Breathturn into Timestead Paul Celan 2014-12-02 Haunting poems from one of the twentieth century's groundbreaking poets Paul Celan, one of the greatest German-language poets of the twentieth century, created brilliant works of pure musicality and stark imagery in tension with the haunting memories of his life as a Romanian Jew during the Holocaust. *Breathturn into Timestead: The Collected Later Poetry* gathers the five final volumes of his life's work in a bilingual edition, translated and with commentary by the award-winning poet and translator Pierre Joris. This collection displays a mature writer at the height of his talents, following what Celan himself called the "turn" (die "Wende") of his work away from the lush, surreal metaphors of his earlier verse. Given "the sinister events in its memory," Celan wrote, the language of poetry has to become "more sober, more factual . . . 'grayer.'" He abandoned the richer music of lyric poems, paring his compositions down to increase the accuracy of the language that now "does not transfigure or render 'poetical'; it names, it posits, it tries to measure the area of the given and the possible." In his need for an inhabitable post-Holocaust world that held the memory and anguish of that history, Celan experimented with a bold new poetics. *Breathturn into Timestead* reveals a poet undergoing one of the most profound artistic reinventions of the twentieth century—creating a poetry grounded in his painful personal history and the ravages of postwar Europe.

**American Jewish Loss after the Holocaust** Laura Levitt 2007-11-01 Many of us belong to communities that have been scarred by terrible calamities. And many of us come from families that have suffered grievous losses. How we reflect on these legacies of loss and the ways they inform each other are the questions Laura Levitt takes up in this provocative and passionate book. An American Jew whose family was not directly affected by the Holocaust, Levitt grapples with the challenges of contending with ordinary Jewish loss. She suggests that although the memory of the Holocaust may seem to overshadow all other kinds of loss for American Jews, it can also open up possibilities for engaging these more personal and everyday legacies. Weaving in discussions of her own family stories and writing in a manner that is both deeply personal and erudite, Levitt shows what happens when public and private losses are seen next to each other, and what happens when difficult works of art or commemoration, such as museum exhibits or films, are seen alongside ordinary family stories about more intimate losses. In so doing she illuminates how through these "ordinary stories" we may create an alternative model for confronting Holocaust memory in Jewish culture.

**Orientalism, Gender, and the Jews** Ulrike Brunotte 2014-12-16 Originating in the collaboration of the international Research Network "Gender in Antisemitism, Orientalism and Occidentalism" (RENGOO), this collection of essays proposes to intervene in current debates about historical constructions of Jewish identity in relation to colonialism and Orientalism. The network's collaborative research addresses imaginative and aesthetic rather than sociological questions with particular focus on the function of gender and sexuality in literary, scholarly and artistic transformations of Orientalist images. RENGOO's first publication explores the ways in which stereotypes of the external and internal Other intertwine. With its interrogation of the roles assumed in this interplay by gender, processes of sexualization, and aesthetic formations, the volume suggests new directions to the interdisciplinary study of gender, antisemitism, and Orientalism.

Jewish Studies Andrew Bush 2011-03-08 This text introduces the basic approach of the 'Key Words in Jewish Studies' series by organizing discussion around key concepts in the field that have emerged over the last two centuries: history and science, race and religion, self and community, identity and memory.

*How Jews Became Germans* Deborah Hertz 2008-10-01 A "very readable" history of Jewish conversions to Christianity over two centuries that "tracks the many fascinating twists and turns to this story" (Library Journal). When the Nazis came to power and created a racial state in the 1930s, they considered it an urgent priority to identify Jews who had converted to Christianity over the preceding centuries. With the help of church officials, a vast system of conversion and intermarriage records was created in Berlin, the country's premier Jewish city. Deborah Hertz's discovery of these records, the Judenkartei, was the first step on a long research journey that led to this compelling book. Hertz begins the book in 1645, when the records begin, and traces generations of German Jewish families for the next two centuries. The book analyzes the statistics and explores letters, diaries, and other materials to understand in a far more nuanced way than ever before why Jews did or did not convert to Protestantism. Focusing on the stories of individual Jews in Berlin, particularly the charismatic salon woman Rahel Levin Varnhagen and her husband, Karl, a writer and diplomat, Hertz brings out the human stories behind the documents, sets them in the context of Berlin's evolving society, and connects them to the broad sweep of European history.

