Forensic and Medico-legal Aspects of Sexual Crimes and Unusual Sexual Practices Anil

Aggrawal 2008-12-22 From sexual abuse and fetishism to necrophilia and sadomasochism, this unique volume identifies fourteen classifications of unusual sexual pathologies. Emphasizing the physical and psychological aspects of sexuality itself, the book presents detailed comparisons of legal and medical definitions, historical aspects, current incidence, and geographical prevalence of these offenses. It also explores the potential causes, discussing etiological theories and reviewing psychopathology. Highlighting the cross-cultural nature of the forensic aspects of human sexuality, the book examines various case studies in the context of international legislation. It also covers minor aberrant behavior such as coprolalia and troilism.

The Machines of Sex Research Donna J. Drucker 2013-07-04 The Machines of Sex Research describes how researchers worldwide integrated

technology into studies of human sexuality in the postwar era. The machines they invented made new ways of seeing bodies possible. Some researchers who studied men used machines like penile strain gauges to police “deviant” male sexuality; others used less painful devices like penis-cameras to study women’s sexual responses and map the physiology of their arousal and orgasm. While researchers used the findings from their technological innovations to propose their own views of how people should view their bodies and should manage their sexual lives, their readers interpreted their findings to enact their own visions of sexuality. Drucker shows how the use of machines in sex research provided some of the intellectual underpinnings of the sexual revolution and the women’s and gay rights movements, and in turn how the sex research community developed new machines for investigations that would enhance sexual happiness rather than constrict it. The Machines of Sex Research is a key read for those

interested in the intersections between human sexuality, technology, and twentieth-century social movements. Describes the little-known history of the machines of human sex research in the postwar era Shows how researchers worldwide invented and used machines to study human sexuality and the body in new ways, and how they used and improved each other's designs Relates the relationship between the machines of sex research to Cold War sexualities and gender and sexual liberation movements.

Sex Sessions: After the Cut Nancy Henderson
2019-03-03 I'm Kambry Rivers, famous for . . . holding onto my V-card? Ha! Just kidding. Okay, maybe I'm not. I have to find humor in my current predicament, otherwise, I'd cry. My parents would be so ashamed. The very thing I hated holding onto put money in my bank account. Ironic, isn't it? I've been a lot of things in such a short time. Alabama good girl, yes. Runaway, again, yes. Virgin, well, not anymore. Porn star . . . I'm still letting that sink in. Eh,

adult film star sounds classier. In my head, it makes a difference. It all started with a guy. Doesn't it always? There I was, working in the VIP section of the nightclub and he ended up at my table. Rule number one: serve them like VIP while pretending they're ordinary people. Yeah, okay. Try telling that to a shy girl. He was cute. I didn't notice. At least that's what I kept telling myself. He couldn't be too famous if I didn't recognize him, right? The most dangerous predator moves under the radar. Shark. They find amusement in the weak. His teeth were in me before I saw him coming. Or maybe it was a tongue . . . Okay, so, maybe he was a lot hotter than I remembered. And funny. And interesting. And, it gave me a rush, okay? I wasn't used to so much freedom. Before I knew it, I had signed my name to a legally-binding document and found myself with a new roommate. And maybe it stated somewhere that we were supposed to have sex with hidden cameras in the room. Just pretend they're not there. How easily he could

make me forget . . . We only live once, right?I was never paid to fall in love. Or raised to like having sex with my well-known porn star boyfriend for anyone with a readily available internet connection to watch. Whoops. Now we wait for our next instruction. New York here we come. He may have wanted a virgin. He got so much more.

Video Analytics for Business Intelligence

Caifeng Shan 2012-04-07 Closed Circuit

TeleVision (CCTV) cameras have been increasingly deployed pervasively in public spaces including retail centres and shopping malls. Intelligent video analytics aims to automatically analyze content of massive amount of public space video data and has been one of the most active areas of computer vision research in the last two decades. Current focus of video analytics research has been largely on detecting alarm events and abnormal behaviours for public safety and security applications. However, increasingly CCTV installations have

also been exploited for gathering and analyzing business intelligence information, in order to enhance marketing and operational efficiency. For example, in retail environments, surveillance cameras can be utilised to collect statistical information about shopping behaviour and preference for marketing (e.g., how many people entered a shop; how many females/males or which age groups of people showed interests to a particular product; how long did they stay in the shop; and what are the frequent paths), and to measure operational efficiency for improving customer experience. Video analytics has the enormous potential for non-security oriented commercial applications. This book presents the latest developments on video analytics for business intelligence applications. It provides both academic and commercial practitioners an understanding of the state-of-the-art and a resource for potential applications and successful practice.

