Pagan Portals - Rhiannon Jhenah Telyndru 2018-04-27 To truly know Rhiannon, we must excavate the layers of her myth, decode the meaning of her symbols, and seek to restore the significance of her very name. Although she has a mythology around her, and has many modern-day devotees, nowhere in ancient lore has she been identified as a Goddess. We have no known cult centers or devotional altars dedicated to Rhiannon. How then do we approach this revered Lady? How can we best know her as Goddess? We need but call to her, and ask for what we need. Be it her bag of plenty, the soul-healing song of her birds, or the empowerment of the sovereignty she holds, when you call to Rhiannon, the Divine Queen of the Britons, know that she will stop... and know that she will answer your call.

Rhiannon Susi Roos 2001-05-01 This book is the account of one man's struggle and desperate search for the truth, along with what is the meaning and purpose to life. The search culminated in not only finding this elusive and absolute truth, but realizing that in doing so, he had ultimately been assigned by God a clear and specific task; one that had the awesome potential to drastically affect the very lives of every single person alive today! This book is a real eye opener for anyone who has ever really pondered and wondered about the deep philosophical and mysterious questions about our existence, purpose, and what lies ahead for humanity. It is a book that in my opinion, will undoubtedly cause not only a definite shift in our way of thinking, but also how we view ourselves and our very own place within this majestically glorious and wonderful universe.

The Soul Searcher's Handbook Emma Mildon 2015-11-17 A fun guide to everything mind, body, spirit that defines New Age practices for a new generation.

Where Elephants Fight William Ardill 2002 Rhiannon; Truth Bearer is the fictional story of a young woman who is guided, challenged, and stretched to share her spiritual teachings and wisdom in a world that has largely forgotten such truths. Since the story takes place in the eleventh century, the reader might be surprised to discover that the fears, failures, and follies encountered mimic those of our own century, as do the triumphs, healings, and empowerment that come from heart-sourced knowing. In Rhiannon; Truth Seeker (Book I), we first meet Rhiannon as a ten year old girl who leaves home to embark on a spiritual journey, destined before her birth. She travels with her grandmother to a remote island to become a priestess-in-training in an order that honors and merges the wisdom of many great traditions. Over six years, she learns such lessons as the oneness of all, non-defensiveness, quieting the mind to hear the voice of the heart, surrender, forgiveness, and the power of love in the visible as well as unseen worlds. The first book ends with Rhiannon leaving the sheltered island to live and teach her truths in the world, a task also foreseen and met with a mixture of excitement and concern. In Truth Bearer, Rhiannon learns how much harder it is to model and trust spiritual truths in the midst of the fear-based living she typically encounters and sometimes find contagious. In a wonderful and original array of circumstances, she encounters priestesses, ancient faery folk, Christians, Jews, outlaws, commoners, and nobles, some of whom embrace or deepen her wisdom and others who label her a witch or heretic. Many times, she is called upon to heal bodies and/or hearts with the power of love and the strength and guidance of Spirit. And with each such encounter, her own journey into wholeness, trust, and surrender is tested and ultimately strengthened. The universal dance of love and fear, illusion and truth, and ego and spirit are played out in various settings that reveal the timelessness of this dance as well as the immortality of the spiritual truths that are the underpinnings of all the great traditions. Gerald Jampolsky, MD, best-selling author of Love is Letting Go of Fear and teacher of A Course in Miracles, says, "--set in the eleventh century, it [Rhiannon] reminds us that across the span of time and cultures, the voice of love has always been the answer." Rhiannon teaches, inspires, entertains, and empowers.

The Devil Is a Gentleman J.C. Hallman 2007-12-18 A hundred years ago, the writer and philosopher

William James wrote The Varieties of Religious Experience, a seminal work that has inspired generations of scholars and eccentrics alike. James's book argues that the religious spirit in man is best understood through the study of its most extreme forms. Varieties was a watershed effort: a bestselling portrait of history's pluralism and a defense of the spiritual quest, in all its guises, against the era's increasingly secular sentiments. Today, with all the old tensions between skeptics and believers still in place, J. C. Hallman pays homage to James's exploration of offbeat religious movements. But where James relied on the testimony and biographies of prophets and mystics, Hallman travels directly to some of America's newest and most unusual religions, trekking from Druid circles in the mossy hills of northern California to the gleaming mother church of Scientology, from lurid satanic cellars in undisclosed locations to a professional-wrestling ministry in the fundamentalist heart of Texas. Along the way, he participates in a variety of rites and reports on a broad spectrum of beliefs. Eventually Hallman adopts James as his patron saint, spiritual adviser, and intellectual companion on the journey that will culminate in the creation of this book, a compelling combination of adventure and biography, spotted with hair-raising predicaments and rife with poignant portraits of unforgettable characters, including William James himself. The Devil Is a Gentleman maps the spiritual contours of modern American pluralism and examines the life and legacy of one of its most profound architects. From the Hardcover edition.

