**Re-enchanting the World** Silvia Federici  
2018-11-01 Silvia Federici is one of the most important contemporary theorists of capitalism

and feminist movements. In this collection of her work spanning over twenty years, she provides a detailed history and critique of the politics of the commons from a feminist perspective. In her

clear and combative voice, Federici provides readers with an analysis of some of the key issues and debates in contemporary thinking on this subject. Drawing on rich historical research, she maps the connections between the previous forms of enclosure that occurred with the birth of capitalism and the destruction of the commons and the “new enclosures” at the heart of the present phase of global capitalist accumulation. Considering the commons from a feminist perspective, this collection centers on women and reproductive work as crucial to both our economic survival and the construction of a world free from the hierarchies and divisions capital has planted in the body of the world proletariat. Federici is clear that the commons should not be understood as happy islands in a sea of exploitative relations but rather autonomous spaces from which to challenge the existing capitalist organization of life and labor. **Harry T. Burleigh** Jean E Snyder 2016-03-01 Harry T. Burleigh (1866-1949) played a leading role in American music and culture in the twentieth century. Celebrated for his arrangements of spirituals, Burleigh was also the first African American composer to create a significant body of art song. An international roster of opera and recital singers performed his works and praised them as among the best of their time. Jean E. Snyder traces Burleigh's life from his Pennsylvania childhood through his fifty-year tenure as soloist at St. George's Episcopal Church in Manhattan. As a composer, Burleigh's pioneering work preserved and transformed the African American spiritual; as a music editor, he facilitated the work of other black composers; as a role model, vocal coach, and mentor, he profoundly influenced American song; and in private life he was friends with Antonín Dvořák, Marian Anderson, Will Marion

Cook, and other America luminaries. Snyder provides rich historical, social, and political contexts that explore Burleigh's professional and personal life within an era complicated by changes in race relations, class expectations, and musical tastes.

**One Thousand Ways to Make \$1000** F. C. Minaker 2015-10-21 First published in 1936, *One Thousand Ways to Make \$1000* is the long out-of-print book that Warren Buffett's biographers credit with shaping the legendary investor's business acumen and giving him his trademark appreciation of compound interest. After pulling a copy of *One Thousand Ways* off a library shelf at age eleven and devouring F.C. Minaker's plucky and practical business advice, Buffett declared that he would be a millionaire by the time he was 35. Written in the immediate, conversational style of Dale Carnegie's *How to Win Friends and Influence People*, this book is

full of inventive ideas on how to make money through excellent salesmanship, hard work, and resourcefulness. While some of the ideas may seem quaint today-goat dairying, manufacturing motor-driven chairs, and renting out billiard tables to local establishments are among the money-making ideas presented- the underlying fundamentals of business explained in these pages remain as solid as they were over seventy years ago. Covering a wide spectrum of topics including investing, marketing, merchandising, sales, customer relations, and raising money for charity, *One Thousand Ways to Make \$1000* is both a durable, classic business book and a fascinating portrait of determined entrepreneurship in Depression-era America. Every effort has been made to reproduce the content exactly as it was originally presented.

*Faith in the Great Physician* Heather D. Curtis 2007-11-30 This history of evangelical faith healing in nineteenth-century America examines the nation's shifting attitudes about sickness,

suffering, and health. Faith in the Great Physician tells the story of how participants in the divine healing movement transformed the ways Americans coped with physical affliction and pursued bodily wellbeing. Heather D. Curtis offers critical reflection on the theological, cultural, and social forces that come into play when one questions the purpose of suffering and the possibility of healing. Belief in divine healing ran counter to a deep-seated Christian ethic that linked physical suffering with spiritual holiness. By engaging in devotional disciplines and participating in social reform efforts, proponents of faith cure embraced a model of spiritual experience that endorsed active service, rather than passive endurance, as the proper Christian response to illness and pain. Emphasizing the centrality of religious practices to the enterprise of divine healing, Curtis sheds light on the relationship among Christian faith, medical science, and the changing meanings of suffering and healing in American culture. Recipient of

