The Old Dominion in the Seventeenth Century Warren M. Billings 2012-12-01 Since its original publication in 1975, *The Old Dominion in the Seventeenth Century* has become an important teaching tool and research volume. Warren Billings brings together more than 200 period documents, organized topically, with each chapter introduced by an interpretive essay. Topics include the settlement of Jamestown, the evolution of government and the structure of society, forced labor, the economy, Indian-Anglo relations, and Bacon's Rebellion. This revised, expanded, and updated edition adds approximately 30 additional documents, extending the chronological reach to 1700. Freshly

rethought chapter introductions and suggested readings incorporate the vast scholarship of the past 30 years. New illustrations of seventeenth-century artifacts and buildings enrich the texts with recent archaeological findings. With these enhancements, and a full index, students, scholars, and those interested in early Virginia will find these documents even more enlightening.

Seventeenth Century Colonial Ancestors Supplement Number One 1975-1979 of Members of The National Society Colonial Dames

XVI. Mary Louise Marshall Hutton 1981

Seventeenth Century colonial ancestors /. 1984

Four Hundred Years in America Ralph Blauvelt 2021-07-26 *Four Hundred Years in America* is the story of the first immigrant settlers in New Netherland, the seventeenth century Dutch colony in North America. It is the story of strangers in a strange land, individuals and families who struggled to make a clearing in the wilderness to build a home and make a life. They were the founders of the New York metropolis and the ancestors of millions of Americans. The author reconstructs the lives of selected ancestors from the documents they left behind, from contemporary writings, and the historical accounts of those who came after. The story that emerges is incomplete and fragmented, but it records the voices of our ancestors, reminding us of our immigrant heritage.

Radical Origins Val Dean Rust 2004 Val D. Rust's *Radical Origins* investigates whether the unconventional religious beliefs of their colonial ancestors predisposed early Mormon converts to embrace the (radical) message of Joseph Smith Jr. and his new church. Utilizing a unique set of meticulously compiled genealogical data, Rust uncovers the ancestors of early church members throughout what we understand as the radical segment of the Protestant Reformation. Coming from backgrounds in the Antinomians, Seekers, Anabaptists, Quakers, and the Family of Love, many colonial ancestors of the church(s) early members had been ostracized from their communities. Expelled from the Massachusetts Bay Colony, some were whipped, mutilated, or even hanged for their beliefs. Rust shows how family traditions can be passed down through the generations, and can ultimately shape the outlook of future generations. This, he argues, extends the historical role of Mormons by giving their early story significant implications for understanding the larger context of American colonial history. Featuring a provocative thesis and stunning original research, *Radical Origins* is a remarkable contribution to our understanding of religion in the development of American culture and the field of Mormon history.

Plantagenet Ancestry of Seventeenth-century Colonists David Faris 1996 Prepared by David Faris, who had assisted Mr. Sheppard with the last two editions of "Ancestral Roots, Plantagenet Ancestry" provides the descent from the later Plantagenet kings of England (Henry III, Edward I, Edward II, and Edward III) of more than one hundred emigrants from England and Wales to the North American colonies before 1701, including many colonists not included in former editions of "Ancestral Roots." All 137 lines in this new volume include the consecutive generations of married couples with the spouse of Plantagenet descent on the left margin, each such individual being the child of the previous generation. Generation 1 names the parents of an emigrant, and the preceding generations are numbered back in time to the Plantagenet kings. Considerable biographical information is provided together with documentation for each generation.

Three Hundred Colonial Ancestors and War Service: Their Part in Making American History from 495 to 1934. Bound with Supplement I, Supplement II, Supp Elizabeth M. Rixford 2014-07-04 Mrs. Elizabeth

Rixford, the author of the acclaimed genealogy "Families Directly Descended from All the Royal Families in Europe (495 to 1932) and Mayflower Descendants," in this more recent work attempts to trace all branches of direct maternal and paternal lines of her own family and the main branches of her husband's family, namely: Rixford, Hawkins, Wilson, Flint, Cutting, Hinds, Cook and Cushman. Moreover, she identifies and outlines her four "Mayflower" lines, two lines to the National Society Founders and Patriots of America, three lines to the Huguenot Society, ten lines to the DAR, three lines to the United States Daughters of 1812, forty-seven lines to the Colonial Daughters of the 17th Century, and 140 supplemental lines to the National Society Daughters of the American Colonists in Vermont. In all, Mrs. Rixford addresses more than 200 family lines, consisting of more than 5,000 individuals. Bound with "Three Hundred Colonial Ancestors and War Service: Their Part in Making American History from 495 to 1934, are the Supplements I, II, II concluded and, for the first time, Supplement IV." This work also includes a 24 page index.
