2018-06-12 Get to know the gorilla who was raised like a human in this "captivating" (School Library Journal) picture book classic inspired by a true story from the brilliant mind that brought you The Fantastic Flying Books of Mr. Morris Lessmore. Except there was one difference: The baby was actually a baby gorilla named Buddy. Gertrude raises Buddy like a civilized human, but can—or, rather, should—wild animals be civilized? powerful, or necessary book.”-- J. K. Rowling International Bestseller! For readers of *Hillbilly Elegy* and *Evicted*, the Orwell Prize-winner that helps us all understand Brexit, Donald Trump, and the connection between poverty and the rise of tribalism in the United Kingdom, in the US, and around the world. Darren McGarvey has experienced poverty and its devastations firsthand. He grew up in a community where violence was a form of currency and has lived through addiction, abuse, and homelessness. He knows why people from deprived communities feel angry and unheard. And he wants to explain . . . So he invites you to come along on a safari of sorts. But not the kind where the wildlife is surveyed from a safe distance. His vivid, visceral, and cogently argued book—part memoir and part polemic—takes us inside the experience of extreme poverty and its stresses to show how the pressures really feel and how hard their legacy is to overcome. Arguing that both

the political left and right misunderstand poverty as it is actually lived, McGarvey sets forth what everybody—including himself—could do to change things. Razor-sharp, fearless, and brutally honest, *Poverty Safari* offers unforgettable insight into conditions in modern Britain, including what led to Brexit—and, beyond that, into issues of inequality, tribalism, cultural anxiety, identity politics, the poverty industry, and the resentment, anger, and feelings of exclusion and being left behind that have fueled right-wing populism and the rise of ethno-nationalism.