the Frank S. and Elizabeth D. Brewer Prize of the American Society of Church History for 2007 **Tell Me How Long the Train's Been Gone** James Baldwin 2013-09-17 A major work of American literature that powerfully portrays the anguish of being Black in a society that at times seems poised on the brink of total racial war. At the height of his theatrical career, the actor Leo Proudhammer is nearly felled by a heart attack. As he hovers between life and death, Baldwin shows the choices that have made him enviably famous and terrifyingly vulnerable. For between Leo's childhood on the streets of Harlem and his arrival into the intoxicating world of the theater lies a wilderness of desire and loss, shame and rage. An adored older brother vanishes into prison. There are love affairs with a white woman and a younger black man, each of whom will make irresistible claims on Leo's loyalty. **Tell Me How Long the Train's Been Gone** is overpowering in its vitality and extravagant in the intensity of its feeling.

The Revolution Will Not Be Theorized Errol A. Henderson 2019-07-01 Studies the revolutionary theory of the Black Power Movement in the 1960s through '70s, placing it within the broader social theory of black revolution in the United States since the nineteenth century. The study of the impact of Black Power Movement (BPM) activists and organizations in the 1960s through '70s has largely been confined to their role as proponents of social change; but they were also theorists of the change they sought. In The Revolution Will Not Be Theorized Errol A. Henderson explains this theoretical contribution and places it within a broader social theory of black revolution in the United States dating back to nineteenth-century black intellectuals. These include black nationalists, feminists, and anti-imperialists; activists and artists of the Harlem Renaissance; and early Cold War-era black revolutionists. The book first elaborates W. E. B. Du Bois's thesis of the "General Strike" during the Civil War, Alain Locke's thesis relating black

culture to political and economic change, Harold Cruse's work on black cultural revolution, and Malcolm X's advocacy of black cultural and political revolution in the United States. Henderson then critically examines BPM revolutionists' theorizing regarding cultural and political revolution and the relationship between them in order to realize their revolutionary objectives. Focused more on importing theory from third world contexts that were dramatically different from the United States, BPM revolutionists largely ignored the theoretical template for black revolution most salient to their case, which undermined their ability to theorize a successful black revolution in the United States. Errol A. Henderson is Associate Professor of Political Science at Pennsylvania State University. He is the author of several books, including African Realism? International Relations Theory and Africa's Wars in the Postcolonial Era.

**Employing Bureaucracy** Sanford M. Jacoby  
2004 The present revised edition is an attempt to understand how industrial labor was transformed and to identify the historical process by which good jobs were created. It is, therefore, an account of the bureaucratization of employment, since many of the features that define good jobs; stability, internal promotion, and rule-bound procedures are characteristic of bureaucratic organizations. The book also examines the upheaval in the labor markets of the 1980's and 1990's, which has caused a reduction in the number of good jobs. Chapter 9 in this revised edition carries the narrative forward from 1945 to the present time, examining both the high-point of the bureaucratic system in the 1950's and 1960's--the golden years--and its erosion since then.  
*An African American and Latinx History of the*

*United States* Paul Ortiz 2018-01-30 An intersectional history of the shared struggle for African American and Latinx civil rights. Spanning more than two hundred years, An African American and Latinx History of the United States is a revolutionary, politically charged narrative history, arguing that the "Global South" was crucial to the development of America as we know it. Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like "manifest destiny" and "Jacksonian democracy," and shows how placing African American, Latinx, and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism. Drawing on rich narratives and primary source documents, Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century, to May 1, 2006, known as International Workers'

Day, when migrant laborers—Chicana/os, AfroCubanos, and immigrants from every continent on earth—united in resistance on the first “Day Without Immigrants.” As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism, Black and Spanish-language newspapers, abolitionists, and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean. In stark contrast to the resurgence of “America First” rhetoric, Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas. Incisive and timely, this bottom-up history, told from the interconnected vantage points of Latinx and African Americans, reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today, and it offers a way forward

in the continued struggle for universal civil rights. 2018 Winner of the PEN Oakland/Josephine Miles Literary Award Love Goes to Buildings on Fire Will Hermes 2012-09-04 Chronicles five epochal years of music in the Big Apple against a backdrop of the period's high crime, limited government resources and low rents, tracing the formations of key sounds while evaluating the contributions of such artists as Willie Colón, Bruce Springsteen and Grandmaster Flash.

