Thirteen Chairs Dave Shelton 2015-07-28 A spine-tingling collection of ghost stories When a boy finds himself drawn into an empty house one cold night, he enters a room in which twelve unusual-looking people sit around a table. And the thirteenth chair is pulled out for him. The Book of Dreams and Ghosts Andrew Lang 2020-04-06 The Book of Dreams and Ghosts is an entertaining horror fiction composed of short stories. The narrations play with reader's psychology and drag it to illusions and hallucinations. The author has used a simple plot which is narrated in the plain language. The stories have unnerving twists and turns and seem realistic as different narrators tell their true dreams. Spine chilling. Arbuthnot on Political Lying. Begin with "Great Swingeing Falsehoods". The Opposite Method to be used in telling Ghost Stones. Begin with the more Familiar and Credible. Sleep. Dreams. Ghosts are identical with Waking Dreams. Possibility of being Asleep when we think we are Awake. Dreams shared by several People. Story of the Dog Fanti. The Swithinbank Dream. Common Features of Ghosts and Dreams. Mark Twain's Story. Theory of Common-sense. Not Logical. Fulfilled Dreams. The Pig in the Palace. The Mignonette. Dreams of Reawakened Memory.

The Lost Cheque. The Ducks' Eggs. The Lost Key. Drama in Dreams. The Lost Securities. The Portuguese Gold-piece. St. Augustine's Story. The Two Curmas. Knowledge acquired in Dreams. The Assyrian Priest. The Deja Vu. "I have been here before." Sir Walter's Experience. Explanations. The Knot in the Shutter. Transition to Stranger Dreams. Arbuthnot, in his humorous work on Political Lying, commends the Whigs for occasionally trying the people with "great swingeing falsehoods". When these are once got down by the populace, anything may follow without difficulty. Excellently as this practice has worked in politics (compare the warming-pan lie of 1688), in the telling of ghost stories a different plan has its merits. Beginning with the common-place and familiar, and therefore credible, with the thin end of the wedge, in fact, a wise narrator will advance to the rather unusual, the extremely rare, the undeniably startling, and so arrive at statements which, without this discreet and gradual initiation, a hasty reader might, justly or unjustly, dismiss as "great swingeing falsehoods".

Ghosts On The Block Never Sleep Tia Ja'nae 2021-10-16 She's always been used to dirty work. A short run career as an industry butcher helped with that. But those times are long in her past. In the present, she still lives with Grams and makes ends meet as a freelance car parts thief for The Arab, the biggest fence on the east side of Chicago. Most times it's just a score that never pays enough to help Grams out with the rent. But it's steady work she's good at that keeps their heads above water. When The Arab

gets in a bind and asks her to do a heist that he's willing to pay for, she seizes the opportunity to get her paper straight once and for all. When the score goes tits up and she has to pull off a miracle to save her payday, she finds herself with a promotion she didn't ask for working for Alderwoman Monica "Hambone" Davis, who refuses to let her or her butcher block skills walk away and never takes no for an answer.

Controversial author and satirist Tia Ja'nae unloads on a cold, unforgiving Chicago in her debut crime fiction novel. Here's a voice the Big Time publishers in NYC are scared to death of; find out why. Read the most important literary event of the decade, Ghosts on the Block Never Sleep.

Paranormal Sex G. Michael Vasey 2018-01-09
 PARANORMAL SEX - RIDING THE OLD HAG - An exploration of the bizarre and terrifyingly erotic side of the paranormal by G. Michael Vasey The news has been full of stories of women having sex with ghosts recently - from pop stars to those who seek the erotic pleasure of their own personal succubus or incubus, paranormal sex is on the rise. One woman recently claimed on UK TV to have given up men in favor of her ghost lovers! Best-selling paranormal and occult author, G. Michael Vasey investigates these and other accounts of sex with ghosts and other entities using real encounter stories, personal experiences, and historical accounts. Sleep paralysis is the scientific explanation for these 'hallucinations' that occur on awakening when the mind is awake but the body still asleep. Yet, too many encounters with these night terrors leave marks, are observed by others, or the experiencer themselves - even when wide awake. Are they night watchers waiting for their opportunity to gain energy from your fear or from your sexual energy? Among the topics covered are, The old hag - a terrifying, rotting, old female witch or hag that throughout history, has menaced humanity with paralysis, fear and strangulation. Succubi/Incubi - demons that force themselves upon sleeping humans and engage in sex with unwilling human participants? Terrifying shadow people that appear at the bedside or in the bedroom of an awakening person. For some, the old hag transitions into a sexual experience with an entity, for others the shadow that watches them at night from a wardrobe or the corner of their bedroom is what keeps them awake and unable to sleep. A product of sleep paralysis? Or

something more sinister? Paranormal Sex - Riding the Old Hag by G. Michael Vasey.... go on, terrify yourself

Wrestling with Ghosts Jorge Conesa Sevilla 2004
 "Wrestling With Ghosts" summarizes and updates a growing literature that includes traditional cultural accounts, scientific research, and subjective reports about the uncanny sleep disorder referred to as sleep paralysis (SP). The book serves as an important tool to normalize the sleep paralysis experience by attempting to remove its often-publicized mystical and supernatural aura. Specifically, the book is a serious contribution to the psychological and social scientific literature as an example of behavioral/social methodology in clarifying

psychological phenomena that can be misinterpreted individually or by culture as "paranormal." However, the book does not refute the very real phenomenology of the experience and is intended as a practical guide for recognizing and managing the disorder in creative and self-enhancing ways. Moreover, this work reiterates the aesthetic and creative power of uncanny dreaming regardless of its origin. This aesthetic dimension of sleep paralysis and lucid dreaming is part of mythical, shamanic, creative, personal and scientific multidisciplinary approach to studying and describing dream phenomenology. Additionally, this work provides a retrospective look at the history of this uncanny disorder in human evolution, its recent western medical history and its most recent empirical descriptions as so-called alien abduction cases, including a presentation of Jungian and Freudian mythical perspectives. The empirical data is presented in balance with traditional cross-cultural and folklore accounts of the disorder as well as in the context of numerous recent cases researched in conjunction with the long-term study. Part of the data presented includes a proposal about psycho-geographical and psycho-geomagnetic distributions of "ghost" stories, dream attacks, and other SP related phenomena. These geographical zones correlate with geodynamic areas such as the Pacific "Ring of Fire" region where an increased number of cultural names for SP and its frequencies are reported (my "ring of fire" hypothesis). This book is written and intended for a general educated audience; anyone interested in dream phenomenology and behavior; the medical profession; folklorists; psychologists interested in dream phenomenology and behavior; sleep researchers; and the clinical psychologist. The book expands the work of Dr. David Hufford, who published the now classic account of sleep paralysis as Newfoundland's "Old Hag" phenomenon.
