*The Echo Killing* Christi Daugherty 2018-03-13  
When a murder echoing a fifteen-year-old cold case rocks the Southern town of Savannah, crime reporter Harper McClain risks everything to find the identity of this calculated killer in Christi Daugherty's new novel *The Echo Killing*. A city of antebellum architecture, picturesque parks, and cobblestone streets, Savannah moves at a graceful pace. But for Harper McClain, the timeless beauty and culture that distinguishes her home's Southern heritage vanishes during the dark and dangerous nights. She wouldn't have it any other way. Not even finding her mother brutally murdered in their home when she was twelve has made her love Savannah any less. Her mother's killer was never found, and that unsolved murder left Harper with an obsession that drove her to become one of the best crime reporters in the state of Georgia. She spends her nights with the police, searching for criminals. Her latest investigation takes her to

the scene of a homicide where the details are hauntingly familiar: a young girl being led from the scene by a detective, a female victim naked and stabbed multiple times in the kitchen, and no traces of any evidence pointing towards a suspect. Harper has seen all of this before in her own life. The similarities between the murder of Marie Whitney and her own mother's death lead her to believe they're both victims of the same killer. At last, she has the chance to find the murderer who's eluded justice for fifteen years and make sure another little girl isn't forever haunted by a senseless act of violence—even if it puts Harper in the killer's cross-hairs...

Sensationalism David B. Sachsman 2013 David B. Sachsman and David W. Bulla have gathered a colorful collection of essays exploring sensationalism in nineteenth-century newspaper reporting. The contributors analyze the role of sensationalism and tell the story of both the rise of the penny press in the 1830s and the careers of specific editors and reporters dedicated to

this particular journalistic style. Divided into four sections, the first, titled "The Many Faces of Sensationalism," provides an eloquent defense of yellow journalism, analyzes the place of sensational pictures, and provides a detailed examination of the changes in reporting over a twenty-year span. The second part, "Mudslinging, Muckraking, Scandals, and Yellow Journalism," focuses on sensationalism and the American presidency as well as why journalistic muckraking came to fruition in the Progressive Era. The third section, "Murder, Mayhem, Stunts, Hoaxes, and Disasters," features a groundbreaking discussion of the place of religion and death in nineteenth-century newspapers. The final section explains the connection between sensationalism and hatred. This is a must-read book for any historian, journalist, or person interested in American culture.

**My Father the Murderer** Nina Young  
2021-05-18 This was Nina Young's shocking

realisation in her mid-twenties, when she found out from online court records that her estranged father, Allan Ladd, had strangled a woman to death decades before. In prison he'd met Denise, Nina's mother, who was his tutor. Although Denise didn't know the extent of Allan's crime when she fell in love with him, by the time she found out, she was in too deep. She had to flee from him before Nina turned two. A decade after reading the court records, Nina, now a journalist, decided to release a podcast to tackle the questions she'd been asking herself ever since. How did her mother fall in love with a murderer? What happened to Conan, Nina's estranged half-brother, who spent his formative years in Allan's care? How much do your origins determine your destiny? This is the story behind the podcast, taking Nina on a cross-country journey to retrace her steps. It is also Denise's story, of falling in love with a charismatic, intelligent prisoner who turned out to be violent and callous. Unburdening herself of the stigma

she carried with her for thirty years, Denise writes of what it took to leave and rebuild her life in the wake of the destruction Allan caused. A dual memoir, a true crime story and an examination of the way domestic violence insinuates itself into the lives of survivors, *My Father, the Murderer* is, at its heart, a story of a mother and daughter coming together with honesty and openness to reckon with the past. **Say Nothing** Patrick Radden Keefe 2019-02-26 NEW YORK TIMES BESTSELLER • From the author of *Empire of Pain*—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions "Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of

the era into a searing, utterly gripping saga." —New York Times Book Review Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress—with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members

embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past--Say Nothing conjures a world of passion, betrayal, vengeance, and anguish. Look for Patrick Radden Keefe's latest bestseller, *Empire of Pain*

