I Just Need You J. Nathan 2020-10-25 Kresley
Studying abroad was my chance to gain independence away from my privileged life in California. But, when there's a kidnapping attempt on my life, I'm forced to return home to

finish college. I just never expected to get stuck with a pompous, know-it-all bodyguard who watches my every move with nothing but disdain. One whose good looks don't soften the cold, impenetrable wall he wears like armor. Tristan I pride myself on being a professional and taking my job as a bodyguard seriously. But, nothing could prepare me for the high maintenance, rich girl I'm hired to protect. She's got a smart mouth, is hell-bent on pushing my buttons, and doesn't take the threats against her seriously. And despite the nightmares that plague her dreams, or the fact that I'm the only one who knows about them, I'm not there to befriend her. I'm there to protect her...no matter how much she intrigues me. Jabs will be exchanged, glares will become the norm, jealousy will rear its ugly head, and sparks...well those damn things will inevitably fly. But will it all come with a dangerous price?

Stay Close Libby Cataldi 2009-04-28 During his early teens, Jeff Bratton started using drugs. At first, alcohol and pot, but quickly he spiraled into using cocaine, ketamine, crystal meth and eventually heroin. "Stagli vicino", an Italian recovering addict told the author. "Stay close—never leave him, even when he is most unlovable." This is not a book about saving a child. It is a story of deep trauma and deep despair, but also of deep hope—and healing. Here is Libby Cataldi's story about dealing with addiction without withdrawing love, learning to trust again while remaining attuned to lies, and the cautious triumph of staying clean one day at a time. He told her, "Mom, never quit believing." And she didn't.

The Near East Charles Keith Maisels 2005-10-24 The transition from foraging, farming and the neolithic village to the city-state is a complex and fascinating period. Studies on the prehistory of the Near East by nineteenth and twentieth century pioneers in the field transformed archaeology through the creation of the 'Ages System' of Stone, Bronze and Iron. The Near East provides a developmental account of this period contextualised by discussion of the emergence of archaeology as a discipline. The Near East details the causes and effects - enviromental, organizational, demographic and technological - of the world's first village farming cultures some eight thousand years ago. Charles Maisels explains how cities such as Uruk and Ur, Nippur and Kish formed as a result of geological factors and the role of key organizational features of Sumerian society in introducing the world's first script, system of calculation and literature.

Nanda's Neelkanth Chandra Prakash Kala
2015-03-11 Being blessed to wander in some of the most fascinating hills and valleys of nature, I have been endeavoring for long to put these stories together. I offer here the elements that

appeal most to me during my wanderings in the jungles, meadows, villages and towns, especially in the abode of gods and goddesses the Himalaya. I pick up one of the tales as a title of the book '*Nanda's Neelkanth*'. Neelkanth is one of the several names of the Lord Shiva, the Hindu god. Many snow-clad peaks of the Himalaya are named after the gods and goddesses and Neelkanth is one of the most magnificent peaks. It attracts every human soul not only to its brilliant hues and majestic snowy peak but Neelkanth, as the Mahadev, also remains the source of spirituality for billions. Likewise, His consort, Nanda who is adorned with innumerable names including the Gaura, has been venerated in the form of beautiful mountains of the Himalaya. The quiet and unquiet woods, the elusive and elegant wildlife, the people and their culture and their struggle for living are the other elements in this bouquet of experiences.

Staying Close Michael Waterhouse 2003 This

volume explores how we are learning to cope with death in a secular age. Waterhouse explores how care of the dying is changing, and the new approaches to funerals and bereavement, basing the book on interviews with health professionals, with those facing death and with the bereaved. He relates individual stories to the wider social, ethical and medical problems, and though some of the stories show painful experiences, they also reveal people's resilience and courage. Underpinning the book is the idea that the more pro-active we are, the better will be our experiences of dying and grieving.

Broome is a detective who can't let go of a cold case. Each is hiding secrets that even those closest to them would never suspect. When the terrible consequences of long-ago events threaten to ruin their quiet suburban lives, they will come to the startling realization that they may not want to forget the past at all.
