Feeling the Future at Christian End-Time Performances Jill C Stevenson 2022-02-01 The End is always near. The Apocalypse has sparked imaginations for millennia, while in more recent times, highly publicized predictions have thrust End-Time theology briefly into the spotlight. In the 21st century, fictional depictions of various apocalyptic scenarios are found in an endless stream of films, TV shows, and novels, while real-world media coverage of global issues including climate change and the migrant crisis often features an apocalyptic tone. *Feeling the Future at Christian End-Time Performances* explores this prevalent human desire to envision the End by analyzing how various live End-Time performances allow people to live in and through future time. ? The book's main focus is contemporary Christian End-Time performances and how they theatrically construct encounters with future time—not just images or ideas of a future, but viscerally and immediately real experiences of future time. Author Jill Stevenson's examples are Hell Houses and Judgement Houses; Rapture House, a similarly styled "walk through drama" in North Carolina; Hell's Gates, an "outdoor reality drama" in Dawsonville, Georgia; Ark Encounter, a full-size recreation of Noah's Ark; and Tribulation Trail, an immersive thirteen-scene drama ministry based on the Book of Revelation. The book's coda considers similarities between these Christian performances and secular survivalist prepper events, especially with respect to

constructions of and language about time. In doing so, the author situates these performances within a larger tradition that challenges traditional secular/sacred distinctions and illuminates how the End Times has been employed in our current social and political moment.

The Judgement Set, and the Bookes Opened John Webster 1654

Mene Mene Tekel Upharsin Rich Alliston 2019-03-30 What would you say to a book written: "From the Heart of God"? This book is a heart-breaker' as it goes to the heart of issues that have been 'religiously avoided' or explained away. Starting with the 'business side' of church growth, the 'paid lovers of your soul' making a market out of the believer, to the reality of an overcoming 'Life In Christ', the only consideration in this book is the heart of God. While written primarily to 'Church Leaders', there is plenty of 'meat' for the believer to digest. This is not a message 'blasting' ministers; it is a strong word declaring the heart of God, and one not to be ignored. From Cain's Error, Balaam's Sin, Faux Faith, to who is 'The World', their present-day counterparts have their 'covering' removed. 'The plowman must uncover and deal with the detrimental elements in the soil before planting'. Jesus never minced 'words' with the temple leaders. When speaking with those 'in charge' Jesus was direct, succinct and on point, dividing between their soul and spirit, discerning the thoughts and intents of their heart. Jesus is the same yesterday, today, and forever, and just as in the days of Noah, there came a day, like any other day when God said, 'Enough!' This book was not written to entertain;

this is a direct word to each and every church leader standing in for the 'Head of the Church'. Judgment has come to the House of God, the boldness of this statement is backed with clarity as 'judgment is defined, explained, and those in Leadership warned. The manner in which churches are being founded, supported, and financed as 'Kingdoms' is uncovered. Tithing is not debated, it is depicted with clarity for its true intention, and the clarity scripturally exposes the difference between the 'Body of Christ', and businesses. This book reveals the heart of God, as God deals with the heart of man. The 'day' of judgment that Ezekiel, Isaiah, and Jeremiah spoke of by the Holy Spirit has begun at the 'House of God'. Book one of three in the Almond Rod Series; This the first addresses the 'Body' at the level of the 'Church' Leaders, the second addresses the 'Body' at the level of the Home; the third, the outpouring of the Holy Spirit on the "Body of Christ".

The Apex Shift James Hairston 2021-07-10 By the mercies of God our Lord Jesus Christ of Nazareth I beseech everyone that reads the message in this book that you take heed to it. I know this was given by the Holy Ghost to warn the people of God and to be prepared for the New Wine pouring down from Heaven into new Wineskins in Jesus Name, The Mountain Of The House Of The Lord In the Top (Apex) Of The Mountains above the hills. New Wine cannot be poured out into old wineskins for New Wineskins are required with the separation of tare churches and wheat churches until they will be gathered together and separated by the Lord Jesus Christ at judgement!

