Stumpwork Embroidery Jane Nicholas 2003
Fiber Art Today Carol K. Russell 2011 Explore the work of three generations of fine artists who have opened their minds and spirits to the boundless range of expressive possibilities in textile methods or materials. Even as the art on these pages references weaving, crochet or quilting, traditional textile notions disappear in the hands of serious artists, appropriating essential elements for their contemporary concepts

Beginner's Guide to Mountmellick Embroidery Pat Trott 2002 The embroidery is traditionally worked on close-woven cotton with cotton thread and it has a great elegance. Flowing floral patterns intertwine with stems and leaves, the smooth satin stitches contrasting wonderfully with the padded, knotted stitchery and untextured background. These natural designs are often fairly large and the sculptured patterns have an appealing bold quality, which is

enhanced by the absence of colour and the addition of knitted fringed fringes. Pat Trott explains all the techniques with clear step-by-step photography and inspiring easy-to-follow projects. This book will be welcomed by beginners and also embroiderers of all skill levels.

Art of Annemieke Mein Annemieke Mein 2019-09-01 The textile works of Annemieke Mein display a rare standard of artistry. She has explored beyond the bounds of craft and developed new techniques in her use of textiles and fabric paints. The illustrations in this book show how textiles can be used as an exciting sculptural medium. The artist's three-dimensional creations are works of extraordinary skill, born out of a passionate commitment to the environment that she observes with a loving eye. Annemieke uses an amazing variety of materials - silk, wool, fur, cotton, synthetics - carefully chosen for their colour, texture, credibility and aesthetic appeal.

These fabrics are then meticulously painted and stitched to faithfully reproduce her chosen subjects and to enhance the tactile quality unique to textiles. Numerous techniques are used in limitless combinations: hand and machine embroidery, dyeing, applique, trapunto, quilting, pleating, felting, beading, weaving and plying. The work of Annemieke Mein will leave the reader breathless with wonder. It encourages an awareness of our natural heritage and of the need to preserve it. Lingerie Design Pamela Powell 2016-07-26 The design of lingerie is often seen as a mystery, even by professionals working in other sectors of the fashion industry. This book explains the processes at work and the many unexpected influences that inform the choice of color, silhouettes, and decoration. The book documents the rise of the deluxe lingerie brand. This interest in luxury labels has led many young designers to chose lingerie as a creative outlet -

conscious of fashion, but also with a clear view of their own 'lingerie world'. The book features the work of 30 lingerie designers from around the world, bringing out the individuality of each designer and providing a compelling insight into their working methods. Beautifully illustrated throughout, it presents inspirational images from the designers' collections alongside their sketches and mood boards. In this book, Pamela Powell takes a very practical approach, showing how to design and construct lingerie, sleepwear, and foundation garments. Step-by-step illustrations demonstrate the basic slopers and show how to manipulate them into different styles. Advice is given about how to work with the specialty fabrics used in the industry including woven, knit, power stretch, and bias-cut fabrics. Specially commissioned photographs and diagrams are used to showcase construction techniques specific to lingerie including boning, elastic, and lace insertion, and how and where to use the myriad of closures available. A final

chapter on embellishment shows how to add unique and personal touches to garments and apply that luxurious finish.

Stumpwork Medieval Flora Jane Nicholas 2009 Embroidery. Long fascinated by the illuminated manuscripts of the medieval era, Jane Nicholas has sought examples in museums and galleries across Europe. The embroideries in this illustrated work were inspired in particular by the decorative panels and borders in the illuminated book of Hours created by Jean Bourdichon, dated around 16th Century.

Stumpwork & Goldwork Embroidery Jane Nicholas 2010 There are 16 step-by-step projects presented in this book varying both in size and complexity, with inspirational images throughout.

Celtic, Viking and Anglo-Saxon Embroidery Jan Messent 2010 This book combines everything held dear to the author's heart in a single volume - embroidery, writing, artwork, history and books. Her beautifully executed creations

combine myriad materials, including hand-stitched threads, glued papers, fabrics, fibres, paints and beads, and are presented here as a series of 'altered books', each representing a chapter that follows on from the last, and each exploring one of the major themes of the book, including textiles, stitches, clothing and accessories. Historical facts are ingeniously interwoven with contemporary renditions of ancient artworks, bringing to life the ancient skills of Celtic, Viking and Anglo-Saxon women, and celebrating the centuries-old tradition of embroidery in England that has served as a foundation for present-day excellence.

The Complete Pattern Directory Elizabeth Wilhide 2018-11-06 An essential resource for any designer, crafter, artist, or historian, THE COMPLETE PATTERN DIRECTORY is the most

comprehensive, practical, and beautiful directory of patterns throughout history, covering all periods, styles, and cultures. Throughout history, patterns have come in countless permutations of motif, color, and scale. From the first rhythmic marks pressed onto clay vessels, to the latest digital design, pattern-making has been an essential part of the decorative arts since time immemorial. With 1500 illustrations of patterns from all ages and cultures, THE COMPLETE PATTERN DIRECTORY is not only a visual feast, it is the most comprehensive resource available on the subject. The book is arranged thematically according to pattern type, with chapters on Flora, Fauna, Pictorial, Geometric, and Abstract designs. Each pattern includes the name of the pattern, the year of its creation, and a brief description. The categories are supplemented by in-depth features highlighting the work of key designers including William Morris, Sonia Delaunay, Charles and Ray Eames, Lucienne

Day, and Orla Kiely, as well as sections detailing the characteristic motifs of key period styles from Baroque to Art Deco.