**My Brother the Killer** Alix Sharkey 2021-08-24  
In this remarkable memoir, a harrowing true story of family, violence, guilt and atonement, a journalist reflects on his own journey to come to terms with his brother's terrible crimes—and to find justice for the young girl he killed. In the

gritty docklands of south-east England, Alix Sharkey and his younger siblings grew up in awe of their charismatic yet violent father, a vicious alcoholic. Yet it was Alix's kid brother Stuart—button-cute and fearless—who defended his siblings at home, at school and on the streets. Their fraternal bond was deep and powerful until Alix moved away from their rough hometown. Stuart remained—and slid into a furtive life of sexual violence against teenage girls, punctuated by prison time. Having started out inseparable, their paths diverged radically. Alix became a journalist, cosmopolitan and bilingual, working for upmarket media in London, Paris, New York, and Los Angeles. Today, Stuart remains incarcerated in Britain's most notorious high security prison, awaiting imminent parole. Twenty years ago, he was convicted of the kidnap and murder of his 15-year old niece Danielle, daughter of his wife's brother. Despite his conviction, a lost appeal, and repeated pleas by her parents, Stuart has

steadfastly refused to reveal the location of his victim's remains, condemning the girl's parents to two decades of unresolved grief. How do two brothers choose such different paths? Could anything have prevented Stuart from becoming a killer? What factors contributed to his fall? What does Alix owe to Stuart—the fiercely protective kid brother—and what does he owe to the truth? With the clock ticking, can he convince Stuart to do the right thing and give the victim's family the closure and peace they've sought for so long? Or will Stuart walk free, unrepentant and defiant? In this piercing and unforgettable memoir, laced with bleak irony and heartrending honesty, Alix tackles these questions and confronts a harsh reality: that the younger brother he once adored not only deceived their own family for decades, but destroyed another with his truly heinous crime.

But when the star attraction is found garrotted with her own cello string minutes before she is due on stage, Lindsay finds herself investigating a vicious murder. Who would have wanted Lorna Smith Cooper dead? Who had the key to the locked room in which her body was found? **Forty-one False Starts** Janet Malcolm 2013-05-07 A National Book Critics Circle Finalist for Criticism A deeply Malcolmian volume on painters, photographers, writers, and critics. Janet Malcolm's *In the Freud Archives* and *The Journalist and the Murderer*, as well as her books about Sylvia Plath and Gertrude Stein,

are canonical in the realm of nonfiction—as is the title essay of this collection, with its forty-one "false starts," or serial attempts to capture the essence of the painter David Salle, which becomes a dazzling portrait of an artist. Malcolm is "among the most intellectually provocative of authors," writes David Lehman in *The Boston Globe*, "able to turn epiphanies of perception into explosions of insight." Here, in *Forty-one False Starts*, Malcolm brings together essays published over the course of several decades (largely in *The New Yorker* and *The New York Review of Books*) that reflect her preoccupation with artists and their work. Her subjects are painters, photographers, writers, and critics. She explores Bloomsbury's obsessive desire to create things visual and literary; the "passionate collaborations" behind Edward Weston's nudes; and the character of the German art photographer Thomas Struth, who is "haunted by the Nazi past," yet whose photographs have "a lightness of spirit." In "The Woman Who

Hated Women," Malcolm delves beneath the "onyx surface" of Edith Wharton's fiction, while in "Advanced Placement" she relishes the black comedy of the Gossip Girl novels of Cecily von Ziegesar. In "Salinger's Cigarettes," Malcolm writes that "the pettiness, vulgarity, banality, and vanity that few of us are free of, and thus can tolerate in others, are like ragweed for Salinger's helplessly uncontaminated heroes and heroines." "Over and over," as Ian Frazier writes in his introduction, "she has demonstrated that nonfiction—a book of reporting, an article in a magazine, something we see every day—can rise to the highest level of literature." One of *Publishers Weekly's Best Nonfiction Books of 2013*

**The Book of Matt** Stephen Jimenez 2013-09-24  
"Methamphetamine was a huge part of this case . . . It was a horrible murder driven by drugs." — Prosecutor Cal Rerucha, who convicted Matthew Shepard's killers On the night of October 6, 1998, twenty-one-year-old Matthew Shepard left

a bar with two alleged “strangers,” Aaron McKinney and Russell Henderson. Eighteen hours later, Matthew was found tied to a log fence on the outskirts of town, unconscious and barely alive. Overnight, a politically expedient myth took the place of important facts. By the time Matthew died a few days later, his name was synonymous with anti-gay hate. The Book of Matt, first published in 2013, demonstrated that the truth was in fact far more complicated - and daunting. Stephen Jimenez’s account revealed primary documents that had been under seal, and gave voice to many with firsthand knowledge of the case who had not been heard from, including members of law enforcement. In his Introduction to this updated edition, journalist Andrew Sullivan writes: “No one wanted Steve Jimenez to report this story, let alone go back and back to Laramie, Wyoming, asking awkward questions, puzzling over strange discrepancies, re-interviewing sources, seeking a deeper, more complex truth about the

