Sesame Lilies John Ruskin 2018-01-17 Excerpt from Sesame Lilies: The Two Paths the King of the Golden River Indeed, among the ideas most prevalent and effective in the mind of this busiest of countries, I, suppose the first - at least that which is confessed with the greatest frankness, and put forward as the fittest stimulus to youthful exertion - is this of Advancement in life. My main purpose this evening is to determine, with you, what this idea practically includes, and what it should include. Dino Buzzati and Anglo-American Culture Valentina Polcini 2014-06-02 This book investigates the relationship between Dino Buzzati's fiction and Anglo-American culture by focusing on his re-use of visual texts (Arthur Rackham's illustrations), narrative sources (Joseph Conrad's novels), and topoi belonging to such genres as the seafaring tale, the ghost story and the Christmas story. Tracing Buzzati's recurring theme of the loss of imagination, *Dino Buzzati and Anglo-American Culture* shows that, far from being a mere imitator, he carries on an original and conscious reworking of pre-existing literary motifs. Especially through the adoption of intertextual strategies, Buzzati laments the lack of an imaginative urge in contemporary society and attempts a recovery of the fantastic imagery of his models. Alongside a reconsideration of Buzzati's intertextuality, this book offers new insights into Buzzati's fantastic fiction, by highlighting its playful and ironic component as opposed to the more overtly pervading sense of gloominess and nostalgia. Furthermore, while filling a gap in the critical study of Buzzati in the English-speaking world, the book contributes towards a general reassessment of an author who, although regarded as minor for many years, can rightly be ranked among the masters of twentieth-century fantastic literature.

Keeping the Victorian House Vanessa D. Dickerson 2016-07-01 First published in 1995. The essays in this volume demonstrate how Victorian women took up various positions along a continuum that ranged from the desire of Shelley's creature for the power and acceptance it associated with the house to the rejection of Brontë's heroine of the immobility and powerlessness she ultimately experienced there. More specifically the essays in this volume explore the nature of the Victorian woman's domestic relations by centring in one activity that most informed her place in what was often the father's house: housekeeping. The essays in this edition determine how writers, especially novelists, both male and female, used housekeeping to construct, reconstruct, represent, and inscribe the female self and condition. This title will be of interest to students of history and literature.

Irish Culture and Colonial Modernity 1800-2000 David Lloyd 2011-09-22 From the Famine to political hunger strikes, from telling tales in the pub to Beckett's tortured utterances, the performance of Irish identity has always been deeply connected to the oral. Exploring how colonial modernity transformed the spaces that sustained Ireland's oral culture, this book explains why Irish culture has been both so creative and so resistant to modernization. David Lloyd brings together manifestations of oral culture in the nineteenth and twentieth centuries, showing how the survival of orality was central both to resistance against colonial rule and to Ireland's modern definition as a postcolonial culture. Specific to Ireland as these histories are, they resonate with postcolonial cultures globally. This study is an important and provocative new interpretation of Irish national culture and how it came into being.

The Return of Nature John Bellamy Foster 2020-06-16 Winner, 2020 Isaac and Tamara Deutscher Memorial Prize A fascinating reinterpretation of the radical and socialist origins of ecology Twenty years ago, John Bellamy Foster's *Marx's Ecology: Materialism and Nature* introduced a new understanding of Karl Marx's revolutionary ecological materialism. More than simply a study of Marx, it commenced an intellectual and social history, encompassing thinkers from Epicurus to Darwin, who developed materialist and ecological ideas. Now, with *The Return of Nature: Socialism and Ecology*, Foster continues this narrative. In so doing, he uncovers a long history of the efforts to unite questions of social justice and environmental sustainability, and helps us comprehend and counter today's unprecedented planetary emergencies. *The Return of Nature* begins with the deaths of Darwin (1882) and Marx (1883) and moves on until the rise of the ecological age in the 1960s and 1970s. Foster explores how socialist analysts and materialist scientists of various stamps, first in Britain, then the United States, from William Morris and Frederick Engels, to Joseph Needham, Rachel Carson, and Stephen J. Gould, sought to develop a dialectical naturalism, rooted in a critique of capitalism. In the process, he delivers a far-reaching and fascinating reinterpretation of the radical and socialist origins of ecology. Ultimately, what this book asks for is nothing short of revolution: a long, ecological revolution, aimed at making peace with the planet while meeting collective human needs.

