Sex Media Feona Attwood
2017-12-08 Media are central
to our experiences and
understandings of sex, whether
in the form of familiar
'mainstream' genres,

pornographies and other sex
genres, or the new zones,
interactions and
technosexualities made
possible by the internet and
mobile devices. In this
engaging new book, Feona
Attwood argues that to
understand the significance of
sex media, we need to examine
them in terms of their
distinctive characteristics,

relationships to art and culture, and changing place in society. Observing the role that media play in relation to sex, gender, and sexuality, this book considers the regulation of sex and sexual representation, issues around the 'sexualization of culture', and demonstrates how a critical focus on sex media can inform debates on sex education and sexual health, as well as illuminate the relation of sex to labour, leisure, intimacy, and bodies. Sex Media is an essential resource for students and scholars of media, culture, gender and sexuality.

A Shared Experience Laura Mccall 1998-08 Only by focusing on the similarities, as well as the differences, in the lives of men and women can we achieve a fully representative portrait. However, shared experiences and complementary lives of men and women have rarely been considered in historical inquiry. This important new anthology, reflecting recent trends in the history of men and women calls for the

reintegration of the study of gender.

and George Eliot, purveyors of the marriage plot that lies at the heart of the greatest English novels. As Madeleine tries to understand why "it became laughable to read writers like Cheever and Updike, who wrote about the suburbia Madeleine and most of her friends had grown up in, in favor of reading the Marquis de Sade, who wrote about deflowering virgins in eighteenth-century France," real life, in the form of two very different guys, intervenes.

Leonard Bankhead—charismatic loner, college Darwinist, and lost Portland boy—suddenly turns up in a semiotics seminar, and soon Madeleine finds herself in a highly charged erotic and intellectual relationship with him. At the same time, her old "friend" Mitchell Grammaticus—who's been reading Christian mysticism and generally acting strange—resurfaces, obsessed with the idea that Madeleine is destined to be his mate. Over the next year, as the members of the triangle in this amazing,

spellbinding novel graduate from college and enter the real world, events force them to reevaluate everything they learned in school. Leonard and Madeleine move to a biology Laboratory on Cape Cod, but can't escape the secret responsible for Leonard's seemingly inexhaustible energy and plunging moods. And Mitchell, traveling around the world to get Madeleine out of his mind, finds himself face-to-face with ultimate questions about the meaning of life, the existence of God, and the true nature of love. Are the great love stories of the nineteenth century dead? Or can there be a new story, written for today and alive to the realities of feminism, sexual freedom, prenups, and divorce? With devastating wit and an abiding understanding of and affection for his characters, Jeffrey Eugenides revives the motivating energies of the Novel, while creating a story so contemporary and fresh that it reads like the intimate journal of our own lives.

Roth 1994-09-20 The groundbreaking novel from the Pulitzer Prize-winning author of *American Pastoral* that originally propelled its author to literary stardom: told in a continuous monologue from patient to psychoanalyst, this masterpiece draws us into the turbulent mind of one lust-ridden young Jewish bachelor named Alexander Portnoy. "Deliciously funny...absurd and exuberant, wild and uproarious...a brilliantly vivid reading experience." —The New York Times Book Review "Touching as well as hilariously lewd.... Roth is vibrantly talented." —New York Review of Books Portnoy's Complaint n. [after Alexander Portnoy (1933-)] A disorder in which strongly-felt ethical and altruistic impulses are perpetually warring with extreme sexual longings, often of a perverse nature. Spielvogel says: 'Acts of exhibitionism, voyeurism, fetishism, auto-eroticism and oral coitus are plentiful; as a consequence of the patient's "morality," however, neither

fantasy nor act issues in genuine sexual gratification, but rather in overriding feelings of shame and the dread of retribution, particularly in the form of castration.' (Spielvogel, O. "The Puzzled Penis," *Internationale Zeitschrift für Psychoanalyse*, Vol. XXIV, p. 909.) It is believed by Spielvogel that many of the symptoms can be traced to the bonds obtaining in the mother-child relationship.

in language usage reflects a wider shift in perception. She suggests that we are witnessing a seemingly paradoxical move away from sex within contemporary understandings of porn, as a range of other factors come to influence the concept. Using examples from media, literature, and culture, and discussing the rise of notions such as “torture porn” and “misery porn,” Hester’s argument ranges from sexually explicit German novels and British policy documents to a discussion of the differences between European and American editions of pornographic films. She concludes that four factors in particular—transgression, intensity, prurience, and authenticity—can be seen to influence the way that we think about porn. Helen Hester is Lecturer in Promotional Cultures at Middlesex University, London.

