Murder on the Safari Star: Adventures on Trains #3 M. G. Leonard 2022-02-22 In this third book of the middle-grade Adventures on Trains series by M. G. Leonard and Sam Sedgman, amateur sleuth Hal Beck travels to South Africa with his uncle to a ride a famous train...and stumbles onto a murder mystery! Following his adventure on the California Comet, artist and amateur sleuth Hal Beck is looking forward to another railway journey with Nat, his journalist uncle—this time riding the historic Safari Star through South Africa. Then the already eventful journey becomes even more so when one of their fellow passengers dies on board! Accident . . . or murder? With help from a new friend, Winston (and his mongoose, Chip), Hal is determined to figure out if a murder has really taken place and, if so, who among a long list of suspects is the killer—all before the Safari Star arrives at its final destination.

Safari Pug Laura James 2017-11-02 Meet the brilliant, the wonderful, the courageous ... Safari Pug! The third book in a joyful illustrated series for fans of Claude and Squishy McFluff. When Pug and Lady Miranda have a scary run-in with a lion one night (it might be hiding under the bed), Lady M decides Pug needs to face his fears and go on safari. Pug goes a bit wobbly when he finds out he'll be coming nose to nose with Florence, the rare white lion cub, but he soon realises that lions may not be the most

dangerous thing in the wildlife park ...

[Into the Outdoors](#) Susan Gal 2011-10-11 In Susan Gal's delightful young-concept book, a family travels up a mountain, over a bridge, and under a canopy of trees to reach their campsite in the great outdoors. A forest hike offers more opportunities to showcase words that describe spacial relationships and show young readers where they are in the world. Beside a lake! Next to a waterfall! On top of a mountain! Then after the sun slips behind the hills, they'll snuggle alongside each other and dream sweet dreams inside their tent among the trees. Gal's pictures capture all the beauty of the natural world. And she's included a humorous cast of animal characters on a parallel journey of their own, so the art is full of funny things to spot. This is a gem of a story for parents and teachers to share with their happy campers.

[Popular Science](#) 1976-11 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

**Programming Massively Parallel Processors**

David B. Kirk 2012-12-31 Programming Massively Parallel Processors: A Hands-on Approach, Second Edition, teaches students how to program massively parallel processors. It offers a detailed discussion of various techniques for constructing parallel programs. Case studies are used to demonstrate the development process, which begins with computational thinking and ends with effective and efficient parallel programs. This guide shows both student and professional alike the basic concepts of parallel programming and GPU architecture. Topics of performance, floating-point format, parallel patterns, and dynamic parallelism are covered in depth. This revised edition contains more parallel programming examples, commonly-used libraries such as Thrust, and explanations of the latest tools. It also provides new coverage of CUDA 5.0, improved performance, enhanced development tools, increased hardware support, and more; increased coverage of related technology, OpenCL and new material on algorithm patterns, GPU clusters, host programming, and data parallelism; and two new case studies (on MRI reconstruction and molecular visualization) that explore the latest applications of CUDA and GPUs for scientific research and high-performance computing. This book should be a valuable resource for advanced students, software engineers, programmers, and hardware engineers. *Above the Mountain's Shadow* Sara Safari 2018  
A story of determination, survival, and the indomitable human spirit, *Above the Mountain's Shadow: A Journey of Hope and Adventure* Inspired by the Forgotten is an incredible story of one woman's quest to empower the women of the world, one peak at a time. Growing up in

Iran after the Islamic Revolution, Sara Safari enjoyed very few personal freedoms and little rights under the law, living an existence marked by oppression and limitations. In response to her childhood experiences, Sara was motivated to empower marginalized women everywhere--and what better way to show young girls that they can do anything than to stand on top of the world? This book recounts the exhilarating tale of Sara's climb to the top of Mount Everest, a journey fraught with obstacles and life-threatening peril. From having never climbed a mountain in her life to ascending Everest during a magnitude 7.8 earthquake, Sara's journey is as thrilling as it is inspirational.
