*The Roots Of The Blues* Samuel Charters 1991-08-22 I went to Africa to find the roots of the blues. So Samuel Charters begins the extraordinary story of his research. But what began as a study of how the blues was handed down from African slaves to musicians of today via the slave ships, became something much more complex. For in Africa Samuel Charters

discovered a music which was not just a part of the past but a very vital living part of African culture. The Roots of the Blues not only reveals Charters's remarkable talent in discussing African folk music and its relationship with American blues; it demonstrates his power as a descriptive and narrative writer. Using extensive quotations of song lyrics and some remarkable photographs of the musicians, Charters has created a unique contribution to our understanding of both African and American cultures and their music.

**This Is How You Die** Matthew Bennardo  
2013-07-16 If a machine could predict how you would die, would you want to know? This is the tantalizing premise of *This Is How You Die*, the brilliant follow-up anthology to the self-published bestseller, *Machine of Death*. **THIS IS HOW YOU DIE** Stories of the Inscrutable, Infallible, Inescapable *Machine of Death* The machines started popping up around the world. The offer was tempting: with a simple blood test,

anyone could know how they would die. But the machines didn't give dates or specific circumstances-just a single word or phrase. DROWNED, CANCER, OLD AGE, CHOKED ON A HANDFUL OF POPCORN. And though the predictions were always accurate, they were also often frustratingly vague. OLD AGE, it turned out, could mean either dying of natural causes, or being shot by an elderly, bedridden man in a botched home invasion. The machines held onto that old-world sense of irony in death: you can know how it's going to happen, but you'll still be surprised when it does. This addictive anthology--sinister, witty, existential, and fascinating--collects the best of the thousands of story submissions the editors received in the wake of the success of the first volume, and exceeds the first in every way. *Vik Muniz: Postcards from Nowhere* 2020-10-20 Not so long ago, it was relatively easy to wake up overlooking Victoria Harbour in Hong Kong and go to sleep in the shadow of the Brooklyn

Bridge; to travel from Venice to Istanbul in time for dinner. The international network of the art world, in particular, made it easy to slip through time and borders--with the right invitation and the right passport. You may never have been to Basel, Switzerland for the art fairs, but you might certainly feel as though you have, experiencing it exclusively through the spate of other people's images. Vik Muniz's series Postcards from Nowhere grapples with how, through photographs, we have come to "see" and understand distant yet iconic sites we may never actually view with our own eyes. "The images we hold in our heads are an assemblage," notes Muniz. "They are an amalgam of every image of those locations that we have ever seen." More critically, the series serves as an homage not just to the quasi-obsolete artifact of the picture postcard, but to a way of life that has now been put in sharp relief. Muniz's images--created out of collaged pieces of vintage postcards from the artist's personal collection--materialize the

experience and longing of travel, triangulating between the traveler, a distant location, and the recipient who, increasingly, remains at home. Volume I presents thirty-two single postcards displaying each of the images in the series. Volume II presents a series of thirty-six postcards that, when assembled, can be viewed as a single, large-scale work of 30 x 40 inches. The process of assembling the larger, single image is akin to the original act of collage--or like that of assembling a mosaic crafted from disparate pieces that have traveled from afar, but when brought together, conjure something that is larger, more complete than any individual element could be on its own.

### **Half Awake and Half Asleep in the Water**

2007 This series of images by Japanese photographer Asako Narahashi has been exhibited in Japan to wide acclaim; this monograph marks its first publication in book form. The photographs were made while the artist stood chest-deep in the ocean facing the

shoreline; through them she accomplishes the extraction of the viewer's mind from its surrounding, and one finally succumbs to the hallucinatory power of the ocean. In the words of photographic historian, Kotaro Iizawa, "the feeling of being stranded, however, is strangely comforting."

**That Winter** Pamela Gillilan 1986 Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

Science Fiction and the Prediction of the Future

Gary Westfahl, 2011-02-21 Science fiction has always challenged readers with depictions of the future. Can the genre actually provide glimpses

of the world of tomorrow? This collection of fifteen international and interdisciplinary essays examines the genre's predictions and breaks new ground by considering the prophetic functions of science fiction films as well as SF literature. Among the texts and topics examined are classic stories by Murray Leinster, C. L. Moore, and Cordwainer Smith; 2001: A Space Odyssey and its sequels, Japanese anime and Hong Kong cinema; and electronic fiction.

Swoon: Great Seducers and Why Women Love Them Betsy Prioleau 2013-02-04 Casanovas: where are those great romancers of women? In Swoon, Betsy Prioleau gives us a smart, entertaining study of ladies' men, demystifying their character, seductive secrets, and killer charm. Combining history, science, culture, and colorful contemporary research, Prioleau gives us a portrait of the successful seducer that explodes every stereotype and shatters every cliché. Instead of a satanic rake, slick player, or rich, handsome powerbroker, he's an unlikely, often homely Romeo who cares about women and understands what they want. Through analyses of history's legendary lovers and interviews with today's heartthrobs, Prioleau

uncovers the surprising seductive secrets that really rock female hearts, from unfeigned ardor to conversational flair. In doing so, she destroys the pick-up artists' advice of such books as *The Game*. Finally, Prioleau critiques the twenty-first-century sexual malaise, especially women's record discontent with men, and argues that it's high time to retrieve and celebrate the great seducer.

**Machine of Death** Ryan North 2010 MACHINE OF DEATH tells thirty-four different stories about people who know how they will die.
