Green Seas over the Deck Arthur H. Black 2021-05-13 Arthur Huntington (A.H.) Black was raised in Manchester and educated at Manchester Grammar School. His father disapproved of his ambition to go to sea and found him an apprenticeship with a truly old-fashioned ship: a full-rigged sailing ship on a route from Liverpool to Australia and then to Peru and back to Britain. Black was indentured to Captain Wilkie in July of 1925 for three years and nine months to learn to be a seaman,

under sail. *Green Seas over the Deck* recounts the extraordinary world of a cadet on a sailing ship crossing the Southern Ocean, the wildest ocean in the world, recorded in detail for his mother in this diary. Transcribed by Cynthia Black, A.H.'s daughter-in-law, this account begins in January of 1927 on a voyage that lasted fifty-nine days. It offers insight into the fascinating world on the water in the voice of a twenty-year-old man who loved the sea.

Korea George F. Purdy; Forrest C. Purdy 2014-06-18 The order was given by someone important and passed on hastily one man to the next until it reached Cpl. George Purdy and the men of his unit; "Orderly Withdrawal!" This vague and generalized military term for George meant that he would have to run for his life and there was nothing orderly about it! "Korea, A Soldiers Forgotten War" is a harrowing tale of one soldier's personal fight to stay alive during and after the war. I gave my word to my father that I wouldn't share his secrets while he was alive. Now, after his passing, those secrets are revealed in this captivating true account of his war time experiences.

Narrative Thinking and Storytelling for Problem Solving in Science Education Riley, John Thomas 2019-05-31 The 21st century has seen no shortage of historic problems, which has begged the question, How is society preparing today's young people to take on these challenges? There have been a fair number of obscure but promising approaches that warrant testing but do not currently attract the level of attention needed to secure the necessary resources for a proper test. Narrative Thinking and Storytelling for Problem Solving in Science Education is an essential academic publication that focuses on the use of storytelling to respond to the fundamental need to share experiences while also inspiring world-changing solutions through the stimulation of curiosity, imagination, and reflection. Focusing on this widespread, powerful, and multifaceted form of communication, this book centers on the use of storytelling as a narrative and rhetorical technique in scientific knowledge, research, teaching, and learning. Covering topics such as digital storytelling, narrative schema, and mediation, this powerful reference source is ideal for researchers, scientists, instructional designers, communication specialists, and academicians.

Personal Log Book Robyn Hawkins 2019-02-12 This is a Personal Log Book for sailors of yachts and motorboats to keep track of their sailing experience either for fun to look back on in the future or because you're working towards RYA qualifications where you are required to have so many nautical miles under your belt before you attend their courses. This book is perfect for individual boat owners and also those that crew on many different boats either when cruising or racing as this book is not boat specific. An explanation of each area to be recorded is included at the front to help you complete your log. Keep track of the dates and times you sailed, the locations visited, the vessels sailed on, details of your voyages, total journey time, if it was in a tidal or non-tidal area, the distance logged during a passage, total days on board and number of night hours sailed as well as a space for the skipper's signature. Included is a page to write a summary of the experience you have gained prior to using this log. There is also a page to note the total days sailed, distance logged and the number of night hours gained in individual years. This is great for those working towards the RYA Yachtmaster qualifications as you are allowed to use the figures and experience you've gained in the previous 10 years towards your totals needed to take the exams. A page dedicated to RYA Qualifying Yachtmaster Offshore passages is included with space for all the required details and also a page for the Yachtmaster Ocean passage that is needed before you can take the exam. There are notes pages at the back of the book as well as some sample pages for the other books in our Sailing range. Each double page can record five individual sails and there are 40 of these pages included so space for 200 races or passages in total! The book is 8.25 inches by 6 inches, paperback with a glossy cover and good quality paper. Ship's Log. Sailing Ships 1877

