Sex, Lies and Question Time Kate Ellis 2021-03-29 In *Sex, Lies and Question Time*, former MP Kate Ellis explores the good, the bad and the ugly of life as a woman in Australian politics. Seventy-seven years after the first woman entered Australian parliament, female politicians are still the minority. They cop scrutiny over their appearance, their sex lives, their parenting and their portfolios in a way few of their male colleagues do. It's time to call bullshit on the toxic Canberra culture. Alongside her own experiences from fifteen years in parliament, Kate Ellis reveals a frank and fascinating picture of women across Australian politics, including Julia Gillard, Julie Bishop, Linda Burney, Sussan Ley, Penny Wong, Sarah Hanson-Young and Pauline Hanson. Kate explores issues like sexism, motherhood, appearances, social media, the sisterhood and, of course, sex. But she also celebrates everything Australian female politicians have achieved. Wry, candid and provocative, *Sex, Lies and Question Time* is a powerful call to demand more of our leaders and our institutions. It reminds us we need greater diversity to shape a fairer Australia, where 'women's issues' are everyone's issues. A better

parliament means a better Australia. The stakes are high, and the standards should be too.

Sex, Lies and Someone Else's Picture Victoria Howard 2012-04-28 Victoria Howard is the author of the relationship book called *Why Women Love Bad Boys*, which has been translated and is now sold in over 15 countries. She has penned her own column called, *Dear Victoria*, and hosted a radio talk show called *Beauty and the Shrink*. Victoria was a model, dancer, horse trainer, co-owned automobile dealerships and has developed real estate. In 2000, Victoria invented the first spiritual fragrance for men and women after spending three days in Australia with an Aboriginal Tribe. In 2008, she started an organization for women to help them re-gain their self-esteem and empower them. From this endeavor, the group grew in numbers and women throughout the nation wanted to join. In 2010, Victoria met Allan Jay Friedman, an award-winning Producer-Write-Composer and Lyricist; together they founded the nation's new movement for men and women, called *The Butterfly Movement*. Although its goal is to reach equality on all levels, it is also to re-unite men with women through love and co-independence. In the meetings, the members are taught *The Butterfly Effect: The 11 Step Program*, which teaches them how to be who they already are. Ms. Howard once represented her state in the Mrs. USA Pageant. She has

appeared on Fox & Friends, The Sally Jesse Raphael Show, Good Day L.A., Good Morning Sacramento; and is called The Relationship Guru, by the media.

Sex, Lies and Two Hindu Gurus Karen Jonson 2014-09-01 When she joined a spiritual organization in an attempt to regain control of her life, Karen Jonson had no clue that she would one day become a Hindu nun living in the US ashram of two men she called her gurus. She certainly never guessed that both of them would turn out to be conmen and that she would expose their dark secrets to the world. But that is exactly what happened. Her mission led her in several directions - including approaching an investigative reporter and an FBI agent, organizing a group of ex-devotees to support the gurus' victims, sharing insider information with prosecuting attorneys, and using social media to expose the organization. *Sex, Lies and Two Hindu Gurus* chronicles a world that is spoken of only in hushed whispers. It exposes the twisted goings-on inside the dubious spiritual cult she was part of and gives readers a rare insight into a dangerous con game. The perversions the gurus indulged in, how they preyed upon the vulnerabilities of their followers, swindled them and ruined their lives, and why no one has stopped the fake gurus from sexually violating underage girls - every detail comes under scrutiny. It is a thriller comparable to any piece of fiction. It is also a crime drama, and a cautionary tale for people seeking to connect with the divine.

