Shaman, Healer, Sage Alberto Villoldo, Ph.D. 2007-12-18 Alberto Villoldo, a classically trained medical anthropologist, has studied shamanic healing techniques among the descendants of the ancient Inkas for more than twenty years. In Shaman, Healer, Sage, he draws on his vast body of knowledge to create a practical and revolutionary program based on the traditional healing methods used by these shamans -- methods that, until now, have been inaccessible to most of the world. Villoldo explains that central to shamanic healing is the concept of the Luminous Energy Field that is believed to surround our material bodies.

His book teaches us to see and influence the imprints that disease leaves on this field and thereby to heal ourselves and others, as well as prevent illness. Villoldo weaves wonderful teaching stories throughout about the healing power of the energy medicine of the Americas. In one story, Villoldo comes down with pneumonia while in Peru. When antibiotics fail to control the infection, his mentor, the shaman Don Antonio, uses the process of Illumination to remove the toxins that had invaded Villoldo's body. These same shamanic techniques later allowed Villoldo to remove stagnant energy from a young woman whose marriage was suffering due to her past experience with abandonment. With the aid of shamanic work, the woman regained her trust in others, and her marriage was revitalized. This book is rich with ancient wisdom and contemporary techniques we can use to help ourselves and others, as well as with the more advanced methods of master shamans, which are being brought to a wide audience for the first time.

Good and Cheap Leanne Brown 2015-07-14 A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it “Terrific!”; and Michael Pollan, who cited it as a “cool kickstarter.” In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.