ghastly killing than America, it turned out, was prepared to hear. It was worse than that, actually. Not only did no one want to hear more about it, but many were incensed that the case was being re-examined at all.” As a gay man Jimenez felt an added moral imperative to tell the story of Matthew’s murder honestly, and his reporting has been thoroughly corroborated. “I urge you to read [The Book of Matt] carefully and skeptically,” Sullivan writes, “and to see better how life rarely fits into the neat boxes we want it to inhabit. That Matthew Shepard was a meth dealer and meth user says nothing that bad about him, and in no way mitigates the hideous brutality of the crime that killed him; instead it shows how vulnerable so many are to the drug’s escapist lure and its astonishing capacity to heighten sexual pleasure so that it’s the only thing you want to live for. Shepard was a victim twice over: of meth and of a fellow meth user.”  
**For Alison** Andy Parker 2019-03-05 Renowned activist Andy Parker's account of the story that

shocked America, the murder of his daughter, reporter Alison Parker, on live television, and his extraordinary ensuing fight for commonsense gun safety legislation and doing "Whatever It Takes" to end gun violence. On August 26, 2015, Emmy Award-winning twenty-four-year-old reporter Alison Parker was murdered on live television, along with her colleague, photojournalist Adam Ward. Their interviewee was also shot, but survived. People watching at home heard the gunshots, and the gunman's video of the murder, which he uploaded to Facebook, would spread over the internet like wildfire. In the wake of his daughter's murder, Andy Parker became a national leader in the fight for commonsense gun safety legislation. The night of the murder, with his emotions still raw, he went on Fox News and vowed to do "Whatever it Takes" to end gun violence in America. Today he is a media go-to each time a shooting shocks the national consciousness, and has worked with a range of other crusaders, like

Congresswoman Gabby Giffords, Mayor Michael Bloomberg, and Lenny Pozner, whose son was killed at Sandy Hook Elementary School and brought suit against Alex Jones and Infowars, who claimed the shooting was staged. In *For Alison*, Parker shares his work as a powerhouse battling gun violence and gives a plan for commonsense gun legislation that all sides should agree on. He calls out the NRA-backed politicians blocking the legislation, shares his fight against "truthers," who claim Alison's murder was fabricated, and reveals what's ahead in his fight to do whatever it takes to stop gun violence. Parker's story is one of great loss, but also resilience, determination, and a call to action. Senator Tim Kaine, also a fierce advocate for commonsense gun laws, contributes a moving foreword.

*Race Against Time* Jerry Mitchell 2021-02-02  
"For almost two decades, investigative journalist Jerry Mitchell doggedly pursued the Klansmen responsible for some of the most notorious

murders of the civil rights movement. This book is his amazing story. Thanks to him, and to courageous prosecutors, witnesses, and FBI agents, justice finally prevailed.” —John Grisham, author of *The Guardians* On June 21, 1964, more than twenty Klansmen murdered three civil rights workers. The killings, in what would become known as the “Mississippi Burning” case, were among the most brazen acts of violence during the civil rights movement. And even though the killers’ identities, including the sheriff’s deputy, were an open secret, no one was charged with murder in the months and years that followed. It took forty-one years before the mastermind was brought to trial and finally convicted for the three innocent lives he took. If there is one man who helped pave the way for justice, it is investigative reporter Jerry Mitchell. In *Race Against Time*, Mitchell takes readers on the twisting, pulse-racing road that led to the reopening of four of the most infamous killings from the days of the civil rights

movement, decades after the fact. His work played a central role in bringing killers to justice for the assassination of Medgar Evers, the firebombing of Vernon Dahmer, the 16th Street Church bombing in Birmingham and the Mississippi Burning case. Mitchell reveals how he unearthed secret documents, found long-lost suspects and witnesses, building up evidence strong enough to take on the Klan. He takes us into every harrowing scene along the way, as when Mitchell goes into the lion’s den, meeting one-on-one with the very murderers he is seeking to catch. His efforts have put four leading Klansmen behind bars, years after they thought they had gotten away with murder. *Race Against Time* is an astonishing, courageous story capturing a historic race for justice, as the past is uncovered, clue by clue, and long-ignored evils are brought into the light. This is a landmark book and essential reading for all Americans.

