Auld Lang Syne M. J. Grant 2021-12-03 In Auld Lang Syne: A Song and its Culture, M. J. Grant explores the history of this iconic song, demonstrating how its association with ideas of fellowship, friendship and sociality has enabled it to become so significant for such a wide range of individuals and communities around the world. This engaging study traces different stages in the journey of Auld Lang Syne, from the precursors to the song made famous by Robert Burns to the traditions and rituals that emerged around the song in the nineteenth and early twentieth centuries, including its use as a song of parting, and as a song of New Year. Grant's painstaking study investigates the origins of these varied traditions, and their impact on the transmission of the song right up to the present day. Grant uses Auld Lang Syne to explore the importance of songs and singing for group identity, arguing that it is the active practice of singing the song in group contexts that has made it so significant for so many. The book offers fascinating insights into the ways that Auld Lang Syne has been received, reused and remixed around the world, concluding with a chapter on more recent versions of the song back in Scotland. This highly original and accessible work will be of great interest to non-expert readers as well as scholars and students of musicology, cultural and social history, social anthropology and Scottish studies. The book

contains a wealth of illustrations and includes links to many more, including manuscript sources. Audio examples are included for many of the musical examples. Grant's extensive bibliography will moreover ease future referencing of the many sources consulted.

The Cambridge History of Medieval Music

Mark Everist 2018-08-09 Spanning a millennium of musical history, this monumental volume brings together nearly forty leading authorities to survey the music of Western Europe in the Middle Ages. All of the major aspects of medieval music are considered, making use of the latest research and thinking to discuss everything from the earliest genres of chant, through the music of the liturgy, to the riches of the vernacular song of the trouvères and troubadours. Alongside this account of the core repertory of monophony, *The Cambridge History of Medieval Music* tells the story of the birth of polyphonic music, and studies the genres of organum, conductus, motet and polyphonic song. Key composers of the period are introduced, such as Leoninus, Perotinus, Adam de la Halle, Philippe de Vitry and Guillaume de Machaut, and other chapters examine topics ranging from musical theory and performance to institutions, culture and collections.

Songs in the Key of Z Irwin Chusid 2000 Irwin Chusid profiles a number of "outsider" musicians - those who started as "outside" and eventually came "in" when the listening public caught up with their radical ideas. Included are The Shaggs, Tiny Tim, Syd Barrett, Joe Meek, Captain Beefheart, The Cherry Sisters, Daniel Johnston, Harry Partch, Wesley Willis, and others.

For a Thousand Tongues to Sing * He Will Hold Me Fast * In Christ Alone/I Stand Amazed (How Marvelous) * How Great Thou Art * Be Thou My Vision * What Wondrous Love Is This?

An Annotated Bibliography of Church Music Jason M. Runnels 2003 The purpose and scope of this bibliography is to survey the literature concerning church music, primarily in publications from 1980 to the present, while including materials that have been published and serve as primary resources earlier than that. The emphasis is on Protestant church music, largely those published in the English language. The selected lists include over 700 titles, and contain citations with annotations of reference works and bibliographies. The annotations offer an indication of the scope, content, and special features of each work. This study will fill the research and reference needs of music students, scholars, and church musicians, as well as providing research and college libraries with a reference for building their church music

collections.

No Reading Allowed Raj Haldar 2020-11-10 From the #1 NEW YORK TIMES bestselling authors of P IS FOR PTERODACTYL comes another hilarious, fresh look at the English language! The hero had super vision. The hero had supervision. Man, a tea sounds great. Manatee sounds great! Sir Francis Bacon Sir, France is bakin'! What is going on here?! You can't believe everything you hear! A single word can have many different meanings. And sometimes two words that sound alike can be spelled completely differently. Ptolemy the pterodactyl is back to show us all how absurd and fun language can be when homophones, homonyms, and tricky punctuation are at play! No Reading Allowed allows children and their parents to laugh together while also learning something new. Perfect for baby gifts, birthday gifts, teacher gifts, and anyone who finds humor in the absurdity of the English language.