*Digital Humanities and Libraries and Archives in Religious Studies* Clifford B. Anderson 2022-02-07 How are digital humanists drawing on libraries and archives to advance research and learning in the field of religious studies and theology? How can librarians and archivists make their collections accessible to digital humanists? The goal of this volume is to provide an overview of how religious and theological libraries and archives are supporting the nascent field of digital humanities in religious studies. The volume showcases the perspectives of faculty, librarians, archivists, and allied cultural heritage professionals who are drawing on primary and secondary sources in innovative ways to create digital humanities projects in theology and religious studies. Topics include curating collections as data, conducting stylometric analyses of religious texts, and teaching digital humanities at theological libraries. The shift to digital humanities promises closer collaborations between scholars, archivists, and librarians. The chapters in this volume constitute essential reading for those interested in the future of theological librarianship and of digital scholarship in the fields of religious studies and theology.

**Passing Illusions** Kerry Wallach 2017-08-22 Weimar Germany (1919-33) was an era of equal rights for women and minorities, but also of growing antisemitism and hostility toward the Jewish population. This led some Jews to want to pass or be perceived as non-Jews; yet there were still occasions when it was beneficial to be openly Jewish. Being visible as a Jew often involved appearing simultaneously non-Jewish and Jewish. *Passing Illusions* examines the constructs of German-Jewish visibility during the Weimar Republic and explores the controversial aspects of this identity—and the complex reasons many decided to conceal or reveal themselves as Jewish. Focusing on racial stereotypes, Kerry Wallach outlines the key elements of visibility, invisibility, and the ways Jewishness was detected and presented through a broad selection of historical sources including periodicals, personal memoirs, and archival documents, as well as cultural texts including works of fiction, anecdotes, images, advertisements, performances, and films. Twenty black-and-white illustrations (photographs, works of art, cartoons, advertisements, film stills) complement the book's

analysis of visual culture.

**Encyclopaedia Judaica** Fred Skolnik 2007 Provides an exhaustive and organized overview of Jewish life and knowledge from the Second Temple period to the contemporary State of Israel, from Rabbinic to modern Yiddish literature, from Kabbalah to "Americana" and from Zionism to the contribution of Jews to world cultures.

**The Cambridge History of Judaism: Volume 2, The Hellenistic Age** William David Davies 1984 Vol. 4 covers the late Roman period to the rise of Islam. Focuses especially on the growth and development of rabbinic Judaism and of the major classical rabbinic sources such as the Mishnah, Jerusalem Talmud, Babylonian Talmud and various Midrashic collections.

**Dreamland of Humanists** Emily J. Levine 2013-12-16 Deemed by Heinrich Heine a city of merchants where poets go to die, Hamburg was an improbable setting for a major intellectual movement. Yet it was there, at the end of World War I, at a new university in this commercial center, that a trio of twentieth-century pioneers in the humanities emerged. Working side by side, Aby Warburg, Ernst Cassirer, and Erwin Panofsky developed new avenues in art history, cultural history, and philosophy, changing the course of cultural and intellectual history in Weimar Germany and throughout the world. In *Dreamland of Humanists*, Emily J. Levine considers not just these men, but the historical significance of the time and place where their ideas took form. Shedding light on the origins of their work on the Renaissance and the Enlightenment, Levine clarifies the social, political, and economic pressures faced by German-Jewish scholars on the periphery of Germany's intellectual world. By examining the role that context plays in our analysis of ideas, Levine confirms that great ideas—like great intellectuals—must come from somewhere.

**The Jewish Eighteenth Century, Volume 2** Shmuel Feiner 2023-04-04 The second volume of Shmuel Feiner's *The Jewish Eighteenth Century* covers the period from 1750 to 1800, a time of even greater upheavals, tensions, and challenges. The changes that began to emerge at the beginning of the eighteenth century matured in the second half. Feiner explores how political considerations of the Jewish minority throughout Europe began to expand. From the "Jew Bill" of 1753 in Britain, to the surprising series of decrees issued by Joseph II of Austria that expanded tolerance in Austria, to the debate over emancipation in revolutionary France, the lives of the Jews of Europe became ever more intertwined with the political, social, economic, and cultural fabric of the continent. *The Jewish Eighteenth Century, Volume 2: A European Biography, 1750-1800* concludes Feiner's landmark study of the history of Jewish populations in the period. By combining an examination of the broad and profound processes that changed the familiar world from the ground up with personal experiences of those who lived through them, it allows for a unique explanation of these momentous events.