No News is Bad News Michael Bromley 2014-09-11 This volume of collected essays provides a wide-ranging survey of the state of radio and television, especially the idea of public service broadcasting, and of news, current affairs and documentary programming in America, Australia, the UK and the rest of western Europe. Among the key issues it addresses are the 'dumbing down' of TV news, the infotainment factor in current affairs shows and the disappearance of the documentary. Using contemporary cases and examples - from the row over the scheduling of News at Ten in the UK to the creation of ABC News Online in Australia -- the essays link the performance of radio and television at the turn of the millennium with the processes of deregulation, liberalisation and digitalisation which have been evident since the 1980s. Working from a much needed and original comparative approach which encompasses complex and well-established public broadcasting in the USA as well as emerging and vulnerable participatory radio stations in El Salvador, the book sets a variety of experiences of factual radio and television programming within wider political and cultural contexts. It offers analyses of not only the 'problems' associated with news, current affairs and documentary broadcasting in an era of a declining public service ethos and the apparent triumph of the market, however. The essays also explore the potential of alternative radio and television, new forms of communication, such as the internet, and changing practices among journalists and programme makers, as well as the resilience of public broadcasting and the powers of the public to ensure that the media remain relevant and accountable. A companion text to the bestselling *Sex, Lies and Democracy: The Press and the Public*, this volume presents a multi-faceted approach to the tumultuous present and the uncertain future of news, current affairs and documentary in radio and television.

Sex, Lies, and Cookies Lisa Glasberg 2013-06-18 One woman's misguided quest for love, sex, and as much airtime as possible . . . On The Howard Stern Show, radio personality Lisa Glasberg, aka Lisa G., is painted as a violin-playing, cookie-baking cat lady, but that's all about to change. This alleged wallflower once used her skills in the kitchen to show up at a suitor's doorstep wearing nothing but a fur coat and carrying a plate of freshly baked cookies. Now, in her unrated memoir, Lisa G. reveals all about her adventures and misadventures growing up and looking for love in all the wrong places. Her journey begins in the only place where she felt comfortable—behind the microphone. Lisa became a workaholic with a larger-than-life radio personality. But when the "on air" lights switched off, she struggled to find her true self. Through therapy and some soul-searching, she transformed from an insecure young woman who attempted to win over men with her culinary prowess into an independent adult who finally learned to love herself.

Lisa's story is full of inspiration and lots of laughs. Smart, sassy, and stacked, Lisa always put her career first. While searching for the perfect job, the aspiring radio star dated her way through an urban bachelorette's predictable gallery of potential mates. In *Sex, Lies, and Cookies*, Lisa details her hilarious sexcapades, which include everyone from a nice Jewish doctor with a unique fetish to the classic unavailable type who wants an "open relationship." Lisa G. also shares behind-the-scenes stories from her A-list celebrity interviews, friendships, and time hanging with hip-hop royalty like P. Diddy, Will Smith, and Flavor Flav. Along the way, Lisa G. became known for having the hottest ticket in town—entry into her exclusive and legendary cookie parties. The book includes the recipes for more than twenty-five of Lisa G.'s famous desserts, like "Losing my Cherry Cookies" and "Double D-licious Oatmeal Cookies," as well as tips for hosting your own fabulous cookie party. *Sex, Lies and Cookies* is a tasty read that proves why the most satisfying relationship you'll ever have starts with learning to love yourself (and how a little cookie dough can help).

Lies, Incorporated Ari Rabin-Havt 2016-04-19 A stunning investigation of the history of organized misinformation in politics. In today's post-truth political landscape, there is a carefully concealed but ever-growing industry of organized misinformation that exists to create and disseminate lies in the service of political agendas. Ari Rabin-Havt and

Media Matters for America present a revelatory history of this industry—which they've dubbed Lies, Incorporated—and show how it has crippled legislative progress on issues including tobacco regulation, public health care, climate change, gun control, immigration, abortion, and same-sex marriage. Eye-opening and indispensable, Lies, Incorporated takes an unflinching look at the powerful network of politicians and special interest groups that have launched coordinated assaults on the truth to shape American politics.

Sex, Lies, and High School encourages parents to persevere in fighting for their children's souls by informing parents about the influences that are pressing on their children (such as the prom, spring break, media icons, sex education, clothing, STDs, and dating). This book also shows them how to spot signs of trouble in their children, educating them in how to discuss these things openly with their children, and offering alternatives to the negative and harmful influences of our culture.

