The Last American Cowboy Mike R. Dunbar 2009-07 This book details the story of a young man, a fictional character, Clem Barnett, during the late 1940's and 1950's, raised as a boy in the mid-west with dreams and visions, based on romantic books and movies, of being a cowboy in the West. He finds himself venturing far from his home in northeastern Oklahoma to hire-out on two very different ranches; first, one in Montana and later, one in Idaho. There, he learns about ranching, the cattle business, and most importantly, about life. He also learns what the modern, for the time period, cowboy is and how it differs greatly from his romantic vision. He faces many adventures and interacts with a host of colorful characters in search of his dreams. Because the story occurs in the early 1950's, the young man is faced with the horrors of participating in the Korean War, and more importantly, facing the emotional effects thereafter. Unlikely characters assist in his recovery and he gains respect and love for the people of the Basque culture who helped him. The story ends with a simple love story and a realization that dreams can be elusive. In the end, he finds peace and happiness and seems to come close to living the life of the romantic cowboy he envisioned. Others see in him a person who so loves the life of a cowboy and confers upon him the title of the last romantic, real life, American Cowboy.

Love doesn't always come easily but it is always worth fighting for. Justin would have preferred to stay in the city and pretend it was an ordinary day. Family means everything to Freya Montgomery. She loves living on the land and helping to grow the family business. She knows how important agriculture is to their small hinterland community, so when Justin arrives in town and is offered a generous price from a housing developer to buy his property, Freya must convince him not to accept the deal and instead lease the land to her family. Barefoot in the Bindis Angela Wales 2019-03-26 A circle of pine trees, a

sagging wire fence, and a roof that was once painted red. `There it is,? said Dad. In 1953, after doctors prescribed fresh country air for his health, Scottish-born Robert Wales uprooted his young family from the city life of Sydney and set out to establish a sheep farm in the bush. What he lacked in experience and expertise, he made up for in enthusiasm. Or so he hoped. When the family arrived on a lonely hill in northern New South Wales, they had no electricity, no running water, no telephone and no choice but to make that tangle of bush their home. From Angela Wales, eldest of the five kids, comes this extraordinarily vivid and evocative account of the next ten years as they tried to tame six thousand acres and navigate the challenges of country life. Filled with drama and hilarity, joy and back-breaking toil, Barefoot in the Bindis portrays a childhood spent in the bush, and is a sensational picture of Australia past.
