This book is perfect for riders wanting to travel on horseback to exotic countries around the world.

Riding Lessons Sara Gruen 2009-10-13 As a world-class equestrian and Olympic contender, Annemarie Zimmer lived for the thrill of flight atop a strong, graceful animal. Then, at eighteen, a tragic accident destroyed her riding career and Harry, the beautiful horse she cherished. Now, twenty years later, Annemarie is coming home to her dying father's New Hampshire horse farm. Jobless and abandoned, she is bringing her troubled teenage daughter to this place of pain and memory, where ghosts of an unresolved youth still haunt the fields and stables—and where hope lives in the eyes of the handsome, gentle veterinarian Annemarie loved as a girl . . . and in the seductive allure of a trainer with a magic touch. But everything will change yet again with one glimpse of a white striped gelding startlingly similar to the one Annemarie lost in another lifetime. And an obsession is born that could shatter her fragile world.

The Wind in My Mane Nancy Reed 2015-02-09

Nancy "Morgan" Reed has been riding horses most of her life. In this second horse book, she tells the narratives of her many ride stories from her competition in the Not-For-Profit ride Organization for endurance riding and mountain trails preservation, the AERC, The American Endurance Ride Conference. Over a decade of rides are chronicled here to provide fun and fascinating reading for anyone interested in Endurance riding, horses, and sports in general. The ups and downs, the trials, and frustrations, and the rewards of a difficult but satisfying pursuit. Her horses are home-bred and trained by herself, and she even does her own horse shoeing! Come ride along with her into the Sierra Nevada Mountain Range in Eastern California and the tough rocky outback of the State of Nevada bad-lands. "The Wind in my Mane" is sure to become a classic for horse lovers and sports lovers of all creeds and ages. Introduction I love horses, and riding; I always have, since my first memories. And I still feel

reborn each time I get on a horse. And I love the wilderness. And yes, I love going fast. So, it was with great joy when I discovered many years ago that Endurance riding combined these favorite things of mine. I don't in fact like getting up early in the morning. But on ride morning I am OK with it. The experience of seeing the new day's sun rising over a new vista is something I cherish. Did you know that all the horses whinny at first light? They also whinny just as the sun goes down too. Learning this while camped out with my horse was worth it all. Long distance trail riding has always been my favorite thing. Doing it with a large group of people brought it all together for me. Endurance riding can be fun, fast and competitive. But when I get on a horse in the early morning hours to head off on a days endurance ride, I know I've done all this work for something so much more intriguing to me and much less tangible. Something difficult to pin down. But a story can say so much. And the stories that follow I hope to convey the depth of

my experiences. Wilderness endurance riding really has been a journey to the heart. To my own heart, to a much deeper understanding myself. And into the heart of my horse, developing a deeper relationship with my horses I never thought possible. And into the heart of an unknown wilderness, which I hope to capture in story and pictures I've taken on the trail. I mean, lets face it, ride camp is usually in the middle of nowhere. Then from there, we head out even further. Often times we are riding in pristine areas of wilderness, sometimes where no human has even stepped in perhaps a hundred years. The outback of Nevada, in mountains called the Dogs Skins, with the snow blowing horizontal over my horse's ears. Or in the Sierra Nevada Mountains of California, in a desolate place on the river called Murderer's Bar. Not many people go there. Who would want to? I mean, there's really nothing there. But to ride a horse through, traveling through country on trails that were established by Indians,

pioneers and outlaws, now that gives me goose bumps. And horses can often travel country and terrain humans find too difficult, or just too plain remote to go. Twenty five miles out in the high desert from no where, turning between two black rock mountains heading deeper into nowhere, and my horse decides to turn left, not right where the ribbons are, when he knows for sure that is the way home, will remain forever memories for you. These stories are of my adventures on endurance rides. I don't want to talk about statistics, or gear, or the human politics too much. I want to take you on a journey to the heart, the heart of a rider, and heart of a horse, into the heart of new territory on the AERC Endurance rides I have traveled. So welcome to my ride camp!

