South from Hell-fer-Sartin Leonard W. Roberts 2021-11-21 South from Hell-fer-Sartin, a short creek flowing into the Middle Fork of the Kentucky River, lies one of the of the most isolated regions in Kentucky. There, on the north slope of the Pine Mountain range in Leslie and Perry counties—probably the last stronghold of white, English-language folk tales in North America—Leonard W. Roberts recorded this rich collection more than three decades ago. To a people who, at that time, watched dancing hearth fires more often than television, the adventures of Jack in the land of witches and giants, monsters and beautiful princesses, provided first-class entertainment. Here are such old favorites as "Sleeping Beauty" and "The Golden Arm," retold in the idiom of the Kentucky mountains. Here are hauntingly beautiful cantes fables and earthy Irishman jokes. Here are encounters with Indians and marvelous hunting escapades. Roberts introduces his collection, first published in 1955, with a sympathetic description of the mountain way of life. He notes especially the bewildering and rapid changes that came to the Pine

Mountain watershed in that decade as the highways and electric lines at last brought in a sophistication that preferred the soap opera to the folk tale. Although the stories Roberts recorded were still a firm part of folk tradition at the time, he believed that within a decade or two they would be forgotten—a prediction, sadly, by now no doubt fulfilled. Any lover of the vanishing art of tale telling will relish this rich treasury of folklore and humor. Full notes on sources, types, motifs, parallels, and possible origins of the tales make this collection valuable also for folklorists.

Revival: The Mystic Rose (1960) Ernest Crawley 2018-05-08 All study of the origins of social institutions must be based on what ethnology can tell us of the psychology of the lower races and on the primitive conceptions of human relations which are thus established. It is only in early modes of thought that we can find the explanation of ceremonies and systems which originated in primitive society; and, if ceremony and system are the concrete forms in which human relations are expressed, an examination, ethnological and psychological, of human relations, is indispensable for enquiry into human institutions.

The Bedtrick Wendy Doniger 2022-08-22 "Somehow I woke up one day and found myself in bed with a stranger." Meant literally or figuratively, this statement describes one of the best-known plots in world mythology and popular storytelling. In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova, the erudite and irrepressible Wendy Doniger shows us the variety, danger, and allure of the "bedtrick," or what it means to wake up with a stranger. The Bedtrick brings together hundreds of stories from all over the world, from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News, to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of. Here you will find wives who accidentally commit adultery with their own husbands. You will read Lincoln's truly terrible poem about a bedtrick. You will learn that in Hong Kong the film *The Crying Game* was retitled *Oh No! My Girlfriend Has a Penis*. And that President Clinton was not the first man to be identified by an idiosyncratic organ. At the bottom of these wonderful stories, ancient myths, and historical anecdotes lie the dynamics of sex and gender, power and identity. Why can't people tell the difference in the dark? Can love always tell the difference between one lover and another? And what kind of truth does sex tell? Funny, sexy, and engaging, *The Bedtrick* is a masterful work of energetic storytelling and dazzling scholarship. Give it to your spouse and your lover.

Love against Substitution Eric B. Song 2022-04-26 Are we unique as individuals, or are we replaceable? Seventeenth-century English literature pursues these questions through depictions of marriage. The writings studied in this book elevate a love between two individuals who deem each other to be unique to the point of being irreplaceable, and this vocabulary allows writers to put affective pressure on the meaning of marriage as Pauline theology defines it. Stubbornly individual, love threatens to short-circuit marriage's function in directing intimate feelings toward a communal experience of Christ's love. The literary project of testing the meaning of marriage proved to be urgent work throughout the seventeenth century. Monarchy itself was put on trial in this century, and so was the usefulness of marriage in linking Christian belief with the legitimacy of hereditary succession. Starting at the end of the sixteenth century with Edmund Spenser, and then exploring works by William Shakespeare, William Davenant, John Milton, Lucy Hutchinson, and Aphra Behn, Eric Song offers a new account of how notions of unique personhood became embedded in a literary way of thinking and feeling about marriage.
