The Oxford Handbook of New Testament,

Gender, and Sexuality Benjamin H. Dunning 2019-10-10 Over several decades, scholarship in New Testament and early Christianity has drawn attention both to the ways in which ancient Mediterranean conceptions of embodiment, sexual difference, and desire were fundamentally different from modern ones and also to important lines of genealogical connection between the past and the present. The result is that the study of "gender" and "sexuality" in early Christianity has become an increasingly complex undertaking. This is a complexity produced not only by the intricacies of conflicting historical data, but also by historicizing approaches that query the very terms of analysis whereby we inquire into these questions in the first place. Yet at the same time, recent work on these topics has produced a rich and nuanced body of scholarly literature that has contributed substantially to our understanding of early Christian history and also proved relevant to ongoing theological and

social debates. The Oxford Handbook of Gender and Sexuality in the New Testament provides a roadmap to this lively scholarly landscape, introducing both students and other scholars to the relevant problems, debates, and issues. Leading scholars in the field offer original contributions by way of synthesis, critical interrogation, and proposals for future questions, hypotheses, and research trajectories.

Effects of Sex-role Upon Other-attributions of Sex and Status John Richard Bolen 1984

Sex Rewarded, Sex Punished Diane Kriger 2011

A masterful intersection of Bible Studies, Gender Studies, and Rabbinic law, Diane Kriger explores the laws pertaining to female slaves in Jewish law. Comparing Biblical strictures with later Rabbinic interpretations as well as contemporary Greco-Roman and Babylonian codes of law, Kriger establishes a framework whereby a woman's sexual identity also indicates her legal status. With sensitivity to the nuances in both ancient laws and ancient languages,

Kruger adds greatly to our understanding of gender, slave status, and the matrilineal principle of descent in the Ancient Near East.

Student magazine 1995 A set of teaching

materials to enhance year 7 to 10 students' understanding about the construction of gender, and in particular, the connected issue of sexual harrassment. It is designed for immediate and flexible classroom use and can be adapted to meet a range of school priorities and varying year levels.

Report of the Task Force on Sex Crimes of the Permanent Commission on the Status of Women Connecticut. Permanent Commission on the Status of Women. Task Force on Sex Crimes 197?

Gender, Sex and Status Gerhard Falk 2019-05-01 Bob Mills analyzes the Democratic Party and the Republican Party over the course of time. He finds both of them seriously flawed, and raises deep questions about the two-party system overall. Presenting a history of our two major political parties, Mills takes a balanced approach - equally critical of each party. In short chapters sprinkled with humor and loaded with historical references, he calls into question the

very fundamentals of America's political infrastructure. This is a book for all those who are frustrated by the ridiculous election campaigns we have to endure and the inadequate options we face at election time. Democracy may be the best system, but only when it works.

Effect of Sex, Status, and Topic of Conversation on Visual Dominance Behavior in Mixed-sex Dyads Holly Nelson 1996

Encyclopedia of Sex and Gender Carol R. Ember 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a

unique reference work for students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status, and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index. *Sex and Behavior* Thomas E. McGill 1978

The Effect of Sex Preference and Women's Status on Fertility Bolaji Fapohunda 1995
Sex & Status Doris Jonas 1975

Language, Cognition and Gender Alan Garnham 2016-08-08 Gender inequality remains an issue of high relevance, and controversy, in society. Previous research shows that language contributes to gender inequality in various ways: Gender-related information is transmitted through formal and semantic features of language, such as the grammatical category of

gender, through gender-related connotations of role names (e.g., manager, secretary), and through customs of denoting social groups with derogatory vs. neutral names. Both as a formal system and as a means of communication, language passively reflects culture-specific social conditions. In active use it can also be used to express and, potentially, perpetuate those conditions. The questions addressed in the contributions to this Frontiers Special Topic include: • how languages shape the cognitive representations of gender • how features of languages correspond with gender equality in different societies • how language contributes to social behaviour towards the sexes • how gender equality can be promoted through strategies for gender-fair language use These questions are explored both developmentally (across the life span from childhood to old age) and in adults. The contributions present work conducted across a wide range of languages, including some studies that make cross-linguistic

comparisons. Among the contributors are both cognitive and social psychologists and linguists, all with an excellent research standing. The studies employ a wide range of empirical methods: from surveys to electro-physiology. The papers in the Special Topic present a wide range of complimentary studies, which will make a substantial contribution to understanding in this important area.