**Killing the Story** Témoris Grecko 2020-08-18 A

Downloaded from [blog.solneelman.com](http://blog.solneelman.com)  
on 2021-01-07 by guest

harrowing and unforgettable look at reporting in Mexico, one of the world's most dangerous countries to be a journalist In 2017, Mexico edged out Iraq and Syria as the deadliest country in the world in which to be a reporter, with at least fourteen journalists killed over the course of the year. The following year another ten journalists were murdered, joining the almost 150 reporters who have been killed since the mid-2000s in a wave of violence that has accompanied Mexico's war on drugs. In *Killing the Story*, award-winning journalist and filmmaker Témoris Grecko reveals how journalists are risking their lives to expose crime and corruption. From the streets of Veracruz to the national television studios of Mexico City, Grecko writes about the heroic work of reporters at all levels—from the local self-trained journalist, Moises Sanchez, whose body was found dismembered by the side of a road after he reported on corruption by the state's governor, to high-profile journalists such as

Javier Valdez Cárdenas, gunned down in the streets of Sinaloa, and Carmen Aristegui, battling the forces attempting to censor her. In the vein of Charles Bowden's *Murder City* and Anna Politkaya's *A Russian Diary*, *Killing the Story* is a powerful memorial to the work of Grecko's lost colleagues, which shows a country riven by brutality, hypocrisy, and corruption, and sheds a light on how those in power are bent on silencing those determined to reveal the truth and bring an end to corruption.

*Killers of the Flower Moon* David Grann

2018-04-03 #1 NEW YORK TIMES BESTSELLER

- A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of *The Wager* and *The Lost City of Z*, “one of the preeminent adventure and true-crime writers working today.”—*New York Magazine* • NATIONAL BOOK AWARD FINALIST • SOON TO BE A MAJOR MOTION PICTURE “A shocking whodunit...What more could fans of true-crime

thrillers ask?”—USA Today “A masterful work of literary journalism crafted with the urgency of a mystery.” —The Boston Globe In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American

agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Look for David Grann’s latest bestselling book, *The Wager!*

*The Crime of Sheila McGough* Janet Malcolm  
2013-01-16 "[N]o other writer tells better stories about the perpetual, the unwinnable, battle between narrative and truth." --The New York Times Book Review  
*The Crime of Sheila McGough* is Janet Malcolm's brilliant exposé of miscarriage of justice in the case of Sheila McGough, a disbarred lawyer recently released from prison. McGough had served 2 1/2 years for collaborating with a client in his fraud, but insisted that she didn't commit any of the 14 felonies she was convicted. An astonishingly persuasive condemnation of the cupidity of American law and its preference for convincing narrative rather than the truth, this is also a story with an unconventional heroine. McGough is a zealous defense lawyer duped by a white-

collar con man; a woman who lives, at the age of 54, with her parents; a journalistic subject who frustrates her interviewer with her maddening literal-mindedness. Spirited, illuminating, delightfully detailed, *The Crime of Sheila McGough* is both a dazzling work of journalism and a searching meditation on character and the law.

**Heroes and Scoundrels** Matthew C. Ehrlich 2015-03-15 Whether it's the rule-defying lifer, the sharp-witted female newshound, or the irascible editor in chief, journalists in popular culture have shaped our views of the press and its role in a free society since mass culture arose over a century ago. Drawing on portrayals of journalists in television, film, radio, novels, comics, plays, and other media, Matthew C. Ehrlich and Joe Saltzman survey how popular media has depicted the profession across time. Their creative use of media artifacts provides thought-provoking forays into such fundamental issues as how pop culture mythologizes and

demythologizes key events in journalism history and how it confronts issues of race, gender, and sexual orientation on the job. From *Network* to *The Wire*, from Lois Lane to Mikael Blomkvist, *Heroes and Scoundrels* reveals how portrayals of journalism's relationship to history, professionalism, power, image, and war influence our thinking and the very practice of democracy.

**The Silent Woman** Janet Malcolm 1995-03-28 In an astonishing feat of literary detection, one of the most provocative critics of our time and the author of *In the Freud Archives* and *The Purloined Clinic* offers an elegantly reasoned meditation on the art of biography. In *The Silent Woman*, Janet Malcolm examines the biographies of Sylvia Plath to create a book not about Plath's life but about her afterlife: how her estranged husband, the poet Ted Hughes, as executor of her estate, tried to serve two masters—Plath's art and his own need for privacy; and how it fell to his sister, Olwyn

Hughes, as literary agent for the estate, to protect him by limiting access to Plath's work. Even as Malcolm brings her skepticism to bear on the claims of biography to present the truth about a life, a portrait of Sylvia Plath emerges that gives us a sense of "knowing" this tragic poet in a way we have never known her before. And she dispels forever the innocence with which most of us have approached the reading of any biography.

