Life and Letters Marcus Tullius Cicero 1875

The Landmark Julius Caesar Kurt A. Raaflaub 2019-02-05 The Landmark Julius Caesar is the definitive edition of the five works that chronicle the military campaigns of Julius Caesar. Together, these five narratives present a comprehensive picture of military and political developments leading to the collapse of the Roman republic and the advent of the Roman Empire. The Gallic War is Caesar's own account of his two invasions of Britain and of conquering most of what is today France, Belgium, and Switzerland. The Civil War describes the conflict in the following year which, after the death of his chief rival, Pompey, and the defeat of Pompey's heirs and supporters, resulted in Caesar's emergence as the sole power in Rome. Accompanying Caesar's own commentaries are three short but essential additional works, known to us as the Alexandrian War, the African War, and the Spanish War. These were written by three unknown authors who were clearly eyewitnesses and probably Roman officers. Caesar's clear and direct prose provides a riveting depiction of ancient warfare and, not incidentally, a persuasive portrait for the Roman people (and for us) of Caesar himself as a brilliant, moderate, and effective leader—an image that was key to his final success. Kurt A. Raaflaub's masterful translation skillfully brings out the clarity and elegance of Caesar's style, and this, together with such Landmark features as maps, detailed annotations, appendices, and illustrations, will provide every reader from lay person to scholar with a rewarding and enjoyable experience. The View from Pompey's Head Hamilton Basso 1998-11-01 Sweet, sleepy -- beautiful -- old Pompey's Head, South Carolina. Anson Page thought he'd ground it out of his life for good. Now a Manhattan lawyer representing a large publishing house, he's returning to his hometown after fifteen years to investigate the mystery surrounding one of his client's authors, a major American novelist who lives on nearby Tamburlaine Island. Both painfully familiar and irrevocably altered, the landmarks and people in Pompey's Head resurrect for Page the sweep of his past life. As he sets about resolving business matters, he collides headlong with the enduring power of lineage to determine belonging and dominance, exclusion and shame, and the realization that leaving does not mean escaping. A deft interlacing of recollection and suspense, *The View from Pompey's Head* is Hamilton Basso's most popularly acclaimed novel. When first published, it spent forty weeks on the New York Times bestseller list and was translated into seven languages.

Julius Caesar and the Roman People Robert Morstein-Marx 2021-08-26

Julius Caesar was no aspiring autocrat seeking to realize the imperial future but an unusually successful republican leader who was measured against the Republic's traditions and its greatest heroes of the past. Catastrophe befell Rome not because Caesar (or anyone else) turned

against the Republic, its norms and institutions, but because Caesar's extraordinary success mobilized a determined opposition which ultimately preferred to precipitate civil war rather than accept its political defeat. Based on painstaking re-analysis of the ancient sources in the light of recent advances in our understanding of the participatory role of the People in the republican political system, a strong emphasis on agents' choices rather than structural causation, and profound scepticism toward the facile determinism that often substitutes for historical explanation, this book offers a radical reinterpretation of a figure of profound historical importance who stands at the turning point of Roman history from Republic to Empire.

The Tortoise in Asia Tony Grey 2016-08-01 An intellectually thrilling novel of a Roman commander who fights alongside the Huns—and finds his mind opened to the culture and beliefs of the East. Based on a popular legend in Gansu, the far western province of China, *The Tortoise in Asia* recounts the exploits of Marcus, a young Roman centurion schooled in the Greek classics who, after a devastating loss in a battle with the Parthians, is taken prisoner, marched along the Silk Road, and pressed into service as a border guard on the eastern frontier. After a daring escape, Marcus has many adventures working with the Hun army as a mercenary. Throughout this harrowing journey, Marcus learns about Chinese philosophies, uncovering the startling similarities between these philosophies and those of Greece. “Tony Grey’s book shows us that the Silk Roads are an endless and magical resource in which fact and fiction merge and the imagination revels.” —Edmund Capon

Cicero Kathryn Tempest 2011-03-24 As the greatest Roman orator, Cicero delivered over one hundred speeches in the law courts, in the senate and before the people of Rome. He was also a philosopher, a patriot and a private man. While his published speeches preserve scandalous accounts of the murder, corruption and violence that plagued Rome in the first century BC, his surviving letters give an exceptional glimpse into Cicero's own personality and his reactions to events as they unraveled around him. Events, he thought, which threatened to destabilize the system of government he loved and establish a tyranny over Rome. From his rise to power as a self-made man, Cicero's career took him through the years of Sulla, and the civil war between Pompey and Caesar, to his own last fight against Mark Antony. We witness the turbulent events of the Late Roman Republic through Cicero's eyes. Drawing chiefly on Cicero's speeches and letters, and up-to-date research, Kathryn Tempest presents a new, highly readable narrative of Cicero's dramatic life and times.

