**One Truth, No Lie** Lehua Parker 2019-07-30 Everything you thought you knew about Zader is a lie. Kalei, the Man with Too Many Teeth, gave me an ultimatum: Bite Jay or watch as Kalei murders everyone I love. Kalei will do it. I have no doubt. Jay's anger is white-hot. If I take his leg, he'll never surf again. He's my brother, but he'll hunt me down and kill me for this. He won't forgive me. Either way, I end up alone. No matter what they say, I'm not Niuhi. I'm a Westin. I'm a kid, not a shark. I can't live without Jay, Char Siu, Uncle Kahana, or 'Ilima. Just me and my psycho sister Maka roaming the seas forever? No thanks. There's got to be more to my life than this. I refuse to believe that I'm a monster and a pawn in someone's cosmic game. I'm making my own rules now. \_\_\_\_\_ One Truth, No Lie is Book 3 in the Niuhi Shark Saga trilogy. Told from an indigenous perspective and set in a contemporary Hawaiian world where all the Hawaiian myths and legends are real, the series explores belonging, adoption, being different, bullying, defining family, destiny vs. self-determination, and learning to turn weaknesses into strengths. Through the series, Zader discovers he's not really a boy allergic to water; he's something much more special, dangerous, and powerful. His adoptive brother Jay discovers what happens when the golden surfing star falls from his pedestal and has to choose to make the long climb back from serious injury. It's the ties that bind and support the brothers that allow them to create their own destinies. As typical local islanders, characters use common Hawaiian and Pidgin words and phrases. The meaning is usually clear from the context, but there is also a Hawaiian & Pidgin Glossary for additional support. Each chapter begins with a related island word or phrase and its definitions. A Discussion Guide for book club or classroom use is included. Free additional classroom support materials are available on [www.NiuhiSharkSaga.com](http://www.NiuhiSharkSaga.com). One Boy, No Water, Book 1 in the Niuhi Shark Saga, was a 2017 Nene Award Nominee. The Nene Award is Hawaii's Children's Choice Book Award recognizing outstanding literary works.

**Young Skins** Colin Barrett 2015-03-03 A blockbuster collection from one of Ireland's most exciting young voices: "Sharp and lively . . . a rough, charged, and surprisingly fun read" (Interview). A National Book Foundation 5 Under 35 Honoree \* Winner of the Frank O'Connor International Short Story Award \* Winner of the Guardian First Book Award \* Winner of the Rooney Prize for Irish Literature Enter the small, rural town of Glanbeigh, a place whose fate took a downturn with the Celtic Tiger, a desolate spot where buffoonery and tension simmer and erupt, and booze-sodden boredom fills the corners of every pub and nightclub. Here, and in the towns beyond, the young live hard and wear the scars. Amongst them, there's jilted Jimmy, whose best friend Tug is the terror of the town and Jimmy's sole company in his search for the missing Clancy kid; Bat, a lovesick soul with a face like "a bowl of mashed up spuds" even before Nubbin Tansey's boot kicked it in; and Arm, a young and desperate criminal whose destiny is shaped when he and his partner, Dympna, fail to carry out a job. In each story, a local voice delineates the grittiness of post boom Irish society. These are unforgettable characters rendered through silence, humor, and violence. "Lyrical and tough and smart . . . What seems to be about sorrow and foreboding turns into an adventure, instead, in the tender art of the unexpected." —Anne Enright, Man Booker Prize Award-winning author

"Sometimes comic, sometimes melancholy, *Young Skins* touches the heart, as well as the mind." —Irish American Post

Immerse yourself in what has long enraptured both the sensualist and the scientist—the natural world. Seismic in its permeable temporal and geographic states, *Beneath the Liquid Skin* examines humankind's response to the environment: our pursuit of milder emotional, political, social, and cultural climes; our flight from ecological catastrophe; and our refuge in safer mythical domains. Although her habitat is exotic, Berit Ellingsen saturates—with humanistic and preternatural harmony—a remarkably vulnerable yet enduring surface.

**Skin Folk** Nalo Hopkinson 2015-01-27 The SFWA Grand Master's award-winning collection "combines a richly textured multicultural background with incisive storytelling" (Library Journal). In *Skin Folk*, with works ranging from science fiction to Caribbean folklore, passionate love to chilling horror, Nalo Hopkinson is at her award-winning best, spinning tales like "Precious," in which the narrator spews valuable coins and gems from her mouth whenever she attempts to talk or sing. In "A Habit of Waste," a self-conscious woman undergoes elective surgery to alter her appearance; days later she's shocked to see her former body climbing onto a public bus. In "The Glass Bottle Trick," the young protagonist ignores her intuition regarding her new husband's superstitions—to horrifying consequences. Hopkinson's unique pacing and vibrant dialogue sets a steady beat for stories that illustrate why she received the John W. Campbell Award for Best New Writer. **Experiments in Skin** Thuy Linh Nguyen Tu 2021-03-19 In *Experiments in Skin* Thuy Linh Nguyen Tu examines the ongoing influence of the Vietnam War on contemporary ideas about race and beauty. Framing skin as the site around which these ideas have been formed, Tu foregrounds the histories of militarism in the production of US biomedical knowledge and commercial cosmetics. She uncovers the efforts of wartime scientists in the US Military Dermatology Research Program to alleviate the environmental and chemical risks to soldiers' skin. These dermatologists sought relief for white soldiers while denying that African American soldiers and Vietnamese civilians were also vulnerable to harm. Their experiments led to the development of pharmaceutical cosmetics, now used by women in Ho Chi Minh City to tend to their skin, and to grapple with the damage caused by the war's lingering toxicity. In showing how the US military laid the foundations for contemporary Vietnamese consumption of cosmetics and practices of beauty, Tu shows how the intersecting histories of militarism, biomedicine, race, and aesthetics become materially and metaphorically visible on skin.

