The Big Book of Sex Quotes Julian L'Estrange 2004 "When authorities remind you of the sinfulness of sex, there is an important lesson to be learned. Do not have sex with the authorities."--Matt Groening (The Simpsons). Prudes beware: there are no repressive authorities or censors here. From Aphrodisiacs to Rude Food, Virginity to Viagra, these 1001 unexpurgated sex quotes--divided into 75 categories--are too good to keep under cover. As with every volume in the popular "Big Book" series, the seductive array of material covers a wide span, and nothing is too hot to handle. Some are fresh off the press: "Study Finds Sex-Pregnancy Link" trumpets one newspaper headline. (Who knew?) Others come from our finest comic geniuses, such as Woody Allen's "Sex without love is an empty experience, but as empty experiences go, it's one of the best." Whether it's Mae West's sassy "To err is human--but it feels divine" or Andy Warhol's surprising "Sex is the biggest nothing of all time," these

are entertaining and amazing.

Come As You Are: Revised and Updated Emily Nagoski 2021-03-02 A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

Sex, Money, & Sports 1998 For men and the women who love them, here are 500 quotations on what men think--and talk--about most. Ideal for parties, this treasure trove of wisdom is the perfect gift throughout the year.

Sex at Dawn Christopher Ryan 2010-06-29 Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science—as well as religious and cultural institutions—has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. But this narrative is collapsing. Fewer and fewer couples are getting married, and divorce rates keep climbing as adultery and flagging libido drag down even seemingly solid marriages. How can reality be reconciled with the accepted narrative? It can't be, according to renegade thinkers Christopher Ryan and Cacilda Jethå. While debunking almost everything we "know" about sex, they offer a bold alternative explanation in this provocative and brilliant book. Ryan and Jethå's central contention is that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together convergent, frequently overlooked evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. Human beings everywhere and in every era have confronted the same familiar, intimate situations in surprisingly different ways. The authors expose the ancient roots of human sexuality while pointing toward a more optimistic future illuminated by our innate capacities for love, cooperation, and generosity. With intelligence, humor, and wonder, Ryan and Jethå show how our promiscuous past haunts our struggles over monogamy, sexual orientation, and family dynamics. They explore why long-term fidelity can be so difficult for so many; why sexual passion tends to fade even as love

deepens; why many middle-aged men risk everything for transient affairs with younger women; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. In the tradition of the best historical and scientific writing, *Sex at Dawn* unapologetically upends unwarranted assumptions and unfounded conclusions while offering a revolutionary understanding of why we live and love as we do.

How To Think More About Sex Alain de Botton 2012-05-10 Think more about sex by thinking about it in a different way. In this rigorous and supremely honest book Alain de Botton helps us navigate the intimate and exciting - yet often confusing and difficult - experience that is sex. Few of us tend to feel we're entirely normal when it comes to sex, and what we're supposed to be feeling rarely matches up with the reality. *How To Think More About Sex* argues that 21st-century sex is ultimately fated to be a balancing act between love and desire, and adventure and commitment. Covering topics that include lust, fetishism, adultery and pornography, Alain de Botton frankly articulates the dilemmas of modern sexuality, offering insights and consolation to help us think more deeply and wisely about the sex we are, or aren't, having. Sexual Intelligence Marty Klein 2012-02-07 This is not your standard sex book. Sex therapist, sociologist, and Psychology Today contributor Dr. Marty Klein goes beyond the sex manuals to reveal how our mindsets during sex are more important than any tricks or techniques—and that the way to a healthier, more exciting, more fulfilling sex life lies in first developing our sexual intelligence. This book is the antidote to the many gimmick-oriented sex guides and manuals; Dr. Klein shows us how to reorient how we think about sex in order to experience a truly different way of being sexual. “Marty Klein is the Steve Jobs of sex advice. . . .

