Bishop of Hippo 2013-11-19 "You called and shouted and burst my deafness. You flashed,

shone, and scattered my blindness. You breathed odors, and I drew in breath and panted for You. I tasted, and I hunger and thirst. You touched me, and I burned for Your peace." Starting with his childhood in Numidia, through his youth and early adulthood in Carthage, Rome, and Milan, readers will see Augustine as a human being, a fellow traveler on the road to salvation. Though staggering around potholes and roadblocks, all will find strength in Augustine's message: when the road gets rough, look to God! Previously released in 1977, this book invites readers to join Augustine in his quest that led him to be one of the most influential Christian thinkers in the history of the church.

Art and the Christian Intelligence in St.

Augustine was a consummate artist as well as a great philosopher, and he was deeply concerned with art, beauty and human values. But little attention has been paid to his theory of aesthetics. Now a distinguished Augustine scholar turns to this important subject and offers a book that is at once engaging, comprehensive and complete.

Confessions Saint Augustine 2003-05-29 The son of a pagan father and a Christian mother, Saint Augustine spent his early years torn between conflicting faiths and world views. His Confessions, written when he was in his forties, recount how, slowly and painfully, he came to turn away from his youthful ideas and licentious lifestyle, to become instead a staunch advocate of Christianity and one of its most influential thinkers. A remarkably honest and revealing spiritual autobiography, the Confessions also address fundamental issues of Christian

doctrine, and many of the prayers and meditations it includes are still an integral part of the practice of Christianity today.

The Confessions of Saint Augustine St.

Augustine 2000-11-01 'The reader who has never met Augustine before ought to go first of all to the Confessions,' reflected the Trappist monk and scholar Thomas Merton. 'Augustine lived the theology that he wrote. . . . He experienced the reality of Christ living in his own soul.' Saint Augustine, the celebrated

theologian who served as Bishop of Hippo from A.D. 396 until his death in A.D. 430, is widely regarded as one of the most influential thinkers in the Western world. Written in the form of a long prayer addressed directly to God, Augustine's Confessions, the remarkable chronicle of his conversion to Christianity, endures as the greatest spiritual autobiography of all time. 'Augustine possessed a strong, capacious, argumentative mind,' wrote Edward Gibbon. 'He boldly sounded the dark abyss of grace, predestination, free-will, and original sin.' And the eminent historian Jaroslav Pelikan remarked: 'There has, quite literally, been no century of the sixteen centuries since the conversion of Augustine in which he has not been a major intellectual, spiritual, and cultural force.'

Confessions Saint Augustine 2020-12-01
Confessions (401) is the work of Saint Augustine,

a Roman theologian and bishop responsible for some of the core doctrines of today's Catholic church. His literary works, including The Confessions, The Enchiridion, and On Christian Doctrine, are commonly viewed as foundational works of Christian theology and Western philosophy. Bishop of Hippo Regius—in modern day Algeria—from 395 to his death in 430, Augustine helped to justify and consolidate the role of Christianity in the Roman Empire and was canonized as a saint for his efforts. A young man does poorly in school, steals from his neighbor's orchard, and has a son with a woman to whom he is not married. These are some of the core personal experiences detailed by Augustine in his autobiographical and theological work Confessions, in which he grows from a life of sin to accepting God and the Christian faith. Interspersed with stories of his life and conversion are descriptions and critiques of Neoplatonism, Manichaeism, and astrology, systems of belief and understanding

which, for Augustine, fall short of the vision of humanity and salvation offered by Christianity. Throughout this text, Augustine encourages readers—especially those who have led troubled lives—not only to convert to Christianity, but to understand the inherent imperfection of all humanity and to envision the ultimately hopeful message of transformation and forgiveness offered by faith in God. Confessions is at heart a Christian text, but it is also essentially human. Augustine is remembered not just as a saint and Christian leader, but as a figure who precipitated the evolution of Western thought. Augustine's Confessions is a foundational work of autobiographical and philosophical writing, influencing such writers as Blaise Pascal, Jean Jacques Rousseau, Thomas Aquinas, Bertrand Russell, and Friedrich Nietzsche. Its personal nature and depth of honesty are considered formal innovations in autobiography and memoir writing, and its meditations on God and human nature have made it an essential text for

philosophers and theologians for centuries. With a beautifully designed cover and professionally typeset manuscript, this edition of Saint Augustine's Confessions is a classic of autobiography and Christian theology reimagined for modern readers.

