**Sailors Take Warning** Claude I. Owens 2001-01-01 "Sailors Take Warning" begins where "Red Sky in the Morning" ended. The conclusion Wendy and Jack Jackson had thought was final in 1997, they realized, was only the beginning when the friends and family who had helped to intervene in the first murderous plot began to be systematically killed a year later. Wendy and Jack are unknowingly drawn into a plot by a Middle Eastern terrorist group determined to carry out the Fatwa: ?To kill the Americans and their allies, civilian and military, is an individual duty for every Muslim who can do it, in any country in which it is possible to do it.?

*Red Sky in Mourning* Terry Starker 2005-05-16 It was only supposed to be a regular routine assignment for Robert Shale. The U.S.S. Greyville was just another amphibious ship. His exceptional career led him to his new command and his soon to be new unknowing situation. He thought of him self as a typical everyday sailor who wanted a life like anyone else as his life had always been the United States Navy and sailing across the ocean on her ships. Shortly after reporting onboard the U.S.S. Greyville for duty, he is surrounded by people he never knew from his life. Deaths begin to rise around Robert as they are first reported as accidents. Sailors onboard soon begin to blame many of the deaths on Robert's arrival to the Greyville. With only a minimal crew every sailor begins to wonder who will be next. Everyday a new ordeal would force Robert to his own isolation from the rest of the crew. Not knowing what was in store for his waking moments. As Robert has had no past memories and now alone, his life would soon be filled with these new haunting images and twisted into his own reality. Haunted and tormented, Robert soon finds he is in a struggle with trying to figure out which reality he lives in. As his memories unfold into a possible past, it opens new doors to where Robert came from. Just days into the assignment things take a drastic turn for the worse. Eventually turning into a bloodbath of revenge.

*Voices from the Lower Deck* Monique Layton 2019-12-10 *Voices from the Lower Deck* examines the role of folklore as the instrument of integration and bonding for the ordinary seafarer during the Age of Sail. Mainly based on contemporary sailors narratives and historical and folkloric texts, the book evokes common themes: the harsh environment, the cruel discipline, the brutal way of life, and the release of onshore carousing and whoring, but also the coordinated work and effort of daily tasks and the tremendous pride of seeing themselves as unique men against a background of landlubbers. The psychological and physical survival of these disparate men from many origins depended on their rapid integration into the common culture--the folklore and the folkways--of what historians have called "the wooden world."

**Red Sky at Night** Elly Mackay 2018-05-01 A memorable collection of weather sayings, beautifully arranged in story form and illustrated by renowned paper artist Elly MacKay. Red sky at night, sailor's delight. And, the next morning, when the dew is on the grass, no rain will come to pass. These are the perfect conditions for a grandfather to take his grandchildren out on a fishing trip. Especially since, as the saying goes, when the wind is from the West, then the fishes bite the best. The family takes a boat out on the lake, fishing and swimming and eventually camping out on a nearby island, taking full advantage of the gorgeous weather. But the next day . . . red sky in the morning, sailors take warning! The family ventures back home just in time to avoid a rainstorm. But not to worry -- the more rain, the more rest. Fair weather's not always best. Acclaimed paper artist Elly MacKay illustrates a lovely family narrative through the use of weather aphorisms, creating a beautiful and informational story which will appeal to children's timeless fascination with the natural world.

*Sailors Take Warning* Malcolm Torres 2014-05-15 When alarms go off aboard the USS Nimitz, first responder Kate Conrad runs to the scene of accidents and injuries. But after 93 days at sea, Kate is suspicious about strange activities in the ship's morgue, so she conducts her own gossipy investigation. Captain Fox, obsessed with the success of the ship's experimental cloaking system, delegates authority over the crew to his executive officer, Captain Brandt. And Brandt, of course, is a psychopath who coerces the ship's medical officer to cover up the problems in the morgue. As the ship approaches the equator, where the crew will hold an ancient hazing ritual, Kate Conrad confronts her superiors with proof of the horrifying activities taking place in the morgue. But they provide no help, so Kate takes drastic action on her own.

**Red Sky at Morning** Richard Bradford 2014-02-18 "Red Sky at Morning is a minor marvel: it is a novel of

paradox, of identity, of an overwhelming YES to life that embraces with wonder what we are pleased to call the human condition. In short, a work of art." — Harper Lee Hailed by the Washington Post Book World as "a sort of *Catcher in the Rye* out West," Richard Bradford's *Red Sky at Morning* is the classic coming-of-age story set during World War II about the enduring spirit of youth and the values in life that count. In the summer of 1944, Frank Arnold, a wealthy shipbuilder in Mobile, Alabama, receives his volunteer commission in the U.S. Navy and moves his wife, Ann, and seventeen-year-old son, Josh, to the family's summer home in the village of Corazon Sagrado, high in the New Mexico mountains. A true daughter of the Confederacy, Ann finds it impossible to cope with the quality of life in the largely Hispanic village and, in the company of Jimbob Buel—an insufferable, South-proud, professional houseguest—takes to bridge and sherry. Josh, on the other hand, becomes an integral member of the Sagrado community, forging friendships with his new classmates, with the town's disreputable resident artist, and with Amadeo and Excilda Montoya, the couple hired by his father to care for their house. Josh narrates the story of his fateful year in Sagrado and, with irresistibly deadpan, irreverent humor, describes the events and people who influence his progress to maturity. Unhindered by his mother's disdain for these "tacky, dusty little Westerners," Josh comes into his own and into a young man's finely formed understanding of duty, responsibility, and love.

*The Big Thaw* Ezra B. W. Zubrow 2019-09-01 Explores the unprecedented and rapid climate changes occurring in the Arctic environment. Climate change, one of the drivers of global change, is controversial in political circles, but recognized in scientific ones as being of central importance today for the United States and the world. In *The Big Thaw*, the editors bring together experts, advocates, and academic professionals who address the serious issue of how climate change in the Circumpolar Arctic is affecting and will continue to affect environments, cultures, societies, and economies throughout the world. The contributors discuss a variety of topics, including anthropology, sociology, human geography, community economics, regional development and planning, and political science, as well as biogeophysical sciences such as ecology, human-environmental interactions, and climatology. At the University at Buffalo, State University of New York, Ezra B. W. Zubrow is Distinguished Service Professor of Anthropology. At the University of Buffalo's School of Law, Errol Meidinger is Distinguished Professor and Margaret W. Wong Professor of Law. At the University of Buffalo's School of Law, Kim Diana Connolly is Professor of Law and Vice Dean for Advocacy and Experiential Education.