*Stories in a New Skin* Keavy Martin 2012-12-15 In an age where southern power-holders look north and see only vacant polar landscapes, isolated communities, and exploitable resources, it is important to note that the Inuit homeland encompasses extensive philosophical, political, and literary traditions. *Stories in a New*

*Skin* is a seminal text that explores these Arctic literary traditions and, in the process, reveals a pathway into Inuit literary criticism. Author Keavy Martin considers writing, storytelling, and performance from a range of genres and historical periods - the classic stories and songs of Inuit oral traditions, life writing, oral histories, and contemporary fiction, poetry and film - and discusses the ways in which these texts constitute an autonomous literary tradition. She draws attention to the interconnection between language, form and context and illustrates the capacity of Inuit writers, singers and storytellers to instruct diverse audiences in the appreciation of Inuit texts. Although Eurowestern academic contexts and literary terminology are a relatively foreign presence in Inuit territory, Martin builds on the inherent adaptability and resilience of Inuit genres in order to foster greater southern awareness of a tradition whose audience has remained primarily northern.

[Dark Archives](#) Megan Rosenbloom 2020-10-20 On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In *Dark Archives*, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic bibliopegy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world's most famous libraries and museums. *Dark Archives* exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In *Dark Archives*—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject. [Blue Skin of the Sea](#) Graham Salisbury 2008-12-24 Eleven interlinked stories tell the tale of a boy coming of age in Kailua-Kona, a Hawaiian fishing village. Sonny Mendoza is a little different from the rest of the men in his family. Salisbury explores characters like Auntie Pearl, a full-blooded Hawaiian as regal as the queens of old; cool Jack, from L.A., who starts a gang and dares Sonny to be brave enough, cruel enough, to join; mysterious Melanie, who steals his heart; and Deeps, the shark hunter. But the most memorable character is the sea itself: inviting, unpredictable, deadly. Mendoza men are brave men, but Sonny's courage is of a different kind. Why can't he love and trust the water as the men of his family are meant to do?

**My Shadow Is My Skin** Katherine Whitney 2020-03-16 The Iranian revolution of 1979 launched a vast, global diaspora, with many Iranians establishing new lives in the United States. In the four decades since, the diaspora has expanded to include not only those who emigrated immediately after the revolution but also their American-born children, more recent immigrants, and people who married into Iranian families, all of whom carry their own stories of trauma, triumph, adversity, and belonging that reflect varied and nuanced perspectives on what it means to be Iranian or Iranian American. The essays in *My Shadow Is My Skin* are these stories. This collection brings together thirty-two authors, both established and emerging, whose writing captures the diversity of diasporic experiences. Reflecting on the Iranian American experience over the past forty years and shedding new light on themes of identity, duality, and alienation in twenty-first-century America, the authors present personal narratives of immigration, sexuality, marginalization, marriage, and religion that offer an antidote to the news media's often superficial portrayals of Iran and the people who have a connection to it. *My Shadow Is My Skin* pulls back the curtain on a community that rarely gets to tell its own story.

**The Body's Edge** Marc Lappe 2014-09-09 Our skin covers us in a mantle no thicker than this line of type, separating us from the outside by the thinnest of margins. It is the real and symbolic boundary between ourselves and the external world. It is there, at the body's edge, that some of the most interesting stories about human biology, mythology, medicine, and health are told, and Marc Lappe, author of several highly acclaimed science books, is the right person to tell them. He discusses how the "newly discovered" permeability of the skin, long recognized by other cultures, has led to the use of drug-bearing patches; how potentially harmful chemicals penetrate the skin; how vulnerable we are to particular environmental insults; and much more. For the first time, he tells the inside story of silicone injections, an ill-fated experiment of the 1960s and 1970s. *The Body's Edge* is a provocative examination of how we can reinforce what the skin provides and maintain our edge against an increasingly hostile world.

**Seeing My Skin** Peter Jarrett-Schell 2019-08-17 • A personal journey of a priest's understanding of his Whiteness widens into an invitation to wrestle with larger cultural issues of race and belonging With humor, and a sharp, easily-readable style, Peter Jarrett-Schell delves deeply into how Whiteness has shaped his life. By telling his story, he challenges readers to personally consider the role of race in their own lives. In recent years, white institutions, congregations, and individuals have all begun to wrestle with their racial legacy. But these reflections often get lost abstracting ideas of "white privilege," "white fragility," "structural racism," and the like, until they become nothing more than jargon. This book challenges its readers to look closely at how these concepts show up in their everyday lives. By examining how Whiteness has distorted his own perceptions, relationships, and sense of self, Jarrett-Schell argues for the personal stakes that white people have in dismantling racism, and offers the creative possibilities that emerge when we begin to do the work.
