The Beautiful Music All Around Us Stephen Wade 2012-08-10 The Beautiful Music All Around Us presents the extraordinarily rich backstories of thirteen performances captured on Library of Congress field recordings between 1934 and 1942 in locations reaching from Southern Appalachia to the Mississippi Delta and the Great Plains. Including the children's play song "Shortenin' Bread," the fiddle tune "Bonaparte's Retreat," the blues "Another Man Done Gone," and the spiritual "Ain't No Grave Can Hold My Body Down," these performances were recorded in kitchens and churches, on porches and in prisons, in hotel rooms and school auditoriums. Documented during the golden age of the Library of Congress recordings, they capture not only the words and

tunes of traditional songs but also the sounds of life in which the performances were embedded: children laugh, neighbors comment, trucks pass by. Musician and researcher Stephen Wade sought out the performers on these recordings, their families, fellow musicians, and others who remembered them. He reconstructs the sights and sounds of the recording sessions themselves and how the music worked in all their lives. Some of these performers developed musical reputations beyond these field recordings, but for many, these tracks represent their only appearances on record: prisoners at the Arkansas State Penitentiary jumping on "the Library's recording machine" in a rendering of "Rock Island Line"; Ora Dell Graham being called away from the schoolyard to sing the jump-rope rhyme "Pullin' the Skiff"; Luther Strong shaking off a hungover night in jail and borrowing a fiddle to rip into "Glory in the Meetinghouse." Alongside loving and expert profiles of these performers and their locales and communities, Wade also untangles the histories of these iconic songs and tunes, tracing them through slave songs and spirituals, British and homegrown ballads, fiddle contests, gospel quartets, and labor laments. By exploring how these singers and instrumentalists exerted their own creativity on inherited forms, "amplifying tradition's gifts," Wade shows how a single artist can make a difference within a democracy. Reflecting decades of research and detective work, the profiles and abundant photos in The Beautiful Music All Around Us bring to life largely unheralded individuals--domestics, farm laborers, state prisoners, schoolchildren, cowboys, housewives and mothers, loggers and miners--whose music has become part of the wider American musical soundscape. The paperback edition does not include an accompanying CD.

Mahatma I & II Brian Grattan 1994-01-01 "What all of humankind has learned in the past about creation is the way that existence isn't -- a paradox! ""I, Vywamus, think that this (Mahatma) is the most important thing that's happened on your Earth and for humanity."" Awaken and realize that all of humankind will

create a "body for ascension," whether this is accomplished now or later. This is not the exclusive domain of Christ or Buddha or many others who have ascended -- this is your birthright. You are not relegated to worshipping those who have already done this very basic initiation called ascension. Christ and Buddha would be the first to acknowledge that they are just beginners on their eternal journeys. When humans lift the veils of their unworthiness and recognize that they are the sons of God, that there is divine equality and no one is greater than another, then you will have begun your journey in the way that it was intended. In your near future, your Planetary Hierarchy will release the world from theology, ecclesiasticism, and the wrathful Jehovah and return humanity to its rightful journey into spiritualizing matter, not worshipping it! The Mahatma is for those who are motivated to search for the answers that can respond to their mental and spiritual bodies. In the past, humankind's choices of beliefs and religions have supported only the emotional body and the darker, material side of life. And truly, if humankind is going to remain on Earth, very drastic shifts of consciousness will be required in Earth's new four-dimensional reality. No matter how contrary to your current beliefs, this book contains methods for creating your spiritual lightbody for ascension, and it also explains your eternal journey in a way that was never before available to humankind."

Dan Zanes' House Party! Dan Zanes

2018-12-11 In Dan Zanes' House Party!, the Grammy Award-winning children's artist presents a huge collection of folk songs along with inspiration to start your own family band. Too often, new parents eager to share their love of music with their young children feel their options are limited to cuddly singing dinosaurs and well-meaning humans whose understanding of children's music starts with "Kumbaya" and ends with "Puff the Magic Dragon." For many sane adults, these choices are more abrasive than the most aggro noise-rock of their college years. Dan Zanes has spent the past 20 years creating a truly compelling body of children's music that music-loving parents can also get behind. A former 1980s indie rocker, Zanes' 13 children's albums have gained wide praise for their authentic arrangements and preservation of America's folk traditions. In Dan Zanes' House Party!, the Grammy Award-winning Zanes has