*Anti-Semitism* F. Schweitzer 2005-11-03 In this provocative book, Marvin Perry and Frederick M. Schweitzer analyze the lies, misperceptions, and myths about Jews and Judaism that anti-semites have propagated throughout the centuries. Beginning with antiquity, and continuing into the present day, the authors explore the irrational fabrications that have led to numerous acts of violence and hatred against Jews. The book examines ancient and medieval myths central to the history of anti-semitism: Jews as 'Christ-killers', instruments of Satan, and ritual murderers of Christian children. It also explores the scapegoating of Jews in the modern world as conspirators bent on world domination; extortionists who manufactured the Holocaust as a hoax designed to gain reparation payments from Germany; and the leaders of the slave trade that put Africa in chains. No other book has

focused its attention exclusively on a thematic discussion of historic and contemporary anti-semitic myths, covering such an expansive scope of time, and allowing for such a painstaking level of exemplification. Anti-semitism is an essential book that will serve as a corrective to bigotry, stereotype, and historical distortion.

**The Negro in the United States** Dorothy Porter Wesley 1999 Identifies some 1,700 works about African Americans. **Desert of the Heart** Jane Rule 2013-06-18 "A landmark work of lesbian fiction" and the basis for the acclaimed film *Desert Hearts* (The New York Times). Against the backdrop of Reno, Nevada, in the late 1950s, award-winning author Jane Rule chronicles a love affair between two women. When *Desert of the Heart* opens, Evelyn Hall is on a plane that will take her from her old life in Oakland, California, to Reno, where she plans to divorce her husband of sixteen years. A voluntary exile in a brave new world, she meets a woman who will change her life. Fifteen years younger, Ann Childs works as a change apron in a casino. Evelyn is instantly drawn to the fiercely independent Ann, and their friendship soon evolves into a romantic relationship. An English professor who had always led a conventional life,

Evelyn suddenly finds all her beliefs about love, morality, and identity called into question.

Peopled by a cast of unforgettable characters, this is a novel that dares to ask whether love between two women can last.

*A Psalm for the Wild-Built* Becky Chambers 2021-07-13 Winner of the Hugo Award! In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new

series asks: in a world where people have what they want, does having more matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Play Your Best Golf Now** Lynn Marriott  
2011-04-28 Two of golf's most revolutionary teachers share a personalized approach to accessing your peak performance. "The VISION54 approach is far more than just pure golf technique, it allows an individual to unlock their true potential by opening their mind and believing anything is possible to achieve." - David Leadbetter, David Leadbetter Golf Academy Pia Nilsson and Lynn Marriott are Complete Game Coaches, leaders of a new kind of golf instruction that focuses on more than just the grip, the stance, and the swing. Their VISION54 method targets the complete golfer-the whole person-not just the technical aspects of the game. Their coaching philosophy focuses on possibilities, not limitations, with an end goal

of MY54-the idea that any golfer can reach their own personalized version of peak performance, scoring nothing but birdies on a par-72 course. Building on the core concepts introduced in Every Shot Must Have a Purpose and the strategic thinking in The Game Within the Game, Play Your Best Golf Now takes the mystery out of the soft skills of golf and shows golfers how to add these skills to their game for peak performance. Players learn to master the 8 Essential Playing Skills: 1. LEAVE YOUR MIND BEHIND and enter the Play Box 2. DECIDE AND COMMIT to your shots 3. FIND YOUR BALANCE both physically and mentally 4. FEEL YOUR TEMPO on the course and dance to its rhythm 5. TAME TENSION to improve your swing 6. BUILD EMOTIONAL RESILIENCE 7. STORE MEMORIES and learn from the past to make a better present 8. DROWN SELF-TALK IN USEFUL THOUGHTS And the 2 Essential Practice Skills: 1. SIMULATE GOLF on the practice range to maximize your time and effort

2. INTEGRATE SKILLS and practice with a plan. These Essentials complement the technical anchors of the game—the grip, the stance, the swing—and give players a foundation for achieving their peak performance. MY54 is the vision, and these are the building blocks for achieving a higher level of play.