Immodest Proposals Matthew Thomas Slattery

III 2001-01-15 Out of necessity in frankly covering a murky subject like pornography, this book may occasionally have language that could be offensive to some people. The book explores pornography in a social context that originated with the first clothing and the first language. The exploration continues with the invention of the camera, its offering of new opportunities in pornography, and various legal and social interactions growing out of these. The author explores a hypothesis that interest in pornography has its roots in a debaucher-debauchee dichotomy beginning with civilization, and this generates the spectator fascination, commercial customers, pornography creators, and porno models themselves. Touches on the history of pornography, legal issues raised by pornography, and descriptions of aspects of pornography should enlighten readers to an enormous and real cultural phenomenon lurking below the surface of our contemporary civilization and not without its effects on

everyone.

Loving Big Brother John McGrath 2004-07-31 In Loving Big Brother the author tackles head on the overstated claims of the crime-prevention and anti-terrorism lobbies. But he also argues that we desire and enjoy surveillance, and that, if we can understand why this is, we may transform the effect it has on our lives. This book looks at a wide range of performance and visual artists, at popular TV shows and movies, and at our day-to-day encounters with surveillance, rooting its arguments in an accessible reading of cultural theory. Constant scrutiny by surveillance cameras is usually seen as - at best - an invasion of privacy, and at worst an infringement of human rights. But in this radical new account of the uses of surveillance in art, performance and popular culture, John E McGrath sets out a surprising alternative: a world where we have much to gain from the experience of being watched. This iconoclastic book develops a notion of surveillance space -

somewhere beyond the public and the private, somewhere we will all soon live. It's a place we're just beginning to understand.

Sex, Celebrities & Spy Cameras Paul Nichols 2017-07-17 When Paul Nichols took a job as a hotel night manager in a top London hotel, he was hoping to advance his career and meet a few A-list celebrities along the way. He wasn't disappointed, thanks to encounters with Tom Cruise, Nicole Kidman, Rihanna, Puff Daddy, Kanye West, Kimberly Stewart, Noel Gallagher and Peter Kay, among others. He had no idea that he would also have to play detective, deal with cases of theft, cover up several potential sex and drugs scandals, rescue a starlet from the paparazzi and do his frantic best to save the life of a severely-injured guest. He also didn't expect to be finding concealed cameras in celebrities' bedrooms. A shocking, entertaining and sometimes hilarious account of life behind the scenes at a millionaires' hotel - and these are just the stories that can be printed...ÿ

Inherent Vice Lucas Hilderbrand 2009-05-07 In an age of digital technology and renewed anxiety about media piracy, *Inherent Vice* revisits the recent analog past with an eye-opening exploration of the aesthetic and legal innovations of home video. Analog videotape was introduced to consumers as a blank format, essentially as a bootleg technology, for recording television without permission. The studios initially resisted VCRs and began legal action to oppose their marketing. In turn, U.S. courts controversially reinterpreted copyright law to protect users' right to record, while content owners eventually developed ways to exploit the video market. Lucas Hilderbrand shows how videotape and fair use offer essential lessons relevant to contemporary progressive media policy. Videotape not only radically changed how audiences accessed the content they wanted and loved but also altered how they watched it. Hilderbrand develops an aesthetic theory of analog video, an "aesthetics of access"

most boldly embodied by bootleg videos. He contends that the medium specificity of videotape becomes most apparent through repeated duplication, wear, and technical failure; video's visible and audible degeneration signals its uses for legal transgressions and illicit pleasures. Bringing formal and cultural analysis into dialogue with industrial history and case law, Hilderbrand examines four decades of often overlooked histories of video recording, including the first network news archive, the underground circulation of *Superstar: The Karen Carpenter Story*, a feminist tape-sharing network, and the phenomenally popular website YouTube. This book reveals the creative uses of videotape that have made essential content more accessible and expanded our understanding of copyright law. It is a politically provocative, unabashedly nostalgic ode to analog.

Screening American Independent Film Justin Wyatt 2023-05-31 This indispensable collection offers 51 chapters, each focused on a distinct

American independent film. *Screening American Independent Film* presents these films chronologically, addressing works from across more than a century (1915–2020), emphasizing the breadth and long duration of American independent cinema. The collection includes canonical examples as well as films that push against and expand the definitions of "independence." The titles run from micro-budget films through marketing-friendly Indiewood projects, from auteur-driven films and festival darlings to B-movies, genre pics, and exploitation films. The chapters also introduce students to different approaches within film studies including historical and contextual framing, industrial and institutional analysis, politics and ideology, genre and authorship, representation, film analysis, exhibition and reception, and technology. Written by leading international scholars and emerging talents in film studies, this volume is the first of its kind. Paying particular attention to issues of diversity

and inclusion for both the participating scholars and the content and themes within the selected films, Screening American Independent Film is an essential resource for anyone teaching or studying American cinema.