Naked at Our Age Joan Price
2011-05-24 In Naked at Our Age, women and men, coupled and single, straight and gay

talk candidly about how their sex lives and relationships have changed with age, and about how they see themselves, their partners, or their single life. Many of them are having unsatisfying sex, or no sex at all, and are seeking advice. Price presents their personal stories, and follows up with tips from sex therapists, health professionals, counselors, sex educators, and other knowledgeable experts. *Naked at Our Age* is an entertaining and indispensable guide to handling and understanding the issues of senior sex and relationships.

Middlesex Jeffrey Eugenides
2011-07-18 Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides’ witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there’s a provocative twist. Cal,

Downloaded from
blog.solneelman.com on

the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. Middlesex is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

Sex/gender in Jeffrey Eugenides's novel Middlesex

Kaja Steinbuch 2009
Ayrshire Quarterly 1922
Sex Traffic Paola Monzini 2005-11 "The trafficking of women and girls for the purpose of prostitution is big

business. It is one of the most lucrative industries in the world, particularly given the explosion of the sex industry since the 1990s. The collapse of the Soviet Union and the devastating impact of neoliberal economic policies in many parts of the world have resulted in significant numbers of women seeking income however they can." "This book draws on a wealth of new empirical data: case studies from several countries of origin, transit and destination; research produced by NGOs, police and criminal courts; interviews and field research with the women themselves. Monzini's primary aim is to identify the mechanisms of what has truly become a global market. Most important, she assesses recent attempts to control trafficking, and strategies for resistance and change."--BOOK JACKET.

Hermaphrodites and the Medical Invention of Sex
Alice Domurat Dreger 2009-07-01 Punctuated with remarkable case studies, this book explores extraordinary

Downloaded from
blog.solneelman.com on

encounters between hermaphrodites--people born with "ambiguous" sexual anatomy--and the medical and scientific professionals who grappled with them. Alice Dreger focuses on events in France and Britain in the late nineteenth century, a moment of great tension for questions of sex roles. While feminists, homosexuals, and anthropological explorers openly questioned the natures and purposes of the two sexes, anatomical hermaphrodites suggested a deeper question: just how many human sexes are there? Ultimately hermaphrodites led doctors and scientists to another surprisingly difficult question: what is sex, really? *Hermaphrodites and the Medical Invention of Sex* takes us inside the doctors' chambers to see how and why medical and scientific men constructed sex, gender, and sexuality as they did, and especially how the material conformation of hermaphroditic bodies--when combined with social exigencies--forced peculiar

constructions. Throughout the book Dreger indicates how this history can help us to understand present-day conceptualizations of sex, gender, and sexuality. This leads to an epilogue, where the author discusses and questions the protocols employed today in the treatment of intersexuals (people born hermaphroditic). Given the history she has recounted, should these protocols be reconsidered and revised? A meticulously researched account of a fascinating problem in the history of medicine, this book will compel the attention of historians, physicians, medical ethicists, intersexuals themselves, and anyone interested in the meanings and foundations of sexual identity. *Sex Exposed* Lynne Segal 1993 Over the past twenty years debates about pornography have raged within feminism and beyond. Throughout the 1970s feminists increasingly addressed the problem of men's sexual violence against women, and many women reduced the politics of men's

Downloaded from
blog.solneelman.com on
 2021-09-10 by guest

power to questions about sexuality. By the 1980s these questions had become more and more focused on the issue of pornography--now a metaphor for the menace of male power. Collapsing feminist politics into sexuality and sexuality into pornography has not only caused some of the deepest splits between feminists, but made it harder to think clearly about either sexuality or pornography--indeed, about feminist politics more generally. This provocative collection, by well-known feminists, surveys these arguments, and in particular asks why recent feminist debates about sexuality keep reducing to questions of pornography.