The William Tyndale New Testament David Gaddy 2007-03-01 The William Tyndale translation of the New Testament was the first English language Bible to be printed and distributed to the people. Translated in 1526 against the express orders of the Catholic Church, it became contraband and illegal to own. Anyone caught with it was severely punished or executed for supporting heresy. William Tyndale's love for the word of God makes this a groundbreaking translation that served as the basis for English Bibles over the

next 100 years. Tyndale himself lost his life because of this work, but as a result gave the world the opportunity to read God's word for themselves and to better understand His will.

Religion of Fear Jason C Bivins 2008-08-29

Conservative evangelicalism has transformed American politics, disseminating a sometimes fearful message not just through conventional channels, but through subcultures and alternate modes of communication. Within this world is a "Religion of Fear," a critical impulse that dramatizes cultural and political conflicts and issues in frightening ways that serve to contrast "orthodox" behaviors and beliefs with those linked to darkness, fear, and demonology. Jason Bivins offers close examinations of several popular evangelical cultural creations including the Left Behind novels, church-sponsored Halloween "Hell Houses," sensational comic books, especially those disseminated by Jack Chick, and anti-rock and -rap rhetoric and censorship. Bivins depicts these fascinating and often troubling phenomena in vivid (sometimes lurid) detail and shows how they seek to shape evangelical cultural identity. As the "Religion of Fear" has developed since the 1960s, Bivins sees its message moving from a place of relative marginality to one of prominence. What does it say about American public life that such ideas of fearful religion and violent politics have become normalized? Addressing this question, Bivins establishes links and resonances between the cultural politics of evangelical pop, the activism of the New Christian Right, and the political exhaustion facing American democracy. Religion of Fear is a significant contribution to our understanding of the new shapes of political religion in the United States, of American evangelicalism, of the relation of religion and the media, and the link between religious pop culture and politics.

Preaching to Convert John Fletcher 2013-11-13
Preaching to Convert offers an intriguing new perspective on the outreach strategies of U.S. evangelicals. Author John Fletcher frames these activities, from door-to-door proselytizing to the spirited sermons of superstar televangelists, as examples of activist performance, broadly defined here as acts performed before an audience in the hopes of changing hearts and minds. Most writing about activist performance has focused on left-progressive causes, events, and actors, and if evangelicals have appeared at all, they often appear as one-dimensional forces of ignorance or bigotry against which brave (left-leaning) activists must fight. *Preaching to Convert* argues against such a constricted view of activism and for a more nuanced understanding of U.S. evangelicalism as a movement defined by its desire to win converts and spread the gospel. In other words, evangelicals are activist performers par excellence. The book positions evangelicals as a diverse, complicated group confronting the loss of conservative Christianity's default status in twenty-first-century U.S. culture. In the face of an increasingly secular age, evangelicals have been reassessing models of outreach. In acts like handing out Bible tracts to strangers on the street or going door-to-door with a Bible in hand, in elaborately staged horror-themed morality plays or multi-million-dollar creationist discovery centers, in megachurch services beamed to dozens of satellite campuses, and in

controversial "ex-gay" ministries striving to return gays and lesbians to the straight and narrow, evangelicals are redefining what it means to be deeply committed in a pluralist world. The book's engaging style and careful argumentation make it accessible and appealing to scholars and students across a range of fields.

A woman stuck in a loveless marriage is torn between her duty and desire to reconcile with a former fiancé after an extended absence. The Judgement House tests the importance of one's family, integrity and social status. Jasmine Grenfel is a determined woman who has encountered her share of rich and powerful men. Rudyard Byng is a successful entrepreneur, while Ian Stafford is a rising political star. Both men are enchanted by Jasmine but only one can take her hand in marriage. Jasmine chooses a life of wealth and influence over one of love and happiness. She encounters several obstacles including a murder that exposes her sordid past. Gilbert Parker delivers an unconventional love story set against the backdrop of an impending war. It's a stark contrast that highlights the superficial nature of the characters' exploits. The Judgement House is an engaging read that's fueled by murder, intrigue and missed opportunities. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Judgement House* is both modern and readable.