**A Silenced Voice** Ingrid Wall 2020-07-07 A moving memoir of an inexplicable crime, a family's loss, and a legacy preserved. Kim Wall was a thirty-year-old Swedish freelance journalist with a rising career. Then, in the summer of 2017, she followed a story that led to an eccentric inventor in Copenhagen. Instead of writing the next day's headline, she'd become one. As the bizarre events of Kim's murder unfolded, the world watched in shocked disbelief. For Kim's distraught parents, Ingrid and Joachim, it was a devastating personal

struggle. In the ensuing months, day by grueling day, they had to come to terms with their loss, process the global media attention, and endure the investigation and trial. In the end, they'd make certain that Kim would be seen not only as a victim but as a bright, funny, complicated, ethical, and selfless young woman--a loved and loving daughter, sister, fiancée, colleague, and friend. Kim Wall's life and promise may have been cut short, but everything she stood for lives on in this emotional memoir of braving the worst of days, moving forward, and never forgetting.

**In Cold Blood** Truman Capote 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first

published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.

*The Journalist and the Murderer* Janet Malcolm  
2011-06-22 A seminal work and examination of the psychopathology of journalism. Using a strange and unprecedented lawsuit by a convicted murder against the journalist who wrote a book about his crime, Malcolm delves into the always uneasy, sometimes tragic relationship that exists between journalist and subject. Featuring the real-life lawsuit of Jeffrey

MacDonald, a convicted murderer, against Joe McGinniss, the author of *Fatal Vision*. In Malcolm's view, neither journalist nor subject can avoid the moral impasse that is built into the journalistic situation. When the text first appeared, as a two-part article in *The New Yorker*, its thesis seemed so radical and its irony so pitiless that journalists across the country reacted as if stung. Her book is a work of journalism as well as an essay on journalism: it at once exemplifies and dissects its subject. In her interviews with the leading and subsidiary characters in the MacDonald-McGinniss case -- the principals, their lawyers, the members of the jury, and the various persons who testified as expert witnesses at the trial -- Malcolm is always aware of herself as a player in a game that, as she points out, she cannot lose. The journalist-subject encounter has always troubled journalists, but never before has it been looked at so unflinchingly and so ruefully. Hovering over the narrative -- and always on the edge of

the reader's consciousness -- is the MacDonald murder case itself, which imparts to the book an atmosphere of anxiety and uncanniness. The Journalist and the Murderer derives from and reflects many of the dominant intellectual concerns of our time, and it will have a particular appeal for those who cherish the odd, the off-center, and the unsolved.

*Psychoanalysis* Janet Malcolm 2011-06-08 From the author of *In the Freud Archives* and *The Journalist and the Murderer* comes an intensive look at the practice of psychoanalysis through interviews with "Aaron Green," a Freudian analyst in New York City. Malcolm is accessible and lucid in describing the history of psychoanalysis and its development in the United States. It provides rare insight into the contradictory world of psychoanalytic training and treatment and a foundation for our understanding of psychiatry and mental health. "Janet Malcom has managed somehow to peer into the reticent, reclusive world of

psychoanalysis and to report to us, with remarkable fidelity, what she has seen. When I began reading I thought condescendingly, 'She will get the facts right, and everything else wrong.' She does get the facts right, but far more pressive, she has been able to capture and convey the claustal atmosphere of the profession. Her book is journalism become art." —Joseph Andelson, *The New York Times Book Review*

*The Curious Incident of the Dog in the Night-Time* Mark Haddon 2009-02-24 A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a

superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of

exceptional literary merit that is great fun to read.

**The Lost Man** Jane Harper 2019-02-05  
INSTANT NEW YORK TIMES BESTSELLER Two brothers meet in the remote Australian outback when the third brother is found dead, in this stunning new standalone novel from Jane Harper Brothers Nathan and Bub Bright meet for the first time in months at the remote fence line separating their cattle ranches in the lonely outback. Their third brother, Cameron, lies dead at their feet. In an isolated belt of Australia, their homes a three-hour drive apart, the brothers were one another's nearest neighbors. Cameron was the middle child, the one who ran the family homestead. But something made him head out alone under the unrelenting sun. Nathan, Bub and Nathan's son return to Cameron's ranch and to those left behind by his passing: his wife, his daughters, and his mother, as well as their long-time employee and two recently hired seasonal workers. While they

grieve Cameron's loss, suspicion starts to take hold, and Nathan is forced to examine secrets the family would rather leave in the past. Because if someone forced Cameron to his death, the isolation of the outback leaves few suspects. A powerful and brutal story of suspense set against a formidable landscape, *The Lost Man* confirms Jane Harper, author of *The Dry* and *Force of Nature*, is one of the best new voices in writing today.

