Justo Gonzalez - Hispanics Eunjoo Mary Kim - Korean Americans Stacy Offner - Jews Christine Marie Smith - lesbians and gays This volume offers a rare vision of what transforms preaching might sound and look like, and urges that all preaching - whatever community it comes from, whatever community it hopes to reach - be grounded in the sacred acts of listening and knowing. [Encyclopedia of Women in World Religions \[2 volumes\]](#) Susan de-Gaia 2018-11-16 This reference offers reliable knowledge about women's diverse faith practices throughout history and prehistory, and across cultures. Across the span of human history, women have participated in world-building and life-sustaining

cultural creativity, making enormous contributions to religion and spirituality. In the contemporary period, women have achieved greater equality, with more educational opportunities, female role models in public life, and opportunities for religious expression than ever before. Contemporaneously with this increased visibility, women are actively and energetically engaging with religion for themselves and for their communities. Drawing on the expertise of a range of scholars, this reference chronicles the religious experiences of women across time and cultures. The book includes sections on major religions as well as on spirituality, African religions, prehistoric religions, and other broad topics. Each section begins with an introduction, followed by reference entries on specialized subjects along with excerpts from primary source documents. The entries provide numerous suggestions for further reading, and the book closes with a detailed bibliography.

Recovering Biblical Manhood and

Womanhood (Revised Edition) John Piper 2021-01-11 A Guide to Navigate Evangelical Feminism In a society where gender roles are a hot-button topic, the church is not immune to the controversy. In fact, the church has wrestled with varying degrees of evangelical feminism for decades. As evangelical feminism has crept into the church, time-trusted resources like *Recovering Biblical Manhood and Womanhood* help remind Christians of what the Bible has to say. In this edition of the award-winning best seller, more than 20 influential men and women such as John Piper, Wayne Grudem, D. A. Carson, and Elisabeth Elliot offer thought-

provoking essays responding to the challenge egalitarianism poses to life in the church and in the home. Covering topics like role distinctions in the church, how biblical manhood and womanhood should work out in practice, and women in the history of the church, this helpful resource will help readers learn to orient their beliefs with God's unchanging word in an ever-changing culture.

Blessed Are the Peacemakers Lisa Sowle Cahill
2019-03-02 This book is a contribution to the Christian ethics of war and peace. It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism. It builds on a critical reading of historical landmarks from the Bible through Augustine, Aquinas, the Reformers, Christian peace movements, and key modern figures like Dietrich Bonhoeffer, Reinhold Niebuhr, and recent popes. Similar to just-war theory, peacebuilding is committed to social change and social justice but includes some

theorists and practitioners who accept the use of force in extreme cases of self-defense or humanitarian intervention. Unlike just-war theorists, they do not see the justification of war as part of the Christian mission. Unlike traditional pacifists, they do see social change as necessary and possible and, as such, requiring Christian participation in public efforts. Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus, and can produce the avoidance, resolution, or reduction of conflicts. And yet obstacles are significant, and expectations must be realistic. Decisions to use armed force against injustice, even when they meet the criteria of just war, will be ambiguous and tragic from a Christian perspective. Regarding war and peace, the focus of Christian theology, ethics, and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding.

In the interest of providing exemplary models of sermons, the editors have compiled examples that display excellence in form, aim, style, and content. Developed and delivered by renowned pastors, theologians, and homileticians, the thirty-six entries in this volume include sermons that make artful use of sources, pursue classic aims, and exhibit particular homiletic forms.

Feminine Registers Jennifer Copeland

2014-10-16 Women have been adding their voices to the proclamation of the gospel for as long as there has been a gospel to proclaim, but only in the last half-century have these voices become part of the official catalogue of Christian preaching. Diagnosing the distinctiveness of women's voices and exploring the richness they convey about the presence of God requires a detailed look at the meaning-making strategies used by those who preach and those who listen. Register provides a tool for analyzing not only the theological and semantic contributions of women, but also demonstrates how gender

impacts the meaning-making possibilities of the sermon. *Feminine Registers* offers a gendered analysis of preaching that does not rely on essentialist claims about gender and moves the analysis of the preaching beyond sermon content to include the relational dynamics operating between the communicating parties and the medium used to communicate. A critical examination of this constellation of meanings, influenced by gender-related issues of authority and self-disclosure, helps illuminate the production of meaning within the church and expands the homiletical possibilities for the Christian faith.

Expository Exultation John Piper 2018-04-16

“God has appointed preaching in worship as one great means of accomplishing his ultimate goal in the world.” —John Piper John Piper makes a compelling claim in these pages about the purpose of preaching: it is intended not merely as an explanation of the text but also as a means of awakening worship by being worship in and of

itself. Christian preaching is a God-appointed miracle aiming to awaken the supernatural seeing, savoring, and showing of the glory of Christ. Distilling over forty years of experience in preaching and teaching, Piper shows preachers how and what to communicate from God's Word, so that God's purpose on earth will advance through Bible-saturated, Christ-exalting, God-centered preaching—in other words, expository exultation.

Women and Christianity Cheryl A. Kirk-Duggan 2009-12-22 This work explores the impact of Christian women—as scholars and leaders representing the ethnic, national, racial, and denominational diversity of Christianity today—on all aspects of life. *Women and Christianity* explores the experiences of women and how their daily lives interface with their spirituality and faith. Beginning with a historical overview, the book presents essays grouped

under five broad headings: women, family, and environment; socioeconomics, politics, and authority; body, mind, and spirit; sex, power, and vulnerability; and women, world view, and religious practice. These essays focus on multiple aspects of women's experiences and contemporary Christian realities, involving the interrelatedness of faith, thought, and activism across many strata of global society. They wrestle with the daily experiences and challenges women face integrating their lives as women of faith—as they are advocates, experience agency, and work for mutuality. It shows how in all these roles, women must negotiate power, injustice, and the impact of sexism as they work within systemic oppression amid a patriarchal system, nevertheless championing change and refusing to be severely compromised.

Not Yet Married Marshall Segal 2017-06-20 Life Is Never Mainly About Love and Marriage. So Learn to Live and Date for More. Many of you

grew up assuming that marriage would meet all of your needs and unlock God's purposes for you. But God has far more planned for you than your future marriage. Not Yet Married is not about waiting quietly in the corner of the world for God to bring you "the one," but about inspiring you to live and date for more now. If you follow Jesus, the search for a spouse is no longer a pursuit of the perfect person, but a pursuit of more of God. He will likely write a love story for you different than the one you would write for yourself, but that's because he loves you and knows how to write a better story. This book was written to help you find real hope, happiness, and purpose in your not-yet-married life.

Baby, You are My Religion Marie Cartier

2014-09-11 *Baby, You Are My Religion* argues that American butch-femme bar culture of the mid-20th Century should be interpreted as a

sacred space for its community. Before Stonewall—when homosexuals were still deemed mentally ill—these bars were the only place where many could have any community at all. *Baby, You are My Religion* explores this community as a site of a lived corporeal theology and political space. It reveals that religious institutions such as the Metropolitan Community Church were founded in such bars, that traditional and non-traditional religious activities took place there, and that religious ceremonies such as marriage were often conducted within the bars by staff. *Baby, You are My Religion* examines how these bars became not only ecclesiastical sites but also provided the fertile ground for the birth of the struggle for gay and lesbian civil rights before Stonewall.