Mountain Bike Like a Champion Ned Overend
1999-08-27 Master the techniques of America's greatest rider with Mountain Bike Like a Champion. * Glide over rocks, logs, and ledges * Attack steep climbs and rapid descents * Carve

through curves and turns * Train smart, then ride to win Improve your performance with these tips, techniques, and off-road tales from mountain biking legend Ned Overend. "At the 1990 world championships in Durango, Colorado, Thomas Frischknecht and I were locked in a dogfight.... At the start of the fourth and final lap was a pitch of rocky, loose trail that went straight up the face of a ski run.... My Swiss rival had been dismounting and running this climb while I stayed on my bike. On previous laps, I'd opened a little gap, so I knew this would be my chance. I attacked when Thomas got off again. He never caught me.... To ride that steep trail, I had to use five climbing techniques. There's no reason why you can't make them part of your arsenal, too."

Stories from the Barn Aisle Sarah Hickner
2021-05-19 A girl's obsession with all things horses carried her on some epic adventures and landed her in precarious situations. When her first horse came with the same name as the hero

of her favorite book, *Misty of Chincoteague*, it seemed like a match made in heaven. However, it didn't take long for Sarah to learn that there is no such thing as a good fairy tale without a little trouble. It turns out that horses cause a lot of trouble. From first rides and crashes to making road-trip errors and staring at the belly of a horse that's gone into full-on Black Stallion mode, follow Sarah on her wild adventures from the safety of your own home ? or wherever you are reading.

[Why We Ride](#) Verna Dreisbach 2010-04-27
Women and their horses — a symbiotic relationship based on trust, camaraderie, friendship, and love. In *Why We Ride*, Verna Dreisbach collects the stories of women who ride, sharing their personal emotions and accounts of the most important animals in their lives. This collection of stories includes the heartfelt thoughts of a range of women — those who rode as children, those who spent their girlhood years dreaming of owning a pony, and

those who have made a lifelong hobby or career out of riding. Each story reveals how horses have made an impact in the lives of these women. With a foreword by best-selling novelist Jane Smiley, *Why We Ride* offers a reflective view on the relationships between women and horses.

Bold Riders John Micklos, Jr. 2015-08 "Examines the history of the Pony Express, including why it formed, the dangers riders faced, and why its legend lives on today"--

Ring-Riding Henry W. Struss 2018-03-22 Excerpt from *Ring-Riding: Being a Collection of Movements and Commands, Designed for the Use of Riding-Schools and Riding-Clubs* Being a member of the Riding Committee of the New York riding-club, and finding that it would be a great convenience and advantage to have some work on Ring riding as a reference and guide for the use of the club in general, and the committee and riding-master in particular, I tried to find such a book; but, although there are quite a

number of publications on the subject of horseback-riding and horse-training, I could not find anything of the kind desired. It then occurred to me that I might fill the void, and I have tried to do so to the best of my ability. I hope the result of my efforts will prove of benefit to fellow-riders, and especially to clubs and classes organized for improvement in ring-riding. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. state of such historical works.

Riding Lessons (An Ellen & Ned Book) Jane Smiley 2018-03-06 The first book in a new horse trilogy from Pulitzer Prize winner Jane Smiley starring a feisty young rider. Eleven-year-old Ellen is a spunky—and occasionally misbehaving—young riding student. Her teacher Abby Lovitt (who readers might recognize from *The Georges and the Jewels*) is a high school student who introduces her to jumping, dressage techniques, and most importantly, Ned. Ned is a colt who used to be a racehorse, until he hurt his leg and moved to Abby's ranch. Ellen and Ned seem to understand each other, and their companionship is immediate. But Ellen is only allowed to go to riding lessons when she behaves at school. And with all that's going on, from learning that she's adopted to finding out her parents are adopting a new baby, it's harder than ever for Ellen to pay attention and behave in class and at home. Will Ellen be able to spend more time on the ranch with Ned? And will her

parents ever let her have a horse of her own?