Andreas Prime The Legend Home Charles & Irene Nickerson 2013-09-26 It has been 12 months since Beary has arrived at the Academy from his tour aboard the Saber Claw. He enjoyed teaching the classes he had been assigned. At first, some of the older cadets resented the fact that their instructor was younger than they were. Then they would see the ribbons on his uniform and hear the rumors. Ben, of course, helped spread them. Flight training was going well. His many hours in jump ships were proving to be a blessing instead of a curse. He expected to graduate early from flight training. Caesar had spent six months at the academy then shipped off to aid a hospital ship that had lost one of its surgeons to an accident. The Hospital ship was trying to combat a new disease that had cropped up on an agricultural colony in the Darius system. Once again, his work under Dr Maxumus was proving

invaluable. Ben, along with taking accelerated classes, was teaching a class in survival and weapons. Ben had taken to this task with enthusiasm. With the help of two of the Marine Professors, he wrote the training manual for the course, which they used as a major project in two of his classes. The class he taught was so popular there was a waiting list. Pompey kept busy trying to prepare for the cub, which was due in three months, running two homes, plus working for her new father-in-law on special issues. Senator Maxumus was busy trying to get the Senate to strengthen its rules. He did not want to see new conspiracies flair up. The idea that eight senators some in critical positions could become traitors had shaken the Senate. The Bearilian house of Representatives was demanding a full and open investigation as it scrutinized its own members. The Arcrilians had suffered such a devastating defeat that they were asking for terms for a treaty and for aid. The Bearilian President immediately started negotiations along with the Antillean Supreme Council. The result was the removal of all Arcrilian ships from Bearilian and Antillean territory, in exchange for food and raw materials purchased at a reasonable price. For the Antilleans this was a big win. For Angelina Maxumus the last 12 months had been hectic as she tried to balance her time between Bearilia Prime and Andreas Prime. She enjoyed being a Neuro-surgeon a lot more than being an Empress. She even found that she had to show up at State functions not as a wife of a prominent Senator, but as a Head of State. There had also been a need to appoint representatives to the two Bearilian Houses. One of her second Brother's sons, Iacomus Augustus, had joined his cousins on Andreas Prime. He found some unclaimed land near the western ocean connected to the Augustan land. A young Dragon, Silver Tail agreed to be his Family Dragon. The Dragon Counsel suggested that he be appointed as the Planet's Senator. A young nomad also moved to Andreas Prime. He had no family or land. A young Dogon, Saraina, approached the Dogon Counsel and asked that this young Nomad be given its sheep and become its family. His name was Khristophoros. The Dogon Counsel gave him the last name Theodoros. Khristophoros Theodoros was called before Angelina. She questioned him for several cycles. She found out that he had been part of a servant family to the Pompaius family. She found goodness and strength in this young Bear. After talking with both counsels, she appointed him to the House of Representatives. He would prove to be a loyal and excellent choice. Savato Artemus was not happy. He loved the Crimson Blade but he could not find a gunner that met his standards. He also missed his friends. Captain Centaurus found he hated the paper work of a ship's captain as much as Atilus had. Yet he loved the Saber Claw, especially with the new upgrades. Commodore Atilus was a taskmaster with his Destroyer Squadron. Only Centaurus had no complaints. Yet Destroyer Squadron 9 was shapin

Cicero, On Pompey's Command (De Imperio), 27-49 Ingo Gildenhard 2014-09-03 In republican times, one of Rome's deadliest enemies was King Mithridates of Pontus. In 66 BCE, after decades of inconclusive struggle, the tribune Manilius proposed a bill that would give supreme command in the war against Mithridates to Pompey the Great, who had just swept the Mediterranean clean of another menace: the pirates. While powerful aristocrats objected to the proposal, which would endow Pompey with unprecedented powers, the bill proved hugely popular among the people, and one of the praetors, Marcus Tullius Cicero, also hastened to lend it his support. In his first ever political speech, variously entitled *pro lege Manilia* or *de imperio Gnaei Pompei*, Cicero argues that the war against Mithridates requires the appointment of a perfect general and that the only man to live up to such lofty standards is Pompey. In the section under consideration here, Cicero defines the most important hallmarks of the ideal military commander and tries to demonstrate that Pompey is his living embodiment. This course book offers a portion of the original Latin text, study aids with vocabulary, and a commentary. Designed to stretch and stimulate readers, the incisive commentary will be of particular interest to students of Latin at both AS and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Cicero's prose and discussion of the most recent scholarly thought.

From West Ham to Bournemouth, Portsmouth to Tottenham, legions of fans regard him as one of the game's true legends. • Harry's long career has been packed with twists and turns and plenty of controversy. Signing for West Ham as a 17 year-old, Harry Redknapp made 149 appearances before moving to Bournemouth where he stayed until 1982, leaving to take up his first coaching position with the club. After a major car accident in 1990 Harry was forced to reconsider his career options and made the switch from Bournemouth to West Ham. In 2003 he headed to Portsmouth in what was to be a turbulent time. With a brief spell at Southampton, Harry returned to Portsmouth and in 2008 he steered them to their first FA cup victory in 69 years. • In October 2008 Harry Redknapp joined Tottenham Hotspurs working his 'Harry Houdini' magic to lift them out of the relegation zone in just two weeks. And in 2010 they have made it to the knock-out stages in the Champions Leagues for the first time.

The Three Adventurers John Sturgis Bonner 1911

Pompeii Paul Wilkinson 2017-08-30 The resonant ruins of Pompeii are perhaps the most direct route back to the living, breathing world of the ancient Romans. Two million visitors annually now walk the paved streets which re-emerged, miraculously preserved, from their layers of volcanic ash. Yet for all the fame and unique importance of the site, there is a surprising lack of a handy archaeological guide in English to reveal and explain its public spaces and private residences. This compact and user-friendly handbook, written by an expert in the field, helpfully fills that gap. Illustrated throughout with maps, plans, diagrams and other images, *Pompeii: An Archaeological Guide* offers a general introduction to the doomed city followed by an authoritative summary and survey of the buildings, artefacts and paintings themselves. The result is an unrivalled picture, derived from an intimate knowledge of Roman archaeology around the Bay of Naples, of the forum, temples, brothels, bath-houses, bakeries, gymnasia, amphitheatre, necropolis and other site buildings - including perennial favourites like the House of the Faun, named after its celebrated dancing satyr.