A Reader's Companion to Augustine's

Confessions Kim Paffenroth 2003-01-01 This book is a tool for teaching and studying the great Christian classic, Augustine's Confessions. It is a unique venture in which thirteen different scholars look at each of the thirteen books in the Confessions and interpret their chapters in light of that book and in light of the rest of Augustine's work. The result is that the richness

and ambiguity of Augustine's work shines through as well as the richness and ambiguity of different readings of the Confessions.

An Analysis of St. Augustine's Confessions

Jonathan Teubner 2017-07-05 St. Augustine's Confessions is one of the most important works in the history of literature and Christian thought. Written around 397, when Augustine was the Christian bishop of Hippo (in modern-day Algeria), the Confessions were designed both to spiritually educate those who already shared Augustine's faith, and to convert those who did not. Augustine did this through the original maneuver of writing what is now recognized as being the first Western autobiography - letting readers share in his own experiences of youth, sin, and eventual conversion. The Confessions are a perfect example of using reasoning to subtly bring readers around to a particular point of view - with Augustine inviting them to accompany him on his own spiritual journey towards God so they could make their own

conversion. Carefully structured, the Confessions run from describing the first 43 years of Augustine's life in North Africa and Italy, to discussing the nature of memory, before moving on to analyzing the Bible itself. In order, the sections form a carefully structured argument, moving from the personal to the philosophical to the contemplative. In the hundreds of years since they were first published, they have persuaded hundreds of thousands of readers to recognize towards the same God that Augustine himself worshipped.

Images of Conversion in St. Augustine's

Confessions Robert J. O'Connell 1996

Narrowing the focus of his Soundings in St. Augustine's Imagination (1994) O'Connell (philosophy, Fordham U.) analyzes three decisive conversions portrayed in the Confessions: the youthful reading of Cicero, that sparked by the platonist books, and the final capitulation in the Milanese garden. He also compares the conversion imagery with that in

the Dialogues of Cassiciacum to shed light on the question of two Augustines. Annotation copyrighted by Book News, Inc., Portland, OR

St. Augustine's Early Theory of Man, A.D. 386-391 Robert J. O'Connell 2013-10

Augustine's Confessions Saint Augustine 2017-09-01 The Confessions of Saint Augustine is considered one of the greatest Christian classics of all time. It is an extended poetic, passionate, intimate prayer that Augustine wrote as an autobiography sometime after his conversion, to confess his sins and proclaim God's goodness. Just as his first hearers were captivated by his powerful conversion story, so also have many millions been over the following sixteen centuries. His experience of God speaks to us across time with little need of transpositions. Lively narrative and colorful anecdotes are interspersed with passages of great poetry in praise of God. In the process of describing his own very human failings, Augustine also gives advice on how to live a

committed Christian life. His view that happiness is not to be found in transitory physical pleasure, but in searching for the truth beyond the material world, is more than ever relevant today.

The Confessions Saint Augustine (Bishop of Hippo.) 2012 The Confessions of Saint Augustine is considered one of the greatest Christian classics of all time. Just as his first hearers were captivated by his powerful conversion story, so also have many millions been over the following sixteen centuries. This acclaimed new translation by Sister Maria Boulding, O.S.B., masterfully captures his experience, and is written in an

elegant and flowing style. Her beautiful contemporary translation of the ancient Confessions makes the classic work more accessible to modern readers. Her translation combines the linguistic accuracy demanded by 4th-century Latin with the poetic power aimed at by Augustine, not as discernable in previous translations.

Encounters with God in Augustine's Confessions

Confessions of Saint Augustine St. Augustine 2003-07-01 This is the autobiography of Augustine of Hippo, a moving and profound record of a human soul and its struggles. The most widely read of all his works, it not only tells the story of Augustine's struggles in the faith, but also his love for the Master. This book

speaks to the heart of humanity about human weakness, human frailty, human depravity, and the human need for a holy God. This classic is an exercise in selfknowledge and true humility in the atmosphere of grace and reconciliation. *Augustine: Confessions Books I-IV* Augustin ((saint ;) 1995-11-02 Accompanied by a commentary, this volume presents the Latin text of one of the great classics of Christian literature. Books I-IV of the Confessions reflect on Augustine's infancy and childhood, adolescent rebellion and student days, as well as his early teaching career.