Quaker Quicks - A Simple Faith in a Complicated World Kate McNally 2023-07-28 Kate McNally grew up in a mainstream Christian faith, where she could not find the connection to the divine that we all seek. She turned to psychology and science and to the pursuit of success. That all worked for a while, providing a measure of comfort but not fulfillment, feeding the ego but not the spirit. Then, at a low point and broken by the drive for success, Kate began a spiritual journey that brought her to the Quakers, where she found a spiritual community and a stripped-down, simple way of following the basic commandment: Love one another. In *Quaker Quicks - A Simple Faith in a Complicated World*, Kate explores the faith of Jesus rather than the faith about Jesus and shares with us the connections to God, self, and others that have brought her to the spiritual community we all long for. Take this journey with her and explore the idea of perfection and how imperfections make us uniquely ourselves, perfectly suited to the work we are called to do.

Traditional Wicca Thorn Mooney 2018-07-08 A Down-to-Earth Guide to Traditional Wicca While there are many powerful variations of contemporary Witchcraft, traditional Wicca offers unique experiences for those who seek it out. This book explores structured, coven-based styles of Wicca, in which the practitioners typically trace initiatory lineages back to Wicca's early founders. Discussing covens, initiations, lineages, practices, ethics, and more, Traditional Wicca shares tips and ideas on how to get the most from this profound approach to Witchcraft. Discover how to recognize healthy, reputable covens. Learn how to navigate the process of asking for training and succeeding in an outer court. Explore the spiritual strength of lineages, hierarchies, and initiation. This book also includes contributions from several practitioners, providing valuable first-person perspectives on what it's like to be on the traditional Wiccan path. Praise : "Like the bristles of a besom, Thorn Mooney's Traditional Wicca sweeps through the subject of Witchcraft removing the dust and dirt of ignorance and prejudice to reveal the true heart of Wicca. Thorn writes with obvious sincerity, with feeling, and from experience. Her book covers everything from defining Witchcraft, through the workings of a coven, to actual initiation and beyond. She warns that Wicca is not for everyone and—I am personally delighted to see—includes a chapter on recognizing 'Red Flags' when first contacting others...especially those who might claim to be more than they actually are. This book is the quintessential guide for the true, sincere seeker."—Raymond Buckland, author of Buckland's Complete Book of Witchcraft "Traditional Wicca is a unique and important book. It's amazing to me that in over 70 years of publishing on the subject of Wicca, nothing like this book has ever been written! I'm kind of jealous I didn't think to write it myself. The chapter on initiation is, by itself, worth the cover price. If you want to understand what people mean by 'traditional Wicca,' whether or not you're seeking it, this is the one book you must read."—Deborah Lipp, Wiccan high priestess and author of Merry Meet Again "Traditional Wicca is a topic that few actually understand despite its long and distinguished history. With passion and skill, Thorn delivers a book that many familiar with Wicca will wish they had had when they were studying it, and those who find themselves on the path for the first time will rejoice at having found. Whether you intend to seek initiation or not, this book is full of valuable gems that will enhance any practice at any level. Traditional Wicca is an all-inclusive tour through the history, practices, and lore of traditional Wicca that weaves voices from all over the tradition and challenges everything you think you know about it."—Devin Hunter, author of The Witch's Book of Power "A masterful gem of insight and wisdom, Traditional Wicca reveals the time-honored practices of initiatory Wicca, thought all but lost by many, but hidden like so many occult secrets in plain sight. Drawing a clear and respectful distinction between eclectic Wicca and its older more traditional sibling, Thorn Mooney takes us on a personal journey exploring the powers and the pitfalls of the initiatory inner court, revealing the persistence of a thriving and dynamic Craft that is at once orthopraxic and changing, traditional and experimental. With practical advice for the seeker, peppered with personal anecdotes from several practitioners and initiates alike, this book is a much-needed map...Highly recommended."—Storm Faerywolf, author of Betwixt and Between

Seeker's latest prey is a Merlin. Named after the legendary wizard of Camelot, Merlins are not simply those who wield magic—they are magic. Now, with the Prometheus Club's agents and rivals from Faerie both vying for the favor of this being of limitless magic to tip the balance of power, Seeker must persuade the Merlin to join her cause—or else risk losing something even more precious and more important to her than the fate of humankind....

The Great Mental Models Shane Parrish 2020-03-27 This is the second book in The Great Mental Models series and the highly anticipated follow up to the Wall Street Journal best seller, Volume 1: General Thinking Concepts. We tend to isolate the things we know in the domain we learned it. For example: What does the inertia of a rolling stone have to do with perseverance and being open minded? How can the ancient process of steel production make you a more creative and innovative thinker? What does the replication of our skin cells have to do with being a stronger and more effective leader? On the surface, these concepts may appear to be dissimilar and unrelated. But the surprising truth is the hard sciences (physics, chemistry, and biology) offer a wealth of useful tools you can use to develop critically important skills like: * Relationship building * Leadership * Communication * Creativity * Curiosity * Problem solving * Decision-making This second volume of the Great Mental Models series shows you how to make those connections. It explores the core ideas from the hard sciences and offers nearly two dozen models to add to your mental toolbox. You'll not only get a better understanding of the forces that influence the world around you, but you'll learn how to direct those forces to create outsized advantages in the areas of your life that matter most to you.