What I'd Teach Your Horse Keith Hosman 2012-08-03 If you broke your horse to saddle and rode it for the first time yesterday, this book (chapter 1) is where you'd start tomorrow. If you have an older horse and you've taught him everything you know and he still don't know nothin', this book is where you'd start, (chapter 2). It's a roadmap to building the foundation every horse needs, regardless of age, breed or background, regardless of what you've got ultimately planned for that horse. Afterwards, when your horse knows this book back to front, go train for barrels, roping, eventing, jumping or dressage. But today, basics are basics. Section I is the stuff your horse needs to know. Section II is the stuff (the theory) you need to know. Practice the first handful of chapters in order, as written. Beyond that, you should feel free to mix and match depending on your needs or abilities. Some chapters are dependent upon others - but in those cases, I've spelled out necessary

prerequisites. Question: "I just bought a horse. What do I do now?" Answer: "Buy my book, 'What I'd Teach Your Horse.'" Contents: SECTION I, BASICALLY TRAINING YOUR HORSE - Legs Mean Move (Step 1 if This Is "Day 2" for Your Young Horse) - Hip Control, Part I - Hip Control, Part II - Classic Serpentine - Train Your Horse to Travel Straight - Clockwork: How to Teach Anything to Your Horse - Shoulder Control - The Reverse Arc Circle - How to Fix Leaning Shoulders - Serpentine: Indirect to Direct - Speed Control - Slow Down, Part I: Move the Hip - Slow Down, Part II: Wherein We Train the Brain - Balking Horses: Comatose One Minute, Hot to Trot the Next - Crossing Creeks and Scary Stuff - Teach Your Horse to Lower Its Head While Standing - Better Back Ups - Simple Steps to Power Steering - Diagonal Movement ("Leg Yields Without the Legs") - Softening - Getting Leads - A Fix for Cross-Firing (aka "Cross-Cantering") - Hips, Get Behind the Shoulders (And Stay Put) - Hips-in (aka

"Haunches-in" or "Travers") - Neck Reining How-To SECTION II, TEACHING YOU, THE THEORY BEHIND THE PRACTICE - The First Thing I Do - Each Time You Mount Up, Do This - How to Pick Up Your Reins Like a Pro - Training Magic: Release on the Thought - What You're Feeling For - Reins Tell Direction, Legs Tell Speed - Talking Horse - See Yourself Leading When Riding - Perfect the First Time - Six Easy Ways to Improve Your Training - Rider Checklists - Diagnosing Problems Books by This Author Meet the Author: Keith Hosman "If I had a dollar for every email I get asking "what to do" to make a riding horse out of the mare Uncle Emo just traded for the old RV—or how to retrain a horse that's grown rusty—or some version on either theme, I'd be the world's first gazillionaire. With the publication of this book then, I'm hoping to grab that distinction."

[The Wind In My Mane](#) Nm Reed 2023-05-31 NM Reed has been riding horses most of her life. In this second horse book, she tells the narratives

of her many ride stories. Over a decade of rides are chronicled here to provide fun and fascinating reading for anyone interested in Endurance riding, horses, and sports in general. I want to take you on a journey to the heart, the heart of a rider, and heart of a horse, into the heart of new territory on the AERC Endurance rides I have traveled. So welcome to my ride camp!

The Riding Doctor Beth Glosten 2015-01-01
After leaving horses behind for many years to pursue her medical career, Dr. Beth Glosten decided it was time to ride again only to discover that, as a middle-aged woman, she struggled with tension, awkwardness, and an aching back. Dr. Glosten's own frustration with riding prompted her to apply her clinical research skills to figure out what it would take to not only create the harmonious picture of horse and rider moving together, but also feel good while doing

it. In this book, Dr. Glosten shows others how best to improve their posture and position in order to prevent unnecessary physical degeneration, ensuring they can ride, and ride well, for many years to come. Readers will find basic rider anatomy that is easy to understand, as well as over 50 step-by-step exercises geared toward developing riding skills. Plus, Dr. Glosten has developed a systematic “Rider Checklist” to help you keep track of your position and function in the saddle. Throughout, case studies share rider stories that illustrate the kinds of physical challenges experienced in the saddle in midlife, and how they can be met with proactive, pain-free solutions. The result is a remarkably valuable book.

Riding the Dragon Robert J. Wicks 2022-10-28
“Riding the Dragon gives the reader the chance to look for the lessons that are often hidden in our sorrows.”—Goodreads reviewer Twenty years and 70,000 copies after it was first released, *Riding the Dragon*—by popular author,

speaker, and psychologist Robert J. Wicks—continues to help thousands each year to confront the “dragons” of stress, discouragement, burnout, and unexpected change that everyone struggles with in their daily lives. Instead of pretending these difficulties don’t exist or trying to remove them entirely, Wicks offers ten lessons to help us face them, overcome them, and grow from them. These simple yet profound lessons draw on the wisdom of Eastern and Western spiritual traditions as well as Wicks’s experience as a psychologist, and include pairing clarity with kindness, seeking perspective daily, and building a barrier of simplicity. *Riding the Dragon* is a concise, compassionate, and knowledgeable guide for anyone experiencing or supporting someone facing personal or professional challenges. This twentieth anniversary edition features a new preface from the author, highlighting how *Riding the Dragon* is, perhaps now more than ever, an indispensable spiritual

and psychological companion for all of us who are yearning for our lives to be transformed.