Sex, Lies and Question Time Kate Ellis 2021 In 2017, a survey showed zero per cent of young Australian women would consider entering politics. Zero. In a time when we critically need women in our

parliament, and in a country that was an early leader in women's political participation, there is a perception that women and politics don't mix. Shocking incidents have exposed the sexism that women in politics face from opposition, the media, the public, even their own colleagues. And those headlines only tell half the story. In this book, Kate Ellis tells the sometimes enraging, often funny and incredibly honest full story of women in Australian politics today. As well as sharing the experiences of her own fifteen years in parliament, Kate has spoken to politicians from across Australia's political spectrum, including former Prime Minister Julia Gillard, Julia Bishop, Penny Wong, Sarah Hanson Young and Pauline Hanson.

Sex, Lies, and Rabbis: Breaking a Sacred Trust Charlotte Rolnick Schwab 2003-07-08 Sex, Lies, and Rabbis: Breaking a Sacred Trust by Charlotte Rolnick Schwab, Ph.D. is a powerful book, a combination of memoir and nonfiction, about what happens when clergy, specifically, rabbis, are deified. It is about the betrayal and the cover up of the betrayal of teen aged girls and women by male rabbis, and thereby, the betrayal of these rabbis wives, families, congregations, communities, denominations, and all Judaism. Two murders are connected to rabbis sexual abuse. One rabbi is awaiting retrial for allegedly hiring a hit man to murder his wife because of his sexual misconduct. This author writes about her own frightening, shocking experience as the wife of a rabbi-perpetrator of sexual abuse of other women, his violence toward her, and threat to kill her if she told about his nefarious double life. The book delineates in one volume: the crisis in the rabbinate, in congregational Judaism; what needs to be done to bring about healing and change; gives description of cases of rabbis sexual abuse as told to the author (these cases are all composites; the victims/survivors identities are disguised), and as reported in the media, including the two murders related to rabbis sexual abuse; the alarming extent of this problem; outlines policies that synagogues and denominations need to adopt; provides definitions of sexual abuse; discusses the kinds of personalities of rabbis which can lead to rabbis becoming sexual predators; and offers some suggestions for prevention. The book offers a Resources List and extensive

Bibliography, including articles from Jewish and secular newspapers around the country, about rabbis sexual abuse. The book provides a healing program geared toward Jewish victims/survivors or rabbis sexual abuse; it can be adapted for victims/survivors of abuse by other clergy and of other kinds of abuse, including abuse by batterers. Women who suffered abuse of any kind will find this book validating and helpful for healing and recovery. "12 Steppers" will be especially interested in this book. The book is helpful to people of all religions who are experiencing the crisis of their religious authorities sexual abuse and covering up of that abuse, including Buddhists, Catholics, and Protestants. It is an urgent read for all Jewish people concerned about the safety of their teen aged children and women, and about the future of their religious organizations and communities. Books have been written about Catholic priests and Protestant ministers and sexual abuse; this is the first about rabbis sexual abuse. Rabbis Arthur Gross-Schaefer and Marcia Zimmerman, and Rev. Nils Friberg praise the book on the book jacket. Maj-Britt Rosenbaum, MD, psychiatrist and former Director of the Long Island Hillside Medical Center Sexuality Center, wrote the Preface. Gary Schoener, Ph.D., clinical psychologist, who treat both clergy-perpetrators and victims, wrote the Foreword.

Confessions of a D.C. Madam Henry Vinson 2015-03-01 A firsthand account of how public officials and other well-connected individuals have been compromised or blackmailed by their sexual improprieties, *Confessions of a D.C. Madame* relates the author's time running the largest gay escort service in Washington, DC, and his interactions with VIPs from government, business, and the media who solicited the escorts he employed. The book details the federal government's pernicious campaign waged against the author to ensure his silence and how he withstood relentless, fabricated attacks by the government, which included incarceration rooted in trumped up charges and outright lies. This fascinating and shocking facet of government malfeasance reveals the integral role blackmail plays in American politics and the unbelievable lengths the government perpetrates to silence those in the know.

