Skateboarding Becky Beal

2013-01-09 From

skateboarding's distant origins in the 1940s to the heyday of the Z-Boys to Tony Hawk's lifelong and lucrative career as a professional skateboarding icon, this book showcases what skateboarding was in the past and what it's now evolved into. In the last half century, skateboarding has evolved from a simple, idyllic child's pastime that originated in southern California to becoming a worldwide youth culture phenomenon. This now-mainstream action sport has spawned a multi-billion-dollar commercial market for skateboarding equipment, skateboard-related media and entertainment, as well as skate-inspired softgoods like clothing, shoes, and accessories; and it is likely to soon become an Olympic sport. Skateboarding: The Ultimate Guide is brimming with fascinating history and engaging stories from skateboarding's 60-odd year existence and evolution.

Covering the action sport's origins, myriad breakthrough developments, pioneering heroes, both "street style" and "vert" or ramp skating, unique popular culture, and likely future, this book will delight anyone with an interest in this individualistic and compelling athletic pursuit.

Extreme In-line Skating John

Crossingham 2004 This is not your father's in-line skating.

Not everyone can do what these wild athletes can!

Inspired by the aggressive tricks of skateboarding, extreme in-line skaters perform incredible feats on ramps, in races, and on the streets! Kids will love the shots of pros participating in* downhill racing* vertical or ramp skating

Flexible Paperback
Extreme Skateboarding John Crossingham 2004 It's no secret that skateboarding is one of the coolest sports around. Top skaters are the subjects of video games, magazines, custom clothing, and even rock songs! Extreme Skateboarding reveals skateboarding culture and its history describing* the basics of a skateboard* different styles of skating* stars and their signature tricks* tips on improving skills

Board Sports Isabel Thomas 2011-09-01 Entry in the On the Radar series focuses on the cool world of board sports.

Skateboarding! L.M. Burke 1999-12-15 Describes the origins and evolution, equipment and techniques of the sport known as "sidewalk surfing."

So You Think You're a Skateboarder? Alex Irvine 2014-10-14 The attitudes and idiosyncracies of 50 different skateboarders considered and classified. From humble beginnings through to the modern day multi-million dollar

industry it has become, skateboarding has been dragged from its outsider roots into the mainstream world. While the grizzled 80s skate veterans are up in arms that you can now buy a skateboard from nearly every mall or high street in nearly every town from LA to NYC, the fact of the matter is the skateboarding community has snowballed from counter-culture activity into a sport that appeals just as much to the underground as it does to the average kid on the street. Now you're just as likely to see a skater sneaking into a local school as you are live on ESPN. With so many different strains of the skate family tree, it's hard to keep track of all the different tribes out there, and that's where *So You Think You're a Skateboarder* comes in. Fifty examples from the contemporary skate scene are examined in an attempt to unravel what makes skaters tick. Skaters include the Pushy Parent spending every Sunday at the local park trying to convince his kid to love skating in the same way he did. Or the

“friendly” Local, who’s been determinedly skating the same spot for the last 10 years and will be damned if he’s going to share it with any newcomers. The Wannabe Gangster spends as much time trying to nail bigspins as he does trying to emulate Biggie, and the Piss Drunk has spent the last four hours eyeballing shots of tequila and is about to attempt to boardslide the next handrail he can find.

Catching Air Bill Gutman 2004 Seventy million people watch extreme sports on ESPNUs X-Games. This volume includes interviews with top athletes in the world of extreme sports including Jeff Grell, Jimmy Scott, and Circe Wallace (snowboarding); Dave Duncan and Runbe Glifburg (skateboarding); Rick Thorne and T.J. Lavin (BMX).

Extreme Skateboarding Challenges Karen Latchana Kenney 2021-01-01 Extreme skateboarding challenges demand balance, strength, and speed. Readers will be thrilled by skateboarders and their daring stunts.

Vert Skateboarding K. A. Hale 2019-08 This title introduces readers to vert skateboarding, covering exciting moments in the sport, top competitors, and the event's history. This title features informative sidebars, detailed infographics, vivid photos, and a glossary.