Riding for the Brand Louis L'Amour 2011

"This Circle V western is published by Center Point Large Print in 2011 in co-operation with Golden West Literary Agency"--T.p. verso.

The Horse is My Teacher Van Hargis 2022-11-22

Stories from a rural working life that teach us how to be better horsemen—and better people. Van Hargis grew up in the saddle on an East Texas ranch, training his first horse at age 12 and eventually making a living starting cutting and reining colts, many of which would leave his hands to become champions. Naturally outgoing (labeled a “talker” by teachers in grade school), Hargis shared stories and lessons from his work with horses early on. Here, in his first book, he reaches out to readers with a collection of down-to-earth, highly relatable tales—experiences that, over the years, have impacted his own horsemanship and life in significant ways. Readers absorb fundamental knowledge of

horses skillfully embedded in genuine anecdotes straight off the ranch: How Grandma's cross-stitch laid the groundwork for more patience when starting colts and trailer loading. How a daughter's temper tantrum helped perfect timing of the release of pressure. How the way Mom worked the gate when sorting cattle taught you to look for what the horse really wanted to achieve. How playing on championship football teams provided the understanding of true partnership between rider and horse. With easy-to-remember quotes to anchor what readers learn and practical tools that can be used in the arena or on the trail, by Western or English riders, *The Horse Is My Teacher* imparts the principles of great horsemanship while also inspiring each of us to apply those same principles to further our own personal growth and success.

Go the Distance Nancy S. Loving 2006-01-11
This information-packed international bestseller should be on every endurance and competitive

trail rider's shelf. To spend hour after hour on the back of a horse is a dream come true for many riders. To ride for miles--25, 50, or even 100--on a fit horse, is an extremely satisfying experience, whether done in competition or just for pleasure. This thrill does not come easily however; it requires immense dedication from the rider and a lot of hard work from the horse. No other equestrian sports demand such a continuous training effort as do endurance and competitive distance riding. To reach the highest level of the sports--competing in a 100-mile ride--requires years of careful conditioning. Even a 25-mile ride demands close attention to every nuance of a horse's being--during the many miles of work beforehand and during the competition itself. It is the horse's welfare that must come above all else.

Methodical Dressage of the Riding Horse and Dressage of the Outdoor Horse Francois Faverot de Kerbrech 2010-10-26 Faverot de Kerbrech's 'Methodical Dressage of the Saddle Horse' is

considered the 'Bible of Baucherism'. Together with it, in 'Dressage of the Outdoor Horse' General de Lagarenne gives us the teaching of Faverot de Kerbrech. Both excellently translated by Michael L. M. Fletcher. FREE DOMESTIC MEDIA MAIL SHIPPING Francois Faverot de Kerbrech's (1837 1905) first riding master was his father, General Baron Faverot, student of Chevalier D'Abzac. At Saint Cyr, his teachers were students of the Count d'Aure. Faverot completed his studies by following Francois Baucher. Faverot became one of Baucher's favorite students. A horseman of great repute, he remained the loyal successor to the work of Francois Baucher. The Master Francois Baucher brought numerous modifications to his first method of dressage. His best student, Faverot de Kerbrech gives us the definitive description and explanation of Baucher's second manner in his work: *Methodical Dressage of the Saddle Horse* from the Last Teaching of Baucher, recalled by one of his students (1891). Published

twenty years after the death of Baucher, this work is the result of a quest to bring French equitation out of its academic approach; enriched by the experience of Baucher's most illustrious student. It is widely considered the best representation Baucher's second method. In *Dressage of the Outdoor Horse*, General de Lagarenne gives us the last teaching of Faverot de Kerbrech. This work consists of a simplified progression of the second manner of Baucher with regard to the preparation of a horse for outdoor riding.

