Wild Cheryl Strayed 2013-03-26 #1 NEW YORK TIMES BESTSELLER • A powerful, blazingly honest memoir: the story of an eleven-hundred-mile solo hike that broke down a young woman reeling from catastrophe—and built her back up again. At twenty-two, Cheryl Strayed thought she had lost everything. In the wake of her mother's death, her family scattered and her own marriage was soon destroyed. Four years later, with nothing more to lose, she made the most impulsive decision of her life. With no experience or training, driven only by blind will, she would hike more than a thousand miles of the Pacific Crest Trail from the Mojave Desert through California and Oregon to Washington State—and she would do it alone. Told with suspense and style, sparkling with warmth and humor, *Wild* powerfully captures the terrors and pleasures of one young woman forging ahead against all odds on a journey that maddened, strengthened, and ultimately healed her. *The Young Trail Hunters, Or, The Wild Riders of*

Wild Trail A.M. Arthur 2020-05-11 Opposites attract when a rancher is stranded in the mountains with a handsome stranger on holiday in this sexy gay romance. Welcome to Clean Slate Ranch: Home of tight jeans, cowboy boots, and rough trails. For some men, it's a fantasy come true. Mack Garrett loves the rolling hills surrounding his Northern California dude ranch. Leading vacationers on horse trails with his two best friends is enough—romance is definitely not in the cards. When a sexy tourist shows up at Clean Slate, he's as far from Mack's type as can be. So why is the handsome city slicker so far under his skin in less than a day? Roughing it in the middle of nowhere isn't anywhere near Wes Bentley's idea of fun. Then he lays eyes on the gruffest, hottest papa bear he's ever seen. But Mack is as hard to pin down as he looks—distant, sharp-tongued, and in desperate need of a shave. Until a campout gone wrong strands both men in the mountains with nothing to do but get to know each other. Mack intends

to keep his closely guarded heart out of Wes's very talented hands. But for a seven-day cowboy, Wes is packing some long-term possibility. The cold country air can do wonders for bringing bodies together—but it will take more than that to bridge the distance between two men whose lives are worlds apart. “[A] passionate, trope-heavy romance . . . scintillating romantic tension and steamy sex scenes.” —Publishers Weekly on *Hard Ride*

**Ride a Wild Trail** Angela Lain 2016-06-03 The Buckingham-Brown series of historical romances cross the Atlantic between the wilds of America and the ballrooms of English society, following the fortunes of the Buckingham-Brown's extended family and their friends. Lance Buckingham-Brown was the son and heir of the Earl of Edesbury. His father had met and married his mother, a Cherokee girl, while adventuring across the wilds of America. It was hardly surprising that Lance followed in his father's footsteps. He lived his life in two parts,

English Society and the American wilderness. Whilst working as a wagon scout on the Oregon Trail he fell in love, and was faced with the dilemma of reconciling his two worlds. Kit Prentice knew nothing of his problem; she was also ignorant of her own true heritage. A twister destroyed the wagon train, and both thought their precipitous love affair was at an end. But fate took a hand, they were destined to meet again in very different circumstances.

*Got Carrots? Rescued Horse* Patti Dammier 2017-05-23 Spring was everywhere. The long, dreary, snowy days were fading, and the thawing weather had begun. No longer did the horses have to dig under the snow for grazing. At the edge of small wooded area where the wild horses often took shelter, the heavy branches of the trees, loaded with snow and ice, dripped a steady flow of water. This water would provide moisture for the new growing grass and provide the lush fields for the herd. It had been a long winter, and the horses greeted the kinder weather with anticipation. It seemed as if it was a wonderful dream as time flew by. There were several more days of classes and then a planned

schooling show for halter and trail ride event. The other farms they had visited were going to join the Rolling Hills Farm for a picnic and event day. Got Carrots was going to perform in her first halter class. There were quiet murmurs among the group, because no one wanted to surprise or frighten the wild horses. Mike whispered, Its them. Look! Its the wild horses. They all watched in surprised amazement as the herd quietly lined the lake and began to drink. The group watched as the horses slowly drank from the lake. The drinking went on for some time, and just as suddenly as the horses appeared, they departed. It was an unhurried, slow motion as the wild horses vanished into the fading light just as suddenly as they appeared.

*Wild Horse to Riding Horse* Vivian Gabor  
2020-02-25 The words "American Mustang" conjure images of long-maned horses running free across wide-open plains. Unfortunately, overpopulation and overgrazing has resulted in

necessary management of the wild herds in the United States, which means many Mustangs are captured and placed in sanctuaries where their basic needs can be met. In an attempt to ease the strain placed on these facilities, a federally run adoption program re-homes thousands of wild horses each year with the support of events such as the popular Mustang Makeover. Trainers and Mustangs spend 100 days working together before competing in a series of classes that showcase their skills in front of an audience of prospective buyers. Individuals who might not feel ready to adopt a wild horse right off the range have a chance to consider one with a solid training foundation as a potential riding partner. In 2016, horse trainer and biologist Vivian Gabor signed up to participate in the Mustang Makeover held in Germany. Given a sorrel mare originally from the wild herds in Oregon, Gabor recorded her progress over the weeks and months that followed. Readers can follow along, from the very first day when Gabor brought her

Mustang home, through the natural, positive, and science-based behavioral training methods she used to successfully start the young mare under saddle. Hundreds of wonderful photographs clearly demonstrate the steps along the way, providing an easy-to-use resource for anyone looking to turn a wild horse into a riding horse.

**Riding the Outlaw Trail** Simon Casson

2011-04-15 Two men retrace the notorious pair's

footsteps, covering thousands of miles of hazardous country on horseback and discovering how little has changed from the saddle in the last 100 years Butch Cassidy and the Sundance Kid, the last of the legendary outlaws, were captured on daguerreotype, romanced in fiction, and immortalized on film by Paul Newman and Robert Redford. Simon Casson sets out on horseback to retrace the real-life footsteps of his boyhood heroes, covering 2,000 miles of the country's toughest and most treacherous terrain. Steeped in the lore of the Old West but lacking desert and mountain survival skills, Simon recruits ex-marine commando Richard Adamson. Together they grapple with hostile landscape, climatic extremes, vital supply shortages, and enormous personality clashes. Battling from one outlaw hideout to another and following trails sometimes only accessible by horseback, they are constantly taxed to the limit. In this dramatic account of their adventure, Simon and Richard also encapsulate the exciting and violent lives of

the Wild Bunch 100 years ago, and providing an intimate and heartwarming picture of the rancher families who live and work this demanding land today.

African American Trail Riding Clubs have their roots in the Creole culture formed in South Louisiana in the eighteenth century. Today trail rides are an opportunity for generations of people to gather, celebrate, and ride horseback. The riders form a distinctive yet little-known sub-culture in Southwest Louisiana. In addition to sharing an important aspect of Louisiana's cultural heritage, Ariaz's photographs assert a counter-narrative to historic representations of the cowboy and prevailing images of difference and despair in Black America.