Sex, Lies & Stellenbosch Eva Mazza 2019 Based on true events, *Sex, Lies & Stellenbosch* uncovers what really goes on behind closed doors in the seemingly up-standing community of Stellenbosch, one of South Africa's wealthiest small towns, where 3,400 dollar millionaires live (before they invested in Steinhoff shares). Written as fiction to protect the innocent, the book exposes the explosive dark truths of the Winelands' elite. All is revealed through the eyes of stay at home mom, 49-year-old Jen, who is the wife of John, a renowned wine farmer and businessman. Jen, like many of her privileged friends, lives a charmed life provided by her husband, in exchange for conjugal sex and obligatory wifely gratitude. When Jen stumbles upon her playboy husband in a compromising position with his sexy employee, things fall apart. Jen is forced to choose between leaving her marriage, jeopardising her standing and stability in the community or turning a blind eye to his infidelity. The book follows

Jen's passage to self-discovery and self-fulfillment, while other characters' perspectives move the story forward as each is privy to (and eventually reveals) at least one 'truth' or 'lie' which Jen must face. Jen's exposition of her husband's infidelity inadvertently mirrors the underbelly of the patriarchal and often duplicitous community of the seemingly perfect Stellenbosch. Led by prominent wine farmers, international businessmen and renowned academics, business and private interests, even if ethically compromised, are staunchly guarded. The unfolding chapters irreverently explore both the emotional growth of the protagonist, Jen, as well as the moral ambiguities of the other players in the book. -- Publisher's description.

[Sex, Lies and the Ballot Box](#) Philip Cowley 2014-10-28 HAVE YOU EVER WONDERED... ... what emotions really influence where your cross goes on the ballot paper? ... whether people are claiming to vote when they haven't? ... which party's supporters are the kinkiest in bed? In the run-up to the most hotly contested and unpredictable election in a generation, this exhilarating read injects some life back into the world of British electoral politics. *Sex, Lies and the Ballot Box* sheds light on some of our more unusual voting trends, ranging from why people lie about voting to how being attractive can get you elected. Sex, Lies and Politics Donna Smith 2012 This book provides a much-needed analysis of the changing representation of gay politicians in the UK's newspapers. The book focuses on the 1950s onwards, a time when the press became more personal, and gay politicians, as well as politicians involved in gay scandals, came to the forefront of media attention. The book uses case studies and socio-political analysis to develop a frame of representation which shows how a move from intolerance to tolerance to partial recognition of homosexuality has impacted the acceptability of homosexuality in 'heterosexual public space,' which then affected the representation of gay politicians in the press. What was private has now become public, pointing to the fact that gay politicians have mediated personas: their private lives, and sexualities, are lived in/presented through the media. *Sex, Lies and Politics* reveals insights about representation and the construction of identity through its focus on sexuality, politicians, and the media, with the changing line between the private and public as an essential concept. Sensationalism and scandal are key issues explored in the text. The representation of gay politicians in the UK press has so far been underrepresented in media and political studies. Lack of discussion is strange, considering that gay politicians have been at the forefront of the media's attention over the last 50 years. *Sex, Lies and Politics* provides a much needed contribution to political, media, and social history
Seduction Karina Longworth 2018-11-13 In this riveting popular history, the creator of *You Must Remember This* probes the inner workings of Hollywood's glamorous golden age through the stories of some of the dozens of actresses pursued by Howard Hughes, to reveal how the

millionaire mogul's obsessions with sex, power and publicity trapped, abused, or benefitted women who dreamt of screen stardom. In recent months, the media has reported on scores of entertainment figures who used their power and money in Hollywood to sexually harass and coerce some of the most talented women in cinema and television. But as Karina Longworth reminds us, long before the Harvey Weinsteins there was Howard Hughes—the Texas millionaire, pilot, and filmmaker whose reputation as a cinematic provocateur was matched only by that as a prolific womanizer. His supposed conquests between his first divorce in the late 1920s and his marriage to actress Jean Peters in 1957 included many of Hollywood's most famous actresses, among them Billie Dove, Katharine Hepburn, Ava Gardner, and Lana Turner. From promoting bombshells like Jean Harlow and Jane Russell to his contentious battles with the censors, Hughes—perhaps more than any other filmmaker of his era—commoditized male desire as he objectified and sexualized women. Yet there were also numerous women pulled into Hughes's grasp who never made it to the screen, sometimes virtually imprisoned by an increasingly paranoid and disturbed Hughes, who retained multitudes of private investigators, security personnel, and informers to make certain these actresses would not escape his clutches. Vivid, perceptive, timely, and ridiculously entertaining, *The Seducer* is a landmark work that examines women, sex, and male power in Hollywood during its golden age—a legacy that endures nearly a century later.