*Mountaineer Jamboree* Ivan M. Tribe 2021-11-21  
Jamboree! To many country music fans the word conjures up memories of Saturday nights around the family radio listening to live broadcasts from that haven of hillbilly music, West Virginia. From 1926 through the 1950s, as Ivan Tribe shows in his lively history, country music radio programming made the Mountain State a mecca for country singers and instrumentalists from all over America. Wilma Lee and Stoney Cooper, Little Jimmy Dickens, Hawkshaw Hawkins, Red Sovine, Blaine Smith, Curly Ray Cline, Grandpa Jones, Cowboy Loyce, Rex and Eleanor Parker, Lee Moore, Buddy Starcher, Doc and Chickie Williams, and Molly O'Day were among the many

who came to prominence via West Virginia radio. Wheeling's "WWVA jamboree," first broadcast in 1933, attracted a wide audience, especially after 1942, when the station increased its power. The show's success spawned numerous competitors, as new stations all over West Virginia followed WWVA's lead in headlining country music. The state also played an important role in the early recording industry. The Tweedy Brothers, Frank Hutchison, Roy Harvey, Blind Alfred Reed, Frank Welling and John McGhee, Cap and Andy, and the Kessinger Brothers were among West Virginians whose waxings contributed to the state's reputation for fine native musicianship. So too did those who sought out and recorded the Mountaineer folksong heritage. As Nashville's dominance has grown since the 1960s, West Virginia's leadership in country music has lessened. Young performers must now seek fame outside their native state. But, as Ivan Tribe demonstrates, the state's numerous outdoor festivals continue to keep alive the

heritage of country music's "mountain mama."

**On Being Female, Black, and Free** Margaret

Walker 1997 These highly personal essays, written over the course of six decades, reveal the woman as well as the artist, capturing the independent creative spirit of this literary icon. In accessible and stirring prose, Walker speaks directly about her own experiences - such as growing up in a deeply religious home, living in the Jim Crow South, marrying and raising a family, and becoming a civil rights activist. These essays also offer Walker's critical perspectives on a wide range of topics, from the role of the black woman artist to the distinctiveness of African American cultural life and to the importance of education in the fight for political change. Maryemma Graham's introduction provides a historical context for the essays, placing Walker's work within the African

American literary canon. Walker reflects on the numerous poets and writers she has known over the years, including Zora Neale Hurston, Eudora Welty, Carson McCullers, and Richard Wright. A work of broad general appeal, *On Being Female, Black, and Free* offers a powerful introduction to the work of an essential American literary figure.

*African-American Holidays, Festivals, and Celebrations* Kathlyn Gay 2007 "Provides information about the history and celebration of more than 100 holidays, festivals, and other events observed by Americans of African descent. *Afrofuturism* Ytasha L. Womack 2013-10-01  
2014 Locus Awards Finalist, Nonfiction Category  
In this hip, accessible primer to the music,

literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the "alien" experience of blacks in America to the "wake up" cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.

