Pilgrimage in Ireland Peter Harbison 1995-06-01 The landscape of Ireland is rich with ancient carved stone crosses, tomb-shrines, Romanesque churches, round towers, sundials, beehive huts, Ogham stones and other monuments, many of them dating from before the 12th century. The purpose and function of these artifacts have often been the subject of much debate. Peter Harbison proposes in this book a radical hypothesis: that a great many of these relics can be explained in terms of ecclesiastical pilgrimage. He has constructed a fascination theory about the palace of pilgrimage in the early Christian period, placing it right at the center of communal life. The monuments themselves make much better sense if it looked at in this light—as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims. He begins by searching the historical sources in detail for evidence of early pilgrimage sites. By examining their monuments he projects the findings to other locations where pilgrimage has not been documented. He goes on to describe monument-types of every kind and to identify pilgrims in sculpture surviving from before AD 1200. The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments, enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland. Indeed, the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland, reaching Iceland, Greenland, and even North America.

The Island in Imagination and Experience Barry Smith 2017-06-15 From Treasure Island to Robben Island, from the paradise of Thomas More's Utopia to Napoleon's purgatory on Elba, islands have proved irresistible to mankind's imagination since time immemorial. Self-confessed islo-maniac Barry Smith explores how islands bewitch us so, and examines the kind of human experiences that islands inspire. Journeying all around the globe to take in the most fascinating stories of Earth's half a million islands, this book considers the unique geography, politics and economics of islands and their cultures. It traces their singular place in literature, religion and philosophy, and disentangles the myths and the facts to reveal just why islands exert such an insistent grip on the human psyche.

Wild Shores Richard Nairn 2022-03-24 Following the Irish coast in a clockwise direction, acclaimed ecologist Richard Nairn travels by boat, on foot and sometimes by air to visit the best remaining wild places, including islands, cliffs, beaches and dunes. The result is a unique mix of nature, history, science and a reflection on the author's personal experiences of exploring Ireland's coast. By viewing the Irish coastline from the sea, Richard gains a unique perspective on the island. And along the way, he recalls a lifetime spent studying nature. 'An affectionate and timely celebration of Ireland's richly varied coastline' Bryan Dobson 'A great read - whatever part of the coast you visit' Éanna Ní Lamhna 'A brilliant and timely odyssey around our precious, precarious shores' Professor John Brannigan, University College Dublin 'An exhilarating journey right around our coastline' Paddy Woodworth, Journalist and author 'An intimate, inspiring and lovely read about Ireland's shorelines: its places and spaces' Professor Robert Devoy, Lead Editor of The Coastal Atlas of Ireland

Man & Environment in Valencia Island Frank Mitchell 1989 A vivid study of Valencia Island from the arrival of Stone Age people to the present day, drawing on ten years of intensive field research. 85 illustrations, including colour and black and white photographs. "The development of the island's archaeological record and the changes in the environment are assessed as part of an interwoven pattern... This small area shows in microcosm the archaeological complexity of the surviving evidence built up during the past nine thousand years of land exploitation in Ireland and will provide an excellent model for other research

projects. For all those interested in our heritage, whether cultural or environmental, it is essential and rewarding reading." Eoin Grogan, *Archaeology Ireland* "The work, as one might expect of Frank Mitchell, is imbued with his characteristic enthusiasm...and is rich with his experience, insights and anecdote, as a Quaternary scientist and naturalist." Atlas Obscura, 2nd Edition Joshua Foer 2019-10-15 Discover wonder. "A wanderlust-whetting cabinet of curiosities on paper."— New York Times Inspiring equal parts wonder and wanderlust, *Atlas Obscura* is a phenomenon of a travel book that shot to the top of bestseller lists when it was first published and changed the way we think about the world, expanding our sense of how strange and marvelous it really is. This second edition takes readers to even more curious and unusual destinations, with more than 100 new places, dozens and dozens of new photographs, and two very special features: twelve city guides, covering Berlin, Budapest, Buenos Aires, Cairo, London, Los Angeles, Mexico City, Moscow, New York City, Paris, Shanghai, and Tokyo. Plus a foldout map with a dream itinerary for the ultimate around-the-world road trip. More a cabinet of curiosities than traditional guidebook, *Atlas Obscura* revels in the unexpected, the overlooked, the bizarre, and the mysterious. Here are natural wonders, like the dazzling glowworm caves in New Zealand, or a baobab tree in South Africa so large it has a pub inside where 15 people can sit and drink comfortably. Architectural marvels, including the M. C. Escher-like stepwells in India. Mind-boggling events, like the Baby-Jumping Festival in Spain—and no, it's not the babies doing the jumping, but masked men dressed as devils who vault over rows of squirming infants. Every page gets to the very core of why humans want to travel in the first place: to be delighted and disoriented, uprooted from the familiar and amazed by the new. With its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, and new city guides, it is a book you can open anywhere and be transported. But proceed with caution: It's almost impossible not to turn to the next entry, and the next, and the next.

Island Boy Des Lavelle 2022-02-14 'There were twenty-five hours in my day then ... any job or challenge that the ocean or the harbour might offer was an option. I undertook them all.' Des Lavelle was born on Valentia Island in County Kerry in 1934, surrounded by the wild Atlantic waters. Known to the world for his passion for the nearby Skellig Islands, Des has led a fascinating and varied life, but his heart forever draws him back to Valentia. His wide-ranging memoir takes us on an extraordinary journey from an idyllic childhood on Valentia, through a short-lived 'permanent, pensionable job' with the Western Union Telegraph Company to a rich and fascinating life where the sea always offered opportunities. When the movie *Ryan's Daughter* needed marine advice in 1968, they came to Des. In 1974 a North Sea oil rig sought him out to help with a giant safety net, and a few years later his special skills came to the fore once more as Telecom Éireann laid their cables under the waves. From sea-faring on his beloved 32ft Béal Bocht to pioneering deep-sea diving, running a ferry, campaigning for his beloved island outpost, crewing with the Valentia lifeboat and travelling to far-flung places, Des Lavelle shares his ups and downs on his road to becoming a renowned author and expert on the historical and wildlife riches of Kerry's intriguing Skellig Islands. *Island Boy* is the compelling story of a man born and raised in Valentia and of a unique life that he continues to live to the full.

The Skellig Story Des Lavelle 2004 NEW EDITION 'Magic that takes you out, far out, of this time and this world.' George Bernard Shaw, after a visit to Skellig This is the story of two of the world's most stunning and unspoilt islands, Skellig Michael and Small Skellig, which lie off the coast of Kerry. Lavelle explores the extraordinary, isolated Early Christian monastic settlement with its stone 'beehive' huts. He describes the abundant bird life, including the huge colony of gannets, and tells of the history, legend, geology, plant life, the lighthouse, the seals and the underwater world. A comprehensive and accessible book on a unique and fascinating place.