Unspeakable Things Laurie Penny 2014-07-03 Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice – and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice – a voice that speaks of unspeakable things.

Sex, Lies, and Brain Scans Barbara J. Sahakian 2017-02-09 The recent explosion of neuroscience techniques has proved to be game changing in terms of understanding the healthy brain, and in the development of neuropsychiatric treatments. One of the key techniques available to us is functional magnetic resonance imaging (fMRI), which allows us to examine the human brain non-invasively, and observe brain activity in real time. Through fMRI, we are beginning to build a deeper understanding of our thoughts, motivations, and behaviours. Recent reports that some patients who have all indications of being in a persistent vegetative state actually show conscious awareness, and were able to communicate with researchers, demonstrate perhaps the most remarkable and dramatic use of fMRI. But this is just the most striking of a number of areas in which fMRI is being used to 'read minds', albeit in a very limited way. As neuroscientists unravel the regions of the brain involved in reward and motivation, and in romantic love, we are likely to develop the capacity to influence responses such as love using drugs. fMRI studies have also been used to indicate that many people who would not regard themselves as racist show a racial bias in their emotional responses to faces of another racial group. Meanwhile, the reliability of fMRI as a lie detector in murder cases is being debated - what if the individual simply believes, falsely, that he or she committed a murder? *Sex, Lies, and Brain Scans* takes readers beyond the media headlines. Barbara J. Sahakian and Julia Gottwald consider what the technique of fMRI entails, and what information it can give us, showing

which applications are possible today, and which ones are science fiction. They also consider the important ethical questions these techniques raise. Should individuals applying for jobs as teachers or judges be screened for unconscious racial bias? What if the manipulation of love using 'love potions' was misused for economic or military ends? How far will we allow neuroscience to go? It is time to make up our minds.

Sex, Lies & Stellenbosch Eva Mazza 1901

Sheer Madness JAN MURRAY 2014-01-01 Sheer Madness: Sex, Lies and Politics explodes off the page with honesty and humour. Jan Murray - known to millions of Australians as the Cabinet Minister's wife who rocked the nation with her cheeky 60 Minutes revelation of having sex on his desk - now goes hell-for-leather to tell her story. A deaf-eared kid from a working-class family who left school at fourteen, Jan married her teenage heart-throb and had five children by the age of twenty eight. She discovered feminism in her thirties, studied for a university degree, became a Canberra political insider, ran a successful PR company, and mixed it with princes, presidents and pop stars before, devastatingly, hitting the wall. Hers is a story that packs a mighty punch; sometimes biting and often enlightening but always entertaining!

Land of July Robert M. Marchese 2018-05-10 On an ordinary January afternoon, a disturbing revelation about his wife hurls one man into a maelstrom of public humiliation and heartbreak, and eventually on a

spree of run-ins with lawyers, judges, therapists, and law enforcement. Land of July tells the true story of a teacher/student sex scandal that not only shocked an entire school and small suburban community, but made national news. It's a story filled with countless anecdotes about marriage, trust, infidelity, grief, and the desperate search for hope and family in the face of ruin. Practically ripped from the daily headlines, Land of July is as salacious as it is sobering. At its best, it's a cautionary tale that might just inspire an awakening of morality; at its worst, it's one man's tumultuous journey to hell...and possibly back.

Sex, Lies and Democracy Hugh Stephenson 2018-09-03 Do the Press have a case for asserting their right and moral obligation to call figures in the public eye to account? Or is it time for the government to abandon the Press Complaints Commission and introduce some legislation to deal with the problem? Is there really a problem? The question of the accountability and regulation of the Press has become a central theme of contemporary life and is the focus of this new book.
