The Wapping Group of Artists

P. Banning 2005 Originally founded in 1946 setting a pattern for the future, in a pub

to record the working life of London's dockland, this artist's society has been hard at work ever since. The members meet weekly between April and September to paint outdoors, in a wide variety of locations and in all weathers. Always true to their Thames-side origins, they work from landlocked Henley right out to east coast harbors such as Maldon. Their exhibitions are a perpetual delight of tideway and riverbank, sunlight and showers, boats and architecture. With over 200 illustrations, a review of sixty years of painting London's river, and personal narratives by the group's current members, including painters recognized nationally and internationally, this book is as delightful as their exhibitions.

Is a Tramp,” “My Funny Valentine,” “Isn’t It Romantic?,” “My Romance,” “There’s a Small Hotel,” “Falling in Love with Love,” “Bewitched, Bothered and Bewildered”—lyricist Lorenz Hart, together with composer Richard Rodgers, wrote some of the most memorable songs ever created. More than half a century after their collaboration ended, Rodgers & Hart songs are indispensable to the repertoire of nightclub singers everywhere. A Ship Without a Sail is the story of the complicated man who was Lorenz Hart. His lyrics spin with brilliance and sophistication, yet at their core is an unmistakable wistfulness. The sweetness of “My Romance” and “Isn’t It Romantic?” is unsurpassed in American song, but Hart’s lyrics could also be cynical, funny, ironic. He brought a unique wit and elegance to popular music. Larry Hart and Richard Rodgers wrote approximately thirty Broadway musicals and dozens of songs for Hollywood films. At least

four of their musicals—On Your Toes, Babes in Arms, The Boys from Syracuse, and Pal Joey—have become classics. But despite their prodigious collaboration, Rodgers and Hart were an odd couple. Rodgers was precise, punctual, heterosexual, handsome, and eager to be accepted by Society. Hart was barely five feet tall, alcoholic, homosexual, and more comfortable in a bar or restaurant than anywhere else. Terrified of solitude, he invariably threw the party and picked up the check. His lyrics are all the more remarkable considering that he never sustained a romantic relationship, living his entire life with his mother, who died only months before he died at age forty-eight. Gary Marmorstein’s revelatory biography includes many of the lyrics that define Hart’s legacy—those clever, touching stanzas that still move us or make us laugh.

strategy using Microsoft's BI stack Microsoft Business Intelligence tools are among the most widely used applications for gathering, providing access to, and analyzing data to enable the enterprise to make sound business decisions. The tools include SharePoint Server, the Office Suite, PerformancePoint Server, and SQL Server, among others. With so much jargon and so many technologies involved, Microsoft Business Intelligence For Dummies provides a much-needed step-by-step explanation of what's involved and how to use this powerful package to improve your business. Microsoft Business Intelligence encompasses a broad collection of tools designed to help business owners and managers direct the enterprise effectively This guide provides an overview of SharePoint, PerformancePoint, the SQL Server suite, Microsoft Office, and the BI development technologies Explains how the various technologies work together to solve functional

problems Translates the buzzwords and shows you how to create your business strategy Examines related technologies including data warehousing, data marts, Online Analytical Processing (OLAP), data mining, reporting, dashboards, and Key Performance Indicators (KPIs) Simplifies this complex package to get you up and running quickly Microsoft Business Intelligence For Dummies demystifies these essential tools for enterprise managers, business analysts, and others who need to get up to speed.

Women art workers and the Arts and Crafts movement Zoë Thomas 2020-05-15 This book constitutes the first comprehensive history of the network of women who worked at the heart of the English Arts and Crafts movement from the 1870s to the 1930s.

Challenging the long-standing assumption that the Arts and Crafts simply revolved around celebrated male designers like William Morris, it instead offers a new social and cultural

account of the movement, which simultaneously reveals the breadth of the imprint of women art workers upon the making of modern society. Thomas provides unprecedented insight into how women navigated authoritative roles as 'art workers' by asserting expertise across a range of interconnected cultures: from the artistic to the professional, intellectual, entrepreneurial and domestic. Through examination of newly discovered institutional archives and private papers, Thomas elucidates the critical importance of the spaces around which women conceptualised alternative creative and professional lifestyles.

Poverty Row Studios, 1929-1940 Michael R. Pitts

2015-09-17 From the beginning of the sound era until the end of the 1930s, independent movie-making thrived. Many of the independent studios were headquartered in a section of Hollywood called "Poverty Row." Here the independents made movies on the cheap, usually at rented facilities where shooting was limited to only a few days. From Allied Pictures Corporation to Willis Kent Production, 55 Poverty Row Studios are given histories in this book. Some of the studios, such as Diversion Pictures and Crescent Pictures, came into existence for the sole purpose of releasing movies by established stars. Others, for example J.D. Kendis, were early exploitation filmmakers under the guise of sex education. The histories include critical commentary on the studio's output and a filmography of all titles released from 1929 through 1940.

Errol Flynn Robert Florczak
2022-01-15 Though there have been myriad books on Errol Flynn - scores of biographies,

film studies, analyses, etc. - there has never been one that unfurls his dashing life day-by-day, predominantly through photos, letters, news clippings, and documents. This book does so: from Flynn's birth in Hobart, Australia in 1909 through to his death in Vancouver, Canada in 1959, with over 1,000 images (many rarely or never before published) culled from Florczak's personal collection of over 11,000. The book is the result of the author's travels around the world to photograph locations key to Flynn's life, and with text gathered from years of research in the Warner Bros. Archives, the USC Cinematic Arts Library, and the Margaret Herrick Library. Among other popular day-by-day pictorial biographies are those of Frank Sinatra, Marilyn Monroe, Judy Garland, Ernest Hemingway, Elvis Presley, The Beatles, and Eric Clapton. Flynn's colorful life was lived out on the world stage and a better candidate for a book of this style would be hard to find.