curated a rich selection of folk songs that comprise an essential musical cross-section of the American experience and its multicultural, immigrant underpinnings. The selections include the standard songs we all know and love, along with folk classics. Each song is accompanied by a brief narrative on its historical context, followed by lyrics, notation, and chords. Among the songs you'll learn to play: "Erie Canal," "Pay Me My Money Down," "Titanic," "Waltzing Matilda," "The Farmer Is the One," "Wabash Cannonball," "Sloop John B.," "Old Joe Clark," "Skip to My Lou," "King Kong Kitchie," and "We Shall Not Be Moved." Dan Zanes' House Party! also includes informational sidebars throughout to give families the basics needed to pick up instruments and learn to more fully enjoy music as a family band. And in the back of the book, you'll find chord charts for guitar, ukele, and mandolin. More than just a collection of songs, Dan Zanes' House Party! is part music book, part history lesson, and a work that all families can enjoy—together.

The Arithmetic of Al-Uqlīdisī A.S. Saidan

2012-12-06 The purpose of presenting this book to the scholarly world is twofold. In the first place, I wish to provide for the English reader a translation of the earliest extant Arabic work of Hindi arithmetic. It shows this system at its earliest stages and the first steps in its development, a subject not yet well known except for readers of some Arabic publications by the present writer. This book is therefore of particular importance for students of the history of mathematical techniques. The medieval author, Al-UqHdisī, was, it seems, not noticed by bibliographers; neither was his work, which lay hardly noticed by modern scholars until 1960 when I happened to see a microfilm copy of it in the Institute of Arabic Manuscripts in Cairo. A steady labour immediately followed to make a comparative study of the text together with over twenty other texts, some of them not yet known to scholars. This pursuit resulted in (i) a doctoral degree awarded to me in 1966 by the University of Khartoum, (ii) the publication of several texts in Arabic including the text here translated, and (iii) the publication of several articles in Arabic and English on the history of arithmetic in the Middle Ages. The second purpose of this book is to make the main results of my study available to

the English reader.

Slave Songs of the Georgia Sea Islands

1992-03-01 A valuable collection of folk music and lore from the Gullah culture, *Slave Songs of the Georgia Sea Islands* preserves the rich traditions of slave descendants on the barrier islands of Georgia by interweaving their music with descriptions of their language, religious and social customs, and material culture. Collected over a period of nearly twenty-five years by Lydia Parrish, the sixty folk songs and attendant lore included in this book are evidence of antebellum traditions kept alive in the relatively isolated coastal regions of Georgia. Over the years, Parrish won the confidence of many of the African-American singers, not only collecting their songs but also discovering other elements of traditional culture that formed the context of those songs. When it was first published in 1942, *Slave Songs of the Georgia Sea Islands* contained much material that had not previously appeared in print. The songs are grouped in categories, including African survival songs; shout songs; ring-play, dance, and fiddle songs; and religious and work songs. In addition to the lyrics and melodies, *Slave Songs* includes Lydia Parrish's explanatory notes, character sketches of her informants, anecdotes, and a striking portfolio of photographs. Reproduced in its original oversized format, *Slave Songs of the Georgia Sea Islands* will inform and delight students and scholars of African-American culture and folklore as well as folk music enthusiasts.

Put Your Hands on Your Hips and Act Like a Woman Gale P. Jackson 2020-04 In a gathering of griot traditions fusing storytelling, cultural history, and social and literary criticism, *Put Your Hands on Your Hips and Act Like a Woman* “re-members” and represents how women of the African diaspora have drawn on ancient traditions to record memory, history, and

experience in performance. These women's songs and dances provide us with a wealth of polyphonic text that records their reflections on identity, imagination, and agency, providing a collective performed autobiography that complements the small body of pre-twentieth-century African and African American women's writing. Gale P. Jackson engages with a range of vibrant traditions to provide windows into multiple discourses as well as “new” and old paradigms for locating the history, philosophy, pedagogy, and theory embedded in a lineage of African diaspora performance and to articulate and address the postcolonial fragmentation of humanist thinking. In lyrically interdisciplinary movement, across herstories, geographies, and genres, cultural continuities, improvisation, and transformative action, *Put Your Hands on Your Hips and Act Like a Woman* offers a fresh perspective on familiar material and an expansion of our sources, reading, and vision of African diaspora, African American, and American literatures.