**Iphigenia in Forest Hills** Janet Malcolm  
2011-03-29 Malcolm's riveting new book tells the story of a murder trial in the insular Bukharan-Jewish community of Forest Hills, Queens, that captured national attention.  
True Story Michael Finkel 2015-06-09 The improbable but true story of a man accused of murdering his entire family and the journalist he impersonated while on the run In 2001, Mike Finkel was on top of the world: young, talented, and recently promoted to a plum job at the New York Times Magazine. Then he made an

irremediable slip: Under extraordinary pressure to keep producing blockbuster stories, he fabricated parts of an article. Caught and excommunicated from the Times, he retreated to his home in Montana, swearing off any contact with the media. When the phone rang, though, he couldn't resist. At the other end was a reporter from the San Francisco Chronicle, whom Finkel congratulated on being the first in what was sure to be a long and bloodthirsty line of media watchdogs. The reporter was puzzled. In Waldport, Oregon, Christian Longo had killed his young wife and three children and dumped their bodies into the bay. With a stolen credit card, he fled south, making his way to Cancun, where he lived for several weeks under an assumed identity: Michael Finkel, journalist for the New York Times. *True Story* is the tale of a bizarre and convoluted collision between fact and fiction, and a meditation on the slippery nature of truth. When Finkel contacts Longo in jail, the two men begin a close and complex

relationship. Over the course of a year, they exchange long letters and weekly phone calls, playing out a cat-and-mouse game in which it's never quite clear if the pursuer is Finkel or Longo—or both. Finkel's dogged pursuit of the true story pays off only at the end, in the gripping trial scenes in which Longo, after a lifetime of deception, finally tells the whole truth. Or so he says.

*A Wilderness of Error* Errol Morris 2014-01-22  
Soon to be an FX Docuseries from Emmy® Award-Winning Producer Marc Smerling (The Jinx) featuring the author Errol Morris! Academy Award-winning filmmaker Errol Morris examines one of the most notorious and mysterious murder trials of the twentieth century In this profoundly original meditation on truth and the justice system, Errol Morris—a former private detective and director of *The Thin Blue Line*—delves deeply into the infamous Jeffrey MacDonald murder case. MacDonald, whose pregnant wife and two young daughters

were brutally murdered in 1970, was convicted of the killings in 1979 and remains in prison today. The culmination of an investigation spanning over twenty years and a masterly reinvention of the true-crime thriller, *A Wilderness of Error* is a shocking book because it shows that everything we have been told about the case is deeply unreliable and that crucial elements of case against MacDonald are simply not true.

**Sinatra** Anthony Summers 2007-12-18 Packed with revelations, this is the first complete account of a career built on raw talent, sheer willpower--and criminal connections. Anthony Summers--bestselling author of *Goddess: The Secret Lives of Marilyn Monroe*--and Robbyn Swan unveil stunning new information about Sinatra's links to the Mafia, his crowded love life and his tangled relationships with U.S. presidents. Exclusive breakthroughs include the discovery of how the Mafia connection began--in a remote Sicilian village--and moving interviews

with his lovers. Never-before-published conversations with Ava Gardner get to the core of the tragic passion that dominated his life, came close to destroying him, and made his best work heartbreakingly personal. Sinatra delivers the full life story of a complex, flawed genius.

