Imperialism in the Modern World William Bowman 2016-11-03

Imperialism in the Modern World combines narrative, primary and secondary sources, and visual documents to examine global relations in the nineteenth and twentieth centuries. The three co-editors, Professors Bowman, Chiteji, and Greene, have taught for many years global history classes in a variety of institutions. They wrote Imperialism in the Modern World to solve the problem of allowing teachers to combine primary and

secondary texts easily and systematically to follow major themes in global history (some readers use primary materials exclusively. Some focus on secondary arguments). This book is more focused than other readers on the markets for those teachers who are offering more specialized world history courses - one important trend in global history is away from simply trying to cover everything to teaching real connections in more chronologically and thematically focused courses. The reader also provides a genuine diversity of global perspectives and invites students to study seriously world history from a critical framework. Too many readers offer a smorgasbord approach to world history that leaves students dazed and confused. This reader avoids that approach and will therefore solve many problems that teachers have in constructing and teaching world history courses at the introductory or upper-division levels. The reader will allow show students how to read historical documents through a hands-on demonstration in the introduction. The book also incorporates images as visual documents. Finally, the book conceives of global history in the widest possible terms; it contains pieces on political, diplomatic, economic, and military history, to be sure, but it also has selections on technology, medicine, women, the environment, social changes, and cultural patterns. Other readers can not match this text's breadth because they are chronologically and

thematically so extended.

The Sexual Life of Catherine M. Catherine Millet 2002 A window into a life of insatiable desire and uninhibited sex - this is Parisian art critic Catherine M.'s account of her sexual awakening and her unrestrained pursuit of pleasure. From the glamorous singles clubs of Paris to the Bois de Boulogne, she describes her erotic experiences in precise and beautiful detail. A phenomenal bestseller throughout Europe, *The Sexual Life of Catherine M.*, like *Fifty Shades of Grey*, breaks with accepted ideas of sex and examines many alternative manifestations of desire. Told in spare, elegant prose, her story will shock, enlighten and liberate you.

Synthesizing introductions by the editors help the reader understand the implications of the findings and conclusions for scholars, practitioners, students, and members of the interested/concerned public.

Southern Seas Manuel Vazquez Montalban 2012-04-10 Barcelona detective Pepe Carvalho's radical past catches up with him when a powerful businessman—a patron of artists and activists—is found dead after going missing for a year. In search of the spirit of Paul Gauguin, Stuart Pedrell—eccentric Barcelona businessman, construction magnate, dreamer, and patron of poets and painters—disappeared not long after announcing plans to travel to the South Pacific. A year later he is found stabbed to death at a construction site in Barcelona. Gourmand gumshoe Pepe Carvalho is hired by Pedrell's wife to find out what happened.

Carvalho, a jaded former communist, must travel through circles of the old anti-Franco left wing on the trail of the killer. But with little appetite for politics, Carvalho also leads us on a tour through literature, cuisine, and the criminal underbelly of Barcelona in a typically brilliant twist on the genre by a Spanish master.

The Seven Cardinal Virtues Kathy Acker 1990

We Need to Talk About Kevin Lionel Shriver 2011-05-01 The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the *Boston Globe* describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.

All Day Long Joanna Biggs 2015-04-09 Nearly all of us have to work, but how much do we really know about what other people do all day? What is it like to be a fishmonger, a sex worker or an Orthodox rabbi? Or a banker, a research scientist or a carer? How do our jobs affect our lives, beliefs and happiness? And what happens when we don't work? Joanna Biggs has travelled the country to find the answers, talking to interns and bosses, professionals and entrepreneurs, thinkers and doers. She

takes us from Westminster to the Outer Hebrides, from a hospital in Wales to the industrial Midlands, introducing us to different worlds of work and the people who inhabit them. Rich with the voices of the wealthy and poor, native and immigrant, women and men of the UK in the twenty-first century, *All Day Long* shows us who we are through what we do.

White Boys, White Noise: Masculinities and 1980s Indie Guitar

Rock Dr Matthew Bannister 2013-01-28 To what extent do indie masculinities challenge the historical construction of rock music as patriarchal? This key question is addressed by Matthew Bannister, involving an in-depth examination of indie guitar rock in the 1980s as the culturally and historically specific production of white men. Through textual analysis of musical and critical discourses, Bannister provides the first book-length study of masculinity and ethnicity within the context of indie guitar music within US, UK and New Zealand 'scenes'. Bannister argues that past theorisations of (rock) masculinities have tended to set up varieties of working-class deviance and physical machismo as 'straw men', oversimplifying masculinities as 'men behaving badly'. Such approaches disavow the ways that masculine power is articulated in culture not only through representation but also intellectual and theoretical discourse. By re-situating indie in a historical/cultural context of art rock, he shows how masculine power can be rearticulated through high, avant-garde, bohemian culture and aesthetic theory: canonism, negation (Adorno), passivity, voyeurism and camp (Andy Warhol and the Velvet Underground), and primitivism and infantilism (Lester Bangs, Simon Reynolds). In a related vein, he also assesses the impact of Freud on cultural theory, arguing that reversing binary conceptions of gender by associating masculinities with an essentialised passive femininity perpetuates patriarchal dualism. Drawing on his own experience as an indie musician, Bannister surveys a range of indie artists, including The Smiths, The Jesus and Mary Chain, My Bloody Valentine and The Go-Betweens; from the US, R.E.M., The Replacements, Dinosaur Jr, Hüsker Dü, Nirvana and hardcore; and from NZ, Flying Nun acts, including The