From Consensus to Chaos: An Historical Analysis of Evangelical Interpretation of 1 Timothy 2:8-15 from 1945-2001 Stephen P. Dray 2006-11-22 Evangelical interpretation of 1 Timothy 2:8-15 (certainly at the level of detail) has, in the period from 1945 to 2001, changed from one of received consensus to confused plurality. This thesis provides an explanation of this phenomenon by identifying and analysing the influences within evangelical interpretation that contributed to and shaped it. The first part of the thesis (Section A) is foundational. It establishes the validity of using the term Evangelical as an heuristic concept and provides, by means of a wide-ranging and unique analysis of published discussions of 1 Timothy 2:8-15, the necessary evidence to demonstrate the changes that took place. The major part of the thesis (Sections B and C) provides, for the first time, a detailed investigation of these changes. This is

undertaken with a view to establishing: (i) the factors that contributed to establishing the early consensus, (ii) the circumstances which acted as catalysts to review and on-going change, and (iii) the developments which shaped the manner in which discussion subsequently took place and which contributed to the plethora of contemporary interpretations of 1 Timothy 2:8-15. In doing so it adopts a methodology which self-consciously combines both diachronic and synthetic approaches and is thus able (a) to isolate more effectively major trends and their development and (b) to provide a framework for a more rigorous analysis. The resulting study concludes (Section D) that evangelical interpretation of 1 Timothy 2:8-15 for the period from 1945 to 2001 was embedded in and shaped by contemporary social and ecclesiastical changes and by its own internal dynamics as it responded to these developments. In particular, differing responses to emerging theological, linguistic, historical and cultural discussions and to contemporary hermeneutical debates have proved decisive. While two broadly distinguishable (and conflicting) approaches developed, they spawned a plethora of different exegetical options and variant interpretations.

The Victorian Girl and the Feminine Ideal Deborah Gorham 2012-10-09 In Victorian England, the perception of girlhood arose not in isolation, but as one manifestation of the prevailing conception of femininity. Examining the assumptions that underlay the education and upbringing of middle-class girls, this book is also a study of the learning of gender roles in theory and reality. It was originally published in 1982. The first two sections examine the image of women in the Victorian family, and the advice offered in printed sources on the rearing of daughters during the Victorian period. To illustrate the effect and evolution of feminine ideals over the Victorian period, the book's final section presents the actual experiences of several middle-class Victorian women who represent three generations and range, socioeconomically, from lower-middle class through upper-middle class.

Modernism and Close Reading David James 2020-04-15 The kinship between modernism and close reading has long been taken for granted. But for that reason, it has also gone unexamined. As the archives, timeframes, and cultural contexts of global modernist studies proliferate, the field's rapport with close reading no longer appears self-evident or guaranteed—even though for countless students studying literary modernism still invariably means studying close reading. This authoritative collection of essays illuminates close reading's conceptual, institutional, and pedagogical genealogies as a means of examining its enduring potential. David James brings together a cast of world-renowned scholars to offer an account of some of the things we might otherwise know, and need to know, about the history of modernist theories of reading, before then providing a sense of how the futures for critical reading look different in light of the multiple ways in which modernism has been close read. *Modernism and Close Reading* responds to a contemporary climate of unprecedented reconstitution for the field: it takes stock of close reading's methodological possibilities in the wake of modernist studies' geographical, literary-historical, and interdisciplinary expansions; and it shows how the political, ethical, and aesthetic consequences of attending to matters of form complicate ideological preconceptions about the practice of formalism itself. By reassessing the intellectual commitments and institutional conditions that have shaped modernism in criticism as well as in the classroom, we are able to ask new questions about close reading that resonate across literary and cultural studies. Invigorating that critical venture, this volume enriches our vocabulary for addressing close reading's perpetual development and diversification.

Images of Excellence Christopher Janaway 1995-05-25 Plato was the first great figure in Western philosophy to assess the value of the arts; he famously argued in the *Republic* that traditionally accepted forms of poetry, drama, and music are unsound, claiming they are conducive to warped ethical standards, detrimental to the psyche, and purveyors of illusions about important matters in human life. This view has

been widely rejected; but Christopher Janaway here argues that Plato's hostile case is a more coherent and profound challenge to the arts than has sometimes been supposed. Denying that Plato advocates 'good art' in any modern sense, Dr Janaway seeks both to understand Plato's critique in the context of his own philosophy and to locate him in today's philosophy of art, showing how issues in aesthetics arise from responses to his charges. Plato's questions about beauty, emotion, representation, ethical knowledge, artistic autonomy, and censorship are of contemporary relevance as formerly secure assumptions about the value of art and the aesthetic come under scrutiny. *Images of Excellence* gives a new and original view of a famous issue in the history of philosophy; it is written not only for readers working in ancient philosophy, but for all who are interested in aesthetics, art theory, and literary theory.

Genres of Modernity Dirk Wiemann 2008-01-01 *Genres of Modernity* maps the conjunctures of critical theory and literary production in contemporary India. The volume situates a sample of representative novels in the discursive environment of the ongoing critical debate on modernity in India, and offers for the first time a rigorous attempt to hold together the stimulating impulses of postcolonial theory, subaltern studies and the boom of Indian fiction in English. In opposition to the entrenched narrative of modernity as a single, universally valid formation originating in the West, the theoretical and literary texts under discussion engage in a shared project of refiguring the present as a site of heterogeneous genres of modernity. The book traces these figurative efforts with particular attention to the treatment of two privileged metonymies of modernity: the issues of time and home in Indian fiction. Combining close readings of literary texts from Salman Rushdie to Kiran Nagarkar with a wide range of philosophical, sociological and historiographic reflections, *Genres of Modernity* is of interest not only for students of postcolonial literatures but for academics in the fields of Cultural Studies at large.

