Text in Context Society for Old Testament Study 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns. In the last two decades, an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community, while the reconstruction of the history of the people from whom it derived has been transformed by new methods. This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments, and has a particular concentration on literary and historical study. Thus, it not only clearly recognizes the diversity now inherent in 'Old Testament study', but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation. The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship. Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former. So, essays on the text and its reception discuss primary issues which arise in Old Testament study, while those on background and authorship reflect the continued vitality of, and the fresh perspective possible in, more traditional scholarly concerns.

A Guide to Old Testament Bible Study Helen W. Driscoll 2008-09 The material in *A Guide to Old Testament Bible Study* has been rewritten many times during 46 years of teaching high school students in Mid-City / Crescent City High School. Those who were never before Bible students began to take an interest in God's Word because they saw the purpose running through it. Every year, the Holy Spirit used this material to help some become born-again believers. The study contains two major emphases: the history of early man (although not written as a history book, every bit of history in the Bible is true) and the Messiah (the mission of the Messiah promised in Genesis 3:15 is unfolded and developed throughout this study). This book will strengthen your faith in the Bible as God's Word, and help you to help others. Isaiah 40:8 - "The grass withereth and the flower fadeth, but the Word of our God shall stand forever." Born in Marlowe, Tennessee, Helen Wilson Driscoll graduated magna cum laude from Carson-Newman College in Jefferson City, Tennessee in 1941, with a B.A. in Greek (4 years of study), including three years of Bible study. In 1944, she graduated from New Orleans Baptist Theological Seminary with the Master of Theology degree (including three years of Bible study and Greek, and two years of Hebrew). She then served on the seminary faculty, teaching Greek for three years. Married to J. Paul Driscoll in 1948, Mrs. Driscoll helped her husband build the Mid-City / Crescent City Baptist Church, where they served for 58 years. In 1956, they founded the Mid-City / Crescent City Baptist High School, where she served in administration and taught high school Bible classes for 46 years. She has authored two other books, *Around the World in Fifty Days*, and *God's Redemptive Plan Revealed in the Old Testament*

Devotional Studies of Old Testament Types Fred Hartley Wight 2014-03-03 THE MATERIAL in these studies has been given as lessons in Bible study classes, or sermons preached from the author's pulpit, through the course of many years. It has been brought together in this form that it might be a help to busy pastors and Bible teachers in their preparation of messages, and that it might be of practical and devotional value for all Bible students and Christian workers, who want to understand the rich teaching of Old Testament types. The author does not claim to have exhausted the possible types of the Old Testament in these studies. But he has endeavored to deal with some sections of Scripture that without the typical approach would find little of practical application for the Christian today. For this reason the chapter dealing with types in Leviticus has been made the longest chapter in the book. We trust that that book of the Bible will mean more to the reader after studying this chapter. The study of the Tabernacle in the Wilderness from the typical viewpoint has always been a joy to the hearts of Bible students. But the author has discovered that a study of the typical truths of Solomon's Temple is equally valuable and precious. We suggest that Bible teachers give more attention to this neglected subject. These studies are of necessity fairly brief. Many Scriptures have been included that throw light on the particular subject. But the material herewith presented should be suggestive, and wise students of Scripture can add other details to what has been given. May the Lord use these studies to help many to understand and make practical application of Old Testament truth to the lives of modern-day Christians.