Embroidered Animals Yumiko Higuchi 2021-05-18 A lively and accessible book featuring embroidery motifs and sewing projects that highlight the wonder and beauty of the animal kingdom with designs for foxes, cats, owls, zebras, and pandas. From elegant birds to adorable rabbits and wonderfully simple sheep, the 25 motifs and patterns in this book offer both a modern flair and an organic true-to-nature style. The whimsical animal designs--ranging from wild wolves, cheetahs, and giraffes to cuddly and cute bears, cats, dogs, monkeys, and pigs--can be incorporated into any of the

sewing projects included, such as bags, pillows, bookmarks, and sachets, so that beginner and experienced embroiderers can mix and match patterns according to their own interest and skill.

Stumpwork Embroidery K. Dennis 2014-08 "How to create stumpwork and needlelace plants, animals and figures, whatever your ability ... clear step-by-step techniques and inventive projects"--Publisher's description. *Library Journal* 1997-04 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately. *Stumpwork Embroidery* Jane Nicholas 1996-08 Illustrates the techniques for creating raised and padded embroidery, and includes tips on supplies and instructions for projects. [The Vagina: A Literary and Cultural History](#) Emma L. E. Rees 2013-08-01 From South Park to Kathy Acker, and from Lars Von Trier to Sex and

the City, women's sexual organs are demonized. Rees traces the fascinating evolution of this demonization, considering how calling the 'c-word' obscene both legitimates and perpetuates the fractured identities of women globally. Rees demonstrates how writers, artists, and filmmakers contend with the dilemma of the vagina's puzzlingly 'covert visibility'. In our postmodern, porn-obsessed culture, vaginas appear to be everywhere, literally or symbolically but, crucially, they are as silenced as they are objectified. *The Vagina: A Literary and Cultural History* examines the paradox of female genitalia through five fields of artistic expression: literature, film, TV, visual, and performance art. There is a peculiar paradox – unlike any other – regarding female genitalia. Rees focuses on this paradox of what is termed the 'covert visibility' of the vagina and on its monstrous manifestations. That is, what happens when the female body refuses to be pathologized, eroticized, or rendered

subordinate to the will or intention of another? Common, and often offensive, slang terms for the vagina can be seen as an attempt to divert attention away from the reality of women's lived sexual experiences such that we don't 'look' at the vagina itself – slang offers a convenient distraction to something so taboo. *The Vagina: A Literary and Cultural History* is an important contribution to the ongoing debate in understanding the feminine identity

The Flowering of Florence Lucia Tongiorgi Tomasi 2002 Published to coincide with an exhibition at the National Gallery of Art, Washington DC, of sixty-eight works of art, primarily from Florentine collections, The Flowering of Florence explores the close ties between art and the natural sciences in Tuscany as seen in the botanical renderings created in Florence for the Medici grand dukes from the late 1500s through the early 1700s. The catalog comprises an essay and checklist with reproductions of the exquisite works in the show. Examples include Jacopo Ligozzi's plant drawings in tempera on paper from the Uffizi Gallery, Giovanna Garzoni's fruit and flower paintings on vellum, and Bartolomeo Bimbi's later and much larger still-life paintings.

Chats on Old Lace and Needlework Emily Leigh Lowes 1908

The Art of the Metropolitan Museum of New York David Charles Preyer 1909

Crewel Intentions Hazel Blomkamp 2014

Keeping to a theme started in Crewel Twists, this book continues the concept of using non-traditional techniques and materials in crewel or Jacobean embroidery. It showcases four large projects, each with an accompanying small project similar in technique, and shows needle workers how to be creative with threads, alternative stitches and beads. Traditional techniques are explained but are extended with the use of bead embroidery, needle lace techniques, and stitches not normally used in crewel work. Many new needle lace and bead embroidery techniques are incorporated, and the book also explores weaving techniques used to create textures like twill and lace weaves, as well as patterns similar to tartan and houndstooth check. Every project is clearly explained with step-by-step instructions and lots of photographs, and the completed embroideries are once again displayed in ways that are both decorative and functional in the home.

Templates of the original designs complete this magnificent source for creative embroidery.

Beginner's Guide to Stumpwork Kay Dennis 2020-03-18 A practical, step-by-step guide which shows clearly how to create beautiful raised and padded embroideries. Kay Dennis is passionate about Stumpwork. This intricate, raised and padded embroidery has its origins in the seventeenth century, and is enjoying a revival amongst embroiderers and lacemakers.