**Fatal Vision** Joe McGinniss 2012-08-29 The electrifying true crime story of Dr. Jeffrey MacDonald, the handsome, Princeton-educated physician convicted of savagely slaying his young pregnant wife and two small children—murders he vehemently denies committing... Bestselling author Joe McGinniss chronicles every aspect of this horrifying and intricate crime and probes the life and psyche of the magnetic, all-American Jeffrey MacDonald—a golden boy who seemed destined to have it all. The result is a penetration to the heart of darkness that enshrouded one of the most complex criminal cases ever to capture the attention of the American public. It is a haunting, stunningly suspenseful work that no

reader will be able to forget. Includes photographs and a Special Epilogue by the author OVER ONE MILLION COPIES SOLD **The Journalist and the Murderer** Janet Malcolm 1990-10-31 A seminal work and examination of the psychopathology of journalism. Using a strange and unprecedented lawsuit by a convicted murder against the journalist who wrote a book about his crime, Malcolm delves into the always uneasy, sometimes tragic relationship that exists between journalist and subject. Featuring the real-life lawsuit of Jeffrey MacDonald, a convicted murderer, against Joe McGinniss, the author of *Fatal Vision*. In Malcolm's view, neither journalist nor subject can avoid the moral impasse that is built into the journalistic situation. When the text first appeared, as a two-part article in *The New Yorker*, its thesis seemed so radical and its irony so pitiless that journalists across the country reacted as if stung. Her book is a work of journalism as well as an essay on

journalism: it at once exemplifies and dissects its subject. In her interviews with the leading and subsidiary characters in the MacDonald-McGinniss case -- the principals, their lawyers, the members of the jury, and the various persons who testified as expert witnesses at the trial -- Malcolm is always aware of herself as a player in a game that, as she points out, she cannot lose. The journalist-subject encounter has always troubled journalists, but never before has it been looked at so unflinchingly and so ruefully. Hovering over the narrative -- and always on the edge of the reader's consciousness -- is the MacDonald murder case itself, which imparts to the book an atmosphere of anxiety and uncanniness. *The Journalist and the Murderer* derives from and reflects many of the dominant intellectual concerns of our time, and it will have a particular appeal for those who cherish the odd, the off-center, and the unsolved. *My Brother Moochie* Issac J. Bailey 2018-05-29 A rare first-person account that combines a

journalist's skilled reporting with the raw emotion of a younger brother's heartfelt testimony of what his family endured after his eldest brother killed a man and was sentenced to life in prison. At the age of nine, Issac J. Bailey saw his hero, his eldest brother, taken away in handcuffs, not to return from prison for thirty-two years. Bailey tells the story of their relationship and of his experience living in a family suffering from guilt and shame. Drawing on sociological research as well as his expertise as a journalist, he seeks to answer the crucial question of why Moochie and many other young black men—including half of the ten boys in his own family—end up in the criminal justice system. What role do poverty, race, and faith play? What effect does living in the South, in the Bible Belt, have? And why is their experience understood as an acceptable trope for black men, while white people who commit crimes are never seen in this generalized way? *My Brother Moochie* provides a wide-ranging yet intensely

intimate view of crime and incarceration in the United States, and the devastating effects on the incarcerated, their loved ones, their victims, and society as a whole. It also offers hope for families caught in the incarceration trap: though the Bailey family's lows have included prison and bearing the responsibility for multiple deaths, their highs have included Harvard University, the White House, and a renewed sense of pride and understanding that presents a path forward.

**Nobody's Looking at You** Janet Malcolm  
2019-02-19 A New York Times Book Review  
Editors' Choice. A 2019 NPR Staff Pick.  
"Malcolm is always worth reading; it can be instructive to see how much satisfying craft she brings to even the most trivial article." --Phillip Lopate, TLS Janet Malcolm's previous collection, *Forty-One False Starts: Essays on Artists and Writers*, was "unmistakably the work of a master" (The New York Times Book Review). Like *Forty-One False Starts*, *Nobody's Looking*

at You brings together previously uncompiled pieces, mainly from *The New Yorker* and *The New York Review of Books*. The title piece of this wonderfully eclectic collection is a profile of the fashion designer Eileen Fisher, whose mother often said to her, "Nobody's looking at you." But in every piece in this volume, Malcolm looks closely and with impunity at a broad range of subjects, from Donald Trump's TV nemesis Rachel Maddow, to the stiletto-heel-wearing pianist Yuju Wang, to "the big-league game" of Supreme Court confirmation hearings. In an essay called "Socks," the Pevears are seen as the "sort of asteroid [that] has hit the safe world of Russian Literature in English translation," and in "Dreams and Anna Karenina," the focus is Tolstoy, "one of literature's greatest masters of manipulative techniques." *Nobody's Looking at You* concludes with "Pandora's Click," a brief, cautionary piece about e-mail etiquette that was written in the early two thousands, and that reverberates—albeit painfully—to this day.