The Confessions of Saint Augustine Saint Augustine 1997-04 In The Confessions, Saint Augustine addressed himself eloquently and passionately to the enduring spiritual questions that have stirred the minds and hearts of thoughtful men since time began. Written A.D. 397, The Confessions are a history of the young Augustine's fierce struggle to overcome his profligate ways and achieve a life of spiritual

grace. The first ten books of the work relate the story of Augustine's childhood in Numidia; his licentious and riotous youth and early manhood in Carthage, Rome, and Milan; his continuous struggle with evil; his attempts to find an anchor for his faith among the Manicheans and the Neoplatonists; the untiring efforts of his mother, Saint Monnica, to save him from self-destruction; and his ultimate conversion to the Christian faith at the age of thirty-two. The last three books of *The Confessions*, unrelated to the preceding account of Saint Augustine's early life, are an allegorical explanation of the Mosaic account of Creation. Throughout the work, the narrative, addressed to God, is interspersed with prayers, meditations, and instructions, many of which today are to be found in the liturgies of all sects of the Christian Church. *The Confessions* constitute perhaps the most moving diary ever recorded of a soul's journey to grace. Appearing midway in Saint Augustine's prodigious body of theological writings, they stand among the most

persuasive works of the sinner-turned-priest who was to exercise a greater influence on Christian thought than any of the other Church fathers.

"God is our home but many of us have strayed from our native land. The venerable authors of these Spiritual Classics are expert guides-- may we follow their directions home." --Archbishop Desmond Tutu
Writing in the last years of the fourth century a.d., Saint Augustine of Hippo created what is at once the first true autobiography in Western literature and among the most sophisticated yet accessible theological arguments in the history of Christianity. With extraordinary candor and psychological acumen, Augustine recounts his passage from a life of sensuality, Manichaean superstition, and empty careerism to a genuine spiritual awakening, and he articulates views on marriage, morality, and faith that have shaped our discourse ever since. *The Confessions* allows us to appreciate both the startling modernity of Augustine's insights and

the imperishable poetry of his voice. With a new Preface by MacArthur Fellow Patricia Hampl, author of *Virgin Time* and *A Romantic Education*. In the annals of spirituality, certain books stand out both for their historical importance and for their continued relevance. The Vintage Spiritual Classics series offers the greatest of these works in authoritative new editions, with specially commissioned essays by noted contemporary commentators. Filled with eloquence and fresh insight, encouragement and solace, Vintage Spiritual Classics are incomparable resources for all readers who seek a more substantive understanding of mankind's relation to the divine.

Reading Augustine Jason Byassee 2006-10-01

The 'Confessions' of St. Augustine is one of the few Christian classics that is still widely read in the secular academy. Yet, oddly enough, it is not often read in the manner Augustine appears to have intended and in which the church read it for centuries: as a model of conversion, devotion,

friendship, and the love of God. This book is a companion for any reader of the Confessions -- whether in an academic, ecclesial, or devotional context -- informed by the latest scholarship yet always directed toward pushing the reader, with Augustine, toward God.

The Origin of the Soul in St. Augustine's Later Works Robert J. O'Connell 1987 This book rounds off the study of St. Augustine's view of the human condition which Fr. O'Connell began in *St. Augustine's Early Theory of Man, A.D. 386-391*, and continued in *St. Augustine's Confessions: The Odyssey of Soul*. The central thesis of that first book, and the guiding hypothesis of the second, proposed that Augustine thought of us in "Plotinian" terms, as "fallen souls," and that he interpreted, in all sincerity, the teachings of Scripture as reflecting that same view. O'Connell sees the weightiest objection to his proposal as stemming from what scholars generally agree is Augustine's firm rejection of that view in his later works. The

central contention here is that Augustine did indeed reject his earlier theory, but only for a short while. He came to see the text from Romans 9, 11 as apparently compelling that rejection. But then his firm belief that all humans are guilty of original sin would have left him traducianism as his only acceptable way of understanding the origin of sinful human souls. The materialistic cast of traducianism, however, always repelled Augustine. Hence, he struggles to elaborate a fresh interpretation of Romans 9,11, and eventually he finds one that permits him to return to a slightly revised version of his earlier view. That theory, O'Connell argues, is encased in both the *De Civitate Dei* and the final version of the *De Trinitate*. This terse summary barely hints at the richness of detail contained here: O'Connell begins with a minute analysis of the third book of the *De Libero Arbitrio*, then of the letters and works ostensibly supporting rival chronological patterns which he must overturn in order to make his case. Finally, in the light of

his findings, he offers fresh interpretations of Augustine's three mature masterpieces, *On Genesis*, *The Trinity*, and *City of God*. These, along with Fr. O'Connell's contention that Augustine's anti-Pelagian *De Peccatorum Meritis et Remissione* must have seen publication no earlier than A.D. 416/17, will doubtless fuel scholarly debate for some time to come. Indeed, Pelagianism made the question of the soul's origin so pivotal for Augustine, that few of our current interpretations of Augustine are likely to remain unaffected by the results of O'Connell's searching and provocative study.

