

The Journal Of Brigham

The Enigmatic Realm of **The Journal Of Brigham**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing lacking extraordinary. Within the captivating pages of **The Journal Of Brigham** a literary masterpiece penned with a renowned author, readers attempt a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.

The Brigham Young Journals Ronald Esplin
2023-05-29 This volume presents transcriptions of the three personal journals and first secretary's journal of early Latter-day Saint leader Brigham Young. Covering the period 1832-1846, it highlights his travels and preaching activities in the United States, Canada, and England, noting places visited, people taught and baptized, and events

observed. Extensive annotation elucidates the text and offers helpful background.

Supplemental sections offer detailed physical descriptions of each journal and its contents, a chronology, maps, and trip itineraries. Because after 1845 Brigham Young had clerks record his activities, his personal journals transcribed and annotated herein constitute an especially valuable record.

The Journal of Brigham

1980-01-01 This volume destroys once and for all the popular, but false image of Brigham Young as a tough, unspiritual colonizer who had no business calling himself a prophet of God. a very different man is found in his journal writings--a simple man who liked to work with his hands, a humble man constantly seeking guidance from his God, a

strong man ready to wrestle or fight in defense of his friends, an intelligent man who could debate effectively with professors and lawyers, an affectionate man with many friends, and a loyal man who could be depended upon by his God and his people. This volume is a compilation of the first person writings in Brigham Young's manuscript history. There has been no attempt to edit or rewrite. However, many of the repetitive or uneventful writings have been eliminated in order to fit Brigham Young's own story, in his own words, into a single volume.

ambition and religious zeal. A formidable leader in both his church and country, Young's abilities coincided with the colonizing zeitgeist of nineteenth-century America. Thus, by 1877, some 400 Mormon settlements spanned the western frontier from Salt Lake City to outposts in Idaho, Nevada, Arizona, Wyoming, and California. As prophet of the LDS Church and governor of the proposed State of Deseret, Young led several campaigns for Utah statehood while defending polygamy and local sovereignty. His skillful and authoritarian leadership led historian Bernard de Voto to classify him as an "American genius," responsible for turning Joseph Smith's visions "into the seed of life." Young's diaries and journals reveal a man dedicated to his church, defensive of his spiritual and temporal claims to authority, and determined to create a modern Zion within the Utah desert. Editor George D. Smith's careful organization and annotation of Young's personal writings provide

insights into the mind of Mormonism's dynamic church leader and frontier statesman.

Brigham Young and the Expansion of the Mormon Faith

Thomas G. Alexander

Downloaded from
blog.solneelman.com on
2020-10-21 by guest

2019-05-02 As president of the Church of Jesus Christ of Latter-day Saints and Utah's first territorial governor, Brigham Young (1801-77) shaped a religion, a migration, and the American West. He led the Saints to Utah, guided the establishment of 350 settlements, and inspired the Mormons as they weathered unimaginable trials and hardships. Although he generally succeeded, some decisions, especially those regarding the Mormon Reformation and the Black Hawk War, were less than sound. In this new biography, historian Thomas G. Alexander draws on a lifetime of research to provide an evenhanded view of Young and his leadership. Following the murder in 1844 of church founder Joseph Smith, Young bore a heavy responsibility: ensuring the survival and expansion of the church and its people. Alexander focuses on Young's leadership, his financial dealings, his relations with non-Mormons, his families, and his own deep religious

conviction. Brigham Young and the Expansion of the Mormon Faith addresses such controversial issues as the practice of polygamy (Young himself had fifty-five wives), relations and conflicts between Mormons and Indians, and the circumstances and aftermath of the horrific events of Mountain Meadows in 1857. Although Young might have done better, Alexander argues that he bore no direct responsibility for the tragedy. Young relied on the counsel of his associates, and at times, the Mormon people pushed back to prevent him from implementing changes. In some cases, such as polygamy and the doctrine of blood atonement, the church leadership eventually rejected his views. Yet on the whole, Brigham Young emerges as a multifaceted human figure, and as a prophet revered by millions of LDS members, an inspired leader who successfully led his people to a distant land where their community expanded and flourished.

language of the King James version of the Bible, it boggles the minds of many. Yet it is unquestionably one of the most influential books ever written. With over 140 million copies in print, it is a central text of one of the largest and fastest-growing faiths in the world. And, Grant Hardy shows, it's far from the coma-inducing doorstep caricatured by Twain. In *Understanding the Book of Mormon*, Hardy offers the first comprehensive analysis of the work's narrative structure in its 180 year history. Unlike virtually all other recent world scriptures, the Book of Mormon presents itself as an integrated narrative rather than a series of doctrinal expositions, moral injunctions, or devotional hymns. Hardy takes readers through its characters, events, and ideas, as he explores the story and its messages. He identifies the book's literary techniques, such as characterization, embedded documents, allusions, and parallel narratives. Whether Joseph Smith is regarded as author or translator, it's

noteworthy that he never speaks in his own voice; rather, he mediates nearly everything through the narrators Nephi, Mormon, and Moroni. Hardy shows how each has a distinctive voice, and all are woven into an integral whole. As with any scripture, the contending views of the Book of Mormon can seem irreconcilable. For believers, it is an actual historical document, transmitted from ancient America. For nonbelievers, it is the work of a nineteenth-century farmer from upstate New York. Hardy transcends this intractable conflict by offering a literary approach, one appropriate to both history and fiction. Regardless of whether readers are interested in American history, literature, comparative religion, or even salvation, he writes, the book can best be read if we examine the text on its own terms.

Brigham Young John G. Turner 2012-09-25 Brigham Young was a rough-hewn New York craftsman whose impoverished life was

electrified by the Mormon faith. Turner provides a fully realized portrait of this spiritual prophet, viewed by followers as a protector and by opponents as a heretic. His pioneering faith made a deep imprint on tens of thousands of lives in the American Mountain West.

the attack on the Baker-Fancher wagon train by Mormons in the local militia and a few Paiute Indians. Based on extensive investigation of the events surrounding the murder of over 120 men, women, and children, and drawing from a wealth of primary sources, Bagley explains how the murders occurred, reveals the involvement of territorial governor Brigham Young, and explores the subsequent suppression and distortion of events related to the massacre by the Mormon Church and others.