**Being Heumann Large Print Edition** Judith Heumann 2020-02-25 A Publishers Weekly Best Book of the Year for Nonfiction "...an essential and engaging look at recent disability history."—Buzzfeed One of the most influential disability

rights activists in US history tells her personal story of fighting for the right to receive an education, have a job, and just be human. A story of fighting to belong in a world that wasn't built for all of us and of one woman's activism—from the streets of Brooklyn and San Francisco to inside the halls of Washington—Being Heumann recounts Judy Heumann's lifelong battle to achieve respect, acceptance, and inclusion in society. Paralyzed from polio at eighteen months, Judy's struggle for equality began early in life. From fighting to attend grade school after being described as a "fire hazard" to later winning a lawsuit against the New York City school system for denying her a teacher's license because of her paralysis, Judy's actions set a precedent that fundamentally improved rights for disabled people. As a young woman, Judy rolled her wheelchair through the doors of the US Department of Health, Education, and Welfare in San Francisco as a leader of the Section 504 Sit-

In, the longest takeover of a governmental building in US history. Working with a community of over 150 disabled activists and allies, Judy successfully pressured the Carter administration to implement protections for disabled peoples' rights, sparking a national movement and leading to the creation of the Americans with Disabilities Act. Candid, intimate, and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.

**Best Shot in the West** Patricia C. McKissack 2012-01-18 From acclaimed authors Patricia C. McKissack and Fredrick L. McKissack Jr. comes a thrilling biography of an unforgettable man told in compelling graphic novel form. Born into slavery in 1854, Nat Love, also known as Deadwood Dick, grew up to become the most famous African-American cowboy in the Old West. A contemporary and acquaintance of Bat Masterson and Billy the Kid, Nat was widely

known as an expert roper and driver, a crack shot, and a real Wild West character. Featuring lively full-color artwork by Randy DuBurke, *Best Shot in the West* is an exhilarating mix of high-interest historical fiction and nonstop adventure. *Conversations with Margaret Walker* Margaret Walker 2002 Margaret Walker (1915-1998) began her writing career as a poet in the late 1930s. But she was cast into the limelight in 1966 when her novel *Jubilee* was published to wide critical and commercial acclaim. In interviews ranging from 1972 to 1996, *Conversations with Margaret Walker* captures Walker's voice as she discusses an incredibly wide range of interests. The same erudition, wit, and love of language on display in *Jubilee* comes through in conversations, as well as her sense of moral authority--imbued by a resonant Christian humanism--and her attention to historical detail. In a long 1972 conversation with fellow poet Nikki Giovanni, Walker argues about the tribulations and triumphs of motherhood, the

presence of black women in literature, and race relations in American culture from 1900 to the present. With Marcia Greenlee in 1977, she talks extensively about her family's history and her love of botany. In several of the interviews, her friendship with Richard Wright rises to the forefront. Even in her interviews with Claudia Tate and John Griffin Jones, in which the interviewers try to direct the conversations toward the mechanics and thought processes behind Walker's writing, the talks often sweep into broader issues of African American culture, family history, and the past's influence on the present. This collection amply shows that Margaret Walker was a writer who considered her work to be deeply influenced by the culture around her. She viewed her writing as part of her larger life and not separate or distanced from her existence. Bracingly direct, witty, and oddly charming, the writer in *Conversations with Margaret Walker* is complicated, passionate, forceful, and piercingly intelligent.

**The Common Cause** Robert G. Parkinson  
2016-05-18 When the Revolutionary War began, the odds of a united, continental effort to resist the British seemed nearly impossible. Few on either side of the Atlantic expected thirteen colonies to stick together in a war against their cultural cousins. In this pathbreaking book, Robert Parkinson argues that to unify the patriot side, political and communications leaders linked British tyranny to colonial prejudices, stereotypes, and fears about insurrectionary slaves and violent Indians. Manipulating newspaper networks, Washington, Jefferson, Adams, Franklin, and their fellow agitators broadcast stories of British agents inciting African Americans and Indians to take up arms against the American rebellion. Using rhetoric like "domestic insurrectionists" and "merciless savages," the founding fathers rallied the people around a common enemy and made racial prejudice a cornerstone of the new Republic. In

a fresh reading of the founding moment, Parkinson demonstrates the dual projection of the "common cause." Patriots through both an ideological appeal to popular rights and a wartime movement against a host of British-recruited slaves and Indians forged a racialized, exclusionary model of American citizenship.