Skateboarding Vert Patrick G. Cain 2013-03-01 Did you know that pro vert skateboarders speed up half-pipe ramps to catch incredible air? They do awesome tricks such as backside kick turns, grabs, and airwalks. Some vert skaters do eye-popping aerial spins, rotating one, two, even three times while airborne! Enter the Extreme Summer Sports Zone to learn about the history, gear, moves, competitions, and top athletes connected to skateboarding vert. You'll learn: • How a state full of empty pools gave rise to the vert skateboarding movement. • What some of the coolest vert moves are. • How the pros stay safe while vert skateboarding. • What the top vert skateboarding

competitions are like. Are you into sports? Then get in the zone!

How Did I Get Here? Tony Hawk 2010-10-05 The most famous skateboarder ever shares the business secrets to his success! He's the man who put skateboarding on the map. He's the first to land a 900 (two and a half full rotations). He's also among the richest pitchmen in any sport. And, in a sport that's especially youth-oriented, Tony Hawk, a 40-something father of four, still connects with his audience by staying true to who he is. Moving easily between the ramp and the boardroom, Tony currently runs one of the most acclaimed action sports companies, a clothing line, and video game series bearing his name that has sold over \$1 billion worldwide, making it the biggest selling action sports game franchise in game history. He has secured endorsement deals with major brands such as McDonalds, Intel, T-Mobile and Kohl's; started the Boom Boom HuckJam action sports tour;

and achieved worldwide acclaim from the ESPN X Games. Filled with Tony's typical modesty and humor, *How Did I Get Here?* tells the amazing story behind Tony Hawk's unprecedented success from skateboarder to CEO, and the secrets behind his lasting appeal. You'll find out how authenticity has served him well in all his achievements. You'll also understand how his story has shaped many of his fundamental values, including his huge desire to win and his strong sense of realism. Get the inside story of Tony Hawk beyond the skateboard as he answers the question: *How Did I Get Here?*

Skateboarding Joe Herran 2002 Extreme sports enthusiasts will enjoy the high action in this series. Each book is full of information on the sport's gear and equipment, rules, safety measures, techniques, and competitions. Each book also highlights top athletes in the sport and provides a time line showing the sport's development.

The Professionalization of

Action Sports Guillaume Dumont 2022-07-28 Action sports have undergone dramatic growth, commercialization, and institutionalization over recent decades. This book uncovers the social, political, economic and organizational dynamics of their professionalization. After sketching some of the main transformations at stake in the field, the contributors provide novel insights into the changing structures in the action sports industry and the effects on athletes, coaches, agents and the cultures more broadly. Such trends came to the fore in the inclusion of surfing, skateboarding, sport climbing and BMX freestyle into the Tokyo Olympic Games. The book explores the working lives of action sports athletes, more specifically when it comes to their social media practices and the commercial pressure emerging from sponsors, and it also provides key insights into the institutionalization and professionalization of action sports amid ongoing processes

of globalization, commodification and incorporation. Overall, the book reveals how different action sports (i.e., snowboarding, surfing, kiteboarding, parkour, climbing, skateboarding), and across countries, are at various stages in the professionalization process, with local, national and international responses and reactions to such trends differing considerably. The chapters in this book were originally published as a special issue of *Sport in Society*.

Shooting Action Sports Todd Grossman 2012-07-26 This full-color illustrated guide takes you through all aspects of video production, focusing on action sports. From planning and preparation to editing and postproduction, you'll get a solid understanding of the changing technology, camera techniques, and basic to more-advanced shooting principles that can be applied to almost every scenario you encounter. The countless examples of

Downloaded from

camera tricks and techniques used at major events apply to any kind of shoot. Equally as important, you're encouraged to go beyond merely recording the scene and learn how to think like a professional cameraman. Predicting and anticipating is perhaps the greatest talent a cameraman can acquire. It means keeping both eyes open and see not only what is happening around your frame, but also what is about to happen in it. Master the techniques and tools of the trade so you can create compelling and creative work. Includes tips on how to: *

- Choose a format
- Develop your own style
- Plan for a successful project, including funding and distribution
- Capture the shot in any environment
- Shooting tips and techniques for skateboarding, snowboarding, wakeboarding, surfing, freestyle BMX, and more

competitions, including Slam City Jam and the X Games. The future holds many possibilities for this talented young man, but one thing is sure: Whatever he does, Paul Rodriguez Jr. will take it to the extreme!