Stories From The Saddle Samantha Miles
2011-09-01 Extraordinary stories of courage and determination, trials and triumphs, from Australia's legendary equestrian riders in dressage, three-day eventing and showjumping. Like all sport, equestrian has its highs and lows, its wins and losses, its achievements and disappointments. But, as author and long time rider Samantha Miles notes, it has one factor which sets it apart - the horse. Sometimes

partner, sometimes opponent, the horse's mindset presents major challenges for even veteran riders. Imagine Lance Armstrong trying to win the tour de France on a bike that suddenly developed a mind of its own, and you come close to the situation that riders face on a daily basis. In this entertaining and informative book, Samantha Miles delves behind the stories of Australia's leading and legendary equestrian riders in dressage, show jumping and events, drawing out their most memorable and intense experiences - the good, the bad and the times when they just plain embarrassed themselves. This behind-the-scenes look at what it took for each rider to achieve their goals is an insight not only for people interested in horses but for anybody who has taken up an endeavour with passion, overcome obstacles and dreamed of being the best. Riders featured include: Laurie Lever, Heath Ryan, Vicki Roycroft, Wendy Schaeffer, Brett Parbery, Rachael Sanna

My Horses, My Teachers Alois Podhajsky
 2021-08-01 This classic memoir by the former director of the renowned Spanish Riding School explores the age-old relationship between horse and rider. Timeless, inspiring, and full of valuable advice. A book every rider should read.

Saddle Club Stories Amy Schmidt 2017-12-10

The Horses Who Taught Me to Ride Christine A. Wolfe 2021-09-14 Memoir of my journey from beginner to experienced rider in Europe and the USA. Describes most of the places I rode in and the opportunities and challenges I faced from 1961 to the present.

Riding Freedom Pam Munoz Ryan 2013-10-29 A reissue of Pam Munoz Ryan's bestselling backlist with a distinctive new author treatment. In this fast-paced, courageous, and inspiring story, readers adventure with Charlotte Parkhurst as she first finds work as a stable hand, becomes a famous stage-coach driver (performing brave feats and outwitting bandits), finds love as a woman but later resumes her

identity as a man after the loss of a baby and the tragic death of her husband, and ultimately settles out west on the farm she'd dreamed of having since childhood. It wasn't until after her death that anyone discovered she was a woman.

The Gentle Art of Horseback Riding Gincy Self Bucklin 2013-03-20 Horseback riding is one of the world's most popular activities. Much has been written about the various styles, techniques, and competitive events in the sport. But all too often resources, authors, and even instructors neglect the most important and unique aspect of riding: the relationship between rider and horse. In *The Gentle Art of Horseback Riding*, Gincy Self Bucklin shares her horse-friendly approach for developing comfortable, competent riders. Its step-by-step lesson format makes it an excellent resource for those who teach riding to others. Whether you are just beginning or have ridden before, Bucklin's methods can improve your skills and make you a better, more confident rider. Inside

The Gentle Art of Horseback Riding, you'll learn that the key to success at every level is understanding your horse and how to relate to him physically, mentally, and emotionally. This will help you advance more quickly, feel more confident, and have more fun. You'll also discover much, much more: • The seven steps for dealing with fear-related stress • Interpreting your horse's behavior and body language • Saddling up, riding in half-seat positions, and using the reins • Basic movements, including walk, trot, canter, turns, and transitions • More advanced trotting, cantering, galloping, hill work, and fence jumping skills Whether you have a serious or casual interest in the sport as a whole or just one of its many disciplines, The Gentle Art of Horseback Riding is a must-read. Insightful and fascinating, it will enhance the riding experience for you and your horse.

Riding My Dreams Pat Fogarty 2023-06-09

These are the true stories, memories, and

reflections of a boy growing up in a small farming town in Southwest Arizona. It is about how the author, as a young boy, found life and how to deal with it through his love for horses. It's about a place of heat and relentless sunshine, where shade and water were the best things one could find. Yuma was the town and is the place where restaurants will give you a free meal any day the Sun doesn't shine. It's the story of how a boy grew into a man's world quickly. Horses, as this boy came to know them, were born and bred for sport, and his calling as a Bronc Rider was heard early in his youth. Not growing up on a farm or around livestock didn't diminish the drive this boy found in rodeo sports and in particular Saddle Bronc Riding. From grade school throughout his high school years, the adventures he shared with his brother are the stories to be told in his time with horses. The ups and downs, the happiness and the pain were what led this boy to seek out his own worth in a man's world. These are those stories.