Sexual Intelligence is a work of enormous wisdom and expansiveness, and will inspire readers, regardless of age, to realize their full sexual potential.” —Ian Kerner, best-selling author of *She Comes First*

The Little Book of Uncensored Celebrity Sex Quotes Oliver Markus 2015-04-01 Funny, inspiring and thought-provoking celebrity quotes about sex, love, life, humor, marriage and relationships, and how we are all connected. "We are all born sexual creatures, thank God, but it's a pity so many people despise and crush this natural gift." -Marilyn Monroe "Life in Lubbock, Texas, taught me two things: One is that God loves you and you're going to burn in hell. The other is that sex is the most awful, filthy thing on earth and you should save it for someone you love." -Butch Hancock "Sex without love is a meaningless experience, but as far as meaningless experiences go it's pretty damn good." -Woody Allen "Sex is the driving force on the planet. We should embrace it, not see it as the enemy." -Hugh Hefner "Humans love sex, we need sex, it's how we connect, it reminds us we're alive, it's the third most basic human need, after food and good movie popcorn." -Billy Crystal "It was my uncle who taught me about the birds and the bees. He sat me down one day and said, 'Remember this, George, the birds fuck the bees.' Then he told me he once banged a girl so hard her freckles came off." -George Carlin "Don't have sex man. It leads to kissing and pretty soon you have to start talking to them." -Steve Martin "If I'm not interested in a woman, I'm straight-forward. Right after sex, I usually say, 'I can't do this anymore. Thanks for coming over!'" -Vince Vaughn "I like threesomes with two women, not because I'm a cynical sexual predator. Oh no! But because I'm a romantic. I'm looking for 'The One.' And I'll find her more quickly if I audition two at a time." -Russell Brand

Erotic Wit Gerd De Ley 2007 Sex has been the driving force behind much of the art and culture of the civilized world and down the centuries it has inspired great works of literature, magnificent paintings, and sculpture, and continues to do so today. "How many popular songs, films and glossy magazines do not rely at least in part on sex to boost their

sales?" Sexual desire has inspired men to do great things but it has equally brought about the downfall of many; it can bring out the best in us--or the worst; it can be both beautiful and ugly, serious and funny--a veritable paradox! In this unique collection of quotations, the author has focused on the more humorous examples that have attracted his attention and consequently the reader will find a host of witty one-liners, interspersed with quotes of a more philosophical nature on this perennially fascinating subject.

Quotes on Sex, Love and Marriage Robert H. Williams 2012-11 A "G" rated compilation avoiding harsh swear words; yet is a group of relevant quotes that vividly tell how our fellow Humans live, act, dream and hopes yet to be, in our life's journey. For life IS the journey. From the time we first scribbled on cave walls humans have attempted to put into writing their ideas, feelings, sites, sounds and their lives into a lasting state. When words and sentences came along our sophistication improved and today with advent of internet there are unlimited possibilities to gather and keep the most fun and insightful thoughts we have had. This compilation has been in the works since 1983 and is now available for purchase and keepsake. It is a large grouping of quotes from the Bible to recent modern times including some of my own insights into family life,

Also I have found that I just enjoy reading what others have thought about these subjects throughout history and engaging others with their interpretations on the quotes. In literature often a single string of words can give a Universe of meaning within those who choose to delve into the mystery of communication between the sexes and between lovers. A Curious History of Sex Kate Lister 2020-02-06 This is not a comprehensive study of every sexual quirk, kink and ritual across all cultures throughout time, as that would entail writing an encyclopaedia. Rather, this is a drop in the ocean, a paddle in the shallow end of sex history, but I hope you will get pleasantly wet nonetheless. The act of sex has not changed since people first worked out what went where, but the ways in which society dictates how sex is culturally understood and performed have varied significantly through the ages. Humans are the only creatures that stigmatise particular sexual practices, and sex remains a deeply divisive issue around the world. Attitudes will change and grow - hopefully for the better - but sex will never be free of stigma or shame unless we acknowledge where it has come from. Based on the popular research project Whores of Yore, and written with her distinctive humour and wit, *A Curious History of Sex* draws upon Dr Kate Lister's extensive knowledge of sex history. From medieval impotence tests to twentieth-century testicle thefts, from the erotic frescoes of Pompeii, to modern-day sex doll brothels, Kate unashamedly roots around in the pants of history, debunking myths, challenging stereotypes and generally getting her hands dirty. This fascinating book is peppered with surprising and informative historical slang, and illustrated with eye-opening, toe-curling and meticulously sourced images from the past. You will laugh, you will wince and you will wonder just how much has actually changed.

