Call Down the Hawk - the Bryan Factor

Richard Folmar 2004 In June of 1912 delegates to the Democratic national convention arrived in Baltimore to find an oppressive humidity and the best opportunity in sixteen long years to unseat the Republicans from the presidency. Two weeks before, the Republican convention in Chicago had come apart with the walk out of Teddy Roosevelt and his Bull Moose faction. It essentially would have two candidates, Roosevelt and President Taft. Major hopefuls for the Democratic nomination, were Champ Clark of Missouri, Judson Harmon, Ohio, Oscar Underwood, Mississippi and Woodrow Wilson, New Jersey. There were also, in the event of a deadlock, and no way to be described as a dark horse, the three times party nominee, William Jennings Bryan. Seth Cane, a small town Oklahoma lawyer and son of the late wealthy and powerful Texas rancher, Warren Cane, arrived in Baltimore as a member of the Oklahoma delegation. He was tired and irritable being a few days late because of his wife having just left him with hints of making it permanent. He found himself immediately involved with Bryan's strategy to throw the gauntlet in the face of Tammany Boss, Charles Murphy and his

plans to spike Bryan's guns. The battle, for which Bryan told the press he was sending home for his fighting clothes to stop the "reactionary" Judge Alton B. Parker from being the temporary chairman and key note speaker, was the first shot that would escalate into fist fighting in the aisles, intemperate threats against Bryan's life, hints of a possible Bull Moose type of walk out and devastation in the view of all candidates of a deadlock allowing Bryan to again stampede the convention into his fourth nomination.

[Gnomegeddon](#) Joseph J. Bailey Arcwhistle

Goldpulley has everything a gnome technowizard could want and more. He's just successfully defended his after-post-thesis on harnessing the metamagical residuals of energetic creation and destruction, along with a dramatic demonstration of an application of his theory, one which only blew up two learning halls on campus, and completed his formal education as a master archmage. He is a successful Paratechnologist, a gnomish master of blending magic and science, often to explosive effect. He has developed and licensed many significant inventions ranging from autonomous eyebrow trimmers to anti-light anti-sunglasses. He has contributed significantly to several branches of metamagical thought and theory and continues to do so. He is, in short, a gnome who has it all. But, after graduating with honors for more times than he cares to count from TINKER, the Tellanon Institute of Noetic Knowledge, Education, and Research, Arcwhistle is faced with a problem, one which has no easy answer. What is he going to do with the rest of his life? How is he going to live a life with meaning outside school? What is he to do beyond his lab

and his research? Where's the spark? That is until he discovers a new opportunity... the life of a secret agent gnome. Armed with his Paratechnological skills and a not-so-secret identity, can Arcwhistle thwart the efforts of ANGST, a group gnome terrorists Abyss-bent on spreading universal entropy, before they destroy Tellanon, the seat of Paratechnological society, undermine gnomish civilization, and ruin dessert for everyone? Gnomegedon is a quirky humorous high fantasy story set in the larger Ea'ae macroverse. No gnomes were harmed in the writing of this book.

The Metabolic Plan Stephen Cherniske 2007-12-18 The choice is yours: You can add forty or more vigorous, fulfilling years to your life. It sounds like science fiction, but in fact it's cutting-edge science grounded in exciting new research. In *The Metabolic Plan*, internationally renowned biochemist Stephen Cherniske reveals the medical breakthroughs that enable all of us to extend our lives—and the quality of our lives—starting today. After years of dedicated study and research that took him to six continents, Cherniske has arrived at a new paradigm that radically alters our understanding of the aging process and the human potential for longevity. Far from giving out due to inevitable wear and tear, the human body is naturally endowed with astonishing powers of renewal, self-repair, and regeneration. The secret to unlocking these powers lies not in genetic tinkering or a high-tech fix, but in outsmarting mother nature at her own game. As Cherniske explains, a simple adjustment in your metabolism can profoundly alter your energy level, strength and stamina, your body's ability to fight disease, even the intensity of your sexual desire and fulfillment. In short, by following his regime, you can essentially “trick” your body into adopting the metabolism of a twenty-year-old. *The Metabolic Plan* takes you step-by-step through the process of natural rejuvenation. Here is a comprehensive diet and exercise plan specifically tailored to boost antioxidant levels, combat disease, increase muscle, reduce fat, and enhance memory and vision. Cherniske shares the age-defying properties of such cutting-edge supplements as 7-Keto and debunks myths about acid/alkaline foods. Here too are detailed metabolic plans geared to the different needs of

men and women and to every decade of our lives—so we'll know exactly what to focus on when. Longer life, more energy, improved health, a pervasive sense of well-being: it sounds too good to be true, but it's all within our grasp. At once revolutionary and eminently practical, this is the book that finally solves the puzzle of aging.

Trapstarz Hector Stone 2011-11-23 Nearly every city has a Ghetto, a Gutta, a Trap, and products of those very environments. Like every other obstacle-course, there's hurdles and surprises around nearly every corner. So many in *Trapstarz* that Raine and Davae manage to lose themselves in the thick of things. Or even worse, the wrath of Karma vindictively finding her way back to the two? Even though the game has a predictable ending in most

cases, this grimy street tale will definitely leave your stomach twisted in knots. Will they finally make it up and out of the traps, or will they remain Trapstarz for the rest of their lives?