Chills, The Clean, the Verlaines, Chris Knox, Bailter Space, and The Bats, demonstrating broad continuities between these apparently disparate scenes, in terms of gender, aesthetic theory and approaches to popular musical history. The result is a book which raises some important questions about how gender is studied in popular culture and the degree to which alternative cultures can critique dominant representations of gender.

Memoirs of an Ex-Prom Queen Alix Kates Shulman 2012-04-03 Now with a new preface: The “furious, fiercely funny, provocative” novel about female rebellion written decades before the #MeToo movement (Dani Shapiro, author of *Inheritance*). Sasha Davis, smart and pretty, was once an all-American teenage beauty queen. Full of potential, she was the only student at her Midwestern high school to attend college on the East Coast. But soon her promise begins to falter. After starting graduate school in New York, Sasha gets married and drops out to take a clerical job. Consigned to the role of trophy wife, and already feeling old at twenty-four, she lives in fear of turning thirty—the year, in her mind, when her beauty will fade and life as she knows it will end. Only after a lot of sexual adventures—as well as a second marriage and motherhood—will she finally begin to figure out what’s gone wrong . . . Poignant and breathtakingly honest, *Memoirs of an Ex-Prom Queen* remains a feminist landmark—a unique blend of “fun” (Jezebel) and “devastating” (The Boston Globe). “This story, told with astringent wit, explores every facet and cliché of what it means to grow up female and beautiful.” —San Francisco Chronicle “A vivid reminder of just how much—and sometimes, how little—has changed for women . . . Typing prowess and wedding-night virginity may no longer be expected, but Shulman’s tale of Sasha Davis’s struggle to find herself amid conflicting cultural messages about beauty, brains, and sex will be resonant for many more years to come.” —Andi Zeisler, author of *We Were Feminists Once* “An extraordinary novel.” —Newsweek

Sex, Drugs, and Rock 'n' Roll Zoe Cormier 2015-03-24 What led scientists to have acrobats copulate inside an MRI machine? Why do wordless patterns of sound send shivers down our spines and tickle ancient parts of our brains? How did a chemist's quest to create a drug to ease the pain of childbirth result in the creation of LSD? And did it change our understanding of the brain forever? From tortoiseshell condoms to superstar athletes on hallucinogens, science writer Zoe Cormier dissects these and other burning questions, amplifying them with insights from some of the world's bravest, cleverest, and downright weirdest scientists. *Sex, Drugs, and Rock 'n' Roll* explores science at the edge, where scientists ask big, strange questions -- and sometimes experiment on themselves to find answers. It shines a light into the lesser-known corners of scientific research to gain insight into the nature of consciousness, happiness, and humanity. Not to mention our parties. Here are stories of unconventional scientists, innovative inquiries, hedonistic impulses -- and how the renegades of science have illuminated the secrets of our baser impulses.

High Risk 2 Amy Scholder 1994 On sex and death. The stories include Michael Blumlein's Best-Seller, in which a writer is forced to sell body parts to stay alive, and Neil Bartlett's *That's What Friends Are For*, a conversation of a dying AIDS victim and his father.

Bad Penny Blues Cathi Unsworth 2021-02-23 A gripping crime novel inspired by the "Jack the Stripper" killings in 1960s London. *Bad Penny Blues* is the latest gripping crime fiction from Cathi Unsworth, London's undisputed queen of noir. Set in late 1950s and early 1960s London, it is loosely based on the West London "Jack the Stripper" killings that rocked the city. The narrative follows police officer Pete Bradley, who investigates the serial killings of a series of prostitutes, and, in a parallel story, Stella, part of the art and fashion worlds of 1960s "Swinging London," who is haunted by visions of the murdered women.