Need for Studies of Sex Discrimination in Public Schools Citizens' Advisory Council on the Status of Women (U.S.) 1972

The V-Chip, Ratings and Sex & Violence on Cable. A Status Report Christoph Koch
2007-08-27 Seminar paper from the year 1999 in the subject Communications - Movies and Television, grade: 1- (A-), Ohio University (School of Telecommunication), course: Cable Communication, 22 entries in the bibliography, language: English, abstract: In last Thursday's edition of USA Today concerned parents had no doubt about what was responsible for the High

School shootings in Colorado. 49% agreed that TV, movies and music "have a great deal of blame" for the shootings (topped only by 'availability of guns' and 'parents') and 52% spoke out for "more restrictions on TV and movie violence" (USA Today 1999, p. 3A). Violence on television has been an issue for a very long time. This has different reasons: First, children (who seem to be the center of the debate most of the times) are a society's most precious good. Threatening the well-being of their children is probably the worst thing you can do to people. That's why at all times adults were afraid their children could get harmed by whatever media they were exposed to - be it comic books, early movie theaters, rock music or television. I don't want to go into great detail and talk much about research on media effects, but I think it is simplistic and dangerous to assume a direct causality between violence portrayed on television and violent behavior in real life. But tragic incidents like the shooting in Colorado

last week will give a boil-up to the discussion of stronger control over violent TV programming and effective measures that can be taken to prevent children from consuming this violence. This paper deals with the technology of the so-called V-Chip and the fairly new television ratings system that were made mandatory by the Telecommunications Act of 1996. The advantages and disadvantages of these appliances will be discussed as well as cable's special role in this significant issue.

Metaphors of Masculinity Stanley Brandes 1980-06 In the Andalusian communities throughout the olive-growing region of southeastern Spain men show themselves to be primarily concerned with two problems of identity: their place in the social hierarchy, and the maintenance of their masculinity in the context of their culture. In this study of projective behavior as found in the folklore of an Andalusian town, Stanley Brandes is careful to support psychological interpretations with

ethnographic evidence. His emphasis on male folklore provides a timely complement to current research on women.

[A Positive Aspect of Sex and Social Status](#) Ozzie Horace McDonald 1976

Darwin, Sex, and Status Jerome H. Barkow

Gender, Sex and Status Gerhard Falk 2019

"Prof. Falk discusses recent evolutions in American society, providing hard data to help readers assess the issues objectively. He examines how young people are being led astray by today's attitudes toward sex, rampant alcohol and drug use, and a focus on rights and privileges"--

Marital Status, Sex Status, and Mental Well Being Severine Jane Brocki 1979

Wannabes, Goths, and Christians Amy C. Wilkins 2008-11-15 On college campuses and in high school halls, being white means being boring. Since whiteness is the mainstream, white kids lack a cultural identity that's exotic or worth flaunting. To remedy this, countless white youths

across the country are now joining more outré subcultures like the Black- and Puerto Rican-dominated hip-hop scene, the glamorously morose goth community, or an evangelical Christian organization whose members reject campus partying. Amy C. Wilkins's intimate ethnography of these three subcultures reveals a complex tug-of-war between the demands of race, class, and gender in which transgressing in one realm often means conforming to expectations in another. Subcultures help young people, especially women, navigate these connecting territories by offering them different sexual strategies: wannabes cross racial lines, goths break taboos by becoming involved with multiple partners, and Christians forego romance to develop their bond with God. Avoiding sanctimonious hysteria over youth gone astray, Wilkins meets these kids on their own terms, and the result is a perceptive and provocative portrait of the structure of young lives.

Status and Sex Role Orientations Among Women Ming-yeh Wu 1984

Sexual Health: A Public Health Perspective

Wellings, Kaye 2012-10-01 This timely book introduces social aspects of the study of sexual health and their application to public health practice. The book addresses five key themes: Conceptual and theoretical aspects of sexual health, Sexual health outcomes of risk and vulnerability, Improving sexual health status and Measuring and assessing sexual health status. The authors consider each of these themes within their cultural and historical context and illustrate topics with international examples and case studies.