*Jewish Women in Enlightenment Berlin* Natalie Naimark-Goldberg 2016-09-01 The encounter of Jews with the Enlightenment movement has so far been considered almost entirely from a masculine perspective. This highly original study, based on analysis of the correspondence and literary works of a group of educated Jewish women, demonstrates their intellectual proclivities, feminine awareness, and social activities, as well as their attitudes to marriage, traditional family frameworks, and religion. In doing so it makes a significant contribution to German Jewish history as well as to gender studies.

**Strangers in Berlin** Rachel Seelig 2016-09-19 Insightful look at the interactions between German and migrant Jewish writers and the creative spectrum of Jewish identity

**A New Hasidism: Roots** Arthur Green 2019-10 Neo-Hasidism applies the Hasidic masters' spiritual insights—of God's presence everywhere, of seeking the magnificent within the everyday, in doing all things with love and joy, uplifting all of life to become a vehicle of God's service—to contemporary Judaism, as practiced by men and women who do not live within the strictly bounded world of the Hasidic community. This first-ever anthology of Neo-Hasidic philosophy brings together the writings of its progenitors: five great twentieth-century European and American Jewish thinkers—Hillel Zeitlin, Martin Buber, Abraham Joshua Heschel, Shlomo Carlebach, and Zalman Schachter-Shalomi—plus a young Arthur Green. The thinkers reflect on the inner life of the individual and their dreams of creating a Neo-Hasidic spiritual community. The editors' introductions and notes analyze each thinker's contributions to Neo-Hasidic thought and influence on the movement. Zeitlin and Buber initiated a renewal of Hasidism for the modern

world; Heschel's work is quietly infused with Neo-Hasidic thought; Carlebach and Schachter-Shalomi re-created Neo-Hasidism for American Jews in the 1960s; and Green is the first American-born Jewish thinker fully identified with the movement. Previously unpublished materials by Carlebach and Schachter-Shalomi include an interview with Schachter-Shalomi about his decision to leave Chabad-Lubavitch and embark on his own Neo-Hasidic path.

*Mobile Modernity* Todd S Presner 2007-04-19 Though the history of the German railway system is often associated with the transportation of Jews to labor and death camps, Todd Presner looks instead to the completion of the first German railway lines and their role in remapping the cultural geography and intellectual history of Germany's Jews. Treating the German railway as both an iconic symbol of modernity and a crucial social, technological, and political force, Presner advances a groundbreaking interpretation of the ways in which mobility is inextricably linked to German and Jewish visions of modernity. Moving beyond the tired model of a failed German-Jewish dialogue, Presner emphasizes the mutual entanglement of the very categories of German and Jewish and the many sites of contact and exchange that occurred between German and Jewish thinkers. Turning to philosophy, literature, and the history of technology, and drawing on transnational cultural and diaspora studies, Presner charts the influence of increased mobility on interactions between Germans and Jews. He considers such major figures as Kafka, Heidegger, Arendt, Freud, Sebald, Hegel, and Heine, reading poetry next to philosophy, architecture next to literature, and railway maps next to cultural history. Rather than a conventional, linear history that culminates in the tragedy of the Holocaust, Presner produces a cultural mapping that articulates a much more complex story of the hopes and catastrophes of mobile modernity. By focusing on the spaces of encounter emblematically represented by the overdetermined triangulation of Germans, Jews, and trains, he introduces a new genealogy for the study of European and German-Jewish modernity.

**The Jew's Daughter** Efraim Sicher 2017-05-04 An innovative study of the gendering of ethnic difference in Western society, Sicher's multidisciplinary, comparative analysis shows how racialized images have persisted and helped to form prejudiced views of the Other.

**The Problem of the Actress in Modern German Theater and Thought** S. E. Jackson 2021 Around 1900, German and Austrian actresses had allure and status, apparent autonomy, and unconventional lifestyles. They presented a complex problem socially and aesthetically, one tied to the so-called Woman Question and to the contested status of modernity. For modernists, the actress's socioeconomic mobility and defiance of gender norms opened space to contest social and moral strictures, and her mutability offered a means to experiment with identity. For conservatives, on the other hand, female performance could support antifeminist convictions and validate masculine authority by positing woman as nothing but a false surface shaped by productive male forces. Influential male-authored texts from the period thereby disavowed female subjectivity per se by equating "woman" and "actress." S. E. Jackson establishes the actress as a key figure in a discursive matrix surrounding modernity, gender, and subjectivity. Her central argument is that because the figure of the actress bridged such varied fields of thought, women who were actresses had a consequential impact that resonated in and far beyond the theater - but has not been explored. Examining archival sources such as theater reviews and writing by actresses in direct relation to canonical aesthetic and philosophical texts, *The Problem of the Actress* reconstructs the constitutive role that women played on and off the stage in shaping not only modernist theater aesthetics and performance practices, but also influential strains of modern thought.