Chapters: List of Sex and the City episodes, Sex and the City 2, List of awards and nominations received by Sex and the City, Greg Behrendt, To Market, to Market. Excerpt: Sex and the City is an American cable television and film series. The original run of the show was broadcast on HBO from 1998 until 2004, for a total of ninety-four episodes. Set in New York City and based on the book of the same name by Candace Bushnell, the show focused on four American women, three in their mid-thirties and one in her forties. The quirky series had multiple continuing storylines and tackled socially relevant issues such as sexually transmitted diseases, safe sex, and promiscuity. It specifically examined the lives of big-city professional women in the late 1990s/early 2000s and how changing roles and expectations for women affected the characters. The show was primarily filmed at New York City's Silvercup Studios and on location in and around Manhattan. Since it ended, the show has been aired in syndication on networks such as TBS, WGN, and many other local stations. However, basic cable outlets at local stations excise certain explicit show content that was broadcast in the original version. In 2007 it was listed as one of Time magazine's "100 Best TV Shows of All-TIME." The show was based in part on writer Candace Bushnell's book of the same name, compiled from her column with the New York Observer. Bushnell has stated in several interviews that the Carrie Bradshaw in her columns is her alter ego; when she wrote the "Sex and the City" essays, she used her own name initially; for privacy reasons, however, she created the character of Carrie Bradshaw, played by Sarah Jessica Parker. Carrie Bradshaw was a writer living in New York City. Carrie also has the same initials, a flourish emphasizing her connection with Bushnell. Played by...

[The Space of Sex](#) Shelton Waldrep 2021-05-20 As film and television become ever more focused on the pornographic gaze of the camera, the human body undergoes a metamorphosis, becoming both landscape and

building, part of an architectonic design in which the erotics of the body spread beyond the body itself to influence the design of the film or televisual shot. The body becomes the *mise-en-scène* of contemporary moving imagery. Opening *The Space of Sex*, Shelton Waldrep sets up some important tropes for the book: the movement between high and low art; the emphasis on the body, looking, and framing; the general intermedial and interdisciplinary methodology of the book as a whole. *The Space of Sex*'s second half focuses on how sex, gender, and sexuality are represented in several recent films, including Paul Schrader's *The Canyons* (2013), Oliver Stone's *Savages* (2012), Steven Soderbergh's *Magic Mike* (2012), Lars Von Trier's *Nymphomaniac* (2013), and Joseph Gordon-Levitt's *Don Jon* (2013). Each of these mainstream or independent movies, and several more, are examined for the ways they have attempted to absorb pornography, if not the pornography industry specifically, into their plot. According to Waldrep, the utopian elements of seventies porn get reprocessed in a complex way in the twenty-first century as both a utopian impulse—the desire to have sex on the screen, to re-eroticize sex as something positive and lacking in shame—with a mixed feeling about pornography itself, with an industry that can be seen in a dystopian light. In other words, sex, in our contemporary world, still does not come without compromise.

Sacred Space Marsha Rowe 1992 Where in this world can we go to feel safe? This anthology is built around the concept of Sacred Space, a place -- either of the world or of the imagination -- where we can follow our own drift, find a place in which we can be more ourselves. It can be as mundane as a bath, or as disparately exotic as Romania, the Florida swamp of the Everglades, or hitting the road to the Australian outback with an emu and a kangaroo in tow. Even the ancient balm of the sun or of the colour blue can be a place of refuge and introspection. The pieces in this thought-provoking collection remind us that the search for the sacred remains powerful in a materialistic world.

Cold Comfort James Loader 1996 Here are recorded the deaths of parents, children, pets, friends, lovers and soldiers; the death of God, a building, a marriage and an idea. Registering in range from agnostic

humour to elegiac dignity, the stories in *Cold Comfort* show the extraordinary connections made by the imagination as it confronts the inevitability of death. Contributors include AS Byatt, Slavenka Drakulic, Kirsty Gunn, Tobias Hill, Lynne Tillman and William Trevor.

Uncontrollable Bodies Rodney Sappington 1994 This collection of original writings and artwork challenges commonly held definitions of the body. Essays by filmmakers, poets, visual and performance artists, sex workers, activists and cultural critics. [autobiography][critical theory][out/post]

Talking Dirty on Sex and the City Beatriz Oria 2014-06-05 *Sex and the City* (1998-2004) was one of the most popular programs on HBO, spawned two successful feature films in 2008 and 2010, and continues to do well in syndication. This book explores how *Sex and the City* represents the conventions of romantic comedy in order to create a familiar fictional world of intimacy, gender identity, and interpersonal relationships. Rather than tackle debates about whether the show was revolutionary or conservative in its representation of gender, class, race, and female sexuality (which has already been covered by other books), the author discusses the show's complexity as a multi-faceted text which routinely provides a diversity of perspectives.

Meet "Carrie," the quintessential young writer looking for love in all the wrong places... "Mr. Big," the business tycoon who drifts from one relationship to another... "Samantha Jones," the fortyish, successful, "testosterone woman" who uses sex like a man...not to mention "Psycho Moms," "Bicycle Boys," "International Crazy Girls," and the rest of the New Yorkers who have inspired one of the most watched TV series of our time. You've seen them on HBO, now read the book that started it all...

High Risk Amy Scholder 1991 "This provocative collection of short fiction, essays, and poetry freely delves into forbidden zones of sex and transgressive behavior. The writers and artists featured in High Risk are black, white, and Latino; gay and straight; but they share one strong conviction: that art must be bound only by the limits of the imagination."