Sailing Log Book Robyn Hawkins 2020-08-20 This is a Sailing Log Book designed to keep track of the journeys you make in your sailing yacht or motorboat. It is an essential item to have onboard your boat for longer passages and going abroad (where keeping a log of where you have been is mandatory in some countries). It has been designed by a long term liveaboard sailor who has been sailing and travelling for a number of years. Having used other books previously but found them to be not quite right, this one has been carefully put together so all the important information is recorded without there being any unnecessary fluff. This Sailing Log Book has been designed to be as helpful as possible by providing guidance and space to include the following information on each double-page spread (50 spreads in total): Date/s Your current port and intended destination Whether your intended destination is a marina, mooring or anchorage Fuel Level prior to a passage Time Your position (lat and long or your range and bearing from a known point) Course ordered Course Steered (estimated) Leeway (estimated) Distance Run (estimated) Log Reading Speed (Speed over Ground and Speed Through the Water) Source of Fix Waypoint Wind direction and force Barometer readings A large space to make extra notes about your passage Crew List A summary section An overall comments section for the entirety of your journey There is space inside the front cover for owner and boat details to be completed. Use the look inside option by the cover picture to have a closer look! The book is A4 sized (8.27 inches x 11.69 inches / 21 x 29.7 cm) paperback with a glossy cover and good quality paper. All You Wanted to Know about 18th Century Royal Navy Rex Hickox 2007-06 This book is chock-full of info about the 18th Cent. Royal Navy. It answers many questions about the sailors, officers and their living conditions. It explains how the flags of Great Britian evolved and their protocol. One chapter is on 18th century medicine, & the beliefs of that period, plus it contains an excellent glossary of medical terms (41 pages), and one of nautical expressions. For anyone interested in 18th Century Sailing Ships, this book will be a welcome addition to your library **Navigating Colonial Orders** Kirsten Alsaker Kjerland 2014-11-01

Norwegians in colonial Africa and Oceania had varying aspirations and adapted in different ways to changing social, political and geographical circumstances in foreign, colonial settings. They included Norwegian shipowners, captains, and diplomats; traders and whalers along the African coast and in Antarctica; large-scale plantation owners in Mozambique and Hawai'i; big business men in South Africa; jacks of all trades in the Solomon Islands; timber merchants on Zanzibar' coffee farmers in Kenya; and King Leopold's footmen in Congo. This collection reveals narratives of the colonial era that are often ignored or obscured by the national histories of former colonial powers. It charts the entrepreneurial routes chosen by various Norwegians and the places they ventured, while demonstrating the importance of recognizing the complicity of such "non-colonial colonials" for understanding the complexity of colonial history.

The Boatyard Book Simon Jollands 2021-09-30 The Boatyard Book is a practical, comprehensive reference manual that provides sensible, accessible advice for boatowners on planning and carrying out annual maintenance, repairs, upgrades and refits of sailing yachts and motorboats, up to 20 metres in length. Beginning with all the information owners will need to care for their boat, including how to budget and plan tasks to be done through the year, The Boatyard Book goes on to help them choose the best boatyard for their needs, then provides essential how-to reference material and ideas for a comprehensive range of projects large and small to be carried out ashore. There's advice and tips from highly respected boatyard owners, specialists and surveyors, as well as from the author's own 25 years' experience of boat ownership, all fully illustrated with step-by-step photos and illustrations. Topics covered include: - laying up - hull and deck care - mast and rigging - sail care - engines - electrics - maintenance of plumbing and gas systems - more complex projects, including re-wiring a boat, overhauling an engine, how to treat osmosis and how to go about a complete refit. This is a book to be kept at the yard, or on the boat, and used time and time again by those who are either happy to keep things ticking along with the minimum of effort or by those who want to get stuck into bigger projects.

