Seven Trails West Arthur King  
Peters 1996 The Lewis and  
Clark expedition blazed the  
way; nearly 65 years later, the  
first transcontinental railroad

joined the "old" United States  
with the West. The intervening  
years had seen a half-million  
people heading west. Peters  
surveys the major migration  
routes: the Santa Fe Trail  
(commercial), the Oregon-  
California Trail (probably the  
best known), the Mormon Trail  
and the communication trails  
(Pony Express, Telegraph,

Railroad). Peters (Cocteau and His Circle) draws on personal experiences of the emigrants, newspaper articles of the period and local history for a colorful account of the westward movement. His stories of the Mormon Trail and Pony Express are especially notable. This handsome book is illustrated with photographs, paintings, maps and documents—a treat for history and Western buffs. 208 illustrations

Boston history since the days of Anne Hutchinson - the colonial freethinker who bravely challenged the authority of ruling Puritan ministers in 1638. Hutchinson's action is only one of more than 200 stories of Boston women told in the newly expanded guidebook from the Boston Women's Heritage Trail. Several maps indicate the sites where these historic women walked, worked, and lived, while photographs and other illustrations help bring these women to life once again. The updated guidebook will take you on seven walks through seven distinctly different Boston neighborhoods. Hutchinson's story is told by her statue on the grounds of the Massachusetts State House, while Rose Fitzgerald Kennedy's is found at the site of her birthplace in the North End. **Deciding on Trails** Amy Camp 2020-12-29 DECIDING ON TRAILS is for every local champion, thought leader, and dreamer who knows that trails can make a difference in their community if only their town would recognize the value of trails. Amy perfectly captures the many reasons communities ought to connect to their trails. Easy to digest, fun to read, and full of inspiration, this book is destined to become a staple in my trail reference library. " -- Mike Passo, Executive Director of American Trails "Deciding

lunch date to Bonner Park, where the body of thirteen-year-old Chanita Lords has been discovered. When Lou and her partner, Colin Taggart, take on the sad task of informing Chanita's mother, Lou is surprised to find herself in the apartment building she grew up in. Chanita was interested in photography and, much like Lou, a girl destined to leave the housing projects behind. Her death fits a chilling pattern of exceptional girls--dancers, artists, honors scholars-gone recently missing in the same school district, the one Lou attended not so long ago. Lou is valiantly trying to make a go of life after her divorce and doing everything she can to avoid her long estranged father. She races to catch a serial killer, but he remains frustratingly out of her reach, sending cryptic cyphers and taunting clues that arrive too late to prevent the next death. This one is personal, and it's only a matter of time before he comes after Lou herself. "Gives voice to a rare figure in crime fiction: a highly complex,
