Salome Beatrice Gormley 2008-09-09 If I'd never hoped to live in a world of goodness and truth—if the priestess of Diana, then Leander, and Joanna, hadn't shown me glimpses of it—maybe I wouldn't have minded being shut out of it. Maybe the preacher's death wouldn't have trapped me in a dungeon, the dungeon of my own self. Her name is Salome. You may think you know her story—how her seductive Dance of the Seven Veils led to the beheading of John the Baptist. But you don't know it from her side. You don't know how a web of betrayal, and greed, and desire was spun around an innocent teenage girl. How she came to doubt her own mother. How she searched for a friend in an unfamiliar land. And

how she walked into a trap that changed the course of history. This is Salome's story, in her own words. Listen, and learn of strength, of power, of loyalty—and of death.

The Wheat Rusts — Breeding for Resistance Douglas R. Knott 2012-12-06 The idea for this book was conceived by the late Dr. Irvine A. Watson of the University of Sydney, and he developed the first outline. I was then invited by Dr. Watson to share in its writing. Unfortunately, shortly thereafter, recurring heart problems forced him to curtail his activities and withdraw from the project. He died before the book could be completed. Dr. Watson's intention was to produce a very practical book that would provide wheat breeders with all of the information necessary to breed

successfully for resistance to the three wheat rusts: leaf rust, stem rust, and yellow rust. It was intended to be very specific in describing procedures to be used and at the same time provide all of the necessary theoretical background. I hope that I have been successful in meeting these objectives. The book assumes that the reader has some knowledge of plant pathology, genetics, and plant breeding. Extensive use has been made of the literature, but it was not possible to cite all of the papers on a given topic. In making a choice, an attempt was made to choose key papers or more recent papers that provided references to the earlier literature. Acknowledgements This book was written partly at the University of Saskatchewan and partly at the University of California, Davis, while I was on a sabbatical leave.