Judgment on the House of God Jeremiah Johnson 2020-04-21 Are we prepared for the glory and the cleansing to come? The Bible promises that judgment begins in the house of God. Many people avoid this intense passage in fear of the word judgment. As New Covenant believers, we can take comfort that this judgment brings life through a healthy fear of the Lord. Instead of warnings of hellfire and condemnation, this judgment brings a cleansing that will set the stage for the greatest outpouring of glory,

prophetic thunder, and supernatural power the world has ever seen. God is simply looking for a people made ready a house that is compatible with the glory He wants to fill it with! Jeremiah Johnson is a church planter, pioneer of Maranatha Ministry School, bestselling author and globally recognized prophet. In Judgment on the House of God, Jeremiah presents an impassioned prophetic word that challenges Christians to live without impurity and compromise, not through the bondage of legalism, but through ignited, burning hearts of passion towards the Lord. Birthed through an angelic visitation, Judgment on the House of God includes revelatory insights on: The Sons of Zadok how to become one who ministers before the Lord. Exposing ministry addiction the spiritual high of the day. The Spirit of perversion confronting this demonic stronghold that's taking out leaders. New Covenant Judgment what it looks like and how you can tell its happening. Addressing the Sins of Eli exposing compromise, impurity and spiritual mixture. The Spirit and Power of Elijah the emergence of firebrands and prophetic messengers. A great and wonderful outpouring is coming. Now is the time to set things in order so that you can be a pure vessel that the power and presence of God can flow through!

Lexical Semantics and Diachronic Morphology
Carola Trips 2009 This book is the most comprehensive study to date of the development of the three suffixes -hood, -dom and -ship in the history of English. Based on data from annotated corpora it provides an in depth investigation from Old English to Modern English and shows that structurally the three suffixes developed from syntactic heads (nouns) via morphological heads in compounds to morphological heads in derivations. Being an instance of morphologisation the rise of suffixes clearly shows that word formation is not part of the syntactic module. This development is triggered by semantic change, more pre.

History of Financial Institutions Carmen Hofmann 2016-10-04 Globalization is not an

external force but a result of concrete business decisions made by millions of entrepreneurs and managers across the world. As such, the modern corporation has completely altered the economic landscape; business and finance have shaped the international order of the modern world. History of Financial Institutions contributes to the analysis of how the modern corporation, business and finance have shaped and keep on shaping our world. In a collection of nine succinct essays, this volume looks at the role of finance in European history from the beginning of the 19th century to the period after the Second World War. Archivists and financial historians, who are also leading scholars of banking and financial history, investigate the ways in which the international post-war order developed. They draw on often hitherto unused archival sources from central banks and other institutions to reveal the unique histories of a variety of European countries and the paths that have led to the contemporary economic and financial system. The collection includes reflections on (monetary) stabilization, inflation, hyperinflation, globalization and public relations in banking and commerce. This book is essential reading for banking and finance executives, as well as policy makers with a historical interest. It will also be of importance to academics with a particular interest in economic history, financial or banking history, and European history.

Playing Dead Montana Miller 2012-12-15 As the Grim Reaper pulls a student out of class to be a "victim" of drunk driving in a program called "Every 15 Minutes," Montana Miller observes the ritual through a folklorist's lens. *Playing Dead* examines why hundreds of American schools and communities each year organize these mock tragedies without any national sponsorship or coordination. Often, the event is complete with a staged accident in the parking lot, a life-flight helicopter, and faux eulogies for the "dead" students read in school assemblies. Grounding her research in play theory, frame theory, and theory of folk drama, Miller investigates key aspects of this emergent tradition, paying particular attention to its unplanned elements—enabled by the performance's spontaneous nature and the participants' tendency to stray from the intended frame. Miller examines such variations in terms

of the program as a whole, analyzing its continued popularity and weighing its success as perceived by participants. Her fieldwork reveals a surprising aspect of Every 15 Minutes that typical studies of ritual do not include: It can be fun. *Playing Dead* is volume two of the series *Ritual, Festival, and Celebration*, edited by Jack Santino.