Creating character Helena Ifill 2018-02-28 This book explores the ways in which the two leading sensation authors of the 1860s, Mary Elizabeth Braddon and Wilkie Collins, engaged with nineteenth-century ideas about personality formation and the extent to which it can be influenced either by the subject or by others. Innovative readings of seven sensation novels explore how they employ and challenge Victorian theories of heredity, degeneration, inherent constitution, education, upbringing and social circumstance. Far from presenting a reductive depiction of 'nature' versus 'nurture', Braddon and Collins show the creation of character to be a complex interplay of internal and external factors. Drawing on material ranging from medical textbooks, to sociological treatises, to popular periodicals, *Creating character* shows how sensation authors situated themselves at the intersections of established and developing, conservative and radical, learned and sensationalist thought about how identity could be made and modified.

The Making of Women Artists in Victorian England Jo Devereux 2016-08-02 When women were admitted to the Royal Academy Schools in 1860, female art students gained a foothold in the most conservative art institution in England. The Royal Female College of Art, the South Kensington Schools and the Slade School of Fine Art also produced increasing numbers of women artists. Their entry into a male-dominated art world altered the perspective of other artists and the public. They came from disparate levels of society-- Princess Louise, the fourth daughter of Queen Victoria, studied sculpture at the National Art Training School--yet they all shared ambition, talent and courage. Analyzing their education and careers, this book argues that the women who attended the art schools during the 1860s and 1870s--including Kate Greenaway, Elizabeth Butler, Helen Allingham, Evelyn De Morgan and Henrietta Rae--produced work that would accommodate yet subtly challenge the orthodoxies of the fine art establishment. Without their contributions, Victorian art would be not simply the poorer but hardly recognizable to us today.

Tending the Heart of Virtue Vigen Guroian 2023 From Pinocchio to *The Chronicles of Narnia* to *Charlotte's Web*, classic children's tales have shaped generations of young people. In recent years, homeschoolers and new classical schools have put these masterpieces of children's literature at the center of their curricula. And these stories continue to be embraced by parents, students, and educators alike. In *Tending the Heart*

of Virtue, Vigen Guroian illuminates the power of classic tales and their impact on the moral imagination. He demonstrates how these stories teach the virtues through vivid depictions of the struggle between good and evil, while he also unveils components of the good, the true, and the beautiful in plot and character. With clarity and elegance, Guroian reads deeply into the classic stories. He demonstrates how these stories challenge and enliven the moral imaginations of children. And he shows the reader how to get "inside" of classic stories and communicate their lessons to the child. For more than two decades Tending the Heart of Virtue has been embraced by parents, guardians, and teachers for whom the stories it discusses are not only beloved classics but repositories of moral wisdom. This new revised edition includes three new chapters and an expanded annotated bibliography in which Guroian interprets such stories as Hans Christian Andersen's The Ugly Duckling, the Grimms' Cinderella, and John Ruskin's The King of the Golden River.

Incredible Modernism John Attridge 2016-05-23 With the twentieth century came a new awareness of just how much an individual was obliged to accept on trust, and this heightened awareness of social trust in turn prompted new kinds of anxiety about fraudulence and deception. Beginning with the premise that the traditional liberal concept of trust as a 'bond of society' entered a period of crisis around the turn of the twentieth century, this collection examines the profound influence of this shift on a wide range of modernist writers, including James Joyce, Marcel Proust, Gertrude Stein, Ezra Pound, Wyndham Lewis, H.D., Ford Madox Ford, Samuel Beckett, Ralph Ellison and Wallace Stevens. In examining the importance of trust and fraudulence during the period, the contributors take up a diverse set of topics related to reception, the institutions of modernism, the history of authorship, the nature of representation, authenticity, genre, social order and politics. Taken as a whole, *Incredible Modernism* provides concrete historical coordinates for the study of twentieth-century trust, while also arguing that a problem of trust is central to the institutions and formal innovations of modernism itself.

Suffer and Be Still (Routledge Revivals) Martha Vicinus 2013-10-08 First published in 1972, this book contains a collection of ten essays that document the feminine stereotypes that women fought against, and only partially erased, a hundred years ago. In an introductory essay, Martha Vicinus describes the perfect Victorian lady, showing that the ideal was a combination of sexual innocence, conspicuous consumption and worship of the family hearth. Indeed, this model in some form was the ideal of all classes as the perfect lady's only functions were marriage and procreation. The text offers a valuable insight into Victorian culture and society.