**Feminism and Art History Now** Victoria Horne 2017-06-30 To what extent have developments in global politics, artworld institutions, and local cultures reshaped the critical directions of feminist art historians? The significant new research gathered here engages with the rich inheritance of feminist historiography since around 1970, and considers how to maintain the forcefulness of its critique while addressing contemporary political struggles. Taking on subjects that reflect the museological, global and materialist trajectories of twenty-first-century art historical scholarship, the chapters address the themes of Invisibility,

Temporality, Spatiality and Storytelling. They present new research on a diversity of topics that span political movements in Italy, urban gentrification in New York, community art projects in Scotland and Canada's contemporary indigenous culture. Individual chapter analyses focus on the art of Lee Krasner, The Emily Davison Lodge, Zoe Leonard, Martha Rosler, Carla Lonzi and Womanhouse. Together with a synthesising introductory essay, these studies provide readers with a view of feminist art histories of the past, present and future.

**Memory Rose into Threshold Speech** Paul Celan 2020-11-24 Memory Rose into Threshold Speech gathers the poet Paul Celan's first four books, written between 1952 and 1963, which established his reputation as the major post-World War II German-language poet. Celan, a Bukovinian Jew who lived through the Holocaust, created work that displays both great lyric power and an uncanny ability to pinpoint totalitarian cultural and political tendencies. His quest, however, is not only reflective: there is in Celan's writing a profound need and desire to create a new, inhabitable world and a new language for it. In Memory Rose into Threshold Speech, Celan's reader witnesses his poetry, which starts lush with surrealistic imagery, become gradually pared down; its syntax tightens and his trademark neologisms and word formations increase toward a polysemic language of great accuracy that tries, in the poet's own words, "to measure the area of the given and the possible." Translated by the prize-winning poet and translator Pierre Joris, this bilingual edition follows the 2014 publication of Breathturn into Timestead, Celan's collected later poetry. All nine volumes of Celan's poetry are now available in Joris's carefully crafted translations, accompanied here by a new introduction and extensive commentary. The four volumes in this edition show the flowering of one of the major literary figures of the last century. This volume collects Celan's first four books: Mohn und Gedächtnis (Poppy and Memory), Von Schwelle zu Schwelle (Threshold to Threshold), Sprachgitter (Speechgrille), and Die Niemandrose (NoOnesRose).

**Margarete Susman - Religious-Political Essays on Judaism** Elisa Klapheck 2022-01-03 Margarete Susman was among the great Jewish women philosophers of the twentieth century, and largely unknown to many today. This book presents, for the first time in English, six of her important essays along with an introduction about her life and work. Carefully selected and edited by Elisa Klapheck, these essays give the English-speaking reader a taste of Susman's religious-political mode of thought, her originality, and her importance as Jewish thinker. Susman's writing on exile, return, and the revolutionary impact of Judaism on humanity, illuminate enhance our understanding of other Jewish philosophers of her time: Martin Buber, Franz Rosenzweig, and Ernst Bloch (all of them her friends). Her work is in particularly fitting company when read alongside Jewish religious-political and political thinkers such as Bertha Pappenheim, Hannah Arendt, Simone Weil, and Gertrud Stein. Initially a poet, Susman became a follower of the Jewish Renaissance movement, secular Messianism, and the German Revolution of 1918. This collection of essays shows how Susman's work speaks not only to her own time between the two World Wars but to the present day.