INTRODUCTION A VERY natural difficulty presents itself in regard to any preparatory remarks concerning this book. In the case of all the other books for which an introduction in this series has been written, time had elapsed in some cases over twenty years between the first publication and the issuing of this subscription edition. The Judgment House, however, goes into the subscription edition almost contemporaneously with first issue in individual form, and there is little that can usefully be said now. Time is necessary to give a book its true place for whatever first impressions may be, there is only one true test of a book, and that is permanency. The popular book which dies at the end of a season requires no historians or commentators hand. and the book that is not the book of a season, but is to extend its life through years and not through weeks and months has not found its definite place either in the mind of the public or of its author certainly not in the mind of the latter soon after original publication. Something very like a reaction is set up in the mind of the author after his manuscript has ceased to be his very own, having become anybody's at the price in printed form, and a coldness in his own relation to it emerges. He needs time to adjust himself to a work on which the outer world has breathed with ban or blessing.

War On Wealth, The: Fact And Fiction In British Finance Since 1800 Ranald Michie 2023-03-21

This book addresses the divide that exists between the reality of finance and the image it projects. A functioning financial system is an essential feature of a modern economy, providing it with money, credit, capital, and investments. Conversely, those who provide this essential service are neither respected nor trusted. The causes and consequences of this divide is explored using the British experience

from 1800 to the present, drawing upon a mixture of factual evidence and contemporary fiction. Nothing of this scale has been attempted before and this is the product of 50 years of research.

Love Hurts: The Heart of the Christian Story
Alan J Spence 2013-03-01 This book offers a fresh outline of the Christian story shaped by the idea of God's love as it is described in the New Testament. *Love Hurts* is a fresh and compact summary of the central themes of the Christian message. Journeying through the Bible's rich and diverse world of ideas and stories, it leads the reader on a route mapped out by one particular motif - the love of God. The meaning of this idea as it is explained in three key verses in the New Testament determines the path taken. The reader is invited to consider the costliness of that love, the judgement from which it saves men and women, the sort of life it promises and the role that faith plays in responding to it. The saving ministry of Jesus is considered afresh in the light of it. There is also a reflection on why these short lives of ours have ultimate significance and the distinguishing mark of those who are blessed by God. Finally, consideration is given to the pre-emptive nature of God's saving love and how that love is presented to us in the gospel as promise. 'In *Love Hurts* Alan Spence demonstrates that it is possible to be both simple and profound. Spence starts with the conviction that the love of God lies at the heart of the Christian story, and proceeds to unpack this belief with nuance and insight, producing a compelling and convincing argument primarily by allowing the Bible to speak for itself. This is a book well worth reading.' Brian Harris, Principal of Vose Seminary and Senior Pastor of Carey Baptist Church, Perth, Western Australia

Judge My House Sheri Scott 2020-11-20 What

does it mean to judge my house? There are many ideas around what judgment is and especially the judgement of our Father. In this book, I hope to bring an understanding of judgment as a provision for those in the family of God. I have found the judgment of our Father to be a safe place, a way of escape, a feast in the presence of my enemies and the process of being set apart. My house includes my entire bloodline, including future descendants. Some learning has been from personal experience in court in heaven and some has been gleaned from spending time online within the heavenly realms community. I have participated as a member of the Courtrooms of Heaven Facebook group for around five years and have found that the same questions come up repeatedly as many are being brought by Jesus into an understanding of the judicial system in heaven. My hope is that by sharing this information, it will help put some pieces together or spark some new pursuits.