Impossible Cole Louison
2011-07-19 Skateboarding: the background, technicality, culture, rebellion, marketing, conflict, and future of the global sport as seen through two of its most influential geniuses Since it all began half a century ago, skateboarding has come to mystify some and to mesmerize many, including its tens of millions of adherents throughout America and the world. And yet, as ubiquitous as it is today, its origins, manners, and methods are little understood. The *Impossible* aims to get skateboarding right. Journalist Cole Louison gets inside the history, culture, and major personalities of skating. He does so largely by recounting the careers of the sport's Yoda—Rodney Mullen, who, in his mid-forties, remains the greatest skateboarder in the

world, the godfather of all modern skateboarding tricks—and its Luke Skywalker—Ryan Sheckler, who became its youngest pro athlete and a celebrity at thirteen. The story begins in the 1960s, when the first boards made their way to land in the form of off-season surfing in southern California. It then follows the sport's spikes, plateaus, and drops—including its billion-dollar apparel industry and its connection with art, fashion, and music. In *The Impossible*, we come to know intimately not only skateboarding, but also two very different, equally fascinating geniuses who have shaped the sport more than anyone else.

Extreme Skateboarding

Virginia Loh-Hagan 2015-08-01

a HIGH interest level to appeal to a more mature audience but maintains a LOW level of complexity with clear visuals to help struggling readers along. *Extreme Skateboarding* presents the thrills and spills of this most intriguing extreme sport. A table of contents, glossary with simplified pronunciations, and index all enhance achievement and comprehension.

Action Sports and the Olympic Games

Belinda Wheaton 2021-11-04 Based on a decade of research by two leading action sports scholars, this book maps the relationship between action sports and the Olympic Movement, from the inclusion of the first action sports to those featuring for the first time in the Tokyo Olympic Games and beyond. In an effort to remain relevant to younger audiences, four new action sports, surfing, skateboarding, sport climbing, and BMX freestyle were included in the Tokyo Olympic program. Drawing upon interviews with Olympic insiders, as well as leaders,

athletes, and participants in these action sports communities, the book details the impacts on the action sports industry and cultures, and offers national comparisons to show the uneven effects resulting from Olympic inclusion. It reveals the intricate workings of power and politics in contemporary sports organisations, and maps key trends in this changing sporting landscape. *Action Sports and the Olympic Games* is a fascinating read for anybody studying the Olympics, the sociology of sport, action sports, or sport policy.

courses and public parks and sidewalks.

Skateboarding Bettie Boswell
2022 This exciting book introduces readers to skateboarding, including its history and growth, rules and events, and the equipment athletes need. Short paragraphs of easy-to-read text are paired with plenty of colorful photos to make reading engaging and accessible. The book also includes a table of contents, fun facts, sidebars, comprehension questions, a glossary, an index, and a list of resources for further reading. Apex books have low reading levels (grades 2-3) but are designed for older students, with interest levels of grades 3-7.

Amped David Browne
2010-12-15 Once a fringe underground culture, extreme sports are now the stuff of car commercials and Olympic competitions. How did they get there - and how does it feel to be in the middle of it all? The first comprehensive account of the rise, culture, and business

of action sports, *Amped* plunges us into this exciting world. Readers will find themselves aboard a skateboarding bus tour with superstar Tony Hawk, behind the scenes at the X Games and snowboarding contests, on the sidelines witnessing the first-ever double backflip on a motorcycle, on the road with the Warped Tour, and in the offices of the multinational corporation that have tapped into the vast amounts of money to be made from these nontraditional sports. Based on interviews with more than one hundred athletes, managers, business executives, extreme-rock musicians, and, most importantly, the adolescent amateurs who are at the heart of this movement, *Amped* is not merely the story of an alternative world of sports now four decades old. It's the tale of a flourishing culture that continues to reject old-fashioned stick-and-ball sports in favor of individualistic forms of expression. The story of extreme sports speaks volumes about Generations X and Y and

their divergent views on life, creativity, gratification, and identity.

Skateboarding Kristen Rajczak Nelson 2015-07-15 Skateboarding as we know it today emerged as a popular sport in 1950s' California, but in the time since the first wheeled boards "surfed" the streets, the sport has evolved and reached sporting extremes. In this high-interest title, fans of skateboarding and other extreme sports will read the captivating backstory behind one of the most popular street sports today, with profiles of the key figures on wheels and the tricks that they invented. Safety and gear are covered, as is the development of organizations and leagues to monitor the sport and boost its popularity.

Skateboarding Kenny Abdo 2017-12-15 Learn all about skateboarding, including types of skateboards and gear, history of the sport, and competitions.