The World's Finest Mystery and Crime Stories: 5
 Ed Gorman 2004-10-01 Editors Ed Gorman and Martin H. Greenberg have scoured the world to present the biggest and most consistently entertaining collection of crime and suspense stories from across the globe. Their first-rate picks are a diverse and exciting mix of stories by big names, award winners, and fresh voices. The anthology will have the year's Edgar Award - winning stories, Silver Dagger Award-winning stories from the U.K., and spine-tingling tales from writers who might soon win those awards themselves. This volume is a feast of more than thirty gripping tales from bestselling authors, including Doug Allyn, Jeff Abbott, Marion Arnott, Rhys Bowen, Liza Cody, Shelley Costa, Mat Coward, Judith Cutler, Catherine Dain, Carol Anne Davis, Brendan DuBois, Elizabeth Foxwell, David Edgerly Gates, Jeremiah Healy, Edward D. Hoch, Clark Howard, Robert Levinson, Dick Lochte, John Lutz, Antony Mann, Sharyn McCrumb, Joyce Carol Oates, Chris Rippen,

Peter Robinson, Kristine Kathryn Rusch, and Marcia Talley. This is the anthology of choice for every fan of suspense fiction whether they love cozies, hardboiled, or any shade in between. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Schooling and Riding the Sport Horse Paul D. Cronin 2004 The director of the riding program at Sweet Briar College for more than 30 years, Cronin is a well-known and highly respected trainer and riding instructor. Here he presents a clear and practical guide to getting the most out of a horse in a humane and sensitive way.

Horses That Saved Lives Cheryl Reed-Dudley 2009-09-01 There is no denying that the emotional bond between horses and the humans who love them can reach mystical proportions,

and nowhere is that relationship more evident than in these twenty-four true-life accounts of horses rescuing people. Many of the stories recount incidents where death or physical injury was imminent and only because a horse intervened are the narrators alive to tell the tale. Other chapters describe that other plane of salvation where contact with a horse through ownership, employment, or a variety of therapeutic programs has restored mental health, peace of mind, and self-esteem. Narrators include a seventeen-year-old Apache youth whom a horse-rescue project retrieved from drug abuse; a mother whose young son was about to be dragged to his death before the horse recognized the child's plight; a Vietnam veteran with post-traumatic stress disorder whose work with horses keeps him on an even keel; and the owner of a Miniature Horse that serves as a "seeing eye" guide animal. As varied as the stories are, all share the same conclusion: "My horse saved my life."

The Ghost Horse Joe Layden 2013-05-07 An uplifting account of the relationship between a jaded widower journeyman and the one-eyed, club-footed thoroughbred he rehabilitated traces the trainer's efforts to purchase and heal a horse whose characteristics strangely fulfilled his late wife's promise to return to him.

THE ENTIRE ORIGINAL MAUPASSANT SHORT STORIES GUY DE MAUPASSANT 2021-01-01
 THE ENTIRE ORIGINAL MAUPASSANT SHORT STORIES "I entered literary life as a meteor, and I shall leave it like a thunderbolt." These words of Maupassant to Jose Maria de Heredia on the occasion of a memorable meeting are, in spite of their morbid solemnity, not an inexact summing up of the brief career during which, for ten years, the writer, by turns undaunted and sorrowful, with the fertility of a master hand-produced poetry, novels, romances and travels, only to sink prematurely into the abyss of madness and death. . . . This book contains all thirteen volumes of his original short stories.

THE ENTIRE ORIGINAL MAUPASSANT SHORT STORIES Over the course of his career, French writer Guy de Maupassant made a number of important contributions to the then-emergent genre of short stories. Today, critics regard him as one of the most accomplished virtuosos of short fiction. This comprehensive collection of Maupassant's short works showcases the writer's unique talents, which include an unvarnished, straightforward style and a mastery of narrative structure. THE ENTIRE ORIGINAL MAUPASSANT SHORT STORIES

Ride / Write Book2 Reg Kittrelle 2022-06-10 A collection of motorcycle stories written by riders

Riding Logic Wilhelm Museler 2021-04-01 Out of print for more than 20 years, this classic book on equitation introduces and explains the art of riding. Updated with all new color photography of contemporary riders and horses, it includes details on training the rider, schooling the horse, cross-country riding, dressage exercises, and

jumping techniques. It expertly provides a wealth of practical knowledge and experience and concisely lays down rules and guidelines that are as applicable today as when the book was written more than 70 years ago. Beginners and experts alike will find the instructions easy to follow and will benefit from the essential theoretical background provided here but so often overlooked in modern riding.