**In the Freud Archives** Janet Malcolm  
2002-11-30 Includes an afterword by the author  
In the Freud Archives tells the story of an unlikely encounter among three men: K. R. Eissler, the venerable doyen of psychoanalysis; Jeffrey Moussaieff Masson, a flamboyant, restless forty-two-year-old Sanskrit scholar turned psychoanalyst turned virulent anti-Freudian; and Peter Swales, a mischievous thirty-five-year-old former assistant to the Rolling Stones and self-taught Freud scholar. At the center of their Oedipal drama are the Sigmund Freud Archives--founded, headed, and jealously guarded by Eissler--whose sealed treasure gleams and beckons to the community of Freud scholarship as if it were the Rhine gold. Janet Malcolm's fascinating book first appeared some twenty years ago, when it was immediately recognized as a rare and remarkable work of nonfiction. A story of infatuation and disappointment, betrayal and revenge, In the Freud Archives is essentially a comedy. But the

powerful presence of Freud himself and the harsh bracing air of his ideas about unconscious life hover over the narrative and give it a tragic dimension.

*Killing the Messenger* Thomas Peele 2012-02-07  
When a nineteen-year-old member of a Black Muslim cult assassinated Oakland newspaper editor Chauncey Bailey in 2007—the most shocking killing of a journalist in the United States in thirty years—the question was, Why? “I just wanted to be a good soldier, a strong soldier,” the killer told police. A strong soldier for whom? *Killing the Messenger* is a searing work of narrative nonfiction that explores one of the most blatant attacks on the First Amendment and free speech in American history and the small Black Muslim cult that carried it out.

Award-winning investigative reporter Thomas Peele examines the Black Muslim movement from its founding in the early twentieth century by a con man who claimed to be God, to the height of power of the movement's leading figure, Elijah Muhammad, to how the great-grandson of Texas slaves reinvented himself as a Muslim leader in Oakland and built the violent cult that the young gunman eventually joined. Peele delves into how charlatans exploited poor African Americans with tales from a religion they falsely claimed was Islam and the years of bloodshed that followed, from a human sacrifice in Detroit to police shootings of unarmed Muslims to the horrible backlash of racism known as the "zebra murders," and finally to the brazen killing of Chauncey Bailey to stop him from publishing a newspaper story. Peele establishes direct lines between the violent Black Muslim organization run by Yusuf Bey in Oakland and the evangelicalism of the early prophets and messengers of the Nation of Islam.

Exposing the roots of the faith, Peele examines its forerunner, the Moorish Science Temple of America, which in the 1920s and '30s preached to migrants from the South living in Chicago and Detroit ghettos that blacks were the world's master race, tricked into slavery by white devils. In spite of the fantastical claims and hatred at its core, the Nation of Islam was able to build a following by appealing to the lack of identity common in slave descendants. In Oakland, Yusuf Bey built a cult through a business called Your Black Muslim Bakery, beating and raping dozens of women he claimed were his wives and fathering more than forty children. Yet, Bey remained a prominent fixture in the community, and police looked the other way as his violent soldiers ruled the streets. An enthralling narrative that combines a rich historical account with gritty urban reporting, *Killing the Messenger* is a mesmerizing story of how swindlers and con men abused the tragedy of racism and created a radical religion of

bloodshed and fear that culminated in a journalist's murder. THOMAS PEELE is a digital investigative reporter for the Bay Area News Group and the Chauncey Bailey Project. He is also a lecturer at the University of California, Berkeley, Graduate School of Journalism. His many honors include the Investigative Reporters and Editors Tom Renner Award for his reporting on organized crime, and the McGill Medal for Journalistic Courage. He lives in Northern California.

**The Journalist And The Murderer** Janet Malcolm 2011-12-01 'Every journalist who is not too stupid or too full of himself to notice what is going on knows that what he does is morally indefensible' In equal measure famous and infamous, Janet Malcolm's book charts the true story of a lawsuit between Jeffrey MacDonald, a convicted murderer, and Joe McGinniss, the author of a book about the crime. Lauded as one of the Modern Libraries "100 Best Works of Nonfiction", *The Journalist and the Murderer* is fascinating and controversial, a contemporary classic of reportage.

Last Call Elon Green 2022-06-07 "In this work of nonfiction, Elon Green reports on a series of baffling and brutal crimes. The victims of the serial murderer dubbed the 'Last Call Killer' were all gay men, and Green tries to shine a light onto their complicated lives and the queer community in New York City in the 1980s and 1990s as well. Peter Stickney Anderson was the first of the known victims"-- Adapted from the publisher's description.