Confessions Augustine 2003 Written in 397 A.D., St. Augustine's classic, *Confessions*, reveals the innermost thoughts and struggles of a soul converting from selfishness and pleasure-seeking to a life of love for God. Augustine of Hippo (345-430 A.D.) was born in North Africa to

a devoutly Christian mother and pagan father. Of Latin stock, Augustine was given Christian instruction but waited until later in life to be baptized. Augustine took a mistress who bore him a son before he was eighteen. Augustine's sexual appetite drove him to seek pleasure where he could find it, but it also plagued his conscience. His hunger for religious things led him through many of the belief systems of the day, including Manichaeism and Neoplatonism. Augustine finally turned to God in 386 A.D. when he heard a child say, "take, read" a copy of Paul's letter to the Romans. Upon his conversion to Christianity, Augustine became a prodigious writer, with his writings standing second only to the apostle Paul in their impact on the church. He died as Bishop of Hippo in North Africa. *Confessions* is the autobiography of Augustine of Hippo, a moving and profound record of a human soul and its struggles. The most widely read of all his works, it not only tells the story of Augustine's struggle in the faith, but also his

love for the Master. Confessions speaks to the heart of humanity about human weakness, human frailty, human depravity, and the human need for a holy God. This classic is an exercise in self-knowledge and true humility in the atmosphere of grace and reconciliation. Book jacket.

The Confessions of Saint Augustine St.

Augustine 1960-08-23 Heartfelt, incisive, and timeless, The Confessions of Saint Augustine has captivated readers for more than fifteen hundred years. Retelling the story of his long struggle with faith and ultimate conversion -- the first such spiritual memoir ever recorded -- Saint Augustine traces a story of sin, regret, and redemption that is both deeply personal and, at the same time, universal. Starting with his early life, education, and youthful indiscretions, and following his ascent to influence as a teacher of rhetoric in Hippo, Rome, and Milan, Augustine is brutally honest about his proud and ambitious youth. In time, his early loves grow cold and the

luster of worldly success fades, leaving him filled with a sense of inner absence, until a movement toward Christian faith takes hold, eventually leading to conversion and the flourishing of a new life. Philosophically and theologically brilliant, sincere in its feeling, and both grounded in history and strikingly contemporary in its resonance, The Confessions of Saint Augustine is a timeless classic that will persist as long as humanity continues to long for meaning in life and peace of soul.

We witness the future saint's fascination with astrology and with the Manichees, and then follow him through scepticism and disillusion with pagan myths until he finally reaches

Christian faith. There are brilliant philosophical musings about Platonism and the nature of God, and touching portraits of Augustine's beloved mother, of St. Ambrose of Milan, and of other early Christians like Victorinus, who gave up a distinguished career as a rhetorician to adopt the orthodox faith. Augustine's concerns are often strikingly contemporary, yet his work contains many references and allusions that are easily understood only with background information about the ancient social and intellectual setting. To make "The Confessions" accessible to contemporary readers, Chadwick provides the most complete and informative notes of any recent translation, and includes an introduction to establish the context.

Augustine's "Confessions" Garry Wills 2011-02-27 From Pulitzer Prize-winner Garry Wills, the story of Augustine's Confessions In this brief and incisive book, Pulitzer Prize-winning historian Garry Wills tells the story of the Confessions--what motivated Augustine to dictate it, how it asks to be read, and the many ways it has been misread in the one-and-a-half millennia since it was composed. Following Wills's biography of Augustine and his translation of the Confessions, this is an unparalleled introduction to one of the most important books in the Christian and Western traditions. Understandably fascinated by the story of Augustine's life, modern readers have largely succumbed to the temptation to read the Confessions as autobiography. But, Wills argues, this is a mistake. The book is not autobiography but rather a long prayer, suffused with the language of Scripture and addressed to God, not

man. Augustine tells the story of his life not for its own significance but in order to discern how, as a drama of sin and salvation leading to God, it fits into sacred history. "We have to read Augustine as we do Dante," Wills writes, "alert to rich layer upon layer of Scriptural and theological symbolism." Wills also addresses the long afterlife of the book, from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today, when the Confessions has become an object of interest not just for Christians but also historians, philosophers, psychiatrists, and literary critics. With unmatched clarity and skill, Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic.