La Posada and Other Stories Robert Miskimon 2001-03-28 A collection of stories that includes the novella-length *La Posada*, the story of a group of Mexican-American farmworkers in the Salinas Valley of California who defy their corporate bosses to form a union and create their own farming cooperative. Other stories deal with the pain of adolescent love, rural eccentrics of the South and the death of a loved one.

Riding the Tiger Eve Bunting 2001-03-19 Esteemed author Eve Bunting brings all her insight, empathy, and storytelling skill to this

powerful allegorical tale, set in the streets of an unnamed city and illustrated with striking woodcuts. Danny, new to town, is proud when a glittery-eyed tiger invites him for a ride. He climbs up onto the tiger's massive back, and together they cruise the neighborhood. Everyone gives them respect—shopkeepers and passersby, even other kids. Danny feels powerful and much older than ten. Soon, though, he realizes it isn't respect people feel for him and the tiger—it's fear. And when he decides to get down off the tiger's back, he discovers it's a lot harder than climbing on. Whether the tiger is interpreted to represent gangs, drugs, or something else altogether, this poetically told, dramatically illustrated book is sure to provoke discussions about temptation, peer pressure, and conformity.

The Riding Club Crime Carolyn Keene
2013-06-25 This summer, nothing's safe at Green Spring—not even the camp itself... Elsa, a friend of Nancy and George's and a counselor at

Green Spring Pony Club's summer camp, invites the girls for a ride one afternoon. Along the way, Elsa gushes about how a team of campers will compete in a regional pony club rally. If they win, they'll go to the national competition! But Elsa's excitement quickly fades when Nancy's horse falls into a ditch, and it's clearly a case of sabotage. This prompts Elsa to tell Nancy about some sinister happenings on the camp's grounds. Is someone trying to hurt the campers—or the camp? Disguised as a counselor, Nancy tries to figure out who's behind the vicious accidents. And as they become more devastating, Nancy realizes she needs to move quickly. Will her sleuthing skills be enough to keep this camp's horses and their riders on track?

The Big Book Of Travelling By Horse Isaias Welford 2021-01-29 In this Horse Travel Book you will find: - Stables Listings of Horse-Riding Tour Operators in the USA and Worldwide - Information and travel tips for a variety of

countries including sights to see highlights not to miss and much more - Resources to plan your ideal horse-riding vacation based on your budget, riding level/discipline, time of year, terrain, accommodation, and weather preferences - - 70+ Job Ideas on how to work internationally with horses - Tips and tools on how you can work abroad with horses as a volunteer or as a paid position and career And much, much more! Proficient Motorcycling David L. Hough
2010-11-09 This best-selling book is also “#1 book in motorcycle safety” (Nielsen BookScan) and essential reading for all motorcyclists

regardless of their years of experience. Author David L. Hough, a revered motorcycle author, columnist, and riding-safety consultant, lays out a clear course for all riders who want to sharpen their handling skills and improve their rides. This second edition, expanded and now in full color, offers new riders and road warriors the exact kind of advice they need to be prepared for anything when on the road, how to avoid accidents, and how to handle the unexpected. Hough, who began motorcycling in the 1960s, tackles every imaginable topic—from the mechanics of the bike, selection of the right-sized bike, and basic riding skills to night riding, group outings, and advanced survival tactics. In the chapter called “Motorcycle Dynamics,” Hough spells out the equipment needed and basic skills required to control a bike, and specifically keeping the rider’s safety and ability to avoid potentially injurious or fatal crashes. The author is outspoken and direct when it comes to safety, and he emphasizes the