Net.seXXX Dennis D. Waskul 2004 Sex has shaped the Internet from the very beginning. In the process, the Internet has also brought about a plethora of new sexual possibilities, opened new markets for the entrepreneurs of pornography, challenged the boundaries of social institutions, exposed precarious moral dynamics, and created a novel arena for asking important questions about the people who may or may not be grounded in this emerging matrix of computer-mediated meaning. This book takes stock of these changes. Drawing from some of the most notable works written on the subject and original contributions from experts in the field, Net.SeXXX explores the dynamics of Internet sex, entertains implications and consequences, critically examines key

conclusions, and raises new questions.

Sex Offenders and the Internet Dennis Howitt 2009-09-28 Online, the opportunity to commit a crime is never more than a few clicks away. Sex Offenders and the Internet explores the nature of online sex offenders in order to help practitioners understand and treat this new category of client. Kerry Sheldon and Dennis Howitt examine the research base by reviewing case studies and psychological profiles, with a particular focus on paedophilic Internet sex offenders. Issues covered include child pornography, the often overlooked 'excuses' for paedophilia, and how we can move forward. The result is a book that comprehensively details the nature of Internet sex offenders, bringing together the relevant research into one essential volume.

Lights, Camera, Sex! - Erotic Short Story B. J. Hermansson 2019-09-27 Erotica, sex, desire, lust, passion, sexy, artist, art, movie, sex scene, sex tape Malin is going to be a new movie star

and has a lead role in an upcoming blockbuster. The male lead is played by the famous, incredibly sexy actor Martin. When they are about to record a sex scene, the situation requires her to come up with extraordinary measures. She wants to impress the director, and at the same time, she realises she has the opportunity to seduce Martin on the set sneakily. Right under the noses of the film crew. Lights, Camera, Sex! is an erotic short story about the desire to succeed., preferably involving lust and yearning. Author: B. J. Hermansson skillfully creates short stories that encompass both quick-witted prose and poetic descriptions. The underlying tone in these texts often inspires the reader to contemplate and question our established, pre-conceived ideas, especially when it comes to the normal, standards and sexuality.

Watching the World Thomas Austin
2013-07-19 Screen documentary has experienced a marked rise in visibility and

popularity in recent years. What are the reasons for the so-called 'boom' in documentaries at the cinema? How has television documentary met the challenge of new formats? And how do audiences engage with documentaries on screen? Watching the world extends the reach of documentary studies by investigating recent instances of screen documentary and the uses made of them by audiences. The book focuses on the interfaces between textual mechanisms, promotional tactics, and audiences' viewing strategies. Key topics of inquiry are: film and televisual form, truth claims and issues of trust, the pleasures, politics and the ethics of documentary. Case studies include Capturing the Friedmans, Être et Avoir, Paradise Lost, Touching the Void, and wildlife documentaries on television. This compelling and accessible book will be of interest to both students and fans of documentary.

The Rise of E-Commerce James Roper

2023-09-30 The amazing and authoritative story of e-retail: its origins, evolution and astonishing ascendance. Meet the pioneers and businesses that explored the possibilities of the emerging virtual world, review the technology innovations that paved the way, and journey the rocky road to domination for the online shopping industry. As the founder of the UK's industry association for e-commerce (IMRG), author James Roper was there from its inception... 'An important and well-timed book about how the humdrum business of shopping was reinvented online. James Roper is a persuasive advocate for the role of collaboration in innovation, who was instrumental in jumpstarting the e-retail industry by methodically tackling every obstacle

that blocked its early progress... In this book, Roper offers a fascinating glimpse at how a motley assemblage of inventions evolved, often in surprising ways, into today's staggeringly powerful e-retail industry. Stuffed with eye-opening facts and statistics The Rise of e-Commerce is an essential read for anyone who is interested in the evolution of modern retailing.' Nick Robertson, Co-founder and Ex-CEO, ASOS How to Make Money Teaching Online With Your Camcorder and PC Anne Hart 2002-03 What Can You Teach Online from Home Using Your Camcorder, Personal Computer and the Internet? Did you know that you can teach almost any subject online, on the Web at Blackboard.com, (<http://www.blackboard.com>) for a university, community college, continuing education department, or in adult education, or for yourself as an independent contractor in your own personal broadcasting network? Blackboard is where I teach. Founded to transform the Internet into a powerful environment for

teaching and learning, Blackboard traces its technology roots to Cornell University. Today, thousands of institutions in 140 countries deliver e-Education services through Blackboard's suite of enterprise systems. If you put up a course at Blackboard.com on the Web or for any similar type of teaching area on the Web, you can teach online independently without anyone hiring you as a teacher. You are an independent consultant, a trainer, an independent contractor, or you can start your own school or one course online and teach. This book is about using your personal computer and your camcorder linked together to teach online from your home any subject you are able to teach, have expertise in, or enjoy researching. This can be a hobby, what you have studied and are credentialed or licensed, or any how-to subject. You can teach writing, using a camcorder, public speaking, or any technology that you have worked with and have expert knowledge of in a home-based online office.