Sex Matters Jonathan McKee 2015-03-10 The Unedited Truth About Sex · Is hooking up really wrong? · What about living together if you fall in love? · If the Bible bans sex before marriage . . . is everything else fair game? · What about same-sex relationships? Since when does God deny any kind of true love? Great questions . . . but who has the answers? Our culture creates a lot of confusion about sex. Honestly, sometimes it's difficult to know who's telling the truth. On one hand, when we read our Bibles or go to church, we hear how God's design is to wait for sex and save that kind of intimacy for marriage. But on the other hand, when we go to school, turn on the TV, or listen to many of the songs on our favorite playlists . . . they say quite the opposite. Naturally, this makes many of us wonder. Who's right? Sex seems fun. How can something so natural be off-limits? In *Sex Matters*, Jonathan McKee tackles all of these questions, giving you the frank, unvarnished truth about sex--regardless how awkward or embarrassing. "Sex Matters provides super-helpful, truthful answers to the big questions you've wondered about, but never asked. Way better than anything you'll find through a web search."--Scott Rubin, junior high pastor, Willow Creek Community Church "Just don't do it' isn't enough. Let's face it. Today's young people chronically encounter sexually charged images and messages, but rarely hear the whole story. They are looking for real answers to tough questions, and *Sex Matters* isn't afraid to tell them the unedited truth. Every teenager with an Internet connection or a phone in their pocket needs to read this book!"--Doug Fields, youth pastor for thirty years at Saddleback & Mariners Church "This isn't a sanitized, Christianized, moralized 'just say no' tactic, but a practical approach to what's really pressuring kids today, with biblical wisdom for how to succeed."--Pete Sutton, director of student ministry and middle school pastor, Christ Community Church, St. Charles, Illinois "This could be the most honest and relevant book available for teenagers in your ministry. I wish I had something this honest and helpful in my hands when I was a teenager."--Brooklyn Lindsey, youth minister, Nazarene Youth International and ReThink Group "There are a lot of potentially embarrassing questions that rattle around the minds of many Christian teenagers when it comes to sex

(How far is too far? Is masturbation a sin? stuff like that). Using powerful stories, eye-opening facts, and surprisingly blunt biblical truth, Jonathan McKee answers these kinds of tough questions with the right mix of truth and grace. He gives teenagers a clear path to living a pure life in a sex-saturated world. Get it, read it, and learn how to let your life and light shine in the darkness."--Greg Stier, president, Dare 2 Share

(www.dare2share.org) "Every great adventure starts with preparation. Sex is a great adventure! But it requires thoughtful preparation.

Jonathan McKee's Sex Matters is the perfect tool to prepare you for that journey. Do yourself a favor and spend some time thinking, processing, and preparing for the great adventure of sex."--Josh Griffin, Founder of DownloadYouthMinistry.com and high school pastor at Saddleback Church

Sex and Love Quotations Michael C. Thomsett 1995-01-01 Philosophers, writers, researchers, and many others have penned their observations about sex and love. Some are genuinely heartfelt (Love is the salt of life--John Sheffield); and some are as genuinely cynical ('Twas a happy marriage betwixt a blind wife and a deaf husband--Michael de Montaigne). Over 2,400 quotations from sources ancient to modern are included. The quotes are organized under 11 broad subject groupings: love, marriage, battle of the sexes, singlehood, attraction, desire, physical love, kiss and tell, multiple sex partners, break-ups, and virtue and vice. Each entry provides author, source and year.

Why Women Have Sex Cindy M. Meston 2009-09-29 An unparalleled exploration of the mysteries underlying women's sexuality that rivals the culture-shifting Kinsey Report, from two of America's leading research psychologists Do women have sex simply to reproduce or display their affection? When University of Texas at Austin clinical psychologist Cindy M. Meston and evolutionary psychologist David M. Buss joined forces to investigate the underlying sexual motivations of women, what they found astonished them. Through the voices of real women, Meston and Buss reveal the motivations that guide women's sexual decisions and explain the deep-seated psychology and biology that often unwittingly drive women's desires—sometimes in pursuit of health or pleasure, or

sometimes for darker, disturbing reasons that a woman may not fully recognize. Drawing on more than a thousand intensive interviews conducted solely for the book, as well as their pioneering research on physiological response and evolutionary emotions, *Why Women Have Sex* uncovers an amazingly complex and nuanced portrait of female sexuality. They delve into the use of sex as a defensive tactic against a mate's infidelity (protection), as a ploy to boost self-confidence (status), as a barter for gifts or household chores (resource acquisition), or as a cure for a migraine headache (medication). *Why Women Have Sex* stands as the richest and deepest psychological understanding of female sexuality yet achieved and promises to inform every woman's (and her partner's) awareness of her relationship to sex and her sexuality.