importance of the rider's braking abilities and spells out how to improve them. The chapter offers six tried-and-true techniques for quick-stop tactics, critical for every rider to understand and master. He also addresses other vital skills that riders need to evaluate and improve, such as turning, maintaining balance and stability, and steering. He defines, compares, and analyzes the ins and outs of steering and control: direct steering, countersteering, push steering, out-tracking, coning, u-turns, and directional control. The chapter called "Cornering Habits" is a virtual master class in acceleration, deceleration, use of weight, throttle, leaning, and handling challenging terrain. Hough's skill as a photographer and illustrator adds a graphic element to his books that leads to immediate understanding of the concepts he explains. The detail offered in each section of the book can only come from decades on the road, and the author is the consummate instructor, assigning

homework to the readers in the form of exercises to practice and improve specific techniques that he outlines and illustrates in the text. Any rider who would venture out on the road without David Hough's voice in his head takes an unnecessary risk with his own life. Proficient Motorcycling takes riders from long, snaking country roads right into the traffic of the big city, and Hough offers the best advice for riders dealing with the most challenging conditions, whether it's road construction, snap-jawed intersections, skateboarders, or suddenly slippery road surfaces. A critical section of the book offers riders advice on how to deal with automobiles, including aggressive car drivers, oblivious SUV drivers, or "blind" truck drivers. The book offers the kind of first-hand experience that can literally save riders' lives, as illustrated in the chapters "Booby Traps" and "Special Situations," which offer evasive tactics and advice to avoid and handle everything from slick surfaces, curbs, and construction plates to

ferocious dogs, hazardous wildlife, and difficult weather conditions. The final chapter of the book, "Sharing the Ride," is geared toward experienced riders who travel together in groups or who travel with a second passenger on the bike. Topics covered are formation, packing for trips, communication between riders, sidecars, trikes, and more. The book concludes with a resources section of organizations, training schools, educational tools, and websites; a glossary of 80+ terms; and a complete index.

The Basics of Western Riding Charlene Strickland 2012-11-12 Get in the saddle and experience the thrills, challenges, and fun of Western riding! In this comprehensive introductory guide, veteran trainer Charlene Strickland covers everything from safe horse handling procedures and basic Western riding techniques to stylish competition outfits. With plenty of encouragement and a contagious passion, Strickland provides easy-to-follow riding instructions along with expert advice on

evaluating horses and appropriate tack. You'll soon be enjoying pleasurable rides both in the training ring and out on the trail.

Moonlight Riders Linda Chapman 2022-09 Harness the power of the elements with the Moonlight Riders! A brand-new series for young readers from bestselling author Linda Chapman, author of MY SECRET UNICORN and UNICORN ACADEMY. Could you be a True Rider? When a huge storm damages the stables, Jill is worried that she'll have to close down the Moonlight Stables Riding School - permanently! Amara and the other True Riders are determined to not let that happen, and with the help of their elemental horses they set about to raise the money needed to repair the school. But on the night before their big fundraiser, Ivy storms the stables on her elemental horse and ruins all their hard work. The gang have only hours to fix the damage before their open day begins. What's worse is Rose is sick from using her earth magic to repair the stables. Can the friends find the

magical flower they need to heal her and still make the fundraiser in time? The future of Moonlight Stables is in their hands! Don't miss the other Moonlight Riders stories! Fire Horse Storm Stallion Sea Foal

Fit to Ride in 9 Weeks! Heather Sansom 2016-09-01 Regardless of discipline, level of expertise, training philosophy, body shape, or fitness level, all riders do better—in horse-related activities on the ground and in the saddle—when they take care of their bodies and maintain their fitness. While riding is a great way to enjoy an active lifestyle, on its own it is not enough to condition and tone the body to the degree we need, and then the horse must make up the fitness gap in our physical partnership. If our reflexes are slow, if our bodies fatigue, if our position collapses, if tension patterns appear, then the horse suffers repetitive asymmetrical strain or develops compensatory movement habits. It is for his good, as well as ours, that certified personal trainer and riding coach

Heather Sansom has developed an utterly achievable 9-week plan to give every rider the straightness, suppleness, strength, and stamina she needs to ride her best. With hundreds of one-of-a-kind illustrations depicting accurate musculature on the rider's body, and dozens of proven exercises organized in a progressive fitness program with easy-to-use schedule charts, Sansom's book is the key to enjoying the ride, being fair to your horse, and getting into fabulous shape—in nine weeks!

Rhr Riding Stories ebook download or read online. In today digital age, eBooks have become a staple for both leisure and learning. The convenience of accessing Rhr Riding Stories and various genres has transformed the way we consume literature.