*The Jewess Pallas Athena* Barbara Hahn 2021-06-08 "The Jewess Pallas Athena"--a line from a poem by Paul Celan. It is a provocative phrase, cutting across cultures and traditions. But it poses questions: How to reconstruct a culture that has been destroyed? How to conceive of history after the catastrophes of the twentieth century? This book begins in the mid-eighteenth century with the first Jewish women to raise their voices in German. It ends two hundred years later, with another group of Jewish women looking back at a country from which they had been expelled and to which they would never want to return. Among the many prominent female intellectuals and literary figures Barbara Hahn discusses are Hannah Arendt, Gertrud Kantorowicz, Rosa Luxemburg, Else Lasker-Schüler, Margarete Susman, and Rahel Levin Varnhagen. In examining their writing, she reflects upon the question of how German culture was constructed--with its inherent patterns of exclusion. This is a book about hope and despair, possibilities and preventions. We see attempts at dialogue between Christians and Jews, men and women, "Germans" and "Jews," attempts initiated by these women that, for the most part, remained unanswered. Finally, the book reconstructs the changing notions of the "Jewess," a key word in modern German history with its connotations of "salons," "beauty," and "esprit." And yet a word that is also disastrous, in which there culminated everything the dominant culture condemned as dangerous.

**The Formation of a Modern Rabbi** Samuel Joseph Kessler 2022-12-16 An intellectual biography that critically engages Adolf Jellinek's scholarship and communal activities Adolf Jellinek (1821-1893), the Czech-born, German-educated, liberal chief rabbi of Vienna, was the most famous Jewish preacher in Central Europe in the second half of the nineteenth century. As an innovative rhetorician, Jellinek helped mold and define the modern synagogue sermon into an instrument for expressing Jewish religious and ethical values for a new era. As a historian, he made groundbreaking contributions to the study of the Zohar and medieval Jewish mysticism. Jellinek was emblematic of rabbi-as-scholar-preacher during the earliest, formative years of communal synagogues as urban religious space. In a world that was rapidly losing the felt and remembered past of premodern Jewish society, the rabbi, with Jellinek as prime exemplar, took hold of the Sabbath sermon as an instrument to define and mold Judaism and Jewish values for a new world.

**Wilhelm Herzberg's Jewish Family Papers (1868)** Manja Herrmann 2021-01-18 Wilhelm Herzberg's novel Jewish Family Papers, which was first published under a pseudonym in 1868, was one of the bestselling German-Jewish books of the nineteenth century. Its numerous editions, reviews, and translations - into Dutch, English, and Hebrew - are ample proof of its impact. Herzberg's Jewish Family Papers picks up on some of the most central contemporary philosophical, religious, and social debates and discusses aspects such as emancipation, antisemitism, Jewishness and Judaism, nationalism, and the Christian religion and culture, as well as gender roles. So far, however, the novel has not received the scholarly attention it so assuredly deserves. This bilingual volume is the first attempt to acknowledge how this outstanding source can contribute to our understanding of German-Jewish literature and culture in the nineteenth century and beyond. Through interdisciplinary readings, it will discuss this forgotten bestseller, embedding it within various contemporary discourses: religion, literature, emancipation, nationalism, culture, transnationalism, gender, theology, and philosophy.

**Multiculturalism and the Jews** Sander Gilman 2013-10-14 In this powerful and wide-ranging study, Sander Gilman explores the idea of 'the multicultural' in the contemporary world, a question he frames as the question of the relationship between Jews and Muslims. How do Jews define themselves, and how are they in turn defined, within the global struggles of the moment, struggles that turn in large part around a secularized Christian perspective? Gilman uses his subject to unpack a sequence of important issues: what does it mean to be multicultural? Can the experience of diaspora Judaism serve as a useful model for Islam in today's multicultural Europe? What is a multicultural ethnic? Other chapters look at specific figures in Jewish cultural history - Albert Einstein, Franz Kafka, Israel Zangwill, Philip Roth, the hermaphrodite N.O. Body (aka Karl Baer, raised as Martha Baer) - to explore issues within Jewish identity. Throughout, Gilman pays keen attention to the ways in which contemporary literature - Chabon, Ozick, Zadie Smith, Jonathan Safran Foer, Gary Shteyngart - taking the idea of Jewishness and multiculturalism into new arenas.

**Rosa Luxemburg** Frank Jacob 2021-02-24 Rosa Luxemburg war eine der bedeutendsten Intellektuellen des "langen" 19. Jahrhunderts und ihr Wirken in der Politik sowie innerhalb der europäischen Arbeiterbewegung äußerst facettenreich. Sozialismus verstand sie – vor allem zum Unmut der Bolschewiki – als Einheit von politischen und sozialen Freiheiten. Bis heute ist sie deshalb eine Identifikationsfigur, ihre Schriften besitzen eine ungebrochene Aktualität. Luxemburgs vielgestaltiges Leben reichte von der Entstehung des Deutschen Kaiserreiches bis kurz nach dessen Ende (1871–1919) und wird im Jubiläumsjahr 2021 mit einer zweibändigen Ausgabe gewürdigt. Band 1 vermittelt einen Überblick über Biografisches und liefert eine Bestandsaufnahme ihres politischen Wirkens.