AIDS TV Alexandra Juhasz 1995 Camcorder

AIDS activism is a prime example of a new form of political expression—an outburst of committed, low-budget, community-produced, political video work made possible by new accessible technologies. As Alexandra Juhasz looks at this phenomenon—why and how video has become the medium for so much AIDS activism—she also tries to make sense of the bigger picture: How is this work different from mainstream television? How does it alter what we think of the media's form and function? The result is an eloquent and vital assessment of the role media activism plays in the development of community identity and self-empowerment. An AIDS videomaker herself, Juhasz writes from the standpoint of an AIDS activist and blends feminist film critique with her own experience. She offers a detailed description of alternative AIDS video, including her own work on the Women's AIDS Video Enterprise (WAVE). Along with WAVE, Juhasz discusses amateur video tapes of ACT UP demonstrations, safer sex

videos produced by Gay Men's Health Crisis, public access programming, and PBS documentaries, as well as network television productions. From its close-up look at camcorder AIDS activism to its critical account of mainstream representations, AIDS TV offers a better understanding of the media, politics, identity, and community in the face of AIDS. It will challenge and encourage those who hope to change the course of this crisis both in the 'real world' and in the world of representation.

Since the mid-1970s, American cinema has gone through enormous changes, such as the birth of the modern summer blockbuster, the rise of the independent film industry, ongoing technological advancements in special effects, and the ever-evolving models for film distribution. Written by a professional film critic and film buff, this book tells the story of contemporary American cinema in a unique and engaging way: by examining 25 key movies that demonstrated a significant creative, technological, or business innovation that impacted the industry at large. Each chapter in this chronological survey of contemporary film is divided into two sections: "The Film," which offers a critical overview of the film in question; and "The First," which describes the specific innovation achieved by that film and places that achievement in the larger historical context. Two additional appendices in each chapter explore other significant aspects of both the film and its groundbreaking nature. The broad

coverage—ranging from action movies to horror films to science fiction favorites—ensures the work's appeal to all film fans.

Don't Adjust the Screen (Sexy Adventures with Cameras On!) Karla Sweet 2020-07-24 How does this tale of one hell of a show sound to you? 1. The Redhead and the Security Camera (Watching Very Rough Anal Sex at Work) An Office Sex in Public Erotica Story by Karla Sweet

On my first day monitoring the security cameras at my new job, I couldn't believe what I saw. It wasn't someone trying to break into the store, though. It was a huge guy breaking into a tiny redhead's backdoor! It was the strangest thing in the world to watch the two of them having sex right there at work while I sat in the control room and watched. It was the craziest thing I'd ever seen in my life. It was the sexiest thing I ever saw in my life, too. That's just one of the exciting and sexy stories you'll find in this collection! Warning: This ebook contains very explicit descriptions of sexual activity and includes rough sex, group sex, double team sex, double penetration, first anal sex, and more. Only mature adults who won't find that offensive should read this collection. Here are the rest of the MFM ménage a trois stories: 2. Kaitlyn's Husband and the Pretty Girl An Older Man/Younger Woman Erotica Story by Nancy Barrett Kaitlyn stares as the video screen. Ella is a very, very pretty girl. She's almost too pretty,

and the way she'd looking at Kaitlyn's husband doesn't sit well at all. She can handle the sex but how can she handle what looks like devotion? What will happen when she talks to her husband about what she sees through the cameras she's set up in the bedroom? 3. My Husband the Cuckold (The Day I Became a Hot Wife) A Rough Sex Erotica Story by Alice Drake My husband always wanted to see me sleep with another man. Further, since he was naturally submissive in bed he wanted to see me get it rough and hard. It took a long time for me to be able to do it but I finally committed to doing it. The cameras were ready and the excitement grew. Then, a sexy man came to my house to work on our phone lines and I pulled the trigger. Wow! It was rougher than I could have imagined and I think I could definitely get into this hot wife thing! 4. The Humiliating Video (Double Penetration in the Courtroom) A Group Sex Erotica Story By Kandace Tunn My ex-husband was determined to humiliate me, and he took me

back to court after our divorce had already been decided. Why? Because he had a secret video of me with two men! The damned thing had happened AFTER we separated but it didn't matter. He wanted to prove I was some kind of a slut and that was that. It was crazy to watch myself on screen and to know that the video contained my first anal sex and even double penetration! How could I ever get past the humiliation? 5. The Video Shoot A Gangbang Short by Connie Hastings My agent got me a role, and I arrived at the location excited to get to work. It turned out the role wasn't what I was expecting! I figured that out when I ended up on my back and surrounded by men!