The Sailing Ships of New England George Francis Dow 1928

Endeavor Robert L. and Fran Williams Smith 2014-03

Endeavor: "...to try to do; to set about; to owe; to be under obligation; to try hard; to exert effort; to make an earnest attempt; to strive." Endeavor begins as a story of five families related by blood, marriage, and a sixth surrogate family by love and friendship. It was the sixth family that raised an important question for the author as to how he defines family. Are they (family) only those who are related by blood, marriage, or are they friendship, legal action, or something broader associated with functions that are similar to what we normally associate with a family? Endeavor is about people, who spent their entire lives striving to achieve something better for their families, themselves, and others without depreciating the value of their work, contribution, or others with

whom they shared many things, not the least of which often was unemployment, and poverty. Only one thing could overwhelm them, fear of losing hope and their belief that things would be better. It was their mantra for living. Often beaten down, they were rarely overwhelmed. You will meet the Smiths, immigrants from central Germany early in the nineteenth century. You also will meet the Dungan's who came to the United States during the great potato famine in Ireland during the mid-1840s. Neither, as they frequently said, "Had a pot to pee in." The mix of these two families, three or four generations later, is responsible for the author's presence in a peculiar form of memoir. A second line of decent explains my wife's presence. Her family came from very old lines in England, specifically Cornwall, Devon, and Wales. Her father immigrated to the United States at the very beginning of the 20th century, and his future wife two years later. The

story begins with the Smiths, peasants living in the Ruhr Valley early in the 19th Century where they labored in the coalmines and on their own small patch of land carved from the dark forest, which was their first step up the ladder of achievement. In those days work was communal, as was most of life's other requirements. The opening chapter is followed by the story of the Dungans, beginning in the early 1850s. They were dirt poor Irish, who traded a potato famine, starvation, and poverty, for a little land, in a new world, Kentucky. Both stories will take the reader to the Great Depression of the 1930's that shaped an American culture for two generations. The third chapter will introduces the Williams, Old, and Goss families, a treasure of Cornish cousins who formed tight family units for many generations, and who generously included my wife and myself to their group when I married into the Williams family. The Lows, our adopted family are introduced in the

A Disney Childhood Cathy Sherman Freeman 2012-01
When you're a part of the Disney Studio family, life is anything but ordinary. Cathy's father was George Sherman, Head of Publications at Walt Disney Studios from the late 1950s to 1974. He was in charge of comic books. When Disney foreign representatives came to town, they would visit this "typical American family," and would be escorted by them to Disneyland. Mr. Sherman died of a rare cancer when only 45, and his daughter now has the same disease. In the

interim, however, Mrs. Sherman bought a sailboat with the intention of sailing to the South Seas. Things did not go as planned. There was a hero involved in their adventure, and Cathy later had a journey of her own to Europe. Nothing, though, could compare to the sweet, wonderful memories of those years as a Disney Studio family.

Island Music: The History Of AIR Studios Montserrat Brian Sallerson 2022-09-28 For 10 years, AIR Studios Montserrat produced many of the biggest hits that defined the 1980s. On September 17, 1989, it all ended in a flash of wind, rain,

and fury. The AIR Studios Montserrat recording studio, owned by Sir George Martin (often referred to as the "Fifth Beatle"), operated from 1979 to 1989 on the small picturesque Caribbean island of Montserrat. Playing host to some of the biggest recording artists of the 1980s, this studio produced many of the hit songs integral to the musical fabric of that decade. The isolated tropical environment of the studio's location on Montserrat created a unique creative environment not found anywhere else in the world. To many of those who worked and recorded there, it is regarded as a very "special place", an experience that left an indelible imprint on their lives. Sadly, the storied history of AIR Studios Montserrat was suddenly cut short when the destructive forces of Hurricane Hugo battered the island in September of 1989. Over 30 years later, the remains of the studio lay in ruin as the island reclaims the land that was once creative fertile ground for artists such as The Police, Dire

Straits, Paul McCartney, Duran Duran, and Elton John. The prolific musical output from AIR Studios Montserrat cemented its place in music history and world culture. The studio's sudden demise at the hands of Hurricane Hugo creates an emotional ending to an important artistic enclave that touched so many people around the world. The story of its creation, operation, and demise needs to be told so it can be appreciated by the millions of music fans whose lives were defined by the music recorded there.

The MGM Effect Steven Bingen 2022-08-15 Metro-Goldwyn-Mayer's emblem, which has opened thousands of movies since 1924, is the most recognized corporate symbol in the world. Not just in the entertainment industry, it should be noted, but of any industry, anywhere, in the history of human civilization. But MGM has been a competitively insignificant force in the motion picture industry for nearly as long as it once, decades ago, dominated

that industry. In fact, the MGM lion now presides not over movies alone, but over thirty world-class resorts, and is, or has been, also a recognized leader in the fields of real estate, theme parks, casinos, golf courses, consumer products, and even airlines, all around the world. But the MGM mystique remains. This book is a look at what made MGM the Mount Rushmore of studios, how it presented itself to the world, and how it influenced everything from set design to merchandising to music and dance, and continues to do so today. *Robinson Crusoe* Van Gool 1995 Classic adventure story of a man marooned on an uninhabited island for 24 years: his struggle to survive, the dramatic encounter with Friday and their eventual escape. 6 new illustrations. Abridged.