**Rosa Luxemburg** Dana Mills 2020-09-03 "You will meet the real Rosa here, and it's a pleasure."—Norman Lebrecht, Wall Street Journal As an economist and political theorist, Rosa Luxemburg created a body of work that still resonates powerfully today. Born in Poland in 1871, she became a revolutionary leader in Berlin, publishing works including *Reform or Revolution* and *The Accumulation of Capital*. In this account of Luxemburg's short yet extraordinary life, Dana Mills examines Luxemburg's writings, including her own correspondence, to reveal a woman who was fierce in professional battles and loving in personal relationships. What is her legacy today, a hundred years after her assassination in Berlin in 1919 at the age of forty-seven? Luxemburg's emphasis on humanity and equality and her insistence on revolution give coherence, as this compelling biography illustrates, to a fraught life story and to her colossal economic and political legacy.

**Women and Judaism** Frederick E. Greenspahn 2009-11 "Although women constitute half of the Jewish population and have always played essential roles in ensuring Jewish continuity and the preservation of Jewish beliefs and values, only recently have their contributions and achievements received sustained scholarly attention. Scholars have begun to investigate Jewish women's domestic, economic, intellectual, spiritual, and creative roles in Jewish life from biblical times to the present. Yet little of this important work filters down beyond specialists in their respective academic fields. *Women and Judaism* brings the broad new insights they have uncovered to the world, presenting their work in an accessible and engaging way. Key senior scholars discuss women's approaches to Jewish law and Torah study, the spirituality of Eastern European Jewish women, Jewish women in American literature, and many other issues."--Back of book.

*Mixed Feelings* Katja Garloff 2016-11-15 Since the late eighteenth century, writers and thinkers have used the idea of love—often unrequited or impossible love—to comment on the changing cultural, social, and political position of Jews in the German-speaking countries. In *Mixed Feelings*, Katja Garloff asks what it means for literature (and philosophy) to use love between individuals as a metaphor for group relations. This question is of renewed interest today, when theorists of multiculturalism turn toward love in their search for new models of particularity and universality. *Mixed Feelings* is structured around two transformative moments in German Jewish culture and history that produced particularly rich clusters of interfaith love stories. Around 1800, literature promoted the rise of the Romantic love ideal and the shift from prearranged to love-based marriages. In the German-speaking countries, this change in the theory and practice of love coincided with the beginnings of Jewish emancipation, and both its supporters and opponents linked their arguments to tropes of love. Garloff explores the generative powers of such tropes in Moses Mendelssohn, G. E. Lessing, Friedrich Schlegel, Dorothea Veit, and Achim von Arnim. Around 1900, the rise of racial antisemitism had called into question the promises of emancipation and led to a crisis of German Jewish identity. At the same time, Jewish-Christian intermarriage prompted public debates that were tied up with racial discourses and concerns about procreation, heredity, and the mutability and immutability of the Jewish body. Garloff shows how modern German Jewish writers such as Arthur Schnitzler, Else Lasker-Schüler, and Franz Rosenzweig wrest the idea of love away from biologist thought and reinstate it as a model of sociopolitical relations. She concludes by tracing the relevance of this model in post-Holocaust works by Gershom Scholem, Hannah Arendt, and Barbara Honigmann.

**German-Jewish Studies** Kerry Wallach 2022-10-14 As a field, German-Jewish Studies emphasizes the

dangers of nationalism, monoculturalism, and ethnocentrism, while making room for multilingual and transnational perspectives with questions surrounding migration, refugees, exile, and precarity. Focussing on the relevance and utility of the field for the twenty-first century, *German-Jewish Studies* explores why studying and applying German-Jewish history and culture must evolve and be given further attention today. The volume brings together an interdisciplinary range of scholars to reconsider the history of antisemitism—as well as intersections of antisemitism with racism and colonialism—and how connections to German Jews shed light on the continuities, ruptures, anxieties, and possible futures of German-speaking Jews and their legacies.
