An Outlook for Fertilizer Demand, Supply, and Trade, 1988/89-1993/94 Kurt M. Constant 1991 This report reviews the outlook for the international fertilizer industry through the year 2000 with regard to demand/supply and balances for nitrogen, phosphate and potassium fertilizers. The impact that new fertilizer use will have on fertilizer trading patterns and the economics of fertilizer trade in the future is also reviewed. The report also

discusses the need for new fertilizer consumption to meet increasing world food needs and the impact that environmental considerations are having on the fertilizer industry. Further, fertilizer price information is also discussed and an outline of fertilizer price projections through the year 2000 derived from the World Bank integrated agricultural/fertilizer model is given.