Sex in Middlesex Roger Thompson 1989-01-13 Social historian Roger Thompson brings the forgotten and faceless men and women in 17th-century Massachusetts to suggest that records from Middlesex County of the Colony and Province of Massachusetts Bay show that the puritan social system was

not so rigid and the relationships between sexes not so regulated as some historians have suggested. The argument of 'Sex in Middlesex' is revisionist: the 'puritans' and 'theocrats' who throng its pages do not behave in accordance with popular stereotype or conform to the interpretations of major historians.

Citizen Bachelors John Gilbert McCurdy 2011-03-15 In 1755 Benjamin Franklin observed "a man without a wife is but half a man" and since then historians have taken Franklin at his word. In *Citizen Bachelors*, John Gilbert McCurdy demonstrates that Franklin's comment was only one side of a much larger conversation. Early Americans vigorously debated the status of unmarried men and this debate was instrumental in the creation of American citizenship. In a sweeping examination of the bachelor in early America, McCurdy fleshes out a largely unexamined aspect of the history of gender. Single men were instrumental to the settlement of the United States and for most of the seventeenth century their presence was not particularly problematic. However, as the colonies matured, Americans began to worry about those who stood outside the family. Lawmakers began to limit the freedoms of single men with laws requiring bachelors to pay higher taxes

and face harsher penalties for crimes than married men, while moralists began to decry the sexual immorality of unmarried men. But many resisted these new tactics, including single men who reveled in their hedonistic reputations by delighting in sexual horseplay without marital consequences. At the time of the Revolution, these conflicting views were confronted head-on. As the incipient American state needed men to stand at the forefront of the fight for independence, the bachelor came to be seen as possessing just the sort of political, social, and economic agency associated with citizenship in a democratic society. When the war was won, these men demanded an end to their unequal treatment, sometimes grudgingly, and the citizen bachelor was welcomed into American society. Drawing on sources as varied as laws, diaries, political manifestos, and newspapers, McCurdy shows that in the course of the seventeenth and eighteenth

Downloaded from
blog.solneelman.com on
 2021-09-10 by guest

centuries the bachelor was a simultaneously suspicious and desirable figure: suspicious because he was not tethered to family and household obligations yet desirable because he was free to study, devote himself to political office, and fight and die in battle. He suggests that this dichotomy remains with us to this day and thus it is in early America that we find the origins of the modern-day identity of the bachelor as a symbol of masculine independence. McCurdy also observes that by extending citizenship to bachelors, the founders affirmed their commitment to individual freedom, a commitment that has subsequently come to define the very essence of American citizenship.

The Routledge Companion to Media, Sex and Sexuality

Clarissa Smith 2017-08-09 The Routledge Companion to Media, Sex and Sexuality is a vibrant and authoritative exploration of the ways in which sex and sexualities are mediated in modern media and

everyday life. The 40 chapters in this volume offer a snapshot of the remarkable diversification of approaches and research within the field, bringing together a wide range of scholars and researchers from around the world and from different disciplinary backgrounds including cultural studies, education, history, media studies, sexuality studies and sociology. The volume presents a broad array of global and transnational issues and intersectional perspectives, as authors address a series of important questions that have consequences for current and future thinking in the field. Topics explored include post-feminism, masculinities, media industries, queer identities, video games, media activism, music videos, sexualisation, celebrities, sport, sex-advice books, pornography and erotica, and social and mobile media. The Routledge Companion to Media, Sex and Sexuality is an essential guide to the central ideas, concepts and debates currently shaping

research in mediated sexualities and the connections between conceptions of sexual identity, bodies and media technologies.

Sex Crime in the News Keith Soothill 2023-03-31 First published in 1991, *Sex Crime in the News* is a unique examination of the nature of sex crime reporting in the press. Analysing examples from forty years of newspaper coverage, the authors provide a systematic study of this controversial topic. The book reveals the misleading and trivializing nature of sex crime coverage, with serious research reports on rape and discussions on law reform being given short shrift. The authors examine the increasing gap between the reality of sexual abuse and the coverage it receives in the press, and they set their detailed empirical work within a context of broader concerns about the relationship between the media, the individual and the state. Critical though it is of the press, this book will be of special interest to people

working in the media, and to legislators involved in debates about the press. It will also be of value to students on course in women's studies, cultural and media studies, and deviancy.