Here's what television critics of that era had to say: "Drama straight off the front page...superbly played...sensitively directed." - Jack Gould, New York Times "Very funny and savagely pointed, imaginative, provocative, and entertaining." - Charles Champlin, Los Angeles Times "Some of the best experimental drama on television." - James Bacon, Los Angeles Herald Examiner "Extraordinary...well produced, well directed, well acted, well written." - Cleveland Amory, TV Guide "The most successful religious oriented television series in the history of the

tube." - Vern Scott, St. Louis Post Dispatch Now, there is a book that provides insight on INSIGHT! Brooklynese David Alexander 2021-01-12 Brooklynese is the Boss of Bosses From the mean streets of New York City's prime mafia boro, comes a chase after savvy and streetwise bank robbers and jewel thieves that crosses international boundaries and time zones with the speed of a jet plane. Alexander weaves everything together with the skill of a true master of the action thriller category in an unforgettable extravaganza of capers, mayhem, hot gems, hot dames, and accomplished criminals who will stop at nothing to gain possession of a treasure whose value is almost beyond calculation. When a billion dollar diamond deal cut by one of New York's heaviest crime families goes sour, and the consignment of rare gems is lost overseas, a crew of wise guys straight out of Brooklyn is ordered to get it back -- any way they can. This is an international caper novel to end all caper novels, a nonstop page-turner jam-packed with action from start to finish and one of Alexander's boldest books ever. As crime thrillers go, Brooklynese is the boss of bosses. "Brooklynese is an accomplishment by an author whose narrative skills are clearly at their peak and can sustain an ambitious plot, like the daring young man on the trapeze who flies through the air with the greatest of ease." -- Desert Sun "If every crook could pull off a caper with the ease and skill Alexander ably demonstrates in Brooklynese, we'd all be broke." -- Globe Literary Supplement "As a cops and robbers caper novel that positively drips with murder, mayhem, bad guys and bullets, this international crime thriller has all the right

moves. I'll even say that rarely before have crooks, bank robbers and other kinds of criminals been portrayed in such a way that I as a reader wanted to get into the gang before I was even halfway through the story. That's what I call some seriously spellbinding storytelling. While the story begins and ends in Brooklyn, which gives the book its title, Brooklynese is actually a top-notch international thriller with a heavy-duty plot that weaves together global organized crime, high-level espionage and international intrigue with all the frills of a first-class spy thriller. The book is written with just that right touch that maintains its edge and stops short of making caricatures out of its characters. This is considerably harder to accomplish than making the characters seem like violent goofballs, the way they're all too often portrayed, because it requires considerably more writing skill. I would assume it also takes more than just a casual familiarity with the ways of the characters about which the story is based. These characters aren't only Brooklyn "wise guys." They're also criminals that move in the high-class circles of European crime empires and the covert intelligence agents that they have connections with. The story also shows a considerable knowledge of the international diamond business that moves from South African diamond mines, to smuggling rings that operate across national borders, then to the gemstone trading houses in Antwerp, Paris and New York." -- Vince Flynn

Milo March #4 Kendell Foster Crossen 2020-06-08 Insurance investigator Milo March is under pressure to solve a classic whodunit in a

small town. Athens, Ohio, is a place full of historic monuments, many of them still walking the streets. But now the excitement of Hollywood has burst on the scene, with a studio shooting a biopic about a rugged pioneer who played a role in the founding of Athens County. Descendants of the story's hero still live in Athens, and are the owners of valuable antiques, books, and other heirlooms passed down to them from the early 1800s. The studio has arranged to use these gems of Americana as props, insuring them with a million-dollar policy. With such a large sum at stake, the insurance company sends Milo to check on the security measures at the little museum where the items are housed under guard. The job seems like a snap—until a bludgeoned body and a lot of smashed-open cases send everyone into a panic. Among the stolen items is a personal diary written by Hanna's wife, which appears to be an object of intense interest, or even obsession. Milo can't imagine why a diary from the early 1800s should be so dangerous as to lead to murder, but he'll have to find out. Was it a matter of greed, professional ambition, or something bizarre like a delusional fixation on the long-dead pioneer woman who penned the diary? If being unpleasant or eccentric made someone a murderer, then there was full cast of characters to choose from, including a pedantic historian, a shiftless ex-cop, and a couple of snooping old biddies, not to mention a scheming scriptwriter, a genius director, and a man-eating blonde starlet. Murder wasn't supposed to happen in Athens, Ohio, and the cops want these crimes to be solved fast. The pressure is on Milo to identify the killer before he strikes again—and to recover the heirlooms before anyone cashes in the million-dollar policy.

Especially ones that make her feel dangerous, possessive, hot... Strong. Charismatic. Amiable. Optimistic. It's what they all say about the Marquess of Dansbury. And it's all true. It's what makes him an excellent Agent for the Crown, a duty at which he excels and enjoys. Until now. When he finds himself tasked with protecting the one woman in the world he actively disdains: Lady Beatryce Beckett, a deceitful witch who manages to bring out the worst in him with shrewd precision.
