Noli Me Tángere (Touch Me

Not) José Rizal 2019-01-01 A scorching exposé of the Spanish government's corruption and abuses of power, this novel is famed as a catalyst to the Philippine Revolution. *Noli Me Tángere* was the first major artistic manifestation of Asian resistance to European colonialism written from the point of view of the oppressed. Its passionate tale of an idealistic young Filipino's challenges to authority plays out against a backdrop of repression, torture, and murder. Author José Rizal (1861-96) was a key member of the Filipino Propaganda Movement, which gave voice to a population that had simmered with resentment during three centuries of Spanish rule. Rizal paid with his life for his outspoken writings; a century later, the martyred author remains a symbol of Philippine nationalism as *Noli Me Tángere* takes its place among the revolutionary classics that have influenced history.

Travel and Conflict in the Early Modern World Gábor Gelléri 2020-12-19 This edited collection examines the meeting points between travel, mobility, and conflict to uncover the experience of travel - whether real or imagined - in the early modern world. Until relatively recently, both domestic travel and voyages to the wider world remained dangerous undertakings. Physical travel, whether initiated by religious conversion and pilgrimage, diplomacy, trade, war, or the desire to encounter other cultures, inevitably heralded disruption: contact zones witnessed cultural encounters that were not always cordial, despite the knowledge acquisition and financial gain that could be reaped from travel. Vast compendia of travel such as Hakluyt's *Principia Navigations, Voyages and Discoveries*, printed from

the late sixteenth century, and Prévost's *Histoire Générale des Voyages* (1746-1759) underscored European exploration as a marker of European progress, and in so doing showed the tensions that can arise as a consequence of interaction with other cultures. In focusing upon language acquisition and translation, travel and religion, travel and politics, and imaginary travel, the essays in this collection tease out the ways in which travel was both obstructed and enriched by conflict.

The Christian Review 1843
A Candid History of the Jesuits Joseph McCabe 2013-04-16 A Candid History of the Jesuits By McCabe, Joseph Originally published in 1913, this is an exhaustive examination of the history of the Jesuit society, based on original Jesuit documents. It affords a truthful picture of the dramatic fortunes of the Society during

nearly four centuries, and some insight into the character of the men who won for it such ardent devotion and such intense hostility. Contents include: Origin of the Society, The First Jesuits, Early Storms, General Francis Borgia, Progress and Decay under Acquaviva, the Early Jesuits in England, The First Century of Jesuitism, Under the Stuarts, The Struggle With Jansenists, The Expulsion From Portugal and Spain, The Foreign Missions, In The Germain Lands, The Suppression of the Society, The Restoration, The New Jesuits, The last Phase. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive.

Obscure Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Jesuit Missions of Paraguay and a Cultural History of Utopia

(1568-1789) Girolamo Imbruglia 2017-08-21 In The

Jesuit Missions of Paraguay and a Cultural History of Utopia (1568-1789) Girolamo Imbruglia describes the religious foundation of the Jesuit missions in Paraguay and the discussion of that experience by the public opinion of Early Modern Europe, from Montaigne to Diderot.

Speeches Thomas Babington Macaulay Baron Macaulay 1866

Natchez Country George Edward Milne 2015 "This manuscript focuses on the interactions between Native Americans and European colonists during the seventeenth and eighteenth centuries, particularly the relationships that developed between the French and the Natchez, Chickasaw, and Choctaw peoples. Milne's history of the Lower Mississippi Valley and its peoples provides the most comprehensive and detailed account of the Natchez in particular, from La Salle's first encounter with what would become Louisiana to the

ultimate disappearance of the Natchez by the end of the 1730s. In crafting this narrative, George Milne also analyzes the ways in which French attitudes about race and slavery influenced native North American Indians in the vicinity of French colonial settlements on the Gulf coast, and how in turn Native Americans adopted and/or resisted colonial ideology"--

Jesuit Slaveholding in Maryland, 1717-1838 Thomas Murphy 2020-10-12 From the colonial period through the

early nineteenth century, Father Thomas J. Murphy writes a compelling chronology and in depth analysis of Jesuit slaveholding in the state of Maryland.

The Jesuit Specter in Imperial Germany Róisín Healy 2021-11-22 This book examines debates about the law that banned Jesuits from the empire and the attitudes that sustained it. A study in the "paranoid style of politics," it explains the resonance of the Jesuit hate figure for the Protestant bourgeoisie.

The British Quarterly Review Henry Allon 1851

The Jesuits: their foundation and history, by B.N. Barbara Frances M. comtesse de Courson 1879

Science on the Ropes Carlos

Elías 2019-05-15 In this controversial essay, Carlos Elías addresses the worldwide phenomenon that is threatening the scientific and economic progress of Western countries. The rise and influence of magic and irrationality in the media, in social networks and at

universities is a disturbing phenomenon: many Western students no longer want to pursue STEM (Science, Technologies, Engineering, and Math) careers. This lucid and well-written book addresses one of the key issues of public debate: the deteriorating state of science in Western countries and their governments, and its rise in Asian countries. The author compares two distinct models: the Spanish or Latin model, which closed the door on science with the Counter-Reformation, and that employed by a second group of countries where science was encouraged. Elías suggests that a similar development could now be taking place between Western countries (where the press, television and social science academics are becoming increasingly critical towards science) and Asia, where most prime ministers (and other politicians) are scientists or engineers. This book is intended for STEM educators (both at secondary schools and universities), scientists and

academics interested in scientific culture in the era of fake news.

Argentina Colin M.

MacLachlan 2006-04-30 Why has Argentina failed so spectacularly, both economically and politically? It is a puzzle because the country seemed to have all the requirements for greatness, including a well-established middle class of professionals. Its failure raises the specter that other middle-class societies could also fail. In Argentina, MacLachlan delivers history with a plot, a sense of direction and purpose, and fascinating conclusions

that reveal a much more complex picture of Argentina than one might have had in mind prior to reading this book. Argentina traces the roots of the nation from the late colonial period to the present, and examines the impact of events that molded it: the failure of political accommodation in 1912, the role of the oligarchy, the development of a middle class, gender issues, the elaboration of a distinct culture, the era of Peron, the army, and the dirty war. The conclusion suggests the reasons for the nation's difficulties. The IMF, World Bank, and international financial markets play a role, but so does a high level of political corruption and mismanagement of the economy that emerged from political and economic failure. Juan and Eva Peron tried to override politics to create an economic and social balance between urban labor and agriculture interests, but failed. The dirty war arose from that failure. Nationalism forged a culture of victimization and

resentment that continues to this day. Laying aside standard explanations, MacLachlan presents a portrait of Argentina that emphasizes the role of a destructive nationalism—and a form a corruption that turns citizens into clients.