Personal Log Book Robyn Hawkins 2019-02-12 This is a Personal Log Book for sailors of yachts and motorboats to keep track of their sailing experience either for fun to look back on in the future or because you're working towards RYA qualifications where you are required to have so many nautical miles under your belt before you attend their courses. This book is perfect for individual boat owners and also those that crew on many different boats either when cruising or racing as this book is not boat specific. An explanation of each area to be recorded is included at the front to help you complete your log. Keep track of the dates and times you sailed, the locations visited, the vessels sailed on, details of your voyages, total journey time, if it was in a tidal or non-tidal area, the distance logged during a passage, total days on board and number of night hours sailed as well as a space for the skipper's signature. Included is a page to write a summary of the experience you have gained prior to using this log. There is also a page to note the total days sailed, distance logged and the number of night hours gained in individual years. This is great for those working towards the RYA Yachtmaster qualifications as you are allowed to use the figures and experience you've gained in the previous 10 years towards your totals needed to take the exams. A page dedicated to RYA Qualifying Yachtmaster Offshore passages is included with space for all the required details and also a page for the Yachtmaster Ocean passage that is needed before you can take the exam. There are notes pages at the back of the book as well as some sample pages for the other books in our Sailing range. Each double page can record five individual sails and there are 40 of these pages included so space for 200 races or passages in total! The book is 8.25 inches by 6 inches, paperback with a glossy cover and good quality paper. Also available on Amazon within our Sailing series: Sailing Travel Journal Boat Maintenance Log Book Sailing Log Book

Star Trek and the British Age of Sail Stefan Rabitsch 2018-12-06

Clear all moorings, one-half impulse power and set course for a mare incognitum... A popular culture artifact of the New Frontier/Space Race era, Star Trek is often mistakenly viewed as a Space Western. However, the Western format is not what governs the worldbuilding of Star Trek, which was, after all, also pitched as "Hornblower in space." Star Trek is modeled on the world of the "British Golden Age of Sail" as it is commonly found in the genre of sea fiction. This book re-historicizes and remaps the origins of the franchise and subsequently the entirety of its fictional world--the Star Trek continuum--on an as yet uncharted transatlantic bearing.

Escape Under Sail Leonard Skinner 2019-04-18 Foreword by Laurel Cooper, author of *Sell Up and Sail* Selling up and escaping to sea on their own boat is a dream that many think they can never make happen. *Escape Under Sail* is here to show you that it can be done, and for less money that you might think. This book delves to the very heart of what it takes and shows you exactly how you can go from casual cruiser to long-term liveaboard. *Escape Under Sail* covers all of the crucial topics, including budget and costs, how to choose a boat, making sure crew are equipped and trained, letting go both practically and psychologically, preparation and provisioning, education and, most importantly, the challenges and rewards of living at sea. The book pays special attention

to making the liveaboard dream come true for those with a limited budget, while providing further options for those with the means and desire to spend more and splurge where they like. Written in the voices of both authors, so you can follow their experiences from each of their perspectives, which are sometimes wildly different, this practical handbook is peppered with personal anecdotes and hard-earned wisdom. Light-hearted but informative, it contains all the questions, answers, lists, figures and diagrams you need to make your liveaboard dreams come true.

Sailing Log Book Robyn Hawkins 2020-08-20 This is a Sailing Log Book designed to keep track of the journeys you make in your sailing yacht or motorboat. It is an essential item to have onboard your boat for longer passages and going abroad (where keeping a log of where you have been is mandatory in some countries). It has been designed by a long term liveaboard sailor who has been sailing and travelling for a number of years. Having used other books previously but found them to be not quite right, this one has been carefully put together so all the important information is recorded without there being any unnecessary fluff. This Sailing Log Book has been designed to be as helpful as possible by providing guidance and space to include the following information on each double-page spread (50 spreads in total): Date/s Your current port and intended destination Whether your intended destination is a marina, mooring or anchorage Fuel Level prior to a passage Time Your position (lat and long or your range and bearing from a known point) Course ordered Course Steered (estimated) Leeway (estimated) Distance Run (estimated) Log Reading Speed (Speed over Ground and Speed Through the Water) Source of Fix Waypoint Wind direction and force Barometer readings A large space to make extra notes about your passage Crew List A summary section An overall comments section for the entirety of your journey There is space inside the front cover for owner and boat details to be completed. Use the look inside option by the cover picture to have a closer look! The book is A4 sized (8.27 inches x 11.69 inches / 21 x 29.7 cm) paperback with a glossy cover and good quality paper. Also available on Amazon within our Sailing series: Sailing Travel Journal Personal Log Book Boat Maintenance Log Book *More in the pipeline so keep checking back!)
